NEW! PSC Online Meeting with States for July

The July PSC Online Meeting with States will be held from 3:00 – 4:00 p.m., EDT on Wednesday, June 18, 2012. After a brief update on PSC facts and figures, ED will provide additional information regarding Charter School Reconciliation Reports.

The Department of Education has been working on creating one, master charter school list. In order to create this list, several charter school databases have been compared and reconciled. These databases include the Common Core of Data, National Authorizer Resource database, and the Charter Schools Program Award database. During this reconciliation process, anomalies in the three files were identified and have been presented in a report that will be sent to you on Monday, July 16th. PSC will be hosting its monthly PSC Webinar on July 18th. This webinar will include a "walk-through" segment in which the lead contractor working on the reconciliation will explain how to interpret the report and discuss next steps to fixing the anomalies. We hope both ED*Facts* Coordinators and Charter School Grantees and Project Directors will be in attendance for this webinar.

Your state's Charter School Grantees and Project Director has been notified of this meeting in a separate e-mail, but please take this opportunity to contact that person and discuss your state's approach to this project.
