PART 5, SECTION A: STATE USES OF THE EDUCATION STABILIZATION FUND

SPECIAL NOTES:

- Section A of Part 5 requests data on the Education Stabilization Fund (CFDA No. 84.394). In completing this portion of the application, please refer to Appendix D – Instructions for Part 5: State Uses of Funds.
- At a later date, the Department will collect data on the levels of State support for elementary, secondary, and postsecondary education in FY 2011.
- These data may differ from the data in the levels of support for maintenance-of-effort purposes. *See* instructions in Appendix D.
- The term "postsecondary education" refers to public IHEs.

1. Levels of State Support for Elementary, Secondary, and Postsecondary Education
Provide the following data on the levels of State support for elementary, secondary, and postsecondary education:

(a) Level of State support for elementary and secondary education in FY 2008 provided through the State's primary elementary and secondary education funding formulae	$___318,511,828_____
(b) Level of State support for public IHEs in FY 2008	$___170,010,033_____
(c) Level of State support for elementary and secondary education in FY 2009 provided through the State's primary elementary and secondary education funding formulae	$ 336,669,733 – prior enacted $___313,280,822 – actual expenditure
(d) Level of State support for public IHEs in FY 2009	$ 175,964,730 – prior enacted $___165,667,268 – actual expenditure
(e) Level of State support for elementary and secondary education in FY 2010 provided through the State's primary elementary and secondary education funding formulae	$ 345,749,069 – prior enacted $___321,071,116 - budgeted
(f) Level of State support for public IHEs in FY 2010	$ 180,307,825 – prior enacted $___162,538,608 – updated budgeted
(g) Level of State support for elementary and secondary education in FY 2011 provided through the State's primary elementary and secondary education funding formulae	$ 346,498,838 – formula required $___316,510,858 – legislative appropriated
(h) Level of State support for public IHEs in FY 2011	$___157,599,865 – legislative appropriated

Additional Information: Did the State, prior to October 1, 2008, approve formula increases to support elementary and secondary education in FY 2010 or 2011, or to phase in State equity and adequacy adjustments?*

x Yes ☐ No

* *See* Appendix D Worksheets for further guidance on how such increases affect a State's "use of funds" calculations.

2. State's Primary Education Funding Formulae

Additional Submission Requirement: In an attachment to the application, identify and describe each of the State's primary elementary and secondary education funding formulae that were used in determining the calculations provided above for the levels of State support for elementary and secondary education.

3. Data on State Support for Postsecondary Education

Additional Submission Requirement: In an attachment to the application, identify and describe the specific State data sources that were used in determining the calculations provided above for the levels of State support for public IHEs.

4. Restoration Amounts

Based on the Worksheets included in Appendix D, calculate and provide the amount of Education Stabilization funds that the State will use to restore the levels of State support for elementary, secondary, and postsecondary education in FYs 2009 and 2010. As explained in the Instructions in Appendix D, a State must determine the amount of funds needed to restore fully the levels of State support for elementary, secondary, and postsecondary education in FY 2009 before determining the amount of funds available to restore the levels of such support in FY 2010.

SPECIAL NOTES:

- At a later date, the Department will collect data on the amount of funds, if any, that remain available to (1) restore the levels of State support for elementary, secondary, and postsecondary education in FY 2011, and (2) award subgrants to local educational agencies (LEAs) based on their proportionate shares of funding under Part A of Title I of the ESEA.
- The calculations for these data must be based on the State's total Education Stabilization Fund allocation as reflected in Appendix A and not on the State's initial Education Stabilization Fund award.
- Although the State must follow the Instructions in Appendix D, in order to determine the amount of funds that LEAs and IHEs will receive under the program (i.e., the "restoration amounts"), the Governor has discretion in determining when to release these funds to LEAs and IHEs.

(a) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2009 $___22,069,562_____

(b) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2009 $___10,262,056_____

7/7/10

Restoration Amounts (continued)

(c) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2010	$ 24,677,980
(d) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2010	$ 13,410,754
(e) Amount of funds, if any, remaining after restoring State support for elementary, secondary, and postsecondary education in FY 2009 and FY 2010	$ 33,872,336
(f) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2011	$ 21,007,304
(g) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2011	$ 12,865,032
(h) Amount of funds, if any, remaining after restoring State support for elementary, secondary, and postsecondary education in FY 2009, FY 2010, and FY 2011	$ 0

5. Process for Awarding Funds to Public IHEs

Additional Submission Requirement: In an attachment to the application, describe the process that the State will use to determine the amount of funding that individual public IHEs will receive from the funds that the State sets aside to restore the levels of State support for these institutions.

Amendment to State Fiscal Stabilization Funds Application Phase I
South Dakota 7/7/10

The attached amendment includes data on levels of state support as well as restoration amounts for FY2011 for South Dakota's State Fiscal Stabilization Funds (SFSF) phase I application.

Changes in funding levels for Elementary and Secondary Education from FY2010 to FY2011

For FY2010 elementary and secondary education funding, the South Dakota Legislature appropriated $321,071,116 in state general funds and appropriated $24,677,980 in SFSF to restore the prior enacted budget of $345,749,069 to meet the required formula increases per South Dakota state law.

For South Dakota's elementary and secondary education funding, the per student allocation for FY2010 was $4,804.60. Due to the prolonged national recession which caused a decline in the state's general fund revenues, the Governor proposed and the 2010 Legislature passed Senate Bill (SB) 22 which maintained the exact same per student allocation for FY2011.

For FY2011 elementary and secondary education funding, the South Dakota Legislature appropriated a total of $340,953,505, of which $316,510,858 were state general funds and $24,442,647 were SFSF, to restore funding to the current per student allocation of $4,804.60 through SB 196 and SB 22 from the 2010 legislative session. Without the SFSF funding, the state would have been forced to make drastic cuts throughout state government, including education funding.

The total appropriation for FY2011 is lower than FY2010 because local property tax valuations increased more than estimated which caused a slight decrease in the state funding requirement in FY2011. Changes in projected elementary and secondary education enrollments also caused adjustments in the total funding level for FY2011. There will not be a decrease in the per student funding to elementary and secondary education as school districts will receive the exact same amount per student in FY2011 as they did in FY2010.

If the state had sufficient resources to fund the inflationary increase per student, total funding would have increased to the formula required amount of $346,498,838 in FY2011.
