Continuation Awards Only Application for FY 2011 School Improvement Grants (SIG) Program

☒**The District of Columbia assures that it will use FY 2011 SIG funds solely to make continuation awards and will not make any new awards[1] to its LEAs.**

☒**The District of Columbia assures that it will use the renewal process identified in the District of Columbia's approved FY 2010 application to determine whether to renew an LEA's School Improvement Grant.**

In the table below, list any LEAs with one or more schools for which funding under previously awarded SIG grants will not be renewed. For each such school, note the amount of unused remaining funds and explain how the SEA or LEA plans to use those funds (e.g., reallocate to other schools with SIG grants or retain for a future SIG competition).

LEA Name	School Name	Description of how remaining funds were or will be used	Amount of Remaining Funds
District of Columbia Public Schools	Kenilworth Elementary School	Reallocate to other schools with SIG grants	$458,713
		Total Amount of Remaining Funds:	$458,713

Kenilworth was not renewed because the school did not implement its selected model. The LEA, District of Columbia Public Schools (DCPS), planned to replace the principal at Kenilworth and later chose not to do so, even though it was a requirement of the grant under the model they selected. DC submitted a waiver request on behalf of the LEA of the requirement to replace the principal, but it was denied. We are providing the opportunity to the 2 LEAs that already have SIG interventions in place in one or more schools (from cohorts 1 and 2) to request supplemental funds from the balance we have to reallocate if they believe those supplemental funds are necessary to more effectively implement the interventions they have begun. These funds will be available for use beginning this spring through September 30, 2012.

By submitting the assurances and information above, the District of Columbia agrees to carry out its FY 2010 SIG application and does not need to submit a new FY 2011 SIG application.

X Laura Brand

[1] A "new award" is defined as an award of SIG funds to an LEA for a school that the LEA was not previously approved to serve with SIG funds in the school year for which funds are being awarded—in this case, the 2012–2013 school year. New awards may be made with the FY 2011 funds or any remaining FY 2009 or FY 2010 funds not already committed to grants made in earlier competitions.
