NOTES: Category Codes are as follows: D = discretionary program; M = mandatory program.

Accounts are shown under the administering office that has primary responsibility for most programs in that account; however, there may be some programs that are administered by another office.

The FY 2012 President's budget was based on the proposed reauthorization of the Elementary and Secondary Education Act (ESEA). Because Congress has not yet reauthorized ESEA, the appropriations action shown on this table is based on current ESEA law as well as the current account and program structure.

Detail may not add to totals due to rounding. Any difference between the 2011 and 2012 Appropriation a resulting solely from the rounding of the across-the-board rescissions is shown as 0.

¹ Under the terms of the 2012 Appropriation, a .189 percent across-the-board rescission is applied to discretionary budget authority. The reduction in the advance amount is shown in the 2011 column and at the end of the account in the prior year's advance line under the FY 2012 Appropriation.

² The 2012 President's Budget requested \$383,348 thousand in the proposed ESEA reauthorization for a new program, Effective Teaching and Learning: Literacy, that would consolidate funds for this program and several other currently authorized programs.

NOTE: Appropriation totals reflect the total funds provided in the year of appropriation, including advance appropriation amounts that do not become available until the succeeding fiscal year. The total budget authority reflects funds that become available in the fiscal year shown, which includes new amounts provided for that fiscal year and amounts advanced from the prior year's appropriation.

Under the terms of the FY 2012 Appropriation, a .189 percent across-the-board rescission is applied to discretionary budget authority available in FY 2012. As a result, all current year discretionary funds are reduced as well as total advance appropriations from FY 2011 available in FY 2012. Advances from FY 2011 are reduced by \$41,403 thousand and amount to a new total of \$21,864,598 thousand. Advance appropriations from FY 2012 available in FY 2013 are not affected by the .189 percent across-the-board rescission, and amount to \$22,597,001 thousand.
