NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

Appropriations Language

For the National Technical Institute for the Deaf under titles I and II of the Education of the Deaf Act of 1986, \$92,500,000: *Provided*, That from the total amount available, the Institute may at its discretion use funds for the endowment program as authorized under section 207 of such Act.¹

NOTES

A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

Each language provision that is followed by a footnote reference is explained in the Analysis of Language Provisions and Changes document which follows the appropriation language.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

Analysis of Language Provisions and Changes

Language Provision	Explanation
<u>¹...<i>Provided</i>, That from the total amount available, the Institute may at its discretion use funds for the endowment program as authorized under section 207 of such Act.</u>	This language provides authority for the Institute to use funds from the general appropriation for the Endowment Grant program.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

2024 ¹¹	92,500	92,500	92,500	92,500
2025	92,500			

¹ The levels for House and Senate allowances reflect action on the regular annual 2016 appropriations bill, which proceeded in the 114th Congress only through the House Committee and Senate Committee.

² The levels for the House and Senate allowances reflect Committee action on the regular annual 2017 appropriations bill.

³ The level for the House allowance reflects floor action on the Omnibus appropriations bill; the Senate allowance reflects Committee action on the regular annual 2018 appropriations bill; the Appropriation reflects the Consolidated Appropriations Act, 2018 (P.L. 115-141).

⁴ The levels for House and Senate allowances reflect Committee action on the regular annual 2019 appropriations bill; the Appropriation reflects enactment of the Department of Defense and Labor, Health and Human Services, and Education Appropriations Act, 2019 (P.L. 115-245).

⁵ The Senate allowance reflects the Chairman's mark; the Appropriation reflects the Further Consolidated Appropriation Act, 2020 (P.L. 116-94).

⁶ The level for the Senate Allowance reflects the Chairman's mark; the Appropriation reflects Division H of the Consolidated Appropriations Act, 2021 (P.L. 116-260).

⁷ The Appropriation reflects supplemental funds from Division M of the Consolidated Appropriations Act, 2021 (P.L. 116-260).

⁸ The Appropriation reflects the American Rescue Plan Act of 2021 (P.L. 117-02).

⁹ The House Allowance reflects floor action; the Senate allowance reflects the Chairman's mark; and the Appropriation reflects Division H of the Consolidated Appropriations Act, 2022 (P.L. 117-103).

¹⁰ The House allowance reflects the regular annual FY 2023 appropriation, which was introduced on the floor; the Senate allowance reflects the Chairman's mark; and the Appropriation reflects the Consolidated Appropriations Act, 2023 (P.L. 117-328).

¹¹ The House allowance reflects Subcommittee action, and the Senate allowance reflects Committee action on the regular annual 2024 appropriations bill; the Appropriation reflects the annualized continuing resolution level.

PROGRAM DESCRIPTION

Congress created the National Technical Institute for the Deaf (NTID) in 1965 to promote the employment of persons who are deaf by providing technical and professional education. The Department of Education is authorized to maintain an agreement with a host institution for the operation of a residential facility for postsecondary technical training and education for individuals who are deaf or hard of hearing, and to provide a Federal subsidy to NTID to provide postsecondary educational opportunities.

The Department maintains a contract with the Rochester Institute of Technology (RIT) in Rochester, New York, for the operation of NTID. NTID is one of nine colleges of RIT. The purpose of the relationship with the host institution is to provide NTID students access to more facilities, institutional services, and career preparation options than could be otherwise provided solely by a stand-alone national technical institute for the deaf. RIT provides NTID students with options for courses of study from its eight other colleges, along with health and counseling services, library, physical education, and recreation facilities, and general services such as food, maintenance, grounds, and security.

Academics: NTID offers a variety of technical programs at the sub-baccalaureate degree level, including certificates, diplomas, and associate degrees. Students enrolled at NTID can earn associate degrees in 21 accredited programs. Qualified students can also earn baccalaureate, master's, or doctoral degrees in approximately 200 programs offered by RIT's other colleges in subject areas including: Art and Design, Business, Computing and Information Sciences, Engineering, Health Sciences and Technology, Liberal Arts, and Science. In addition, NTID administers a Master of Science program in Secondary Education to prepare students to help meet the national need for qualified deaf, hard of hearing, and hearing teachers and leaders in the field of deaf education as well as a Master of Science in Health Care Interpretation to meet the demand for specialized sign-language interpreters in health care settings.

Students with hearing loss who enroll in NTID programs are provided a wide range of support services and programs to help them prepare for careers, including tutoring, remedial and

¹ The GEPA extension expired September 30, 2015. Reauthorization for FY 2025 is expected through appropriations action.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

language enrichment programs, counseling, notetaking, interpreting, mentoring, specialized educational media, cooperative work experiences, and specialized job placement.

NTID conducts research designed to enhance the lives of deaf and hard of hearing people. Research and scholarship focus on teaching and learning, communication, technology, access and support services, and employment and adaptability to social changes and the global workplace. NTID also conducts training workshops and seminars nationwide for professionals who employ, work with, teach, interpret for, or otherwise serve persons who are deaf or hard of hearing.

Students Supported with NTID Funds: The Federal appropriation supports both deaf and hard of hearing students who are enrolled in NTID, as well as deaf and hard of hearing students who are directly enrolled in other colleges of RIT (cross-registered students). Cross-registered students may, but are not required to, take classes at NTID and are given the same tuition subsidy that NTID students receive. Students who are enrolled in NTID, as well as cross-registered students, receive both a tuition subsidy and communication access services such as sign language interpreting and CART/captioning, for classes at NTID and other colleges of RIT, using the NTID appropriation. In FY 2023, approximately \$20.4 million, or 22 percent, of the Federal appropriation was used to support cross-registered students.

Endowment Grant Program: The Federal Endowment Grant program is designed to assist in building NTID's financial capacity and reducing the need for Federal funds by providing matching grant funds that serve as an incentive for private contributions. NTID has the discretion to determine the amount of funds it wants the Department to provide from the annual appropriation as matching funds, capped by the amount contributed to the fund from non-Federal sources. The Education of the Deaf Act (EDA) allows NTID to withdraw or expend up to 50 percent of the income of the fund; the other 50 percent must be reinvested in the corpus. As of September 30, 2023, net assets in the NTID Federal Matching Endowment Fund, including Federal, private, and reinvested funds, were \$124.6 million.

Other Revenue: In addition to the Federal appropriation, NTID receives revenue from a variety of other sources. In fiscal year 2023, NTID estimated approximately \$38.1 million in other revenue from tuition (\$21.2 million), room and board (\$8 million), student activity fees (\$460 thousand), Federal and State grants and contracts (\$2.1 million), private contracts (\$647 thousand), gifts and private grants (\$1.5 million), endowment income (\$2.6 million) and other sources such as the NTID Hearing Aid Shop and revenue generated from the RIT/NTID dorm exchange (\$1.6 million). This represents an increase of approximately \$5.4 million in revenue from the \$32.7 million NTID received from these sources for fiscal year 2022.

Regional Partnership: NITD established a partnership with the Alabama Institute for the Deaf and Blind in fiscal year 2016 to operate the NTID Southeast Regional Science, Technology, Engineering and Mathematics (STEM) Center (Center). The fiscal year 2023 appropriation provided NTID \$9.5 million to continue the existing regional partnership, which is intended to improve access to postsecondary STEM education and employment for students in underserved areas who are deaf or hard of hearing. During fiscal year 2023, the Center continued to serve Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas. Outreach and training efforts included supporting conferences on the education of deaf and hard of hearing secondary

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

and postsecondary students, hosting STEM events and camps, supporting dual credit STEM courses to help students transition from high school to college or employment, providing scholarships to deaf or hard of hearing students at RIT/NTID pursuing STEM disciplines, and conducting trainings for employers to encourage the hiring of individuals who are deaf or hard of hearing into STEM fields. NTID has expressed an interest in establishing additional partnerships to expand their geographical reach.

Funding levels for the past 5 fiscal years were:

Fiscal Year	(dollars in thousands)
2020	\$79,500
2021	81,500
2021 CRRSA Act	11,000
2021 Mandatory ARP Act	19,250
2022	88,500
2023	92,500
2024 Annualized CR	92,500

FY 2025 BUDGET REQUEST

For fiscal year 2025, the Administration requests \$92.5 million for the National Technical Institute for the Deaf (NTID), level with a fiscal year 2024 annualized CR based on the fiscal year 2023 appropriation, to maintain strong support for NTID's efforts to promote educational and employment opportunities for persons who are deaf or hard of hearing.

The request would continue the policy of giving NTID discretion to determine the portion of appropriated funds used for the Endowment Grant program in 2025, as the Administration believes this program helps to promote NTID's financial independence.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

UNIVERSITY OPERATIONS DATA

(whole numbers)

Operations Data ¹	2023	2024	2025
Undergraduate tuition (U.S. students) ²	\$18,926	\$19,778	\$20,468
Undergraduate tuition (International students) ³	37,852	39,556	40,935
Graduate tuition (U.S. students) ⁴	22,620	23,752	24,675
Graduate tuition (International students) ⁵	45,240	47,504	49,350
Fees	798	880	954
Room	8,728	9,032	9,340
Board	6,250	6,484	6,708
Enrollment⁶			
Technical (Career Exploration Studies and Sub-Baccalaureate)	380	380	380
Professional Undergraduate	468	468	468
Professional Graduate	56	56	56
Total deaf students	904	904	904
Degrees granted			
Associate and certificate degrees	71	71	71
Baccalaureate and graduate degrees	206	206	206
Total degrees granted	277	277	277
Co-op (work experience) placements	209	209	209
NTID faculty/student ratio ⁷	1:7.9	1:7.9	1:7.9
NTID teaching faculty/student ratio ⁸	1:9.2	1:9.2	1:9.2

¹ All data are provided by NTID and include NTID students, as well as cross-registered students who may, but are not required to, take classes at NTID.

² Tuition rate increases are proposed by NTID annually but may not exceed 10 percent in any given year.

³ A tuition surcharge for international students is required; the Higher Education Opportunity Act of 2008 provides that NTID may develop a sliding scale model to reduce the surcharge, with different surcharge levels set depending on student need and whether the student's country of origin is considered developed or developing.

⁴ Graduate students are charged a 10 percent surcharge above the tuition rate for undergraduate students.

⁵ A tuition surcharge for international students is required; the Higher Education Opportunity Act of 2008 provides that NTID may develop a sliding scale model to reduce the surcharge, with different surcharge levels set depending on student need and whether the student's country of origin is considered developed or developing.

⁶ Enrollment data only includes deaf students. It includes international students but excludes master's in Secondary Education students and master's in Health Care Interpretation students.

⁷ Includes all personnel with faculty rank.

⁸ Includes all personnel with faculty rank, except researchers and administrators.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

PROGRAM PERFORMANCE INFORMATION

This section presents selected program performance information, including, for example, program goals, objectives, measures, and performance targets and data; and an assessment of the progress made toward achieving program results. Achievement of program results is based on the cumulative effect of the Federal resources provided for the program as well as the resources and efforts invested by those served by the program.

These data include NTID students and cross-registered students who may, but are not required to, take classes at NTID.

Performance Measures

Goal: To provide deaf and hard of hearing students in undergraduate programs and professional studies with state-of-the-art technical and professional education programs, undertake a program of applied research; share National Technical Institute for the Deaf expertise, and expand outside sources of revenue.

Objective: Maximize the number of students successfully completing a program of study.

Measure: The percentage of first-time, full-time degree-seeking sub-baccalaureate and baccalaureate students who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year.

Year	Sub-Baccalaureate Target	Sub-Baccalaureate Actual	Baccalaureate Target	Baccalaureate Actual
2020	75%	68%	90%	88%
2021	75	70	90	84
2022	75	75	90	84
2023	75	62	90	90
2024	75		90	
2025	75		90	

Measure: The percentage of first-time, full-time degree-seeking sub-baccalaureate students and baccalaureate students who graduate within 150 percent of the program-based length of time.

Year	Sub-Baccalaureate Target	Sub-Baccalaureate Actual	Baccalaureate Target	Baccalaureate Actual
2020	41%	60%	76%	72%
2021	41	43	76	67
2022	41	44	76	74
2023	41	36	76	64
2024	41		76	
2025	41		76	

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

Measure: The percentages of graduates who are employed, in advanced education or training, or are neither employed nor enrolled in advanced education or training during their first year after graduation.

Year	Employed Target	Employed Actual	Advanced Ed Target	Advanced Ed Actual	Neither Target	Neither Actual
2020	50%	51%	45%	40%	5%	9%
2021	50	54	45	41	5	5
2022	50	60	45	36	5	4
2023	50		45		5	
2024	50		45		5	
2025	50		45		5	

Additional information: Any graduate who was simultaneously employed and in advanced education or training was placed into the category that best described their status.

Each year, NTID reports this information for deaf and hard-of-hearing sub-baccalaureate and baccalaureate graduates one year after graduation, based on the availability of valid data. Thus, performance data here lags one year behind other reported data. The data for 2023 graduates will be available in late 2024 and will be reported in the FY 2026 Congressional Justification.

Efficiency Measures

Objective: *Improve the efficiency of operations at NTID as defined by the cost per successful student outcome, where the successful outcome is graduation.*

Measure: Total Federal cost per NTID graduate.

Year	Target	Actual
2020	\$237,905	\$218,600
2021	242,102	309,000
2022	244,964	268,000
2023	260,205	
2024	N/A	
2025	N/A	

Additional information: The Federal cost per graduate, as reported by NTID, includes graduates who receive certificates, diplomas, associate degrees, baccalaureate degrees, and master’s degrees. The measure is calculated by averaging the Federal appropriation for a particular year and the previous 5 years, and dividing the figure by the number of graduates for that school year.

The Department recognizes that this measure is flawed by its aggregation of degree types and assumption of a 6-year time-to-completion regardless of degree obtained. The Department continues to work with NTID to establish a new efficiency measure and is considering measures based on NTID’s efficiency in enabling its students to graduate in a timely manner. The fiscal year 2023 performance data for this new efficiency measure will be reported in the fiscal year 2026 budget request.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

Measure: Total educational cost per NTID graduate.

Year	Target	Actual
2020	\$285,854	\$268,300
2021	290,897	365,800
2022	294,335	310,400
2023	312,649	
2024	N/A	
2025	N/A	

Additional information: The measure, which looks at the total cost of educating a student at NTID as an indication of how efficiently the university operates, is calculated by averaging the total annual student expenditures for a particular year and the previous 5 years, and dividing the figure by the number of graduates for that school year. Graduates include students receiving certificates, diplomas, associate degrees, baccalaureate degrees, and master's degrees. The cost is composed of the total program budget excluding expenditures associated with research, public services, auxiliary enterprises, and construction.

The Department continues to work with NTID to establish a new efficiency measure and is considering measures based on NTID's efficiency in enabling its students to graduate in a timely manner. The fiscal year 2023 performance data for this new efficiency measure will be reported in the fiscal year 2026 budget request.
