

The “8 Keys to Veterans’ Success” are steps that postsecondary institutions can take to assist Veterans and Servicemembers in transitioning to higher education, completing their college programs, and obtaining career-ready skills.

Postsecondary institutions listed on this site have voluntarily affirmed their support for the 8 Keys. However, a listing here is not a representation or assurance by the U.S. Department of Education that an institution has implemented the 8 Keys or how well it has implemented them, and it does not constitute an endorsement by the U.S. Department of Education of these institutions or their policies or programs.

To help you determine whether a school meets your needs or interests, we recommend that you seek out additional information from the school or schools you are considering. You may also wish to seek additional information from current or former students, and other sources.
