

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

July 1, 2021

Honorable Talauega Samasoni Asaeli
Director
American Samoa Department of Education
P.O. Box 2609
Pago Pago, American Samoa 96799

Dear Director Samasoni Asaeli:

We have approved American Samoa's grant application for Federal Fiscal Year (FFY) 2021 funds under Part B of the Individuals with Disabilities Education Act (IDEA Part B). Our approval is based on our review of the IDEA Part B grant application submitted by the American Samoa Department of Education to the U.S. Department of Education (Department), Office of Special Education Programs (OSEP), on May 13, 2021, including the assurances provided in Section II and incorporated by reference to this letter as noted in Enclosure A. Our approval is also based on American Samoa's certification in Section II.D of its FFY 2021 IDEA Part B grant application (Enclosure B), signed by you on April 22, 2021, that American Samoa's provisions meet the requirements of IDEA Part B as found in Public Law 108-446, and that the American Samoa will operate its Part B program in accordance with all of the required assurances and certifications, consistent with 34 C.F.R. § 76.104.

Please note that OSEP Memorandum 21-01, dated January 21, 2021, explained the impact of recent amendments to the Copyright Act, 17 U.S.C. § 121, on certain terms relevant to Assurance 23a or 23b related to accessible instructional materials as reflected in your FFY 2021 application for funds under IDEA Part B. As a result, the term "blind and other persons with print disabilities" has been removed from the Copyright Act and replaced with "eligible person," and the term "specialized format" has been removed and replaced with the term "accessible format." Although at this time Congress has not made conforming amendments to Section 612(a)(23) of IDEA, the Department construes Assurances 23a and 23b as incorporating the terms "eligible person" and "accessible format."

American Samoa's FFY 2021 IDEA Part B grant awards are also being released subject to the Department-wide Specific Conditions placed on all Department grants to American Samoa in order to ensure that American Samoa's awards are expended in accordance with applicable legal requirements and with appropriate fiscal accountability measures, management practices, and controls. The Specific Conditions and the specific reasons for imposing them are detailed in the enclosed Department's June 29, 2021 letter to American Samoa (which is Enclosure D) and incorporated by this reference to this grant letter. These Department-wide Specific Conditions are imposed pursuant to the Department's authority in 2 CFR §§200.208 and 3474.10 (former 34 CFR §80.12) because of numerous significant deficiencies in internal controls and fiscal accountability. By accepting these grant awards enclosed grant award, American Samoa agrees to comply with the Specific Conditions identified in Enclosure D throughout the period American Samoa uses its IDEA Part B funds under the enclosed grant award.

The Department of Education's mission is to promote student achievement and preparedness for global competitiveness by fostering educational excellence and ensuring equal access.

Please note that as part of American Samoa's grant application for FFY 2021 IDEA Part B funds, American Samoa has provided a certification, pursuant to 34 C.F.R. § 76.104, that its application meets the requirements of IDEA Part B and that American Samoa will operate its Part B program in accordance with all of the required assurances and certifications. Any changes made by American Samoa, after OSEP approval, to information that is a part of American Samoa's IDEA Part B grant application, must meet the public participation requirements in 34 C.F.R. § 300.165.

Enclosed are two separate grant award notification (GAN) documents. The first GAN represents American Samoa's FFY 2021 IDEA Part B Section 611 grant award for funds currently available under the Consolidated Appropriations Act, 2021 (Public Law 116-260) (CAA). The second GAN represents American Samoa's grant award for IDEA Part B Section 611 funds under Section 2014 of the American Rescue Plan Act of 2021 (Public Law 117-02) (ARP). Both grant awards are subject to all the terms and conditions of American Samoa's FFY 2021 IDEA Part B grant application. The funds under both of these grant awards are available for obligation by States and entities from July 1, 2021, through September 30, 2023, in accordance with 34 C.F.R. § 76.709.]

The amount of Section 611 funds shown in American Samoa's ARP IDEA Part B grant award represents the full amount of Section 611 funds to which American Samoa is entitled under the ARP. However, the amount of Section 611 funds shown in American Samoa's CAA FFY 2021 IDEA Part B grant award is only part of the total Section 611 funds that will be awarded to American Samoa under the CAA for FFY 2021. Of the \$12,937,457,000 appropriated for Section 611 in FFY 2021 under the CAA, \$3,654,074,000 is available for awards on July 1, 2021, and \$9,283,383,000 will be available for awards on October 1, 2021.

Under the Section 611 formula, the Secretary reserves not more than one percent of the amount appropriated for FFY 2021 to provide assistance to the outlying areas in accordance with their respective populations of individuals aged three through 21 and to provide each freely associated State a grant in the amount that such freely associated State received in fiscal year 2003 under Part B of the IDEA.]

Enclosure C provides a short description of how Section 611 funds were allocated and how those funds can be used. In addition, Table I in Enclosure C shows funding levels for distribution of Section 611 funds and the parameters for within-State allocations.

Under IDEA Section 605, the Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) in 2 C.F.R. Part 200, and 34 C.F.R. § 300.718, States must request prior approval from OSEP for certain State-level activities or expenses. On October 29, 2019, the Office of Special Education and Rehabilitative Services released a Frequently Asked Questions document (2019 FAQs) on prior approval.¹ The American Samoa did not submit a prior approval request with its grant application. If the American Samoa plans to use its FFY 2021 IDEA Part B grant

¹Prior approval must be obtained under IDEA for the following direct costs: (1) equipment (defined generally as \$5,000 or more per item of equipment) (2 C.F.R. § 200.1 and 34 C.F.R. § 300.718); (2) participant support costs (such as training or travel costs for non-employees) (2 C.F.R. § 200.1); and (3) construction or alteration of facilities (34 C.F.R. § 300.718). Under the 2019 FAQs, OSERS granted prior approval for participant support costs under IDEA that: are associated with State Advisory Panels; are incurred during the provision of services under IDEA; do not exceed \$5000 per individual participant per training/conference; and are incurred by local educational agencies under IDEA Part B. In addition, the 2019 FAQs provide prior approval for equipment that is identified on or directly related to the implementation of an individualized education program for youth and children with disabilities.

funds for such costs, and those costs fall outside of the scope of the 2019 FAQs, it must submit a request for prior approval to which OSEP will respond separate from the grant letter.

In Section V.A of its IDEA Part B grant application, pursuant to the authority in IDEA Section 618(a)(3), the American Samoa was required to submit data on the total amount of the American Samoa financial support made available for special education and related services for children with disabilities in American Samoa’s State fiscal year (SFY) 2019 and SFY 2020. If OSEP receives information through audits, fiscal monitoring or other means that raises questions about the data American Samoa has provided in Section V.A, OSEP will follow up with American Samoa.

Section 604 of the IDEA provides that “[a] State shall not be immune under the 11th amendment to the Constitution of the United States from suit in Federal court for a violation of this [Act].” Section 606 provides that each recipient of assistance under the IDEA make positive efforts to employ and advance in employment qualified individuals with disabilities in programs assisted under the IDEA. Therefore, by accepting this grant, American Samoa is expressly agreeing as a condition of IDEA funding to a waiver of Eleventh Amendment immunity and to ensuring that positive efforts are made to employ and advance employment of qualified individuals with disabilities in programs assisted under the IDEA.

The enclosed awards are made with the continued understanding that this Office may, from time to time, require clarification of information within your application, if necessary. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities related to IDEA Part B.

We appreciate your ongoing commitment to the provision of quality educational services to children with disabilities.

Sincerely,

David Cantrell, Ph.D.

Secretary for the Office of Special
Education and Rehabilitative Services

Enclosure C
IDEA Grants to States Program
(Part B, Section 611)

Explanation of the Federal Fiscal Year (FFY) 2021 Allocation Table

Total Grant Award (Column B)

Column B shows your total grant award for the Grants to States program for FFY 2021 under the Consolidated Appropriations Act, 2021 (Public Law 116-260) (CAA) and section 2014 of the American Rescue Plan Act of 2021 (Public Law 117-02) (ARP Act).

State total grants are calculated in accordance with several factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 who are in the age range for which the State ensures the availability of a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 living in poverty who are in the age range for which the State ensures the availability of FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases.

If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the fiscal year 1999 level is allocated based on the relative increases in funding that the States received between fiscal year 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each State's allocation is ratably reduced from the fiscal year 1999 level.

Outlying Areas, Freely Associated States, and the U.S. Department of the Interior

The Department used its discretion under section 611(b)(1)(A) of the IDEA to increase the amount of funding reserved for Part B programs in the outlying areas for 2021, consistent with the increased IDEA section 611 funding provided by the ARP Act. As a result, the outlying areas will receive a separate allocation of ARP Act IDEA section 611 funds. Funding increases were not consistent across the outlying areas because, pursuant to section 611(b)(1)(A) of the IDEA, funds were allocated to those entities on the basis of their relative populations of individuals aged 3 through 21.

The IDEA Part B funding level for the freely associated States is defined in section 611(b)(1)(A)(ii) of the IDEA. The Department has no discretion over this funding level, and each freely associated State receives level funding until reauthorization. As such, the freely associated States were not eligible for IDEA ARP Act funds.

For the Department of the Interior (the Bureau of Indian Education (BIE)), the amount of the IDEA Part B grant is determined under the terms of the relevant appropriations act, which, for 2021, establishes the BIE's funding level as what the BIE received in FFY 2020 increased by the lesser of the increase in the appropriation under section 611(i) of the IDEA or inflation, but in no case less than the what the BIE received in FFY 2020. CAA, 134 Stat. 1182, at 1601. As a result of the regularly appropriated IDEA Part B funds for FFY 2021, the BIE received the maximum

amount of IDEA Part B funds that it could receive under the terms of the appropriations act (that is, its allocation was determined by inflation), and additional increases in FFY 2021 funding would have no effect on the BIE's IDEA Part B allocation. As such, the BIE was not eligible for additional IDEA Part B funding through the ARP Act.

Section 611 Base Allocation to LEAs (Column C)

Column C is the portion of the local educational agency (LEA) flow-through amount that must be distributed to LEAs based on the amounts that the LEAs would have received from FFY 1999 funds had the State educational agency (SEA) flowed through 75 percent of the State award to LEAs. Note that this amount is less than the minimum amount that States were required to provide to LEAs from FFY 1999 funds. The Part B regulations at 34 C.F.R. §300.705(b)(2) clarify how adjustments to the base payment amounts for LEAs are made.

IDEA funds awarded under the ARP Act are not a separate grant program but serve as a supplement to the FFY 2021 IDEA funds. As a result, the ARP Act IDEA Part B funds do not affect LEAs' base payment amounts under section 611 of the IDEA. Under 34 CFR. § 300.705(b)(1), the amount of an LEA's section 611 base payment is the amount the LEA would have received under section 611 for fiscal year 1999 if the State had distributed 75 percent of its grant for that year under section 611(d) of the IDEA as that section was then in effect. After making these base payments, States must allocate the remaining IDEA section 611 funds based on population and poverty (i.e., 85% population and 15% poverty), in accordance with 34 C.F.R. § 300.705(b)(3).

Maximum Set-Aside for Administration (Column D)

Column D includes the maximum State set-aside amount for administration. A State may reserve for State administration up to the greater of the maximum amount the State could reserve for State administration from fiscal year 2004 funds, or \$800,000, increased by inflation as reflected by the Consumer Price Index for All Urban Consumers (CPIU). The maximum State set-aside amount available for administration for FFY 2020 is a 2.0 percent increase over the maximum amount that was available for FFY 2019. Each outlying area may reserve for each fiscal year not more than 5 percent of the amount the outlying area receives under this program or \$35,000, whichever is greater.

Under 34 C.F.R. § 300.704(a) and (b), the amounts that States may reserve for State administration and other State-level activities are set in accordance with section 611(e) of the IDEA and therefore impacted by inflation and not increases in grant award amounts. As a result, the additional IDEA section 611 funds made available through the ARP Act do not increase the amount of IDEA section 611 funds that can be reserved for State administration and other State-level activities.

Part B programs in the outlying areas have been provided an increase in the maximum amount available for State administration as a result of the ARP Act IDEA section 611 funds. This is because, under 34 C.F.R. § 300.704(a)(1)(ii), the maximum amount that each outlying area may reserve for State administration is 5% of the amount the outlying area receives under 34 C.F.R. § 300.701(a) for the fiscal year or \$35,000, whichever is greater. Because the ARP Act appropriated additional funds for grants to States under IDEA section 611, the amount that each outlying area receives under 34 C.F.R. § 300.701(a) for FFY 2021 includes both the regular IDEA section 611 funds and the ARP Act IDEA section 611 funds, and 5% of that aggregate amount represents the maximum amount that each outlying area may reserve for State administration.

Maximum Set-Aside Available for Other State-Level Activities (Columns E - H)

The maximum level of funding that may be set aside from a State's total allocation for State-level activities, other than administration, is contingent upon the amount that the State actually sets aside for administration and whether the State opts to establish a LEA high-risk pool under IDEA, section 611(e)(3). For FFY 2021:

- (1) If the actual amount a State will set aside for State administration is over \$850,000 and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (2) If the actual amount a State will set aside for State administration is over \$850,000 and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (3) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (4) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.

SEAs are required to use some portion of these State set-aside funds on monitoring, enforcement, and complaint investigation and to establish and implement the mediation process required by section 615(e), including providing for the costs of mediators and support personnel. In addition, States setting aside funds for a high-risk pool, as provided for under section 611(e)(3), must reserve at least 10 percent of the amount the State reserved for State-level activities for the high-risk pool.

SEAs also may use State set-aside funds: (1) for support and direct services, including technical assistance, personnel preparation, and professional development and training; (2) to support paperwork reduction activities, including expanding the use of technology in the individualized education program process; (3) to assist LEAs in providing positive behavioral interventions and supports and mental health services to children with disabilities; (4) to improve the use of technology in the classroom by children with disabilities to enhance learning; (5) to support the use of technology, including technology with universal design principles and assistive technology devices, to maximize accessibility to the general education curriculum for children with disabilities; (6) for development and implementation of transition programs, including coordination of services with agencies involved in supporting the transition of students with disabilities to postsecondary activities; (7) to assist LEAs in meeting personnel shortages; (8) to support capacity building activities and improve the delivery of services by LEAs to improve results for children with disabilities; (9) for alternative programming for children with disabilities who have been expelled from school, and services for children with disabilities in correctional facilities, children enrolled in State-operated or State-supported schools, and children with disabilities in charter schools; (10) to support the development and provision of appropriate accommodations for children with disabilities, or the development and provision of alternate assessments that are valid and reliable for assessing the performance of children with disabilities, in accordance with sections 1111(b) and 1201 of the Elementary and Secondary Education Act

of 1965 (ESEA); and (11) to provide technical assistance to schools and LEAs, and direct services, including direct student services described in section 1003A(c)(3) of the ESEA to children with disabilities, in schools or LEAs implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d) of the ESEA on the basis of consistent underperformance of the disaggregated subgroup of children with disabilities, including providing professional development to special and regular education teachers, who teach children with disabilities, based on scientifically based research to improve educational instruction, in order to improve academic achievement based on the challenging academic standards described in section 1111(b)(1) of the ESEA.

Section 611 Population/Poverty

The minimum amount that a State must flow through to LEAs based on population/poverty equals the total award (Column B) minus the LEA base allocation (Column C), the maximum amount available for administration (Column D), and the maximum amount available for other State-level activities (Column E, F, G, or H). Of this amount, 85 percent must be distributed on a pro-rata basis to LEAs according to public and private elementary and secondary school enrollment, and 15 percent on a pro-rata basis to LEAs according to the number of children in LEAs living in poverty, as determined by the State.

Separate Grant Award Notices (GANs) and identifiers have been issued to States for the regular IDEA Part B funds made available under the CAA and the additional IDEA Part B funds made available under the ARP Act. Therefore, States must ensure that allocations to LEAs – both the regular IDEA Part B funds under the CAA and the additional ARP Act IDEA Part B funds – meet the Federal award identification requirements in 2 C.F.R. § 200.332(a)(1).

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF FINANCE AND OPERATIONS
OFFICE OF ACQUISITION AND GRANTS ADMINISTRATION

June 29, 2021

Honorable Lemanu P.S. Mauga
Governor of American Samoa
Office of the Governor
A.P. Lutali Executive Office Building—3rd Floor
Pago Pago, American Samoa 96799

Dear Governor Mauga:

The purpose of this letter is to convey to you the enclosed specific conditions that the U.S. Department of Education (Department) is imposing on all grants awarded to the American Samoa Government (ASG) agencies, including, but not limited to, the American Samoa Department of Education (ASDOE) and the American Samoa Department of Health (ASDOH) for Federal Fiscal Year (FFY) 2021. The Department commends ASG for improvements made over the past year to strengthen the administration of Federal funds, and the Department will continue to partner with ASG to determine the type of needed actions and support that would be most helpful moving forward.

These specific conditions are largely maintained from FY 2020. In addition to applying to all grants awarded to ASG for FFY 2021, the conditions also apply to all grants under the following programs awarded to any ASG agencies for FFY 2022: Vocational Rehabilitation (Title I of the Rehabilitation Act of 1973, as amended (Rehabilitation Act)), Supported Employment (Title VI of the Rehabilitation Act), Client Assistance Program (section 112 of the Rehabilitation Act), Protection and Advocacy of Individual Rights (section 509 of the Rehabilitation Act), and Independent Living Services for Older Individuals Who Are Blind (Title VII, Chapter 2 of the Rehabilitation Act) (collectively, Rehabilitation Act programs). The specific conditions will apply to all grants awarded by the Department to the American Samoa Government on or after the date of these specific conditions. These specific conditions are also applicable to grant funds previously awarded by the Department to the American Samoa Government that are still available for obligation or liquidation as of the date of these specific conditions, including any funds awarded by the Department to the American Samoa Government under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSA), and the American Rescue Plan (ARP).

Successful implementation and maintenance of a comprehensive and reliable financial and accounting system is a key element in accomplishing effective fiscal management and administration of Department grants. In an effort to address systemic internal control deficiencies and limited capabilities of its core financial and accounting system, Integrated Financial and Accounting System (IFAS), at the beginning of fiscal year (FY) 2016, ASG

initiated a two-year project - OneSolution upgrade for IFAS. Since the implementation of ASG's OneSolution upgrade, the Department has noted improvements in ASG's single audits. Specifically, ASG received an unqualified opinion with respect to its Federal education awards and its financial statements in its most recent 2019 single audit. In the 2019 audit, the auditors noted that ASG closed two long-standing financial statement findings in equipment and real property, and management estimates and significant accounts. However, two long-standing findings in the areas of taxes and general ledger reconciliation and reporting have continued since fiscal year 2015. Additionally, ASG has reported, in its semi-annual report to the Department, the implementation of internal controls over all areas specified in its High-Risk Corrective Action Plan (HRCAP). Although ASG has made progress in addressing its systemic internal control deficiencies over the past several years, the Department has determined that ASG has yet to demonstrate sufficient progress in implementing the corrective measures outlined in the HRCAP. Specifically, although there have been improvements as a result of implementation of OneSolution, ASG continues to demonstrate deficiencies in internal controls in the area of timely reconciliations of various financial and accounting data to source documents to generate reliable financial reports for management review. Therefore, ASG has not yet demonstrated full implementation of comprehensive financial and accounting systems that result in fiscal accountability for, and effective administration of, Federal funds. Accordingly, these specific conditions remain necessary, and ASG's status as a "high-risk" grantee remains in effect under the Department's authority in 2 CFR §§ 200.207 and 3474.10.

Once the Department confirms that such changes are implemented successfully, ASG will be able to begin discussions with the Department about possible modifications to the current Department-wide specific conditions to accommodate the changes.

The Department is committed to assisting ASG in its delivery of Federal education and other services to the residents of the territory through its continued improvement in the administration and management of the Department's grant funds. If you have any questions or require further assistance, please contact Patrick Smith at 202-453-6456 or via email at patrick.smith@ed.gov.

Sincerely,

Phillip Juengst
Deputy Assistant Secretary
Office of Acquisition and Grants Administration

American Samoa Government – Specific Conditions
Federal Fiscal Years (FFY) 2021 and 2022¹

PREAMBLE: These specific conditions are imposed on all grants issued by the U.S. Department of Education (Department) to all recipient agencies of the Government of American Samoa (ASG) (including, but not limited to, the American Samoa Department of Education (ASDOE) and the American Samoa Department of Health (ASDOH)) on or after the date of these specific conditions. These specific conditions also apply to all grants under the following programs awarded to any ASG agencies for FFY 2022: Vocational Rehabilitation (Title I of the Rehabilitation Act of 1973, as amended (Rehabilitation Act)), Supported Employment (Title VI of the Rehabilitation Act), Client Assistance Program (section 112 of the Rehabilitation Act), Protection and Advocacy of Individual Rights (section 509 of the Rehabilitation Act), and Independent Living Services for Older Individuals Who Are Blind (Title VII, Chapter 2 of the Rehabilitation Act) (collectively, Rehabilitation Act programs).

Additionally, the specific conditions apply to grant funds previously awarded by the Department to ASG (including, but not limited to, ASDOE and ASDOH) that are still available for obligation or liquidation on the date of these specific conditions, including any funds awarded by the Department to ASG under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), and the American Rescue Plan (ARP). These specific conditions are applied to these program grants and funds in accordance with regulations governing specific conditions and “high-risk” grantees in 2 CFR §§ 200.207 and 3474.10 in the Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The specific conditions are imposed to help ensure that ASG’s awards are expended in accordance with applicable legal requirements and with appropriate fiscal accountability measures, management practices, and controls.

I. EXPLANATION OF HIGH-RISK STATUS

Under the authority of the Uniform Guidance at 2 CFR §§ 200.207 and 3474.10, the Department has determined that ASG continues to be a “high-risk” grantee for purposes of these grant awards because of continuing problems in ASG’s fiscal and program accountability and related areas. Our conclusion is based on the following:

The Department continues to be concerned with the internal control deficiencies, and material weaknesses in the operation of the internal control structure related to general accounting and grants administration reported in ASG’s fiscal year (FY) 2018 single audit and prior year single audits beginning with FY 2009. Due to the seriousness of the deficiencies, the auditors issued

¹ These specific conditions are considered FFY 2022 specific conditions only for purposes of the following programs: Vocational Rehabilitation, Supported Employment, Client Assistance Program, Protection and Advocacy of Individual Rights, and Independent Living Services for Older Individuals Who Are Blind. For all other programs to which they apply, they are considered FFY 2021 specific conditions.

either qualified or disclaimed opinions on both ASG's audited financial statements and the report on Federal program compliance for one or more of the Department's major grants for the same period discussed above, FY 2009 through FY 2018. However, the Department is encouraged by 1) ASG's FY 2019 audit report that received an unqualified opinion over financial statements and Federal Department of Education major programs; and 2) the completion of corrective actions in the areas of: controls over available grant balances, procurement policies and procedures, fiscal policies for services to eligible children, the IFAS system upgrade, and implementation of the SIS system in its High-Risk Correction Action Plan (HRCAP). The Department looks forward to working with ASG as it continues its progress in completing the remaining corrective actions in its HRCAP, including physical inventory, fixed assets, and allowable costs training and the approval of policies and procedures.

While recognizing the progress that ASG has made, because there are remaining significant deficiencies that ASG must address related to the management of Department funds, the Department is again imposing these specific conditions for FFY 2021, and for FFY 2022 for Rehabilitation Act programs, as set forth below.

II. SPECIFIC CONDITIONS

A. High-Risk Corrective Action Plan

1. In accordance with Section II.C of the FFY 2007 special conditions and Section II.B of the FFY 2008 special conditions, ASG developed and obtained Department approval (on October 7, 2008) of a comprehensive HRCAP that outlines measures that ASG must implement to address and resolve the problems that led to its designation as a high-risk grantee and that will assist ASG and the Department in tracking ASG's progress in addressing and resolving these problems. ASG must continue its work toward implementing all corrective actions in the HRCAP. Particularly, finalization and implementation of policies and procedures over: timely reconciliation of general ledger balances and other required financial reports, and grant activities and expenditures. Additionally, ASG must continue receiving unqualified audit opinions and resolving its audit findings timely especially repeat findings. In the event that the Department or ASG determines that additional measures are required in the HRCAP to address the fiscal administrative deficiencies described above in Section I, ASG must amend the HRCAP to include such measures, obtaining the Department's approval before proceeding with the additional measures.

ASG is required to continue to provide a semiannual report to the Department on its progress in implementing measures required pursuant to the HRCAP. The semiannual reports must include the current status of ASG's implementation of the various measures, including a description of activities and progress for each task during the reporting period, documentation of measures of performance and results, and other data or documentation as specified within the action steps for each task, and, if necessary, any changes in the targeted completion dates and/or person(s) responsible for ensuring that a particular corrective action is implemented. In addition, the semiannual report must include a description of any upgrades of its core financial and accounting system, IFAS, and provide specific examples of the manner in which expanded IFAS

functionalities and capabilities are assisting ASG in implementing measures required under the HRCAP and in addressing the fiscal and management deficiencies identified in Section I above. ASG must include in each semi-annual report all edits and updates from each of its departments into one consolidated HRCAP report.

2. ASG must continue to submit the HRCAP reports to the Department no later than thirty days after the end of each semiannual period. Therefore, semiannual reports shall be submitted to the Department by April 30, 2022 for the period covering October 1, 2021 to March 31, 2022 and by October 31, 2022 for the period covering April 1, 2022 to September 30, 2022. ASG must ensure that its HRCAP report submissions are timely. If a report is not timely or is not considered acceptable by the Department, it may result in the Department taking one or more additional actions or imposing additional remedial requirements, including the following, for any applicable program(s): the reinstatement of quarterly reporting; the imposition of further conditions; the recovery of misspent funds; or the requirement for ASG to procure the services of a third-party fiduciary agent to provide fiscal management services.
3. Until such time as all of the corrective actions in the HRCAP referenced in Section I above have been implemented and deficiencies and material weaknesses have been addressed, semiannual HRCAP reports will continue to be required as stipulated above.

B. Payroll Attestation Corrective Action Plan

1. Because of ASG's high-risk status and demonstrated risk to Federal program funds, as noted in a number of its single audits, and in conjunction with the Department's serious concerns regarding payroll inaccuracies and reporting affecting Department grant funds, the FFY 2007 specific conditions required ASG to undergo an Attestation administered by an independent public accountant, covering all ASG employees paid with Department grant funds. R.C. Holsinger Associates (RCHA), P.C. Certified Public Accountants, conducted the Attestation in February/March 2008 and issued a final report to the Department that identified significant problems in the manner in which ASG accounts for Federal funds used for payroll costs and indicated that ASG is not in compliance with Federal requirements for using Federal funds for payroll costs.
2. Because of the significant problems identified in the attestation and their impact on the expenditure of Department grant funds for payroll cost, ASG was required to develop a payroll corrective action plan (PCAP) to address all deficiencies cited in RCHA's Attestation report. The Department approved the PCAP on March 16, 2009. The PCAP was used by ASG (and monitored by the Department) to develop and implement internal controls, policies, and procedures to eliminate the significant deficiencies identified by the Attestation and to bring ASG into compliance with Federal requirements for using Department grant funds for payroll costs. Because ASG demonstrated to the Department that it had addressed the internal control deficiencies and material weaknesses outlined in the PCAP, ASG was no longer required as of the FFY 2011 special conditions to report quarterly to the Department on its efforts and initiatives to implement corrective actions and controls in accordance with the PCAP.

However, ASG must continue to submit semiannually a PCAP internal control maintenance report that outlines its efforts to monitor its payroll operations and internal controls to ensure that they are operating as intended. ASG's PCAP internal control maintenance reports must include the following information, at a minimum, in narrative form:

- The current status of ASG's monitoring efforts of its payroll and human resources operation, including a description of activities it has engaged in during the semiannual period;
 - any internal control weaknesses identified in its policies and procedures related to the operation of its payroll and human resources operations;
 - a narrative explanation of what caused the internal control weaknesses/failure;
 - a description of the action(s) taken to correct the internal control deficiencies identified during its monitoring operations; and
 - copies of all revised policies and procedures and any other documentation (e.g., policies, forms, evidence of training, etc.) that support ASG's monitoring efforts.
3. ASG must submit the PCAP internal control maintenance reports to the Department no later than thirty days after the end of each semiannual period. Therefore, semiannual PCAP internal control maintenance reports shall be submitted as follows:
- For the semiannual reporting period October 1st to March 31st – due April 30, 2022
 - For the semiannual reporting period April 1st to September 30th – due October 31, 2022
4. ASG must ensure that its PCAP internal control maintenance reports are submitted timely. If a report is not timely or is not considered acceptable by the Department, it may result in the Department taking one or more additional actions or imposing additional remedial requirements, including the following, for any applicable program(s): the imposition of further conditions; the recovery of misspent funds; or the requirement for ASG to procure the services of a third-party fiduciary agent to provide fiscal management services.

C. Single Audits

ASG shall continue to ensure that single audits are conducted on an annual basis in a timely manner and that reports, along with data collection forms, are submitted to the Federal Audit Clearinghouse within nine months after the end of each fiscal year. As such, ASG must complete its FY 2020 single audit timely and submit it to the Federal Audit Clearinghouse by June 30, 2021, in accordance with the Single Audit Act of 1984, as amended. The Department will continue to rely on ASG's single audits, along with monitoring conducted by the Department, to perform oversight of ASG's administration of Department grants. If, for any reason, ASG expects an audit or report to be delayed, it shall notify the Department of the reason and extent of the delay as soon as possible. Based on the information provided, the Department may take one or more additional actions or

impose additional remedial requirements, including, but not limited to, the imposition of further conditions, the recovery of misspent funds, or the implementation of a contract with a third-party fiduciary agent to provide services.

D. Program-Specific Conditions

Program-specific conditions may be imposed on FFY 2021 grant awards (or FFY 2022 grant awards for Rehabilitation Act programs) made under one or more Department programs, in addition to the specific conditions that are contained in this document. Each such program-specific condition will be contained in a separate attachment to the grant award notification document provided by the Department to ASG.

E. Prompt Access

ASG shall promptly provide the Department with access to any requested staff, locations, records, and information associated with Federal and matching funds related to programs administered by the Department.

F. Failure to Comply with Conditions or Other Requirements

If the Department determines that ASG has not made substantial progress in meeting the objectives of the programs or has not met program requirements or the specific conditions contained in Sections II.A-E above, then the Department may consider not continuing the grant(s), taking further enforcement action steps, or applying additional conditions such as, but not limited to, the following:

1. ASG would receive no further funds under the grant award(s) or only on a reimbursement basis;
2. ASG would be required to prepare and submit a separate corrective action plan for each program in which problems have occurred or in which there is insufficient progress; and
3. ASG would contract with a third-party fiduciary agent, which must be approved by the Department, to provide services or financial management under the grant award(s). The third-party fiduciary agent would, at a minimum, assist in preparing the vouchers to be submitted to the Department for reimbursement, and would verify their accuracy and legitimacy as an appropriate expenditure under the grant award(s).

These terms and conditions do not preclude the Department from taking any otherwise authorized enforcement or other actions at any time.

III. OTHER TERMS

A. Submission of Reports

All reports and plans (including with respect to the HRCAP and PCAP) that are required to be submitted by ASG to the Department under these specific conditions shall be submitted in electronic file format to Patrick Smith, Risk Management Specialist at patrick.smith@ed.gov.

B. Reconsideration and Modifications

At any time, ASG may request reconsideration of the above specific conditions by contacting the Department and stating reasons why ASG believes particular conditions are no longer needed. Additionally, the Department may impose additional specific conditions or modify these specific conditions as appropriate. The Department will remove the specific conditions at such time as ASG meets, to the Department's satisfaction, the conditions contained herein.
