

UNITED STATES DEPARTMENT OF EDUCATION  
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

July 1, 2021

Honorable Kitlang Kabua  
Minister of Education, Sports, and Training  
Republic of the Marshall Islands  
Ministry of Education, Sports and Training  
P.O. Box 3  
Majuro, Marshall Islands 96960

Dear Minister Kabua:

We have approved Republic of the Marshall Islands' grant application for Federal Fiscal Year (FFY) 2021 funds under Part B of the Individuals with Disabilities Education Act (IDEA Part B). Our approval is based on our review of the IDEA Part B grant application submitted by the Republic of the Marshall Islands Ministry of Education, Sports and Training to the U.S. Department of Education (Department), Office of Special Education Programs (OSEP), on May 12, 2021, including the assurances provided in Section II and incorporated by reference to this letter as noted in Enclosure A. Our approval is also based on Republic of the Marshall Islands' certification in Section II.D of its FFY 2021 IDEA Part B grant application (Enclosure B), signed by you on May 12, 2021, that the Republic of the Marshall Islands' provisions meet the requirements of IDEA Part B as found in Public Law 108-446, and that the Republic of the Marshall Islands will operate its Part B program in accordance with all of the required assurances and certifications, consistent with 34 C.F.R. § 76.104.

Please note that OSEP Memorandum 21-01, dated January 21, 2021, explained the impact of recent amendments to the Copyright Act, 17 U.S.C. § 121, on certain terms relevant to Assurance 23a or 23b related to accessible instructional materials as reflected in your FFY 2021 application for funds under IDEA Part B. As a result, the term "blind and other persons with print disabilities" has been removed from the Copyright Act and replaced with "eligible person," and the term "specialized format" has been removed and replaced with the term "accessible format." Although at this time Congress has not made conforming amendments to Section 612(a)(23) of IDEA, the Department construes Assurances 23a and 23b as incorporating the terms "eligible person" and "accessible format."

In a specific assurance dated May 12, 2021, the Republic of the Marshall Islands assured that it will, consistent with existing practice, submit foreign travel requests to OSEP 60 days prior to the start of foreign travel using IDEA funds exceeding \$6000 per individual traveler or \$25,000 in aggregate costs for foreign travel. The requests for foreign travel will include the following information: (1) information related to the person(s) traveling, including name(s), job title(s), and relevant information related to job duties and role within the Freely Associated State (FAS); (2) a description of the destination and purpose of the travel, and any related supporting documentation (e.g., conference information, agendas); (3) a description of the travel costs, and

any supporting documentation related to them (e.g., documents related to transportation, lodging, per diem costs); and (4) an explanation of how the travel enhances the Freely Associated State's capacity to provide a free and appropriate public education.

Please note that as part of your grant application for FFY 2021 IDEA Part B funds, the Republic of the Marshall Islands has provided a certification, pursuant to 34 C.F.R. § 76.104, that its application meets the requirements of IDEA Part B and that the Republic of the Marshall Islands will operate its Part B program in accordance with all of the required assurances and certifications. Any changes made by the Republic of the Marshall Islands, after OSEP approval, to information that is a part of the Republic of the Marshall Islands' IDEA Part B grant application, must meet the public participation requirements in 34 C.F.R. § 300.165.

Enclosed is the Republic of the Marshall Islands' FFY 2021 IDEA Part B Section 611 grant award for funds currently available under the Consolidated Appropriations Act, 2021 (Public Law 116-260). This grant award is subject to all the terms and conditions of the Republic of the Marshall Islands' FFY 2021 IDEA Part B grant application. These funds are available for obligation by States and entities from July 1, 2021, through September 30, 2023, in accordance with 34 C.F.R. § 76.709.

The amount shown in the Republic of the Marshall Islands' award for the Section 611 program is only part of the total funds that will be awarded to the Republic of the Marshall Islands for FFY 2021. Of the \$12,937,457,000 appropriated for Section 611 in FFY 2021, \$3,654,074,000 is available for awards on July 1, 2021, and \$9,283,383,000 will be available for awards on October 1, 2021.

Under the Section 611 formula, the Secretary reserves not more than one percent of the amount appropriated for FFY 2021 to provide assistance to the outlying areas in accordance with their respective populations of individuals aged three through 21 and to provide each freely associated State a grant in the amount that such freely associated State received in fiscal year 2003 under Part B of the IDEA.

Enclosure C provides a short description of how Section 611 funds were allocated and how those funds can be used. In addition, Table I in Enclosure C shows funding levels for distribution of Section 611 funds and the parameters for within-State allocations.

Under IDEA Section 605, the Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) in 2 C.F.R. Part 200, and 34 C.F.R. § 300.718, States must request prior approval from OSEP for certain State-level activities or expenses. On October 29, 2019, the Office of Special Education and Rehabilitative Services released a Frequently Asked Questions document (2019 FAQs) on prior approval.<sup>1</sup> Republic of the Marshall Islands did not submit a prior approval request with its grant application. If the Republic of the Marshall Islands plans to use its

<sup>1</sup>Prior approval must be obtained under IDEA for the following direct costs: (1) equipment (defined generally as \$5,000 or more per item of equipment) (2 C.F.R. § 200.1 and 34 C.F.R. § 300.718); (2) participant support costs (such as training or travel costs for non-employees) (2 C.F.R. § 200.1); and (3) construction or alteration of facilities (34 C.F.R. § 300.718). Under the 2019 FAQs, OSERS granted prior approval for participant support costs under IDEA that: are associated with State Advisory Panels; are incurred during the provision of services under IDEA; do not exceed \$5000 per individual participant per training/conference; and are incurred by local educational agencies under IDEA Part B. In addition, the 2019 FAQs provide prior approval for equipment that is identified on or directly related to the implementation of an individualized education program for youth and children with disabilities.

FFY 2021 IDEA Part B grant funds for such costs, and those costs fall outside of the scope of the 2019 FAQs, it must submit a request for prior approval to which OSEP will respond separate from the grant letter.

In Section V.A of its IDEA Part B grant application, pursuant to the authority in IDEA Section 618(a)(3), the Republic of the Marshall Islands was required to submit data on the total amount of the Republic of the Marshall Islands financial support made available for special education and related services for children with disabilities in the Republic of the Marshall Islands' State fiscal year (SFY) 2019 and SFY 2020. If OSEP receives information through audits, fiscal monitoring or other means that raises questions about the data the Republic of the Marshall Islands has provided in Section V.A, OSEP will follow up with the Republic of the Marshall Islands.

Section 604 of the IDEA provides that “[a] State shall not be immune under the 11th amendment to the Constitution of the United States from suit in Federal court for a violation of this [Act].” Section 606 provides that each recipient of assistance under the IDEA make positive efforts to employ and advance in employment qualified individuals with disabilities in programs assisted under the IDEA. Therefore, by accepting this grant, the Republic of the Marshall Islands is expressly agreeing as a condition of IDEA funding to a waiver of Eleventh Amendment immunity and to ensuring that positive efforts are made to employ and advance employment of qualified individuals with disabilities in programs assisted under the IDEA.

The enclosed grant award is made with the continued understanding that this Office may, from time to time, require clarification of information within your application, if necessary. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities related to IDEA Part B.

We appreciate your ongoing commitment to the provision of quality educational services to children with disabilities.

Sincerely,

David Cantrell, Ph.D.  
Delegated the authority to perform the  
functions and duties of the Assistant  
Secretary for the Office of Special  
Education and Rehabilitative Services

The Chief Executive Officer of a State or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (b) of 34 CFR §300.154 and the State educational agency, in order to ensure that all services described in paragraph (b)(1)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under §300.154(a)(3). Such agreement or

		mechanism shall meet the requirements found in 20 U.S.C. 1412(a)(12)(A)-(C); 34 CFR §300.154.
NA		13. The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this part without first affording that agency reasonable notice and an opportunity for a hearing. (20 U.S.C. 1412(a)(13); 34 CFR §300.155)
X		14. The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this part are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities as noted in 20 U.S.C. 1412(a)(14)(A)-(E); 34 CFR §300.156.
X		15. The State has established goals for the performance of children with disabilities in the State that meet the requirements found in 20 U.S.C. 1412(a)(15)(A)-(C); 34 CFR §300.157.
X		16. All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 1111 of the Elementary and Secondary Education Act of 1965, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs as noted in 20 U.S.C. 1412(a)(16)(A)-(E); 34 CFR §300.160.
X		17. Funds paid to a State under this part will be expended in accordance with all the provisions of Part B including 20 U.S.C. 1412(a)(17)(A)-(C); 34 CFR §300.162.
X		18. The State will not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year, unless a waiver is granted, in accordance with 20 U.S.C. 1412(a)(18)(A)-(D); 34 CFR §§300.163 through 300.164.
X		19. Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities. (20 U.S.C. 1412(a)(19); 34 CFR §300.165)
NA		20. In complying with 34 CFR §§300.162 and 300.163, a State may not use funds paid to it under this part to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation. (20 U.S.C. 1412(a)(20); 34 CFR §300.166)

This certification must be received prior to the expenditure of any funds reserved by the State under 20 U.S.C. 1411(e)(1); 34 CFR §300.171.

**Enclosure C**  
**IDEA Grants to States Program**  
**(Part B, Section 611)**

**Explanation of the Federal Fiscal Year (FFY) 2021 Allocation Table**

**Total Grant Award (Column B)**

Column B shows your total grant award for the Grants to States program for FFY 2021 under the Consolidated Appropriations Act, 2021 (Public Law 116-260) (CAA) and section 2014 of the American Rescue Plan Act of 2021 (Public Law 117-02) (ARP Act).

State total grants are calculated in accordance with several factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 who are in the age range for which the State ensures the availability of a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 living in poverty who are in the age range for which the State ensures the availability of FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases.

If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the fiscal year 1999 level is allocated based on the relative increases in funding that the States received between fiscal year 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each State's allocation is ratably reduced from the fiscal year 1999 level.

**Outlying Areas, Freely Associated States, and the U.S. Department of the Interior**

The Department used its discretion under section 611(b)(1)(A) of the IDEA to increase the amount of funding reserved for Part B programs in the outlying areas for 2021, consistent with the increased IDEA section 611 funding provided by the ARP Act. As a result, the outlying areas will receive a separate allocation of ARP Act IDEA section 611 funds. Funding increases were not consistent across the outlying areas because, pursuant to section 611(b)(1)(A) of the IDEA, funds were allocated to those entities on the basis of their relative populations of individuals aged 3 through 21.

The IDEA Part B funding level for the freely associated States is defined in section 611(b)(1)(A)(ii) of the IDEA. The Department has no discretion over this funding level, and each freely associated State receives level funding until reauthorization. As such, the freely associated States were not eligible for IDEA ARP Act funds.

For the Department of the Interior (the Bureau of Indian Education (BIE)), the amount of the IDEA Part B grant is determined under the terms of the relevant appropriations act, which, for 2021, establishes the BIE's funding level as what the BIE received in FFY 2020 increased by the lesser of the increase in the appropriation under section 611(i) of the IDEA or inflation, but in no case less than the what the BIE received in FFY 2020. CAA, 134 Stat. 1182, at 1601. As a result of the regularly appropriated IDEA Part B funds for FFY 2021, the BIE received the maximum

amount of IDEA Part B funds that it could receive under the terms of the appropriations act (that is, its allocation was determined by inflation), and additional increases in FFY 2021 funding would have no effect on the BIE's IDEA Part B allocation. As such, the BIE was not eligible for additional IDEA Part B funding through the ARP Act.

### **Section 611 Base Allocation to LEAs (Column C)**

Column C is the portion of the local educational agency (LEA) flow-through amount that must be distributed to LEAs based on the amounts that the LEAs would have received from FFY 1999 funds had the State educational agency (SEA) flowed through 75 percent of the State award to LEAs. Note that this amount is less than the minimum amount that States were required to provide to LEAs from FFY 1999 funds. The Part B regulations at 34 C.F.R. §300.705(b)(2) clarify how adjustments to the base payment amounts for LEAs are made.

IDEA funds awarded under the ARP Act are not a separate grant program but serve as a supplement to the FFY 2021 IDEA funds. As a result, the ARP Act IDEA Part B funds do not affect LEAs' base payment amounts under section 611 of the IDEA. Under 34 CFR. § 300.705(b)(1), the amount of an LEA's section 611 base payment is the amount the LEA would have received under section 611 for fiscal year 1999 if the State had distributed 75 percent of its grant for that year under section 611(d) of the IDEA as that section was then in effect. After making these base payments, States must allocate the remaining IDEA section 611 funds based on population and poverty (i.e., 85% population and 15% poverty), in accordance with 34 C.F.R. § 300.705(b)(3).

### **Maximum Set-Aside for Administration (Column D)**

Column D includes the maximum State set-aside amount for administration. A State may reserve for State administration up to the greater of the maximum amount the State could reserve for State administration from fiscal year 2004 funds, or \$800,000, increased by inflation as reflected by the Consumer Price Index for All Urban Consumers (CPIU). The maximum State set-aside amount available for administration for FFY 2020 is a 2.0 percent increase over the maximum amount that was available for FFY 2019. Each outlying area may reserve for each fiscal year not more than 5 percent of the amount the outlying area receives under this program or \$35,000, whichever is greater.

Under 34 C.F.R. § 300.704(a) and (b), the amounts that States may reserve for State administration and other State-level activities are set in accordance with section 611(e) of the IDEA and therefore impacted by inflation and not increases in grant award amounts. As a result, the additional IDEA section 611 funds made available through the ARP Act do not increase the amount of IDEA section 611 funds that can be reserved for State administration and other State-level activities.

Part B programs in the outlying areas have been provided an increase in the maximum amount available for State administration as a result of the ARP Act IDEA section 611 funds. This is because, under 34 C.F.R. § 300.704(a)(1)(ii), the maximum amount that each outlying area may reserve for State administration is 5% of the amount the outlying area receives under 34 C.F.R. § 300.701(a) for the fiscal year or \$35,000, whichever is greater. Because the ARP Act appropriated additional funds for grants to States under IDEA section 611, the amount that each outlying area receives under 34 C.F.R. § 300.701(a) for FFY 2021 includes both the regular IDEA section 611 funds and the ARP Act IDEA section 611 funds, and 5% of that aggregate amount represents the maximum amount that each outlying area may reserve for State administration.

### **Maximum Set-Aside Available for Other State-Level Activities (Columns E - H)**

The maximum level of funding that may be set aside from a State's total allocation for State-level activities, other than administration, is contingent upon the amount that the State actually sets aside for administration and whether the State opts to establish a LEA high-risk pool under IDEA, section 611(e)(3). For FFY 2021:

- (1) If the actual amount a State will set aside for State administration is over \$850,000 and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (2) If the actual amount a State will set aside for State administration is over \$850,000 and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (3) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (4) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.

SEAs are required to use some portion of these State set-aside funds on monitoring, enforcement, and complaint investigation and to establish and implement the mediation process required by section 615(e), including providing for the costs of mediators and support personnel. In addition, States setting aside funds for a high-risk pool, as provided for under section 611(e)(3), must reserve at least 10 percent of the amount the State reserved for State-level activities for the high-risk pool.

SEAs also may use State set-aside funds: (1) for support and direct services, including technical assistance, personnel preparation, and professional development and training; (2) to support paperwork reduction activities, including expanding the use of technology in the individualized education program process; (3) to assist LEAs in providing positive behavioral interventions and supports and mental health services to children with disabilities; (4) to improve the use of technology in the classroom by children with disabilities to enhance learning; (5) to support the use of technology, including technology with universal design principles and assistive technology devices, to maximize accessibility to the general education curriculum for children with disabilities; (6) for development and implementation of transition programs, including coordination of services with agencies involved in supporting the transition of students with disabilities to postsecondary activities; (7) to assist LEAs in meeting personnel shortages; (8) to support capacity building activities and improve the delivery of services by LEAs to improve results for children with disabilities; (9) for alternative programming for children with disabilities who have been expelled from school, and services for children with disabilities in correctional facilities, children enrolled in State-operated or State-supported schools, and children with disabilities in charter schools; (10) to support the development and provision of appropriate accommodations for children with disabilities, or the development and provision of alternate assessments that are valid and reliable for assessing the performance of children with disabilities, in accordance with sections 1111(b) and 1201 of the Elementary and Secondary Education Act

of 1965 (ESEA); and (11) to provide technical assistance to schools and LEAs, and direct services, including direct student services described in section 1003A(c)(3) of the ESEA to children with disabilities, in schools or LEAs implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d) of the ESEA on the basis of consistent underperformance of the disaggregated subgroup of children with disabilities, including providing professional development to special and regular education teachers, who teach children with disabilities, based on scientifically based research to improve educational instruction, in order to improve academic achievement based on the challenging academic standards described in section 1111(b)(1) of the ESEA.

### **Section 611 Population/Poverty**

The minimum amount that a State must flow through to LEAs based on population/poverty equals the total award (Column B) minus the LEA base allocation (Column C), the maximum amount available for administration (Column D), and the maximum amount available for other State-level activities (Column E, F, G, or H). Of this amount, 85 percent must be distributed on a pro-rata basis to LEAs according to public and private elementary and secondary school enrollment, and 15 percent on a pro-rata basis to LEAs according to the number of children in LEAs living in poverty, as determined by the State.

Separate Grant Award Notices (GANs) and identifiers have been issued to States for the regular IDEA Part B funds made available under the CAA and the additional IDEA Part B funds made available under the ARP Act. Therefore, States must ensure that allocations to LEAs – both the regular IDEA Part B funds under the CAA and the additional ARP Act IDEA Part B funds – meet the Federal award identification requirements in 2 C.F.R. § 200.332(a)(1).
