

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

July 1, 2022

Honorable Kitlang Kabua
Minister of Education, Sports, and Training
Republic of the Marshall Islands
Ministry of Education, Sports and Training
P.O. Box 3
Majuro, Marshall Islands 96960

Dear Minister Kabua:

We have approved the Republic of the Marshall Islands' application for Federal Fiscal Year (FFY) 2022 funds under Part B of the Individuals with Disabilities Education Act (IDEA Part B). Our approval is based on our review of the IDEA Part B application submitted by the Republic of the Marshall Islands Ministry of Education, Sports and Training to the U.S. Department of Education (Department), Office of Special Education Programs (OSEP), on May 17, 2022, including the assurances provided in Section II and incorporated by reference to this letter as noted in Enclosure A. Our approval is also based on the Republic of the Marshall Islands' certification in Section II.D of its FFY 2022 application (Enclosure B) that the Republic of the Marshall Islands' provisions meet the requirements of IDEA Part B as found in Public Law 108-446, and that the Republic of the Marshall Islands will operate its Part B program in accordance with all of the required assurances and certifications, consistent with 34 C.F.R. § 76.104. The effective date of this grant award is July 1, 2022.

Please note that OSEP Memorandum 22-07, dated February 3, 2022, explained the impact of recent amendments to the Copyright Act, 17 U.S.C. § 121, on certain terms relevant to Assurance 23a or 23b related to accessible instructional materials as reflected in the Republic of the Marshall Islands' FFY 2022 application for funds under IDEA Part B. As a result, the term "blind and other persons with print disabilities" has been removed from the Copyright Act and replaced with "eligible person," and the term "specialized format" has been removed and replaced with the term "accessible format." Although at this time Congress has not made conforming amendments to section 612(a)(23) of IDEA, the Department construes Assurances 23a and 23b as incorporating the terms "eligible person" and "accessible format."

In a specific assurance dated May 16, 2022, the Republic of the Marshall Islands assured that it will, consistent with existing practice, submit foreign travel requests to OSEP 60 days prior to the start of foreign travel using IDEA funds exceeding \$6000 per individual traveler or \$25,000 in aggregate costs for foreign travel. The requests for foreign travel will include the following information: (1) information related to the person(s) traveling, including name(s), job title(s), and relevant information related to job duties and role within the Freely Associated State (FAS); (2) a description of the destination and purpose of the travel, and any related supporting documentation (e.g., conference information, agendas); (3) a description of the travel costs, and any supporting documentation related to them (e.g., documents related to transportation, lodging, per diem costs); and (4) an explanation of how the travel enhances the Freely Associated State's capacity to provide a free and appropriate public education.

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

Please note that as part of its application for FFY 2022 IDEA Part B funds the Republic of the Marshall Islands has provided a certification, pursuant to 34 C.F.R. § 76.104, that its application meets the requirements of IDEA Part B and that the Republic of the Marshall Islands will operate its Part B program in accordance with all of the required assurances and certifications. Any changes made by the Republic of the Marshall Islands, after OSEP approval, to information that is a part of the Republic of the Marshall Islands' Part B application, must meet the public participation requirements in 34 C.F.R. § 300.165.

Enclosed is the Republic of the Marshall Islands' FFY 2022 grant award for funds currently available under the Consolidated Appropriations Act, 2022 (Public Law 117-103) for the IDEA Part B Section 611 (Grants to States) program. These funds are available for obligation by States and entities from July 1, 2022, through September 30, 2024, in accordance with 34 C.F.R. § 76.709.

The amount shown in the Republic of the Marshall Islands' award for the Section 611 program is only part of the total funds that will be awarded to it for FFY 2022. Of the \$13,343,704,000 appropriated for Section 611 in FFY 2022, \$4,060,321,000 is available for awards on July 1, 2022, and \$9,283,383,000 will be available for awards on October 1, 2022.

Under the Section 611 formula, the Secretary reserves not more than one percent of the amount appropriated for FFY 2022 to provide assistance to the outlying areas in accordance with their respective populations of individuals aged three through 21 and to provide each freely associated State a grant in the amount that such Freely Associated State received in fiscal year 2003 under Part B of the IDEA.

Enclosure C provides a short description of how Section 611 funds were allocated and how those funds can be used. In addition, Table I in Enclosure C shows funding levels for distribution of Section 611 funds and the parameters for within-State allocations.

Under IDEA section 605, the Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) in 2 C.F.R. Part 200, and 34 C.F.R. § 300.718, the Republic of the Marshall Islands must request prior approval from OSEP for certain State-level activities or expenses. On October 29, 2019, the Office of Special Education and Rehabilitative Services released a Frequently Asked Questions document (2019 FAQs) on prior approval¹. The Republic of the Marshall Islands did not submit a participant support costs request with its grant application. If the Republic of the Marshall Islands plans to use its FFY 2022 IDEA Part B grant funds for such costs, and those costs fall outside of the scope of the 2019 FAQs, it must submit a request for prior approval to which OSEP will respond separate from the grant letter.

¹ Prior approval must be obtained under IDEA for the following direct costs: (1) equipment (defined generally as \$5,000 or more per item of equipment) (2 C.F.R. § 200.1 and 34 C.F.R. § 300.718); (2) participant support costs (such as training or travel costs for non-employees) (2 C.F.R. § 200.1); and (3) construction or alteration of facilities (34 C.F.R. § 300.718). Under the 2019 FAQs, OSERS granted prior approval for participant support costs under IDEA that: are associated with State Advisory Panels; are incurred during the provision of services under IDEA; do not exceed \$5000 per individual participant per training/conference; and are incurred by local educational agencies under IDEA Part B. In addition, the 2019 FAQs provide prior approval for equipment that is identified on or directly related to the implementation of an individualized education program for youth and children with disabilities.

In Section V.A of its IDEA Part B application, pursuant to the authority in IDEA Section 618(a)(3), the Republic of the Marshall Islands was required to submit data on the total amount of the Republic of the Marshall Islands financial support made available for special education and related services for children with disabilities in the Republic of the Marshall Islands' State fiscal year (SFY) 2020 and SFY 2021. If OSEP receives information through audits, fiscal monitoring or other means that raises questions about the data the Republic of the Marshall Islands has provided in Section V.A, OSEP will follow up with the Republic of the Marshall Islands.

Section 604 of the IDEA provides that “[a] State shall not be immune under the 11th amendment to the Constitution of the United States from suit in Federal court for a violation of this [Act].” Section 606 provides that each recipient of assistance under the IDEA make positive efforts to employ and advance in employment qualified individuals with disabilities in programs assisted under the IDEA. Therefore, by accepting this grant, the Republic of the Marshall Islands is expressly agreeing as a condition of IDEA funding to a waiver of Eleventh Amendment immunity and to ensuring that positive efforts are made to employ and advance employment of qualified individuals with disabilities in programs assisted under the IDEA.

The enclosed grant award of FFY 2022 funds is made with the continued understanding that this Office may, from time to time, require clarification of information within your application, if necessary. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities related to IDEA Part B.

We appreciate your ongoing commitment to the provision of quality educational services to children with disabilities.

Sincerely,

Valerie C. Williams
Director
Office of Special Education Programs

Enclosure C
IDEA Grants to States Program
(Part B, Section 611)

Explanation of the Federal Fiscal Year (FFY) 2022 Allocation Table

Total Grant Award (Column B)

Column B shows your total grant award for the Grants to States program for FFY 2022 under the Consolidated Appropriations Act, 2022 (Public Law 117-103).

State total grants are calculated in accordance with several factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 who are in the age range for which the State ensures the availability of a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the relative population of children aged 3 through 21 living in poverty who are in the age range for which the State ensures the availability of FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases.

If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the fiscal year 1999 level is allocated based on the relative increases in funding that the States received between fiscal year 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each State's allocation is ratably reduced from the fiscal year 1999 level.

Section 611 Base Allocation to LEAs (Column C)

Column C is the portion of the local educational agency (LEA) flow-through amount that must be distributed to LEAs based on the amounts that the LEAs would have received from FFY 1999 funds had the State educational agency (SEA) flowed through 75 percent of the State award to LEAs. Note that this amount is less than the minimum amount that States were required to provide to LEAs from FFY 1999 funds. The Part B regulations at 34 CFR §300.705(b)(2) clarify how adjustments to the base payment amounts for LEAs are made.

Maximum Set-Aside for Administration (Column D)

Column D includes the maximum State set-aside amount for administration. A State may reserve for State administration up to the greater of the maximum amount the State could reserve for State administration from fiscal year 2004 funds, or \$800,000, increased by inflation as reflected by the Consumer Price Index for All Urban Consumers (CPIU). The maximum State set-aside amount available for administration for FFY 2022 is a 6.0 percent increase over the maximum amount that was available for FFY 2021. Each outlying area may reserve for each fiscal year not more than 5 percent of the amount the outlying area receives under this program or \$35,000, whichever is greater.

Maximum Set-Aside Available for Other State-Level Activities (Columns E - H)

The maximum level of funding that may be set aside from a State's total allocation for State-level activities, other than administration, is contingent upon the amount that the State actually sets aside for administration and whether the State opts to establish a LEA high-risk pool under IDEA, section 611(e)(3). For FFY 2022:

- (1) If the actual amount a State will set aside for State administration is over \$850,000 and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (2) If the actual amount a State will set aside for State administration is over \$850,000 and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.0 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (3) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 10.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.
- (4) If the actual amount a State will set aside for State administration is \$850,000 or less and the State will not use funds from its award to support a high-risk pool, the maximum amount the State may set aside of its total award for State-level activities (other than administration) is 9.5 percent of its FFY 2006 award as adjusted for inflation based on the CPIU.

SEAs are required to use some portion of these State set-aside funds on monitoring, enforcement, and complaint investigation and to establish and implement the mediation process required by section 615(e), including providing for the costs of mediators and support personnel. In addition, States setting aside funds for a high-risk pool, as provided for under section 611(e)(3), must reserve at least 10 percent of the amount the State reserved for State-level activities for the high-risk pool.

Section 611 Population/Poverty

The minimum amount that a State must flow through to LEAs based on population/poverty equals the total award (Column B) minus the LEA base allocation (Column C), the maximum amount available for administration (Column D), and the maximum amount available for other State-level activities (Column E, F, G, or H). Of this amount, 85 percent must be distributed on a pro-rata basis to LEAs according to public and private elementary and secondary school enrollment, and 15 percent on a pro-rata basis to LEAs according to the number of children in LEAs living in poverty, as determined by the State.
