RIN 1820-AB40

Assistance to States for the Education of Children With Disabilities and the Early Intervention Program for Infants and Toddlers With Disabilities

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary issues final regulations for the Assistance to States for Education of Children with Disabilities program under Part B of the Individuals with Disabilities Education Act (IDEA; Part B) and the Early Intervention Program for Infants and Toddlers with Disabilities under Part C of the Act (Part C). These regulations are needed to implement changes made to Part B by the IDEA Amendments of 1997; make other changes to the part B regulations based on relevant, longstanding policy guidance; and revise the requirements on State complaint procedures under both the Part B and Part C programs.

DATES: These regulations take effect on May 11, 1999. However, compliance with these regulations will not be required until the date the State receives FY 1999 funding (expected to be available for obligation to States on July 1, 1999) under the program or October 1, 1999, whichever is earlier. Affected parties do not have to comply with the information collection requirements contained in the regulations listed under the Paperwork Reduction Act of 1995 section of this preamble until the Department publishes in the **Federal Register** the control number assigned by the Office of Management and Budget (OMB) to these information collection requirements. Publication of the control numbers notifies the public that OMB has approved these information collection requirements under the Paperwork Reduction Act of 1995.

FOR FURTHER INFORMATION CONTACT: Thomas Irvin or JoLeta Reynolds (202) 205-5507. Individuals who use a telecommunications device for the deaf (TDD) may call (202) 205-5465.

Individuals with disabilities may obtain this document in an alternate format (e.g., Braille, large print, audiotape, or computer diskette) on request to Katie Mincey, Director of the Alternate Formats Center. Telephone: (202) 205-8113.

SUPPLEMENTARY INFORMATION: On October 22, 1997, the Secretary

published a notice of proposed rulemaking (NPRM) in the **Federal Register** (62 FR 55026) to amend the regulations governing the Assistance to States for Education of Children with Disabilities program (part 300), the Preschool Grants for Children with Disabilities program (part 301), and the Early Intervention Program for Infants and Toddlers with Disabilities (part 303). A key purpose of the NPRM was to implement changes made by the IDEA Amendments of 1997 (Pub. L. 105-17).

Since that time, the Department has published final regulations for both the Preschool Grants program (63 FR 29928, June 1, 1998) and the Early Intervention program for Infants and Toddlers with Disabilities (63 FR 18297, April 14, 1998), to incorporate the requirements added to those programs by Pub. L. 105-17. On April 14, 1998, a document was published in the **Federal Register** inviting comment on whether the regulations for the Early Intervention program for Infants and Toddlers with Disabilities should be further amended (63 FR 18297). (A subsequent document reopening the comment period was published on August 14, 1998 (63 FR 43866)).

The final regulations in this publication are needed to conform the existing regulations under Part B of the Act to the new statutory requirements added by Pub. L. 105-17, including (1) amending requirements under prior law related to areas such as State and local eligibility, evaluation, and individualized education programs (IEPs), and (2) incorporating new requirements in the Act (e.g., those relating to discipline, performance goals and indicators, participation of children with disabilities in State and district-wide assessments, procedural safeguards notice, and mediation).

The regulations have also been amended to incorporate relevant longstanding interpretations of the Act that have been addressed in nonregulatory guidance in the past and are needed to ensure a more meaningful implementation of the Act and its regulations for children with disabilities, parents, and public agencies. These interpretations are based on the statutory provisions of the IDEA that were in effect prior to the IDEA Amendments of 1997 and that were not changed by those Amendments. Examples of provisions of the regulations that incorporate prior Department interpretations of the statute include:

Section 300.7(c)(9)—recognizing that some children with attention deficit

disorder (ADD) may be identified under the category of other health impairment;

Section 300.19—recognizing that foster parents may, under certain circumstances and if permitted under State law, qualify as a ‘parent’;

Section 300.121(c)—recognizing that if a child’s third birthday is in the summer, the child’s IEP team determines the date when services begin under the child’s IEP or IFSP. (The team must develop the IEP or IFSP by the child’s third birthday.);

Section 300.122(a)(3)—recognizing that graduation with a regular high school diploma ends the child’s eligibility under Part B;

Section 300.309—recognizing that extended school year services must be provided if necessary for the provision of a free appropriate public education to the child; and

Section 300.519—identifying what constitutes a change of placement for disciplinary purposes under these regulations.

In addition, changes have been made to the requirements on State complaint procedures in the regulations for Part B (§§ 300.660-300.662), and conforming changes have been made in the Part C regulations (§§ 303.510-303.512).

Analysis of Comments and Changes

In response to the Secretary’s invitation to comment on the NPRM published in the **Federal Register** on October 22, 1997 (62 FR 55026), about 6,000 individuals, public agencies, and organizations submitted written or oral comments. An analysis of the public comments received, including a description of the changes made in the proposed regulations since publication of the NPRM, is published as Attachment 1 to these final regulations. The perspectives of individuals and groups of parents, teachers, related service providers, State and local officials, individuals with disabilities and members of Congress were very important in helping to identify where changes were necessary in the proposed regulations, and in formulating many of those changes. The detailed, thoughtful comments of so many individuals and organizations clearly demonstrated a high level of commitment to making sure that the IDEA and its regulations make a real difference in the day-to-day education of our children. In light of the comments received, a number of significant changes are reflected in these final regulations.

Effective Date of These Regulations

These regulations take effect on May 11, 1999. As these regulations were not in effect at the time Federal fiscal year

(FY) 1998 funds (funds for use during school year 1998–99) became available for obligation to States, compliance with the requirements of these regulations, that are not statutory requirements or provisions of pre-existing regulations, will not be mandatory for this grant year. When either the FY 1998 funds that are unobligated by States and school districts become carryover funds (October 1, 1999) or, if earlier, the State receives FY 1999 funding (expected to be available for obligation to States July 1, 1999) compliance with these final regulations is required. This will enable all parties to become familiar with the new regulations without requiring changes that could interrupt school or program operations in the middle of a grant year. However, States and school districts may adopt and use these regulations when they are effective, and are encouraged, to the greatest extent possible, to start to implement them as soon as possible during this school year. In any case, the statutory requirements of the Individuals with Disabilities Education Act Amendments of 1997 (IDEA Amendments of 1997) are in effect and must be complied with throughout the 1998–99 school year. In addition, States and school districts must comply with all requirements of the Part 300 regulations that were in effect at the beginning of this school year unless inconsistent with the IDEA Amendments of 1997 or these final regulations. Applications for grants for FY 1999 funds must be consistent with the requirements of these final regulations.

Most of the provisions of the IDEA Amendments of 1997 relating to Parts B and C of the Act have been in effect since enactment, June 4, 1997, with a few provisions, such as the new Part B provisions concerning individualized education programs and the comprehensive system of personnel development, taking effect on July 1, 1998. Therefore, States and school districts already are familiar with the statutory provisions of the IDEA Amendments of 1997 to which they must comply.

Major Changes in the Regulations

The following is a summary of the major substantive changes from the NPRM in these final regulations:

1. General Changes

- All notes in the NPRM related to the sections or subparts covered in these final regulations have been removed. The substance of any note that should be required for proper implementation of the Act has been added to the text of these final regulations. Information in

notes considered to be directly relevant to the “Notice of Interpretation” on IEP requirements has been added to the text of that notice in Appendix A to these final regulations. The substance of any note considered to provide clarifying information or useful guidance has been incorporated into the discussion of the applicable comments in the “Analysis of Comments and Changes” (see Attachment 1 to these final regulations). All other notes have been deleted.

- Appendix C in the NPRM (“Notice of Interpretation on IEPs”) has been redesignated as “Appendix A” in these final regulations; and a new Appendix B—Index to IDEA Part B Regulations has been added.
- Three attachments have also been added: Attachment 1—Analysis of Comments and Changes; Attachment 2—Final Regulatory Flexibility Analysis; and Attachment 3—Table showing “Disposition of NPRM Notes in Final Part 300 and 303 Regulations.” However, these attachments will not be codified in the Code of Federal Regulations.

2. Changes in Subpart A—General

- Proposed § 300.2 (Applicability of this part to State, local, and private agencies) has been revised to include “public charter schools that are not otherwise included as local educational agencies (LEAs) or educational service agencies (ESAs) and are not a school of an LEA or ESA” and to specify that the rules of Part 300 apply to all public agencies in the State providing special education and related services.

- Consistent with the general decision to not use notes in these final regulations, proposed Note 1 immediately preceding § 300.4 in the NPRM, (which included a list of terms defined in specific subparts and sections of the regulations) has been deleted and the terms included as part of an index to these regulations (see Appendix B).

- The proposed definition of “child with a disability” (§ 300.7(a)) has been revised to clarify that if a child with a disability needs only a related service and not special education, the child is not eligible under this part; but if the related service is considered to be special education under State standards, the child would be eligible.

- The proposed definition of “other health impairment” (“OHI”), at § 300.7(c)(9), has been amended to (1) add “attention deficit disorder” (ADD) and “attention deficit hyperactivity disorder” (ADHD) to the list of conditions that could render a child eligible under OHI, and (2) clarify that, with respect to children with ADD/

ADHD, the phrase “limited strength, vitality, or alertness” includes “a child’s heightened alertness to environmental stimuli that results in limited alertness with respect to the educational environment.”

- The proposed definition of “Day” (§ 300.9) has been retitled “Day; business day; school day,” and definitions of “business day” and “school day” have been added.

- The proposed definition of “educational service agency” (§ 300.10) has been revised to clarify that the term “[i]ncludes entities that meet the definition of “intermediate educational unit” in section 602(23) of IDEA as in effect prior to June 4, 1997.”

- The proposed definition of “general curriculum” in § 300.12 of the NPRM and the explanatory note following that section have been deleted. The term is explained where it is used in § 300.347 and in Appendix A regarding IEP requirements.

- The proposed definition of “local educational agency” (§ 300.18) has been amended to clarify, consistent with new statutory language concerning public charter schools, that the term includes public charter schools that are established as an LEA under State law.

- The proposed definition of “native language” (§ 300.19) has been amended to specify that (1) in all direct contact with a child (including evaluation of the child), the native language is the language normally used by the child in the home or learning environment, and (2) for an individual with deafness or blindness, or with no written language, the mode of communication is that normally used by the individual (such as sign language, braille, or oral communication).

- The proposed definition of “parent” has been amended to (1) add language clarifying that the term means a natural or adoptive parent of a child and a person acting in the place of a parent (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child’s welfare), and (2) permit States in certain circumstances to use foster parents as parents under the Act unless prohibited by State law.

- The proposed definition of “public agency” (§ 300.22) has been amended to add to the list of examples of a public agency “public charter schools that are not otherwise included as LEAs or ESAs and are not a school of an LEA or ESA”, consistent with new statutory language concerning public charter schools.

- The proposed definition of “parent counseling and training,” under the definition of “related services,” (§ 300.24(b)(7)) has been amended to

add that the term also means "helping parents to acquire the necessary skills that will allow them to support the implementation of their child's IEP or IFSP."

- The proposed definition of "special education" (§ 300.26) has been amended to add "travel training" as a special education service and to include a definition of the term.

3. Changes in Subpart B—State and Local Eligibility

State Eligibility

- Proposed § 300.110 (Condition of assistance) has been amended to more explicitly state what is required for compliance with the State eligibility requirements.

- Proposed § 300.121 (FAPE) has been amended to specify (1) requirements for providing FAPE for children with disabilities beginning at age 3; (2) that services need not be provided during periods of removal under § 300.520(a)(1) to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if services are not provided to a child without disabilities who has been similarly removed; (3) the standards that are used to determine appropriate services for children with disabilities who have been removed from their current placement for more than 10 school days in a school year; (4) that LEAs must ensure that FAPE is available to any child with a disability who needs special education and related services, even though the child is advancing from grade to grade; and (5) that the determination that a child who is advancing from grade to grade is eligible under this part must be made on an individual basis by the group within the LEA responsible for making eligibility determinations.

- Proposed § 300.122 (Exception to FAPE for certain ages) has been amended to (1) specify situations in which the exception to FAPE for students with disabilities in adult prisons does not apply, and (2) make clear that graduation from high school with a regular diploma is a change in placement requiring notice in accordance with § 300.503. (A related change to § 300.534(c) makes clear that a reevaluation is not required for graduation with a regular high school diploma or termination of eligibility for exceeding the age eligibility for FAPE under State law.)

- Proposed § 300.125 (Child find) has been revised to (1) clarify that the child find requirements apply to highly mobile children (e.g., migrant and

homeless children), and to children who are suspected of being a child with a disability under this part, even though they are advancing from grade to grade, and (2) add needed clarifications of requirements relating to child find for children from birth through age 2 when the SEA and lead agency for the Part C program are different.

- Proposed § 300.136 (Personnel standards) has been amended as follows:

- (1) The proposed definition of "profession or discipline" in § 300.136(a)(3) has been revised to clarify that the term "specific occupational category" is not limited to traditional categories.

- (2) The policies and procedures in proposed § 300.136(b) have been expanded to provide that (A) each State may determine the specific occupational categories required in the State and revise or expand them as needed; (B) nothing in these regulations requires a State to establish a specific training standard (e.g., a masters degree); and (C) a State with only one entry-level academic degree for employment of personnel in a specific profession or discipline may modify that standard, as necessary, to ensure the provision of FAPE to all eligible children.

- (3) Proposed § 300.136(g) (State policy to address shortage of personnel) has been amended by adding provisions that (A) if a State has reached its established date for a specific profession or discipline, it may still exercise the option in redesignated § 300.136(g)(1); and (B) each State must have a mechanism for serving children with disabilities if instructional needs exceed available (qualified) personnel, including addressing those shortages in its comprehensive system of personnel development if the shortages continue.

- Proposed § 300.138 (Participation in assessments) has been amended to require appropriate modifications in the administration of the assessments, if necessary.

- Proposed § 300.142 (Methods of ensuring services) has been amended as follows:

- (1) Proposed § 300.142(b) (Obligation of noneducational public agencies) has been revised to specify that those agencies may not disqualify an eligible service for Medicaid reimbursement because the service is provided in an educational context.

- (2) Proposed § 300.142(b)(2) (Reimbursement for services by noneducational public agency) has been revised to require that an LEA must provide services in a timely manner if a public noneducational agency fails to provide or pay for the services.

- (3) Proposed § 300.142(e) has been added to make clear that a public agency may use a child's public insurance to provide or pay for services required under Part B, with certain limitations. The public agency (A) may not require parents to sign up for public insurance in order for the child to receive FAPE, (B) may not require parents to incur out-of-pocket expenses in order to file the claim for services under Part B, and (C) may not use the child's benefits under a public insurance program if that use would decrease available lifetime coverage or any other insured benefit, result in the family paying for services that would have been covered by the public insurance and are required for the child outside of the time the child is in school, increase premiums or lead to discontinuation of services or risk loss of eligibility for home and community-based waivers due to aggregate health-related expenditures.

- (4) The proposed provisions on children covered by private insurance have been redesignated as § 300.142(f), and revised to provide that a public agency (A) may access a parent's private insurance proceeds only if the parent provides informed consent, and (B) must obtain consent each time it proposes to access those proceeds, and inform the parents that their refusal to permit such access does not relieve the public agency of its responsibility to provide all required services at no cost to the parents.

- (5) A new § 300.142(g) has been added to permit the use of part B funds to ensure FAPE for (A) the cost of required services under these regulations if the parents refuse consent to use public or private insurance, and (B) the costs of using the parents' insurance, such as paying deductible or co-pay amounts.

- (6) Proposed § 300.142(f) (Proceeds from public or private insurance) has been redesignated as paragraph (h), and revised to clarify that (A) the insurance proceeds received by a public agency do not have to be returned to the Department or dedicated to the part B program; and (B) funds expended by a public agency from reimbursements of Federal funds will not be considered State or local funds for purposes of State or local maintenance of effort.

- (7) A new § 300.142(i) has been added to specify that nothing in Part B should be construed to alter the requirements imposed on a State Medicaid agency, or any other agency administering a public insurance program by Federal statute, regulations or policy under Title XIX or Title XXI of the Social Security Act, or any other public insurance program.

- Proposed § 300.148 (Public participation) has been amended to clarify that a State will be considered to be in compliance with this section if the State has subjected the policy or procedure to a public participation process that is required by the State for other purposes and is comparable to and consistent with the requirements of §§ 300.280–300.284.

- Proposed § 300.154 (Maintenance of State financial support) has been amended to clarify that maintenance of State financial support can be demonstrated on either a total or per-capita basis.

LEA Eligibility—Specific Conditions

- Proposed § 300.231 (Maintenance of effort) has been amended to set out the standard for meeting the maintenance of effort requirement.

- Proposed § 300.232 (Exception to maintenance of effort) has been amended to specify that the exception related to voluntary retirement or resignation of personnel must be in full conformity with existing school board policies, any applicable collective bargaining agreement, and applicable State statutes.

- Proposed § 300.234 (Schoolwide programs under title I of the ESEA) has been amended to make clear that an LEA that uses Part B funds in schoolwide program schools must ensure that children with disabilities in those schools receive services in accordance with a properly developed IEP and are afforded all applicable rights and services guaranteed under the IDEA.

4. Changes in Subpart C—Services

Free Appropriate Public Education

- Proposed § 300.300 (Provision of FAPE) has been amended to specify that the State must ensure that the child find requirements of § 300.125 are implemented by public agencies throughout the State. Proposed § 300.300 also has been amended to specify that (1) the services provided to the child under this part address all of the child's identified special education and related services needs, and (2) are based on the child's identified needs and not the child's disability category.

- Proposed § 300.301 (FAPE—methods and payments) has been amended to add a provision requiring that the State must ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for the special education and related services to the child is being determined.

- Proposed § 300.308 (Assistive technology) has been amended to clarify that, on a case-by-case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the child's IEP team determines that the child needs access to those devices in order to receive FAPE.

- Proposed § 300.309 (Extended school year (ESY) services) has been amended to specify that (1) ESY services must be provided only if a child's IEP team determines, on an individual basis, that the services are necessary for the provision of FAPE to the child, and (2) an LEA may not limit ESY services to particular categories of disability, or unilaterally limit the type, amount, or duration of those services.

- A new § 300.312 (Children with disabilities in public charter schools) has been added to (1) specify that these children and their parents retain all rights under these regulations, and that compliance with part B is required regardless of whether a public charter school receives Part B funds; and (2) address the responsibilities of the following: public charter schools that are LEAs; LEAs if the charter school is a school in the LEA; and the SEA if the charter school is not an LEA or a school of an LEA.

- A new § 300.313 (Children experiencing developmental delays) has been added to (1) clarify the circumstances under which the designation "developmental delay" may be used by a State or an LEA in the State; (2) permit a State or LEA that elects to use that term to also use one or more of the disability categories described in § 300.7 for any child aged 3 through 9 who has been determined to have a disability and who, by reason thereof, needs special education; and (3) permit a State to adopt a common definition of developmental delay under Parts B and C of the Act.

Individualized Education Programs (IEPs)

- Proposed § 300.341 (retitled "Responsibility of SEA and other public agencies for IEPs) has been revised to (1) consistent with provisions regarding parentally-placed children with disabilities in religious or other private schools (see changes to Subpart D), and (2) to clarify that the section also applies to the SEA if it provides direct services to children with disabilities as well as other public agencies that provide special education either directly, by contract, or through other means.

- Proposed § 300.342(b) has been revised to provide that the child's IEP must be accessible to each of the child's

teachers and service providers and that teacher and service provider with responsibility for its implementation be informed of his or her specific responsibilities under the IEP and of the specific accommodations, modifications, and supports that must be provided for the child under that IEP.

- Proposed § 300.342(d) has been revised to state that all IEPs developed, reviewed, or revised on or after July 1, 1998 must meet the requirements of §§ 300.340–300.350.

- Proposed § 300.343 (IEP meetings) has been revised to clarify that special education and related services must be available to the child within a reasonable period of time following receipt of parent consent to an initial evaluation.

- Proposed § 300.344 (IEP Team) has been amended to (1) clarify that the determination of knowledge or special expertise of "other individuals" under § 300.344(a)(6) is made by the party who has invited the individual to be a member of the IEP team; and (2) permit a public agency to designate another public agency member of the IEP team to also serve as the agency representative, if the criteria in § 300.344(a)(4) are satisfied.

- Proposed § 300.345 (Parent participation) has been revised to clarify that (1) the public agency's notice to parents about the IEP meeting must inform them about the ability of either party to invite individuals with knowledge or special expertise to the meeting, consistent with § 300.344(a)(6) and (c); and (2) the agency must give the parents a copy of their child's IEP.

- Proposed § 300.346 (Development, review, and revision of IEP) has been revised to clarify that, in developing each child's IEP, the IEP team also must consider "as appropriate, the results of the child's performance on any general State or district-wide assessment programs.

- Proposed § 300.347 (Content of IEP) has been amended to (1) clarify that "general curriculum" is the same curriculum as for nondisabled children, and (2) delete the requirement that, if the IEP team determines that services are not needed in one or more of the areas specified in the definition of transition services (§ 300.29), the IEP must include a statement to that effect and the basis upon which the determination was made.

- Proposed § 300.350 (Children with disabilities in religiously-affiliated or other private schools) has been deleted. A new § 300.455(c) has been added to specify LEA responsibilities regarding the development of "services plans" for private school children.

- Proposed § 300.351 (IEP—accountability) has been redesignated as § 300.350, and revised to provide that (1) each public agency must make a good faith effort to assist the child to achieve the goals and objectives or benchmarks listed in the IEP; (2) a State or public agency is not prohibited from establishing its own accountability systems regarding teacher, school, or agency performance; and (3) “[n]othing in this section limits a parent’s right to ask for revisions of the child’s IEP or to invoke due process procedures if the parent feels that efforts required in paragraph (a) of this section are not being met.”

Direct Services by SEA

- Proposed § 300.360 (Use of LEA allocation for direct services) has been amended to clarify that (1) if an LEA does not elect to apply for its Part B funds, the SEA must use those funds to ensure that FAPE is available to all eligible children residing in the jurisdiction of the LEA; (2) if the local allotment is not sufficient to ensure FAPE to all eligible children within the LEA, the SEA must ensure that FAPE is available to those children; and (3) the SEA may use whatever funding sources are available in the State to ensure that all eligible children within each LEA receive FAPE (see § 300.301).

- Proposed § 300.370 (Use of SEA allocations) has been amended to clarify that, of the Part B funds it retains for other than administration, the SEA may use the funds either directly, or distribute them to LEAs on a competitive, targeted, or formula basis.

5. Changes in Subpart D—Children in Private Schools

Children With Disabilities in Private Schools Placed or Referred by Public Agencies

- Proposed § 300.401 (“Responsibility of SEA”) has been revised to provide that a child with a disability placed by a public agency as the means of providing FAPE to the child must receive an education that meets the standards that apply to the SEA and LEA.

Children With Disabilities Enrolled by Their Parents in Private Schools When FAPE Is at Issue

- Proposed § 300.403 (“Placement of children by parent if FAPE is at issue”) has been revised to clarify that (1) the provisions of §§ 300.450–300.462 apply to children with disabilities placed voluntarily in private schools, even though the public agency made FAPE available to those children; (2) private

school placement by the parents must be appropriate (as determined by a court or hearing officer) in order to be eligible for reimbursement, (3) a parental placement does not need to meet State standards that apply to education provided by the SEA and LEAs in order to be appropriate; and (4) the reimbursement provisions of § 300.403 also apply if parents of a child with a disability who previously received special education and related services under the authority of a public agency enroll the child in a private preschool program.

Children With Disabilities Enrolled by Their Parents in Private Schools

- Proposed § 300.451 (“Child find for private school children with disabilities”) has been revised to specify that (1) child find activities for those children must be comparable to child find activities for children with disabilities in public schools, and (2) LEAs must consult with representatives of parentally-placed private school students with disabilities on how to conduct child find activities for that population in a manner that is comparable to those activities for public school children.

- Proposed § 300.452 (retitled “Provision of services—basic requirement”) has been amended to add a new provision related to the SEA’s responsibility for ensuring that a services plan is developed for each private school child with a disability who has been designated to receive services under these regulations.

- Proposed § 300.453 (“Expenditures”) has been revised to specify that (1) each LEA must consult with representatives of private school children with disabilities to decide how to conduct the annual count of the number of those children; (2) the LEA must ensure that the count is conducted by specified dates, and that the data are used to determine the amount of Part B funds to be earmarked for private school children in the next fiscal year; (3) the costs of child find activities for private school children with disabilities may not be considered in determining whether the LEA met the expenditures requirement of this section; and (4) SEAs and LEAs are not prohibited from providing services to private school children with disabilities beyond those required by this part, consistent with State law or local policy.

- Proposed § 300.454 (Services determined) has been revised to specify that each LEA must (1) consult with private school representatives on where services will be provided; (2) conduct meetings to develop, review, and revise

a “services plan,” in accordance with § 300.455, for each private school child with a disability who has been designated to receive services under this part; and (3) ensure that a representative of the private school participates in the meetings.

- Proposed § 300.455 (Services provided) has been revised to specify that (1) each private school child with a disability who has been designated to receive Part B services must have a services plan, and (2) the plan must, to the extent appropriate, meet the requirements of § 300.347 with respect to the services provided, and be developed, reviewed and revised consistent with §§ 300.342–300.346.

- Proposed § 300.456 (Location of services) has been revised to make clear that, while transportation might be provided between a child’s home or private school and a service site if necessary for the child to benefit from or participate in the services offered, LEAs are not required to provide transportation between the child’s home and private school.

- Proposed § 300.457 (Complaints) has been revised to specify that the due process procedures under this part apply to child find activities for private school children with disabilities, including evaluations.

6. Changes in Subpart E—Procedural Safeguards

Due Process Procedures for Parents and Children

- Proposed § 300.500 (General responsibility of public agencies; definitions) has been amended as follows:

(1) The proposed definition of “consent” (300.500(b)(1)) has been revised to clarify that a revocation of consent does not have a retroactive effect if the action consented to has already occurred.

(2) The proposed definition of “evaluation” (§ 300.500(b)(2)) has been revised by deleting the last sentence of the definition, to ensure that evaluations may include a review of a child’s performance on a test or procedures used for all children in a school, grade, or class.

- Proposed § 300.501 (Opportunity to examine records; parent participation in meetings) has been amended to (1) delete the word “all” from § 300.501(a)(2); (2) delete the definition of “meetings” but provide that the term does not include certain conversations or preparation for a meeting and (3) clarify that each public agency must “make reasonable efforts” related to parental participation in group

discussions relating to the educational placements of their child.

- Proposed § 300.502 (Independent educational evaluation (IEE)) has been amended to (1) add that, upon request for an IEE, parents must be given information about agency criteria applicable for IEEs; (2) clarify, in § 300.502(e)(1), that the criteria under which an IEE is obtained must be the same as that of the public agency "to the extent such criteria are consistent with the parent's right to an IEE," and (3) explain that an explanation of parent disagreement with an agency evaluation may not be required and the public agency may not delay either providing the IEE at public expense or, alternatively, initiating a due process hearing.

- Proposed § 300.503 (Prior notice by the public agency; content of notice) has been amended to delete the provision in § 300.503(b)(8) (related to informing parents about the State complaint procedures). (See § 300.504(b).)

- Proposed § 300.505 (Parental consent) has been amended to (1) refer to "informed parent consent;" (2) add "all reevaluations" to the list of actions requiring consent (see § 300.505(a)(1)(i)); (3) delete paragraph (a)(1)(iii), and add a new paragraph (a)(3) to specify that parental consent is not required before reviewing existing evaluation data as a part of an evaluation or reevaluation or for administering a test used with all children unless consent is required of all parents; and (4) specify, in paragraph (e), that a public agency may not use a parental refusal to consent to one service or benefit under paragraphs (a) and (d) to deny the parent or child another service or benefit.

- Proposed § 300.506 (Mediation) has been revised to (1) add a new § 300.506(b)(2) to specify that the mediator must be selected from a list of mediators on a random basis (e.g., a rotation), or that both parties are involved in selecting the mediator and agree with the selection of the individual who will mediate; and (2) add a new § 300.506(c)(2) to clarify that payment for mediation services by the State does not make the mediator an employee of the State agency for purposes of impartiality.

- Proposed § 300.507 (Impartial due process hearing; parent notice) has been amended to clarify that, in the content of the parent notice, the description of the nature of the problem applies to the

action "refused" as well as that proposed by the public agency.

- Proposed § 300.509 (Hearing rights) has been revised to clarify that, in paragraph (a)(3), the disclosure is required at least 5 "business" days before the hearing.

- Proposed § 300.510 (Finality of decision; impartiality of review) has been amended to (1) make the reference to written findings and decision in § 300.510(b)(2)(vi) consistent with § 300.509(a)(5), and (2) allow the choice of "electronic or written findings of fact and decision."

- Proposed § 300.513 (Attorneys' fees) has been amended to include all of the provisions of section 615(i)(3)(C)-(G) of the Act.

- Proposed § 300.514(c) has been amended to provide that a decision by a State hearing or review officer that is in agreement with the parents constitutes an agreement for purposes of pendency.

- Proposed § 300.515 (Surrogate parents) has been revised to permit employees of nonpublic agencies that have no role in educating a child to serve as surrogate parents.

Discipline Procedures

- A new § 300.519 (Change of placement for disciplinary removals) has been added regarding change of placement in the context of removals under §§ 300.520-300.529.

- Proposed § 300.520 (Authority of school personnel) has been amended as follows:

(1) Proposed § 300.520(a)(1) has been revised to specify that to the extent removal would be applied to children without disabilities, school personnel may order the removal of a child with a disability from the child's current placement for not more than 10 consecutive school days and additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct as long as they do not constitute a change in placement under § 300.519, and to make clear that after a child with a disability has been removed from his or her current placement for more than 10 school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent necessary under § 300.121(d).

(2) Proposed § 300.520(b) has been revised to replace "suspension" with "removal," and to specify that when first removing a child for more than 10 school days in a school year, or commencing a removal that constitutes a change of placement, the LEA must within 10 business days, convene an IEP meeting. If the agency had not already

conducted a functional behavioral assessment and implemented a behavioral intervention plan for the child the purpose of the IEP meeting is to develop an assessment plan. As soon as practicable after completion of the plan, the LEA must then convene an IEP meeting to develop appropriate behavioral interventions to address the child's behavior. If a child already has a behavioral intervention plan, the purpose of the IEP meeting is to review the plan and its implementation.

(3) Proposed § 300.520(c) has been deleted and replaced with a provision that requires that if a child with a disability who has a behavioral intervention plan and has been removed for more than 10 school days in a school year subsequently is subjected to a removal that is not a change of placement, the child's IEP team members shall review the behavioral intervention plan, and meet to modify it or its implementation if one or more team members think modifications are needed.

- Proposed § 300.521(d) has been modified to make clear that the hearing officer determines the appropriateness of the interim alternative educational setting proposed by school personnel who have consulted with the child's special education teacher.

- Proposed § 300.522 (Determination of setting) has been amended to (1) specify that the interim alternative educational setting referred to in § 300.520(a)(2) must be determined by the IEP team; and (2) clarify that the services and modifications to address the child's behavior are designed to prevent the behavior from recurring.

- Proposed § 300.523 (Manifestation determination review) has been amended as follows:

(1) Proposed § 300.523(a) has been revised to (1) specify that the manifestation determination review is done regarding behavior described in §§ 300.520(a)(2) and 300.521, or if a removal is contemplated that constitutes a change of placement under § 300.519; and (2) require that parents be provided notice of procedural safeguards consistent with § 300.504.

(2) Proposed § 300.523(b) (exception to conducting a manifestation determination review) has been removed.

(4) Proposed § 300.523(d) and (e) have been redesignated as § 300.523(c) and (d) and revised by adding "and other

qualified personnel" after "IEP team" each time it is used.

(5) Proposed paragraph (f) has been redesignated as paragraph (e) and a new paragraph (f) has been added to clarify that if in the manifestation review deficiencies are identified in the child's IEP or placement or in their implementation, the public agency must act to correct those deficiencies.

- Proposed § 300.524 (Determination that behavior was not a manifestation of disability) has been amended to (1) replace, in paragraph (a), the reference to "section 612 of the Act" with "§ 300.121(c);" and (2) refer, in paragraph (c), to the placement rules of § 300.526.

- Proposed § 300.527 (Protections for children not yet eligible for special education and related services) has been amended as follows:

(1) Proposed § 300.527(b)(1) has been revised to refer to not knowing how to write rather than illiteracy in English.

(2) Proposed § 300.527(b)(2) has been revised to clarify that the behavior or performance is in relation to the categories of disability identified in § 300.7.

(3) Proposed § 300.527(b)(4) has been revised to refer to other personnel who have responsibilities for child find or special education referrals in the agency.

(4) Proposed § 300.527(c) has been redesignated as paragraph (d), and a new paragraph (c) has been added to provide that if an agency acts on one of the bases identified in paragraph (b), determines that the child is not eligible, and provides proper notice to the parents, and there are no additional bases of knowledge under paragraph (b) that were not considered, the agency would not be held to have a basis of knowledge under § 300.527(b).

(5) Proposed § 300.527(d)(2)(ii) has been revised to clarify that an educational placement under that provision can include suspension or expulsion without educational services.

(a)(3) are redesignated as (a)(1) and (a)(2) and paragraphs (b) and (c) are redesignated as (c) and (d).)

(2) A new § 300.528(b) has been added to require that (A) each State establish a timeline for expedited due process hearings that results in a written decision being mailed to the parties within 45 days, with no extensions permitted that result in decisions being issued more than 45 days after the hearing request is received by the public agency; and (B) decisions be issued in the same period of time, whether the hearing is requested by a parent or an agency.

(3) Redesignated § 300.528(d) has been revised to specify that expedited due process hearings are appealable consistent with the § 300.510.

- Proposed § 300.529 (Referral to and action by law enforcement and judicial authorities) has been amended to make clear that copies of a child's special education and disciplinary records may be transmitted only to the extent that such transmission is permitted under FERPA. (Section 300.571 has been amended to note the relationship of this section.)

Procedures for Evaluation and Determination of Eligibility

- Proposed § 300.532 (Evaluation procedures) has been amended to (1) require that assessments of children with limited English proficiency must be selected and administered to ensure that they measure the extent to which a child has a disability and needs special education, and do not, instead, measure the child's English language skills (§ 300.532(a)(2)); (2) provide that the information gathered include information related to enabling the child to be involved and progress in the general curriculum or appropriate activities if the child is a preschool child (§ 300.532(b)); (3) provide that if an assessment is not conducted under standard conditions, information about the extent to which the assessment varied from standard conditions, such as the qualifications of the person administering the test or the method of test administration, must be included in the evaluation report (§ 300.532(c)(2)); and (4) provide that each public agency ensure that the evaluation of each child with a disability under §§ 300.531-300.536 is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.

reviewing existing data may conduct that review without a meeting (§ 300.533(b)).

- Proposed § 300.534 (Determination of eligibility) has been amended to clarify that (1) children are not eligible if they need specialized instruction because of limited English proficiency or lack of instruction in reading or math, but do not need such instruction because of a disability, as defined in § 300.7; and (2) the evaluation required in § 300.534(c)(1) is not required before termination of a child's eligibility under Part B of the Act due to graduation with a regular high school diploma, or ceasing to meet the age requirement for FAPE under State law.

- Proposed § 300.535 (Procedures for determining eligibility and placement) has been revised to add "parent input" to the variety of sources from which the public agency will draw in interpreting evaluation data for the purpose of determining a child's eligibility under this part.

Least Restrictive Environment (LRE)

- Proposed § 300.550 (General LRE requirements) has been amended to add a cross reference to § 300.311(b) and (c), to clarify that the LRE provisions do not apply to students with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

- Proposed § 300.552 (Placements) has been amended to (1) include a reference to preschool children with disabilities in the introductory paragraph of this section, and (2) to add a new § 300.552(e) prohibiting the removal of child with a disability from an age-appropriate regular classroom solely because of needed modifications in the general curriculum.

- Proposed § 300.660 (Adoption of State complaint procedures) has been revised to clarify that if an SEA, in resolving a complaint, finds a failure to provide appropriate services to a child with a disability, the SEA must address (1) how to remediate the denial of those services, including, as appropriate, the awarding of monetary reimbursement or other corrective action appropriate to the needs of the child; and (2) appropriate future provision of services for all children with disabilities.

- Proposed § 300.661 (Minimum State complaint procedures) has been revised to clarify that (1) if an issue in a complaint is the subject of a due process hearing, that issue (but not any issue outside of the hearing) would be set aside until the conclusion of the hearing, (2) the decision on an issue in a due process hearing would be binding in a State complaint resolution, and (3) a public agency's failure to implement a due process decision would have to be resolved by the SEA.

8. Changes in Subpart G—Allocation of Funds; Reports

- Proposed § 300.712 (Allocations to LEAs) has been revised to clarify that, if LEAs are created, combined, or otherwise reconfigured subsequent to the base year (i.e. the year prior to the year in which the appropriation under section 611(j) of the Act exceeds \$4,924,672,200), the State is required to provide the LEAs involved with revised base allocations calculated on the basis of the relative numbers of children with disabilities aged 3 through 21, or 6 through 21, depending on whether the State serves all children with disabilities aged 3 through 5 currently provided special education by each of the affected LEAs. The section also has been expanded to state that, for the purpose of making grants under this

section, States must apply, on a uniform basis across all LEAs, the best data that are available to them on the numbers of children enrolled in public and private elementary and secondary schools and the numbers of children living in poverty.

- Proposed § 300.713 (Former Chapter 1 State agencies) has been revised to clarify that the amount each former Chapter 1 State agency must receive is the minimum amount.

9. Changes to Part 303

- Proposed § 303.510 (Adopting State complaint procedures) has been revised to clarify that if a lead agency, in resolving a complaint, finds a failure to provide appropriate services, it must address (1) how to remediate the denial of those services, including, as appropriate, the awarding of monetary reimbursement or other corrective action appropriate to the needs of the child and the child's family, as well as (2) appropriate future provision of services for all infants and toddlers with disabilities and their families.

- Proposed § 303.512 (Minimum State complaint procedures) has been revised to clarify that (1) if an issue in a complaint is the subject of a due process hearing, that issue (but not any issue outside of the hearing) would be set aside until the conclusion of the hearing, (2) the decision on an issue in a due process hearing would be binding in a State complaint resolution, and (3) a public agency's or private service provider's failure to implement a due process decision must be resolved by the lead agency.

Role of the Regular Education Teacher on the IEP Team

The regulations at §§ 300.344(a)(2) and 300.346(d) repeat the statutory provisions regarding the role of the regular education teacher in developing, reviewing, and revising IEPs. The extent of the regular education teacher's involvement in the IEP process would be determined on a case by case basis and is addressed in question 24 in Appendix A.

Discipline for Children With Disabilities

Some Key Changes in the Regulations Regarding Discipline for Children With Disabilities

One of the major areas of concern in public comment on the NPRM was the

issue of discipline for children with disabilities under the Act. The previous list of major changes briefly describes the major changes from the NPRM that are reflected in these final regulations regarding discipline under §§ 300.121(d), and 300.519–529. These changes reflect very serious consideration of the concerns of school administrators and teachers regarding preserving school safety and order without unduly burdensome requirements, while helping schools respond appropriately to a child's behavior, promoting the use of appropriate behavioral interventions, and increasing the likelihood of success in school and school completion for some of our most at-risk students.

The comments also revealed some confusion about several of the provisions of the Act and the NPRM regarding discipline. Limitations in the statute and regulations about the amount of time that a child can be removed from his or her current placement only come into play when schools are not able to work out an appropriate placement with the parents of a child who has violated a school code of conduct. In many, many cases involving discipline for children with disabilities, schools and parents are able to reach an agreement about how to respond to the child's behavior. In addition, neither the statute or the proposed or final regulations impose absolute limits on the number of days that a child can be removed from his or her current placement in a school year. As was the case in the past, school personnel have the ability to remove a child for short periods of time as long as the removal does not constitute a change of placement. To help make this point, the regulations include a new provision (§ 300.519) that reflects the Department's longstanding definition of what constitutes a "change of placement" in the disciplinary context. In this regulation, a disciplinary "change of placement" occurs when a child is removed for more than 10 consecutive school days or when the child is subjected to a series of removals that constitute a pattern because they cumulate to more than 10 school days in a school year, *and* because of factors such as the length of the removal, the total amount of time the child is removed, and the proximity of the removals to one another. (§ 300.519). Changes also have been made to § 300.520(a)(1) to make clear that multiple short-term removals (i.e., 10 consecutive days or less) for separate incidents of misconduct are permitted, to the extent removals would be applied

to children without disabilities as long as those removals do not constitute a change of placement, as defined in § 300.519.

Instead of requiring that services begin on the eleventh day in a school year that a child is removed from his or her current educational placement, as was proposed in the NPRM, the regulations take a more flexible approach. If the removal is pursuant to school personnel's authority to remove for not more than 10 consecutive days (§ 300.520(a)(1)) or for behavior that is not a manifestation of the child's disability, consistent with § 300.524 services must be provided to the extent necessary to enable the child to continue to appropriately progress in the general curriculum and appropriately advance toward the goals in his or her IEP. (§ 300.121(d)).

If the removal is by school personnel under their authority to remove for not more than 10 school days at a time (§ 300.520(a)(1)), school personnel, in consultation with the child's special education teacher, make the determination regarding the extent to which services are necessary to meet this standard. (§ 300.121(d)(3)(i)). On the other hand, if the removal constitutes a change in placement, the child's IEP team must be involved. If the removal is pursuant to the authority to discipline a child with a disability to the same extent as a nondisabled child for behavior that has been determined to not be a manifestation of the child's disability (§ 300.524), the child's IEP team makes the determination regarding the extent to which services are necessary to meet this standard. (§ 300.121(d)(3)(ii)). If the child is being placed in an interim alternative educational setting for up to 45 days because of certain weapon or drug offenses (§ 300.520(a)(2)) or because a hearing officer has determined that there is a substantial likelihood of injury to the child or others if the child remains in his or her current placement (§ 300.521), the services to be provided to the child are determined based on § 300.522. In these cases, the interim alternative educational setting must be selected so as to enable the child to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the child's current IEP, that will enable the child to meet the goals set out in that IEP and include services and modifications to address the behavior. (§§ 300.121(d)(2)(ii) and 300.522).

Under these regulations, IEP team meetings regarding functional

behavioral assessments and behavioral intervention plans will only be required within 10 business days of (1) when the child is first removed for more than 10 school days in a school year, and (2) whenever the child is subjected to a disciplinary change of placement. (§ 300.520(b)(1)). In other subsequent removals in a school year of a child who already has a functional behavioral assessment and behavioral intervention plan, the IEP team members can review the behavioral intervention plan and its implementation in light of the child's behavior, without a meeting, and only meet if one or more of the team members believe that the plan or its implementation need modification. (§ 300.520(c)).

These final regulations also provide that manifestation determinations, and the IEP team meetings to make these determinations, are only required when a child is subjected to a disciplinary change of placement. (§ 300.523(a)). These changes should eliminate the need for unnecessary, repetitive IEP team meetings. The discussion of comments regarding the disciplinary sections of the regulations in Attachment 1 provides a fuller explanation of the regulatory provisions regarding discipline.

Answers to Some Commonly Asked Questions About Discipline Under IDEA

Prior to the amendments to the Education of the Handicapped Act (EHA) in 1975, (the EHA is today known as IDEA), the special educational needs of children with disabilities were not being met. More than half of the children with disabilities in the United States did not receive appropriate educational services, and a million children with disabilities were excluded entirely from the public school system. All too often, school officials used disciplinary measures to exclude children with disabilities from education simply because they were different or more difficult to educate than nondisabled children.

It is against that backdrop that Pub. L. 94-142 was developed, with one of its primary goals being the elimination of any exclusion of children with disabilities from education. In the IDEA reauthorization of 1997, Congress recognized that in certain instances school districts needed increased flexibility to deal with safety issues while maintaining needed due process protections in the IDEA. The following questions and answers address: (1) the proactive requirements of the IDEA designed to ensure that children with disabilities will be able to adhere to school rules; (2) IDEA provisions

regarding removal of students from their current placement when their behavior significantly violates school discipline codes; and (3) the requirement of the IDEA for the continuation of services for children with disabilities who are disciplined.

1. Why are there special rules about discipline for children with disabilities?

The protections in the IDEA regarding discipline are designed to prevent the type of often speculative and subjective decision making by school officials that led to widespread abuses of the rights of children with disabilities to an appropriate education in the past. For example, in *Mills v. Board of Education of the District of Columbia* (1972) the court recognized that many children were being excluded entirely from education merely because they had been identified as having a behavior disorder. It is important to keep in mind, however, that these protections do not prevent school officials from maintaining a learning environment that is safe and conducive to learning for all children. Well run schools that have good leadership, well-trained teachers and high standards for all students have fewer discipline problems than schools that do not.

It is also extremely important to keep in mind that the provisions of the statute and regulation concerning the amount of time a child with a disability can be removed from his or her regular placement for disciplinary reasons are only called into play if the removal constitutes a change of placement and the parent objects to proposed action by school officials (or objects to a refusal by school officials to take an action) and requests a due process hearing. The discipline rules concerning the amount of time a child can be removed from his or her current placement essentially are exceptions to the generally applicable requirement that a child remains in his or her current placement during the pendency of due process, and subsequent judicial, proceedings. (See, section 615(j) of the Act and § 300.514.) If school officials believe that a child's placement is inappropriate they can work with the child's parent through the IEP and placement processes to come up with an appropriate placement for the child that will meet the needs of the child and result in his or her improved learning and the learning of others and ensure a safe environment. In addition to the other measures discussed in the following questions, the discipline provisions of the IDEA allow responsible and appropriate changes in placement of children with disabilities when their parents do not object.

2. Does IDEA contain provisions that promote proactive up-front measures that will help prevent discipline problems?

Yes. Research has shown that if teachers and other school personnel have the knowledge and expertise to provide appropriate behavioral interventions, future behavior problems can be greatly diminished if not totally avoided. Appropriate staff development activities and improved pre-service training programs at the university level with emphasis in the area of early identification of reading and behavior problems and appropriate interventions can help to ensure that regular and special education teachers and other school personnel have the needed knowledge and skills. Changes in the IDEA emphasize the need of State and local educational agencies to work to ensure that superintendents, principals, teachers and other school personnel are equipped with the knowledge and skills that will enable them to appropriately address behavior problems when they occur.

In addition, the IDEA includes provisions that focus on individual children. If a child has behavior problems that interfere with his or her learning or the learning of others, the IEP team must consider whether strategies, including positive behavioral interventions, strategies, and supports are needed to address the behavior. If the IEP team determines that such services are needed, they must be added to the IEP and must be provided. The Department has supported a number of activities such as training institutes, conferences, clearinghouses and other technical assistance and research activities on this topic to help school personnel appropriately address behavioral concerns for children with disabilities.

3. Can a child with a disability who is experiencing significant disciplinary problems be removed to another placement?

Yes. Even when school personnel are appropriately trained and are proactively addressing children's behavior issues through positive behavioral intervention supports, interventions, and strategies, there may be instances when a child must be removed from his or her current placement. When there is agreement between school personnel and the child's parents regarding a change in placement (as there frequently is), there will be no need to bring into play the discipline provisions of the law. Even if agreement is not possible, in general,

school officials can remove any child with a disability from his or her regular school placement for up to 10 school days at a time, even over the parents' objections, whenever discipline is appropriate and is administered consistent with the treatment of nondisabled children. § 300.520(a)(1). However, school officials cannot use this authority to repeatedly remove a child from his or her current placement if that series of removals means the child is removed for more than 10 school days in a school year and factors such as the length of each removal, the total amount of time that the child is removed, and the proximity of the removals to one another lead to the conclusion that there has been a change in placement. §§ 300.519–300.520(a)(1). There is no specific limit on the number of days in a school year that a child with a disability can be removed from his or her current placement. After a child is removed from his or her current placement for more than 10 cumulative school days in a school year, services must be provided to the extent required under § 300.121(d), which concerns the provision of FAPE for children suspended or expelled from school.

If the child's parents do not agree to a change of placement, school authorities can unilaterally remove a child with a disability from the child's regular placement for up to 45 days at a time if the child has brought a weapon to school or to a school function, or knowingly possessed or used illegal drugs or sold or solicited the sale of controlled substances while at school or a school function. § 300.520(a)(2). In addition, if school officials believe that a child with a disability is substantially likely to injure self or others in the child's regular placement, they can ask an impartial hearing officer to order that the child be removed to an interim alternative educational setting for a period of up to 45 days. § 300.521. If at the end of an interim alternative educational placement of up to 45 days, school officials believe that it would be dangerous to return the child to the regular placement because the child would be substantially likely to injure self or others in that placement, they can ask an impartial hearing officer to order that the child remain in an interim alternative educational setting for an additional 45 days. § 300.526(c). If necessary, school officials can also request subsequent extensions of these interim alternative educational settings for up to 45 days at a time if school officials continue to believe that the child would be substantially likely to

injure self or others if returned to his or her regular placement. § 300.526(c)(4).

Additionally, at any time, school officials may seek to obtain a court order to remove a child with a disability from school or to change a child's current educational placement if they believe that maintaining the child in the current educational placement is substantially likely to result in injury to the child or others.

Finally, school officials can report crimes committed by children with disabilities to appropriate law enforcement authorities to the same extent as they do for crimes committed by nondisabled students. § 300.529.

4. Do the IDEA regulations mean that a child with a disability cannot be removed from his or her current placement for more than ten school days in a school year?

No. School authorities may unilaterally suspend a child with a disability from the child's regular placement for not more than 10 school days at a time for any violation of school rules if nondisabled children would be subjected to removal for the same offense. They also may implement additional suspensions of up to ten school days at a time in that same school year for separate incidents of misconduct if educational services are provided for the remainder of the removals, to the extent required under § 300.121(d). (See the next question regarding the provision of educational services during periods of removal.) However, school authorities may not remove a child in a series of short-term suspensions (up to 10 school days at a time), if these suspensions constitute a pattern that is a change of placement because the removals cumulate to more than 10 school days in a school year and because of factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another. But not all series of removals that cumulate to more than 10 school days in a school year would constitute a pattern under § 300.519(b).

Of course, in the case of less serious infractions, schools can address the misconduct through appropriate instructional and/or related services, including conflict management, behavior management strategies, and measures such as study carrels, time-outs, and restrictions in privileges, so long as they are not inconsistent with the child's IEP. If a child's IEP or behavior intervention plan addresses a particular behavior, it generally would be inappropriate to utilize some other

response, such as suspension, to that behavior.

5. What must a school district do when removing a child with a disability from his or her current placement for the eleventh cumulative day in a school year?

Beginning on the eleventh cumulative day in a school year that a child with a disability is removed from his or her current placement, the school district must provide those services that school personnel (for example, the school administrator or other appropriate school personnel) in consultation with the child's special education teacher determine to be necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP. School personnel would determine where those services would be provided. This means that for the remainder of the removal that includes the eleventh day, and for any subsequent removals, services must be provided to the extent determined necessary, while the removal continues. § 300.121(d)(2) and (3).

Not later than 10 business days after removing a child with a disability for more than 10 school days in a school year, the school district must convene an IEP team meeting to develop a behavioral assessment plan if the district has not already conducted a functional behavioral assessment and implemented a behavioral intervention plan for the child. If a child with a disability who is being removed for the eleventh cumulative school day in a school year already has a behavioral intervention plan, the school district must convene the IEP team (either before or not later than 10 business days after first removing the child for more than 10 school days in a school year) to review the plan and its implementation, and modify the plan and its implementation as necessary to address the behavior. § 300.520(b).

A manifestation determination would not be required unless the removal that includes the eleventh cumulative school day of removal in a school year is a change of placement. § 300.523(a).

6. Does the IDEA or its regulations mean that a child with a disability can never be suspended for more than 10 school days at a time or expelled for behavior that is not a manifestation of his or her disability?

No. If the IEP team concludes that the child's behavior was not a manifestation of the child's disability, the child can be disciplined in the same manner as nondisabled children, except that

appropriate educational services must be provided. § 300.524(a). This means that if nondisabled children are long-term suspended or expelled for a particular violation of school rules, the child with disabilities may also be long-term suspended or expelled. Educational services must be provided to the extent the child's IEP team determines necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward the goals set out in the child's IEP. § 300.121(d)(2).

7. Does the statutory language "carries a weapon to school or to a school function" cover instances in which the child acquires a weapon at school?

Yes. Although the statutory language "carries a weapon to school or to a school function" could be viewed as ambiguous on this point, in light of the clear intent of Congress in the Act to expand the authority of school personnel to immediately address school weapons offenses, the Department's opinion is that this language also covers instances in which the child is found to have a weapon that he or she obtained while at school.

Goals 2000: Educate America Act

The Goals 2000: Educate America Act (Goals 2000) focuses the Nation's education reform efforts on the eight National Education Goals and provides a framework for meeting them. Goals 2000 promotes new partnerships to strengthen schools and expands the Department's capacities for helping communities to exchange ideas and obtain information needed to achieve the goals.

These final regulations address the following National Education Goals:

- All children in America will start school ready to learn.
- The high school graduation rate will increase to at least 90 percent.
- All students will leave grades 4, 8, and 12 having demonstrated competency in challenging subject matter, including English, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography; and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our Nation's modern economy.
- United States students will be first in the world in mathematics and science achievement.
- Every adult American will be literate and will possess the knowledge and skills necessary to compete in a

global economy and exercise the rights and responsibilities of citizenship.

- Every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.
- The Nation's teaching force will have access to programs for the continued improvement of their professional skills and the opportunity to acquire the knowledge and skills needed to instruct and prepare all American students for the next century.
- Every school will promote partnerships that will increase parental involvement and participation in promoting the social, emotional, and academic growth of children.

Executive Order 12866

This is a significant regulatory action under section 3(f)(1) of Executive Order 12866 and, therefore, these final regulations have been reviewed by the Office of Management and Budget in accordance with that order. Because it has been determined that these regulations are economically significant under the order, the Department has conducted an economic analysis, which is provided in Attachment 2. This regulation has also been determined to be a major rule under the Small Business Regulatory Enforcement Fairness Act of 1996.

These final regulations implement changes made to the Individuals with Disabilities Education Act by the IDEA Amendments of 1997 and make other changes determined by the Secretary as necessary for administering this program effectively and efficiently.

The IDEA Amendments of 1997 made a number of significant changes to the law. While retaining the basic rights and protections that have been in the law since 1975, the amendments strengthened the focus of the law on improving results for children with disabilities. The amendments accomplished this through changes that promote the early identification of, and provision of services to, children with disabilities, the development of individualized education programs that enhance the participation of children with disabilities in the general curriculum, the education of children with disabilities with nondisabled children, higher expectations for children with disabilities and accountability for their educational results, the involvement of parents in their children's education, and reducing unnecessary paperwork and other burdens to better direct resources to improved teaching and learning.

All of these objectives are reflected in these final regulations, which largely reflect the changes to the statute made by IDEA Amendments of 1997.

In assessing the potential costs and benefits—both quantitative and qualitative—of these final regulations, the Secretary has determined that the benefits of these final regulations justify the costs.

The Secretary has also determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

Paperwork Reduction Act of 1995

Sections 300.110, 300.121, 300.123–300.130, 300.133, 300.135–300.137, 300.141–300.145, 300.155–300.156, 300.180, 300.192, 300.220–300.221, 300.240, 300.280–300.281, 300.284, 300.341, 300.343, 300.345, 300.347, 300.380–300.382, 300.402, 300.482–300.483, 300.503–300.504, 300.506, 300.508, 300.510–300.511, 300.532, 300.535, 300.543, 300.561–300.563, 300.565, 300.569, 300.571–300.572, 300.574–300.575, 300.589, 300.600, 300.653, 300.660–300.662, 300.750–300.751, 300.754, 303.403, 303.510–303.512, and 303.520 contain information collection requirements. As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)), the Department of Education has submitted a copy of these sections to the Office of Management and Budget (OMB) for its review.

Collection of Information: Assistance for Education of All Children with Disabilities: Complaint Procedures, §§ 300.600–300.662 and 303.510–303.512. Each SEA is required to adopt written procedures for resolving any complaint that meets the requirements in these proposed regulations.

Annual reporting and recordkeeping burden for this collection of information is estimated to average 10 hours to issue a written decision to a complaint. There is an estimated average annual total of 1079 complaints submitted for processing. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 10,790 hours.

Collection of Information: Assistance for Education of All Children with Disabilities: State Eligibility, §§ 300.110, 300.121, 300.123–300.130, 300.133, 300.135–300.137, 300.141–300.145, 300.155–300.156, 300.280–300.281, 300.284, 300.380–300.382, 300.402, 300.482–300.483, 300.510–300.511, 300.589, 300.600, 300.653, 303.403, and 303.520. Each State must have on file with the Secretary policies and procedures to demonstrate to the

satisfaction of the Secretary that the State meets the specified conditions for assistance under this part. In the past, States were required to submit State plans every three years with one-third of the entities submitting plans to the Secretary each year. With the new statute, States will no longer be required to submit State plans. Rather, the policies and procedures currently approved by, and on file with, the Secretary that are not inconsistent with the IDEA Amendments of 1997 will remain in effect unless amended.

Annual reporting and recordkeeping burden for this collection of information is estimated to average 30 hours for each response for 58 respondents, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 1740 hours.

Collection of Information: Assistance for Education of All Children with Disabilities: LEA Eligibility, §§ 300.180, 300.192, 300.220–300.221, 300.240, 300.341, 300.343, 300.345, 300.347, 300.503–300.504, 300.532, 300.535, 300.543, 300.561–300.563, 300.565, 300.569, 300.571–300.572, and 300.574–300.575. Each local educational agency (LEA) and each State agency must have on file with the State educational agency (SEA) information to demonstrate that the agency meets the specified requirements for assistance under this part. In the past, each LEA was required to submit a periodic application to the SEA in order to establish its eligibility for assistance under this part. Under the new statutory changes, LEAs are no longer required to submit such applications. Rather, the policies and procedures currently approved by, and on file with, the SEA that are not inconsistent with the IDEA Amendments of 1997 will remain in effect unless amended.

Annual reporting and recordkeeping burden for this collection of information is estimated to average 2 hours for each response for 15,376 respondents, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 30,752 hours. The Secretary invites comment on the estimated time it will take for LEAs to meet this reporting and recordkeeping requirement.

Collection of Information: Assistance for Education of All Children with Disabilities: List of Hearing Officers and Mediators, §§ 300.506 and 300.508. Each State must maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services. Each public agency must, also, keep a list of the persons who serve as hearing officers.

Annual reporting and recordkeeping burden for this collection of information is estimated to average 25 hours for each response for 58 respondents, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 3050 hours.

Collection of Information: Assistance for Education of All Children with Disabilities: Report of Children and Youth with Disabilities Receiving Special Education, §§ 300.750–300.751, and 300.754. Each SEA must submit an annual report of children served.

Annual reporting and recordkeeping burden for this collection of information is estimated to average 262 hours for each response for 58 respondents, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 15,196 hours.

Organizations and individuals desiring to submit comments on the information collection requirements should direct them to the Office of Information and Regulatory Affairs, OMB, room 10235, New Executive Office Building, Washington, DC 20503; Attention: Desk Officer for U.S. Department of Education.

The Department considers comments by the public on these proposed collections of information in—

- Evaluating whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including whether the information will have practical utility;
- Evaluating the accuracy of the Department's estimate of the burden of the proposed collections of information, including the validity of the methodology and assumptions used;
- Enhancing the quality, usefulness, and clarity of the information to be collected; and

- Minimizing the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

OMB is required to make a decision concerning the collections of information contained in these proposed regulations between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication. This does not affect the deadline for the public to comment to the Department on the proposed regulations.

Regulatory Flexibility Act Certification

The Secretary certifies that these final regulations will not have a significant economic impact on a substantial number of small entities. The small entities that would be affected by these regulations are small local educational agencies receiving Federal funds under this program. These regulations would not have a significant economic impact on the small LEAs affected because these regulations impose minimal requirements beyond those that would otherwise be required by the statute. In addition, increased costs imposed by these regulations on LEAs are expected to be offset by savings to be realized by LEAs.

Intergovernmental Review

This program is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. The objective of the Executive order is to foster an intergovernmental partnership and a strengthened federalism by relying on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

In accordance with the order, this document is intended to provide early notification of the Department's specific plans and actions for this program.

Assessment of Educational Impact

In the NPRM published on October 22, 1997, the Secretary requested comments on whether the proposed regulations would require transmission of information that is being gathered by or is available from any other agency or authority of the United States.

Based on the response to the NPRM and on its own review, the Department has determined that the regulations in

this document do not require transmission of information that is being gathered by or is available from any other agency or authority of the United States.

(2)(i) Subject to paragraph (a)(2)(ii) of this section, if it is determined, through an appropriate evaluation under §§ 300.530–300.536, that a child has one of the disabilities identified in paragraph (a)(1) of this section, but only needs a related service and not special education, the child is not a *child with a disability* under this part.

(ii) If, consistent with § 300.26(a)(2), the related service required by the child is considered special education rather than a related service under State standards, the child would be determined to be a *child with a disability* under paragraph (a)(1) of this section.

Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance, as defined in paragraph (b)(4) of this section.

(ii) A child who manifests the characteristics of "autism" after age 3 could be diagnosed as having "autism" if the criteria in paragraph (c)(1)(i) of this section are satisfied.

(7) *Multiple disabilities* means concomitant impairments (such as mental retardation-blindness, mental retardation-orthopedic impairment, etc.), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. The term does not include deaf-blindness.

(8) *Orthopedic impairment* means a severe orthopedic impairment that

adversely affects a child's educational performance. The term includes impairments caused by congenital anomaly (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

(9) *Other health impairment* means having limited strength, vitality or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that—

(11) *Speech or language impairment* means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment, that adversely affects a child's educational performance.

(12) *Traumatic brain injury* means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child's educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.

(b) Has established performance indicators that the State will use to assess progress toward achieving those goals that, at a minimum, address the performance of children with disabilities on assessments, drop-out rates, and graduation rates;

(c) Every two years, will report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under paragraph (a) of this section; and

(d) Based on its assessment of that progress, will revise its State improvement plan under subpart 1 of Part D of the Act as may be needed to improve its performance, if the State receives assistance under that subpart.

(a) *General.* In implementing the requirements of § 300.138, the SEA shall make available to the public, and report to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following information:

(1) The number of children with disabilities participating—

(i) In regular assessments; and

(ii) In alternate assessments.

(2) The performance results of the children described in paragraph (a)(1) of this section if doing so would be statistically sound and would not result in the disclosure of performance results identifiable to individual children—

(i) On regular assessments (beginning not later than July 1, 1998); and

(ii) On alternate assessments (not later than July 1, 2000).

(b) *Combined reports.* Reports to the public under paragraph (a) of this section must include—

(1) Aggregated data that include the performance of children with disabilities together with all other children; and

(2) Disaggregated data on the performance of children with disabilities.

(c) *Timeline for disaggregation of data.* Data relating to the performance of children described under paragraph (a)(2) of this section must be disaggregated—

§ 300.140 [Reserved]

§ 300.141 SEA responsibility for general supervision.

(a) The State must have on file with the Secretary information that shows that the requirements of § 300.600 are met.

(b) The information described under paragraph (a) of this section must include a copy of each State statute, State regulation, signed agreement between respective agency officials, and any other documents that show compliance with that paragraph.

(Authority: 20 U.S.C. 1412(a)(11))

§ 300.142 Methods of ensuring services.

(a) *Establishing responsibility for services.* The Chief Executive Officer or designee of that officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each noneducational public agency described in paragraph (b) of this section and the SEA, in order to ensure that all services described in paragraph (b)(1) of this section that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under paragraph (a)(3) of this section. The agreement or mechanism must include the following:

(1) *Agency financial responsibility.* An identification of, or a method for

defining, the financial responsibility of each agency for providing services described in paragraph (b)(1) of this section to ensure FAPE to children with disabilities. The financial responsibility of each noneducational public agency described in paragraph (b) of this section, including the State Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the State agency responsible for developing the child's IEP).

(2) *Conditions and terms of reimbursement.* The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.

(3) *Interagency disputes.* Procedures for resolving interagency disputes (including procedures under which LEAs may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(4) *Coordination of services procedures.* Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in paragraph (b)(1) of this section.

(b) *Obligation of noneducational public agencies.* (1) *General.* (i) If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy or pursuant to paragraph (a) of this section, to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in § 300.5 relating to assistive technology devices, § 300.6 relating to assistive technology services, § 300.24 relating to related services, § 300.28 relating to supplementary aids and services, and § 300.29 relating to transition services) that are necessary for ensuring FAPE to children with disabilities within the State, the public agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement.

(ii) A noneducational public agency described in paragraph (b)(1)(i) of this section may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

(2) *Reimbursement for services by noneducational public agency.* If a public agency other than an educational agency fails to provide or pay for the special education and related services described in paragraph (b)(1) of this

section, the LEA (or State agency responsible for developing the child's IEP) shall provide or pay for these services to the child in a timely manner. The LEA or State agency may then claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services and that agency shall reimburse the LEA or State agency in accordance with the terms of the interagency agreement or other mechanism described in paragraph (a)(1) of this section, and the agreement described in paragraph (a)(2) of this section.

(c) *Special rule.* The requirements of paragraph (a) of this section may be met through—

(1) State statute or regulation;

(2) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(3) Other appropriate written methods as determined by the Chief Executive Officer of the State or designee of that officer.

(d) *Information.* The State must have on file with the Secretary information to demonstrate that the requirements of paragraphs (a) through (c) of this section are met.

(e) *Children with disabilities who are covered by public insurance.* (1) A public agency may use the Medicaid or other public insurance benefits programs in which a child participates to provide or pay for services required under this part, as permitted under the public insurance program, except as provided in paragraph (e)(2) of this section.

(2) With regard to services required to provide FAPE to an eligible child under this part, the public agency—

(i) May not require parents to sign up for or enroll in public insurance programs in order for their child to receive FAPE under Part B of the Act;

(ii) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided pursuant to this part, but pursuant to paragraph (g)(2) of this section, may pay the cost that the parent otherwise would be required to pay; and

(iii) May not use a child's benefits under a public insurance program if that use would—

(A) Decrease available lifetime coverage or any other insured benefit;

(B) Result in the family paying for services that would otherwise be covered by the public insurance program and that are required for the child outside of the time the child is in school;

(C) Increase premiums or lead to the discontinuation of insurance; or

(D) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures.

(f) *Children with disabilities who are covered by private insurance.* (1) With regard to services required to provide FAPE to an eligible child under this part, a public agency may access a parent's private insurance proceeds only if the parent provides informed consent consistent with § 300.500(b)(1).

(2) Each time the public agency proposes to access the parent's private insurance proceeds, it must—

(i) Obtain parent consent in accordance with paragraph (f)(1) of this section; and

(ii) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

(g) *Use of Part B funds.* (1) If a public agency is unable to obtain parental consent to use the parent's private insurance, or public insurance when the parent would incur a cost for a specified service required under this part, to ensure FAPE the public agency may use its Part B funds to pay for the service.

(2) To avoid financial cost to parents who otherwise would consent to use private insurance, or public insurance if the parent would incur a cost, the public agency may use its Part B funds to pay the cost the parents otherwise would have to pay to use the parent's insurance (e.g., the deductible or co-pay amounts).

(h) *Proceeds from public or private insurance.* (1) Proceeds from public or private insurance will not be treated as program income for purposes of 34 CFR 80.25.

(2) If a public agency spends reimbursements from Federal funds (e.g., Medicaid) for services under this part, those funds will not be considered "State or local" funds for purposes of the maintenance of effort provisions in §§ 300.154 and 300.231.

(i) *Construction.* Nothing in this part should be construed to alter the requirements imposed on a State Medicaid agency, or any other agency administering a public insurance program by Federal statute, regulations or policy under title XIX, or title XXI of the Social Security Act, or any other public insurance program.

§ 300.145 Recovery of funds for misclassified children.

(Authority: 20 U.S.C. 1221e-3(a)(1))

§ 300.146 Suspension and expulsion rates.

The State must have on file with the Secretary information to demonstrate that the following requirements are met:

(a) *General.* The SEA examines data to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

- (1) Among LEAs in the State; or
- (2) Compared to the rates for nondisabled children within the agencies.

(b) *Review and revision of policies.* If the discrepancies described in paragraph (a) of this section are occurring, the SEA reviews and, if appropriate, revises (or requires the affected State agency or LEA to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of behavioral interventions, and procedural safeguards, to ensure that these policies, procedures, and practices comply with the Act.

(Authority: 20 U.S.C. 612(a)(22))

§ 300.147 Additional information if SEA provides direct services.

(a) If the SEA provides FAPE to children with disabilities, or provides direct services to these children, the agency—

(1) Shall comply with any additional requirements of §§ 300.220–300.230(a) and 300.234–300.250 as if the agency were an LEA; and

(2) May use amounts that are otherwise available to the agency under Part B of the Act to serve those children without regard to § 300.184 (relating to excess costs).

(b) The SEA must have on file with the Secretary information to demonstrate that it meets the requirements of paragraph (a)(1) of this section.

(Authority: 20 U.S.C. 1412(b))

§ 300.148 Public participation.

(a) *General; exception.* (1) Subject to paragraph (a)(2) of this section, each State must ensure that, prior to the adoption of any policies and procedures needed to comply with this part, there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities consistent with §§ 300.280–300.284.

(2) A State will be considered to have met paragraph (a)(1) of this section with regard to a policy or procedure needed to comply with this part if it can demonstrate that prior to the adoption of that policy or procedure, the policy or procedure was subjected to a public review and comment process that is required by the State for other purposes and is comparable to and consistent with the requirements of §§ 300.280–300.284.

(b) *Documentation.* The State must have on file with the Secretary information to demonstrate that the requirements of paragraph (a) of this section are met.

§ 300.151 [Reserved]**§ 300.152 Prohibition against commingling.**

(b) The assurance in paragraph (a) of this section is satisfied by the use of a separate accounting system that includes an audit trail of the expenditure of the Part B funds. Separate bank accounts are not required. (See 34 CFR 76.702 (Fiscal control and fund accounting procedures).)

§ 300.153 State-level nonsupplanting.

(a) *General.* (1) Except as provided in § 300.230, funds paid to a State under Part B of the Act must be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of the SEA or LEAs) expended for special education and related services provided to children with disabilities under Part B of the Act and in no case to supplant these Federal, State, and local funds.

(2) The State must have on file with the Secretary information to demonstrate to the satisfaction of the Secretary that the requirements of paragraph (a)(1) of this section are met.

(b) *Waiver.* If the State provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of paragraph (a) of this section if the Secretary concurs with the evidence provided by the State under § 300.589.

(Authority: 20 U.S.C. 1412(a)(18)(c))

§ 300.154 Maintenance of State financial support.

(a) *General.* The State must have on file with the Secretary information to demonstrate, on either a total or per-capita basis, that the State will not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(b) *Reduction of funds for failure to maintain support.* The Secretary reduces the allocation of funds under section 611 of the Act for any fiscal year following the fiscal year in which the State fails to comply with the requirement of paragraph (a) of this section by the same amount by which the State fails to meet the requirement.

(c) *Waivers for exceptional or uncontrollable circumstances.* The

Secretary may waive the requirement of paragraph (a) of this section for a State, for one fiscal year at a time, if the Secretary determines that—

(1) Granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(2) The State meets the standard in § 300.589 for a waiver of the requirement to supplement, and not to supplant, funds received under Part B of the Act.

(d) *Subsequent years.* If, for any fiscal year, a State fails to meet the requirement of paragraph (a) of this section, including any year for which the State is granted a waiver under paragraph (c) of this section, the financial support required of the State in future years under paragraph (a) of this section must be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

(2) How those amounts will be allocated among the activities described in §§ 300.621 and 300.370 to meet State priorities based on input from LEAs; and

(3) The percentage of those amounts, if any, that will be distributed to LEAs by formula.

(b) If a State's plans for use of its funds under §§ 300.370 and 300.620 for the forthcoming year do not change from the prior year, the State may submit a letter to that effect to meet the requirement in paragraph (a) of this section.

LEA and State Agency Eligibility—General

§ 300.180 Condition of assistance.

An LEA or State agency is eligible for assistance under Part B of the Act for a fiscal year if the agency demonstrates to the satisfaction of the SEA that it meets the conditions in §§ 300.220–300.250.

(Authority: 20 U.S.C. 1413(a))

§ 300.181 Exception for prior LEA or State agency policies and procedures on file with the SEA.

If an LEA or a State agency described in § 300.194 has on file with the SEA policies and procedures that demonstrate that the LEA or State agency meets any requirement of § 300.180, including any policies and procedures filed under Part B of the Act as in effect before June 4, 1997, the SEA shall consider the LEA or State agency to have met the requirement for purposes of receiving assistance under Part B of the Act.

(Authority: 20 U.S.C. 1413(b)(1))

§ 300.182 Amendments to LEA policies and procedures.

(a) *Modification made by an LEA or a State agency.* (1) Subject to paragraph (b) of this section, policies and procedures submitted by an LEA or a State agency in accordance with this subpart remain in effect until it submits to the SEA the modifications that the LEA or State agency decides are necessary.

(2) The provisions of this subpart apply to a modification to an LEA's or State agency's policies and procedures in the same manner and to the same extent that they apply to the LEA's or State agency's original policies and procedures.

(b) *Modifications required by the SEA.* The SEA may require an LEA or a State agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA's or State agency's compliance with this part, if—

(1) After June 4, 1997, the provisions of the Act or the regulations in this part are amended;

(2) There is a new interpretation of the Act by Federal or State courts; or

(3) There is an official finding of noncompliance with Federal or State law or regulations.

(Authority: 20 U.S.C. 1413(b))

§ 300.183 [Reserved]

§ 300.184 Excess cost requirement.

(a) *General.* Amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities.

(b) *Definition.* As used in this part, the term *excess costs* means those costs that are in excess of the average annual per-student expenditure in an LEA during the preceding school year for an elementary or secondary school student, as may be appropriate. Excess costs must be computed after deducting—

(1) Amounts received—

(i) Under Part B of the Act;

(ii) Under Part A of title I of the Elementary and Secondary Education Act of 1965; or

(iii) Under Part A of title VII of that Act; and

(2) Any State or local funds expended for programs that would qualify for assistance under any of those parts.

(c) *Limitation on use of Part B funds.*

(1) The excess cost requirement prevents an LEA from using funds provided under Part B of the Act to pay for all of the costs directly attributable to the education of a child with a disability, subject to paragraph (c)(2) of this section.

(2) The excess cost requirement does not prevent an LEA from using Part B funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the ages 3, 4, 5, 18, 19, 20, or 21, if no local or State funds are available for nondisabled children in that age range. However, the LEA must comply with the nonsupplanting and other requirements of this part in providing the education and services for these children.

(Authority: 20 U.S.C. 1401(7), 1413(a)(2)(A))

§ 300.185 Meeting the excess cost requirement.

(a)(1) *General.* An LEA meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities before funds under Part B of the Act are used.

(2) The amount described in paragraph (a)(1) of this section is determined using the formula in § 300.184(b). This amount may not include capital outlay or debt service.

(b) *Joint establishment of eligibility.* If two or more LEAs jointly establish eligibility in accordance with § 300.190, the minimum average amount is the average of the combined minimum average amounts determined under § 300.184 in those agencies for elementary or secondary school students, as the case may be.

(Authority: 20 U.S.C. 1413(a)(2)(A))

§§ 300.186–300.189 [Reserved]

§ 300.190 Joint establishment of eligibility.

(a) *General.* An SEA may require an LEA to establish its eligibility jointly

with another LEA if the SEA determines that the LEA would be ineligible under this section because the agency would not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

(b) *Charter school exception.* An SEA may not require a charter school that is an LEA to jointly establish its eligibility under paragraph (a) of this section unless it is explicitly permitted to do so under the State's charter school statute.

(c) *Amount of payments.* If an SEA requires the joint establishment of eligibility under paragraph (a) of this section, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each LEA would have received under §§ 300.711–300.714 if the agencies were eligible for these payments.

(Authority: 20 U.S.C. 1413(e)(1), and (2))

§ 300.191 [Reserved]

§ 300.192 Requirements for establishing eligibility.

(a) *Requirements for LEAs in general.* LEAs that establish joint eligibility under this section must—

(1) Adopt policies and procedures that are consistent with the State's policies and procedures under §§ 300.121–300.156; and

(2) Be jointly responsible for implementing programs that receive assistance under Part B of the Act.

(b) *Requirements for educational service agencies in general.* If an educational service agency is required by State law to carry out programs under Part B of the Act, the joint responsibilities given to LEAs under Part B of the Act—

(1) Do not apply to the administration and disbursement of any payments received by that educational service agency; and

(2) Must be carried out only by that educational service agency.

(c) *Additional requirement.* Notwithstanding any other provision of §§ 300.190–300.192, an educational service agency shall provide for the education of children with disabilities in the least restrictive environment, as required by § 300.130.

projects funded under Part B of the Act receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this part; and

(b) The agency meets the other conditions of this subpart that apply to LEAs.

(Authority: 20 U.S.C. 1413(i))

§ 300.195 [Reserved]

§ 300.196 Notification of LEA or State agency in case of ineligibility.

If the SEA determines that an LEA or State agency is not eligible under Part B of the Act, the SEA shall—

(a) Notify the LEA or State agency of that determination; and

(b) Provide the LEA or State agency with reasonable notice and an opportunity for a hearing.

(Authority: 20 U.S.C. 1413(c))

§ 300.197 LEA and State agency compliance.

(a) *General.* If the SEA, after reasonable notice and an opportunity for a hearing, finds that an LEA or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in §§ 300.220–300.250, the SEA shall reduce or may not provide any further payments to the LEA or State agency until the SEA is satisfied that the LEA or State agency is complying with that requirement.

(b) *Notice requirement.* Any State agency or LEA in receipt of a notice described in paragraph (a) of this section shall, by means of public notice, take the measures necessary to bring the pendency of an action pursuant to this section to the attention of the public within the jurisdiction of the agency.

(c) In carrying out its functions under this section, each SEA shall consider any decision resulting from a hearing under §§ 300.507–300.528 that is adverse to the LEA or State agency involved in the decision.

LEA and State Agency Eligibility—Specific Conditions

§ 300.220 Consistency with State policies.

(a) *General.* The LEA, in providing for the education of children with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with the State policies and procedures established under §§ 300.121–300.156.

(b) *Policies on file with SEA.* The LEA must have on file with the SEA the policies and procedures described in paragraph (a) of this section.

The LEA must have on file with the SEA information to demonstrate that—

(a) All personnel necessary to carry out Part B of the Act within the jurisdiction of the agency are appropriately and adequately prepared, consistent with the requirements of §§ 300.380–300.382; and

(b) To the extent the LEA determines appropriate, it shall contribute to and use the comprehensive system of personnel development of the State established under § 300.135.

The LEA must have on file with the SEA information to demonstrate that amounts provided to the LEA under Part B of the Act—

(a) Will be expended in accordance with the applicable provisions of this part;

(b) Will be used only to pay the excess costs of providing special education and related services to children with disabilities, consistent with §§ 300.184–300.185; and

(c) Will be used to supplement State, local, and other Federal funds and not to supplant those funds.

(Authority: 20 U.S.C. 1413(a)(2)(A))

§ 300.231 Maintenance of effort.

(a) *General.* Except as provided in §§ 300.232 and 300.233, funds provided to an LEA under Part B of the Act may not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year.

(b) *Information.* The LEA must have on file with the SEA information to demonstrate that the requirements of paragraph (a) of this section are met.

(c) *Standard.* (1) Except as provided in paragraph (c)(2) of this section, the SEA determines that an LEA complies with paragraph (a) of this section for purposes of establishing the LEA's eligibility for an award for a fiscal year if the LEA budgets, for the education of children with disabilities, at least the same total or per-capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available:

(i) Local funds only.

(ii) The combination of State and local funds.

(2) An LEA that relies on paragraph (c)(1)(i) of this section for any fiscal year

must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in—

(i) The most recent fiscal year for which information is available, if that year is, or is before, the first fiscal year beginning on or after July 1, 1997; or

(ii) If later, the most recent fiscal year for which information is available and the standard in paragraph (c)(1)(i) of this section was used to establish its compliance with this section.

§ 300.300 Provision of FAPE.

(a) *General.* (1) Subject to paragraphs (b) and (c) of this section and § 300.311, each State receiving assistance under this part shall ensure that FAPE is available to all children with disabilities, aged 3 through 21, residing in the State, including children with disabilities who have been suspended or expelled from school.

(2) As a part of its obligation under paragraph (a)(1) of this section, each State must ensure that the requirements of § 300.125 (to identify, locate, and evaluate all children with disabilities) are implemented by public agencies throughout the State.

(3)(i) The services provided to the child under this part address all of the child's identified special education and related services needs described in paragraph (a) of this section.

(ii) The services and placement needed by each child with a disability to receive FAPE must be based on the child's unique needs and not on the child's disability.

(b) *Exception for age ranges 3–5 and 18–21.* This paragraph provides the rules for applying the requirements in paragraph (a) of this section to children with disabilities aged 3, 4, 5, 18, 19, 20, and 21 within the State:

(1) If State law or a court order requires the State to provide education for children with disabilities in any disability category in any of these age groups, the State must make FAPE available to all children with disabilities of the same age who have that disability.

(2) If a public agency provides education to nondisabled children in any of these age groups, it must make FAPE available to at least a proportionate number of children with disabilities of the same age.

(3) If a public agency provides education to 50 percent or more of its

children with disabilities in any disability category in any of these age groups, it must make FAPE available to all its children with disabilities of the same age who have that disability. This provision does not apply to children aged 3 through 5 for any fiscal year for which the State receives a grant under section 619(a)(1) of the Act.

(4) If a public agency provides education to a child with a disability in any of these age groups, it must make FAPE available to that child and provide that child and his or her parents all of the rights under Part B of the Act and this part.

(5) A State is not required to make FAPE available to a child with a disability in one of these age groups if—

(i) State law expressly prohibits, or does not authorize, the expenditure of public funds to provide education to nondisabled children in that age group; or

(ii) The requirement is inconsistent with a court order that governs the provision of free public education to children with disabilities in that State.

(c) *Children aged 3 through 21 on Indian reservations.* With the exception of children identified in § 300.715(b) and (c), the SEA shall ensure that all of the requirements of Part B of the Act are implemented for all children with disabilities aged 3 through 21 on reservations.

(c) Consistent with §§ 300.342(b)(2) and 300.343(b), the State must ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.

(a) *Exception to FAPE for certain students.* Except as provided in § 300.122(a)(2)(ii), the obligation to make FAPE available to all children with disabilities does not apply with respect to students aged 18 through 21 to the extent that State law does not require that special education and related services under Part B of the Act be provided to students with disabilities who, in the last educational placement prior to their incarceration in an adult correctional facility—

- (1) Were not actually identified as being a child with a disability under § 300.7; and
- (2) Did not have an IEP under Part B of the Act.

(b) If the public charter school is an LEA, consistent with § 300.17, that receives funding under §§ 300.711–300.714, that charter school is responsible for ensuring that the requirements of this part are met, unless State law assigns that responsibility to some other entity.

(c) If the public charter school is a school of an LEA that receives funding under §§ 300.711–300.714 and includes other public schools—

(2) A State may not require an LEA to adopt and use the term *developmental delay* for any children within its jurisdiction.

(3) If an LEA uses the term *developmental delay* for children described in § 300.7(b), the LEA must conform to both the State's definition of that term and to the age range that has been adopted by the State.

(4) If a State does not adopt the term *developmental delay*, an LEA may not independently use that term as a basis

for establishing a child's eligibility under this part.

(b) *Use of individual disability categories.* (1) Any State or LEA that elects to use the term *developmental delay* for children aged 3 through 9 may also use one or more of the disability categories described in § 300.7 for any child within that age range if it is determined, through the evaluation conducted under §§ 300.530–300.536, that the child has an impairment described in § 300.7, and because of that impairment needs special education and related services.

(2) The State or LEA shall ensure that all of the child's special education and related services needs that have been identified through the evaluation described in paragraph (b)(1) of this section are appropriately addressed.

(c) *Common definition of developmental delay.* A State may adopt a common definition of *developmental delay* for use in programs under Parts B and C of the Act.

Subpart E—Procedural Safeguards

Due Process Procedures for Parents and Children

§ 300.500 General responsibility of public agencies; definitions.

(a) *Responsibility of SEA and other public agencies.* Each SEA shall ensure that each public agency establishes, maintains, and implements procedural safeguards that meet the requirements of §§ 300.500–300.529.

(b) *Definitions of “consent,” “evaluation,” and “personally identifiable.”* As used in this part —

(1) *Consent* means that —

(i) The parent has been fully informed of all information relevant to the activity for which consent is sought, in his or her native language, or other mode of communication;

(ii) The parent understands and agrees in writing to the carrying out of the activity for which his or her consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and

(iii)(A) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at anytime.

(B) If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

(2) *Evaluation* means procedures used in accordance with §§ 300.530–300.536 to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs; and

(3) *Personally identifiable* means that information includes—

(i) The name of the child, the child's parent, or other family member;

(ii) The address of the child;

(iii) A personal identifier, such as the child's social security number or student number; or

(iv) A list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

(Authority: 20 U.S.C. 1415(a))

§ 300.501 Opportunity to examine records; parent participation in meetings.

(a) *General.* The parents of a child with a disability must be afforded, in accordance with the procedures of §§ 300.562–300.569, an opportunity to—

(1) Inspect and review all education records with respect to—

(i) The identification, evaluation, and educational placement of the child; and

(ii) The provision of FAPE to the child; and

(2) Participate in meetings with respect to —

(i) The identification, evaluation, and educational placement of the child; and

(ii) The provision of FAPE to the child.

(b) *Parent participation in meetings.*

(1) Each public agency shall provide notice consistent with § 300.345(a)(1) and (b)(1) to ensure that parents of children with disabilities have the opportunity to participate in meetings described in paragraph (a)(2) of this section.

(2) A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision if those issues are not addressed in the child's IEP. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

(c) *Parent involvement in placement decisions.* (1) Each public agency shall ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

(2) In implementing the requirements of paragraph (c)(1) of this section, the public agency shall use procedures consistent with the procedures described in § 300.345(a) through (b)(1).

(3) If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency shall use other methods to ensure their participation, including

individual or conference telephone calls, or video conferencing.

(4) A placement decision may be made by a group without the involvement of the parents, if the public agency is unable to obtain the parents' participation in the decision. In this case, the public agency must have a record of its attempt to ensure their involvement, including information that is consistent with the requirements of § 300.345(d).

(5) The public agency shall make reasonable efforts to ensure that the parents understand, and are able to participate in, any group discussions relating to the educational placement of their child, including arranging for an interpreter for parents with deafness, or whose native language is other than English.

(Authority: 20 U.S.C. 1414(f), 1415(b)(1))

§ 300.502 Independent educational evaluation.

(a) *General.* (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section.

(2) Each public agency shall provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in paragraph (e) of this section.

(3) For the purposes of this part—

(i) *Independent educational evaluation* means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and

(ii) *Public expense* means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with § 300.301.

(b) *Parent right to evaluation at public expense.* (1) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency.

(2) If a parent requests an independent educational evaluation at public expense, the public agency must, without unnecessary delay, either—

(i) Initiate a hearing under § 300.507 to show that its evaluation is appropriate; or

(ii) Ensure that an independent educational evaluation is provided at public expense, unless the agency

demonstrates in a hearing under § 300.507 that the evaluation obtained by the parent did not meet agency criteria.

(3) If the public agency initiates a hearing and the final decision is that the agency's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(4) If a parent requests an independent educational evaluation, the public agency may ask for the parent's reason why he or she objects to the public evaluation. However, the explanation by the parent may not be required and the public agency may not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the public evaluation.

(c) *Parent-initiated evaluations.* If the parent obtains an independent educational evaluation at private expense, the results of the evaluation—

(1) Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and

(2) May be presented as evidence at a hearing under this subpart regarding that child.

(d) *Requests for evaluations by hearing officers.* If a hearing officer requests an independent educational evaluation as part of a hearing, the cost of the evaluation must be at public expense.

(e) *Agency criteria.* (1) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(2) Except for the criteria described in paragraph (e)(1) of this section, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

(Authority: 20 U.S.C. 1415(b)(1))

§ 300.503 Prior notice by the public agency; content of notice.

(a) *Notice.* (1) Written notice that meets the requirements of paragraph (b) of this section must be given to the parents of a child with a disability a reasonable time before the public agency—

(i) Proposes to initiate or change the identification, evaluation, or

educational placement of the child or the provision of FAPE to the child; or

(ii) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

(2) If the notice described under paragraph (a)(1) of this section relates to an action proposed by the public agency that also requires parental consent under § 300.505, the agency may give notice at the same time it requests parent consent.

(b) *Content of notice.* The notice required under paragraph (a) of this section must include—

(1) A description of the action proposed or refused by the agency;

(2) An explanation of why the agency proposes or refuses to take the action;

(3) A description of any other options that the agency considered and the reasons why those options were rejected;

(4) A description of each evaluation procedure, test, record, or report the agency used as a basis for the proposed or refused action;

(5) A description of any other factors that are relevant to the agency's proposal or refusal;

(6) A statement that the parents of a child with a disability have protection under the procedural safeguards of this part and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained; and

(7) Sources for parents to contact to obtain assistance in understanding the provisions of this part.

(c) *Notice in understandable language.* (1) The notice required under paragraph (a) of this section must be—

(i) Written in language understandable to the general public; and

(ii) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(2) If the native language or other mode of communication of the parent is not a written language, the public agency shall take steps to ensure—

(i) That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;

(ii) That the parent understands the content of the notice; and

(iii) That there is written evidence that the requirements in paragraphs (c)(2) (i) and (ii) of this section have been met.

(Authority: 20 U.S.C. 1415(b)(3), (4) and (c), 1414(b)(1))

(4) Access to educational records;

(5) Opportunity to present complaints to initiate due process hearings;

(c) *Notice in understandable language.* The notice required under paragraph (a) of this section must meet the requirements of § 300.503(c).

(Authority: 20 U.S.C. 1415(d))

§ 300.505 Parental consent.

(a) *General.* (1) Subject to paragraphs (a)(3), (b) and (c) of this section, informed parent consent must be obtained before—

(i) Conducting an initial evaluation or reevaluation; and

(ii) Initial provision of special education and related services to a child with a disability.

(2) Consent for initial evaluation may not be construed as consent for initial placement described in paragraph (a)(1)(ii) of this section.

(3) Parental consent is not required before—

(i) Reviewing existing data as part of an evaluation or a reevaluation; or

(ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

(b) *Refusal.* If the parents of a child with a disability refuse consent for initial evaluation or a reevaluation, the agency may continue to pursue those evaluations by using the due process procedures under §§ 300.507–300.509, or the mediation procedures under § 300.506 if appropriate, except to the extent inconsistent with State law relating to parental consent.

(c) *Failure to respond to request for reevaluation.* (1) Informed parental consent need not be obtained for reevaluation if the public agency can demonstrate that it has taken reasonable measures to obtain that consent, and the child's parent has failed to respond.

(2) To meet the reasonable measures requirement in paragraph (c)(1) of this section, the public agency must use procedures consistent with those in § 300.345(d).

(d) *Additional State consent requirements.* In addition to the parental consent requirements described in paragraph (a) of this section, a State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent's refusal to consent does not result in a failure to provide the child with FAPE.

(e) *Limitation.* A public agency may not use a parent's refusal to consent to one service or activity under paragraphs (a) and (d) of this section to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this part.

(Authority: 20 U.S.C. 1415(b)(3); 1414(a)(1)(C) and (c)(3))

§ 300.506 Mediation.

(a) *General.* Each public agency shall ensure that procedures are established and implemented to allow parties to disputes involving any matter described in § 300.503(a)(1) to resolve the disputes through a mediation process that, at a minimum, must be available whenever a hearing is requested under §§ 300.507 or 300.520–300.528.

(b) *Requirements.* The procedures must meet the following requirements:

(1) The procedures must ensure that the mediation process—

(iii) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(2)(i) The State shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.

(ii) If a mediator is not selected on a random (e.g., a rotation) basis from the list described in paragraph (b)(2)(i) of this section, both parties must be involved in selecting the mediator and agree with the selection of the individual who will mediate.

(3) The State shall bear the cost of the mediation process, including the costs of meetings described in paragraph (d) of this section.

(4) Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.

(5) An agreement reached by the parties to the dispute in the mediation process must be set forth in a written mediation agreement.

(c) *Impartiality of mediator.* (1) An individual who serves as a mediator under this part—

(i) May not be an employee of—

(A) Any LEA or any State agency described under § 300.194; or

(ii) Must not have a personal or professional conflict of interest.

(2) A person who otherwise qualifies as a mediator is not an employee of an LEA or State agency described under § 300.194 solely because he or she is paid by the agency to serve as a mediator.

(d) *Meeting to encourage mediation.*

(i) Who is under contract with a parent training and information center or community parent resource center in the State established under section 682

or 683 of the Act, or an appropriate alternative dispute resolution entity; and

(ii) Who would explain the benefits of the mediation process, and encourage the parents to use the process.

(2) A public agency may not deny or delay a parent's right to a due process hearing under § 300.507 if the parent fails to participate in the meeting described in paragraph (d)(1) of this section.

§ 300.513 Attorneys' fees.

(a) In any action or proceeding brought under section 615 of the Act, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to the parents of a child with a disability who is the prevailing party.

(b)(1) Funds under Part B of the Act may not be used to pay attorneys' fees or costs of a party related to an action or proceeding under section 615 of the Act and subpart E of this part.

(2) Paragraph (b)(1) of this section does not preclude a public agency from using funds under Part B of the Act for conducting an action or proceeding under section 615 of the Act.

(c) A court awards reasonable attorney's fees under section 615(i)(3) of the Act consistent with the following:

(1) *Determination of amount of attorneys' fees.* Fees awarded under section 615(i)(3) of the Act must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this subsection.

(2) *Prohibition of attorneys' fees and related costs for certain services.* (i) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under section 615 of the Act for services performed subsequent to the time of a written offer of settlement to a parent if—

(A) The offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any

time more than 10 days before the proceeding begins;

(B) The offer is not accepted within 10 days; and

(C) The court or administrative hearing officer finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(ii) Attorneys' fees may not be awarded relating to any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action, or at the discretion of the State, for a mediation described in § 300.506 that is conducted prior to the filing of a request for due process under §§ 300.507 or 300.520–300.528.

(3) *Exception to prohibition on attorneys' fees and related costs.* Notwithstanding paragraph (c)(2) of this section, an award of attorneys' fees and related costs may be made to a parent who is the prevailing party and who was substantially justified in rejecting the settlement offer.

(4) *Reduction of amount of attorneys' fees.* Except as provided in paragraph (c)(5) of this section, the court reduces, accordingly, the amount of the attorneys' fees awarded under section 615 of the Act, if the court finds that—

(i) The parent, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

(ii) The amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

(iii) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

(iv) The attorney representing the parent did not provide to the school district the appropriate information in the due process complaint in accordance with § 300.507(c).

(5) *Exception to reduction in amount of attorneys' fees.* The provisions of paragraph (c)(4) of this section do not apply in any action or proceeding if the court finds that the State or local agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of section 615 of the Act.
