INFORMATION MEMORANDUM
RSA-IM-91-25
RSM-1050 1/
DATE: July 9, 1991

TO : STATE VOCATIONAL REHABILITATION AGENCIES (GENERAL)
STATE VOCATIONAL REHABILITATION AGENCIES (BLIND)
RSA SENIOR MANAGEMENT TEAM

SUBJECT : FY 1991 MAINTENANCE OF EFFORT (MOE) AND MATCH LEVELS IN
THE TITLE 1 VOCATIONAL REHABILITATION (VR) SERVICES
PROGRAM

CONTENT : Attached are tables showing the FY 1991 State Agency Match and State MOE
levels. The match shown on the table is based on the assumption that all
Federal funds are expended. Actual match depends upon the amount of Federal
funds actually spent. The match is calculated for FY 1991 at a rate of 20% on
the 1988 grant amount (base year) plus 23% on the difference between the base
year amount and the total expenditures for this year.

The MOE table shows the non-Federal share of expenditures, for the prior three
fiscal years (1988, 1989, and 1990), that were used to calculate the Fiscal Year
1991 MOE level for each of the States. These non-Federal expenditure levels
were taken from year-end or final Financial Status Reports (SF-269) on file in
RSA.

The MOE level for any particular fiscal year is the average of the three prior
years' non-Federal expenditures. These figures, for the appropriate years, will
continue to be used in future MOE calculations, unless changes are received in
a final SF-269 report and those changes are adequately explained.

Vocational Rehabilitation grantees are advised to refer to Information Memorandum 91-17, dated April 17, 1991, for details on the submission of the SF-269 and the MOE calculation.

INQUIRIES : Inquiries regarding the figures that were used to calculate the FY 1991 MOE level should be directed to Geraldine White at (202) 732-1373.
