February 2015

Dear Applicant:

Thank you for your interest in the Arts in Education National Program (AENP) administered by the Office of Innovation and Improvement, Parental Options and Improvement Programs of the U.S. Department of Education (Department). The purpose of the AENP is to support national level, high-quality arts education projects and programs for children and youth, with a special emphasis on serving students from low-income families and students with disabilities.

Please take the time to thoroughly review the Notice Inviting Applications (NIA) for Fiscal Year 2015 published in the Federal Register, including: the selection criteria, the competitive preference priorities, the invitational priority, and all of the application instructions. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the NIA.

Please note that the following changes were made to the 2015 NIA and application package from previous AENP competitions: the point values for the selection criteria; the competition point of contact; and, the application forms. Changes were also made to the application submission process. Specific information regarding each of these changes can be found in the application package. For this competition, it is mandatory for applicants to use the Department's Application System (e-Application), accessible through the Department's e-Grants portal page at: <http://e-grants.ed.gov>. You are strongly encouraged to familiarize yourself with the site and it is highly recommended that you register in the Department's Application system and submit early.

Using Fiscal Year 2015 funds, the Department expects to award \$6,700,000 for one new grant under this competition. The Department will award discretionary grants on a competitive basis for a project period of up to 36 months. We expect to award grants by September 2015.

Please visit the program website at: <http://www2.ed.gov/programs/artsnational/index.html> for further information, including the Frequently Asked Questions that are updated as needed. Any questions regarding the AENP competition may be directed to Asheley McBride at 202-453-6500 or via email at AENP15Competition@ed.gov. We look forward to receiving your application and appreciate your efforts to promote excellence in education.

Sincerely,

¹Capitalized terms are defined in the Definitions section of this notice.

Children with Disabilities.

Priorities: This notice includes one absolute priority, two competitive preference priorities, and one invitational priority. The absolute priority is from the notice of final priority, requirements, definitions, and selection criteria for this program, published in the Federal Register on June 15, 2012 (77 FR 35953) (2012 NFP).

The competitive preference priorities and invitational priority are from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the Federal Register on December 10, 2014 (79 FR 73425) (Supplemental Priorities).

Absolute Priority: For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Absolute Priority: Model Projects.

One or more high-quality projects that are designed to develop and implement, or expand, initiatives in Arts education and Arts Integration on a national level for pre-kindergarten-through-grade-12 children and youth, with special emphasis on serving Children from Low-income Families and Children with Disabilities. In order to meet this priority, an applicant must demonstrate that the project for which it seeks funding will provide services and develop initiatives in multiple schools and school districts throughout the country, including in at least

one urban, at least one rural, and at least one High-need Community.

Competitive Preference Priorities: For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c) (2) (i), we award up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 1. We award up to an additional five points to an application that meets Competitive Preference Priority 2. The total number of points an application may receive for addressing the competitive preference priorities is 10.

These priorities are:

Competitive Preference Priority 1: Supporting High-Need Students (0 to 5 points).

(b) Providing students with increased access to rigorous and engaging STEM coursework and Authentic STEM Experiences that may be integrated across multiple settings.

Invitational Priority: For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from

this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Invitational Priority: Improving Parent, Family, and Community Engagement.

Projects that are designed to improve student outcomes through implementing initiatives that improve Community Engagement or the relationships between parents or families and school or program staff by cultivating Sustained Partnerships.

Definitions:

The definitions for the terms "Arts," "Arts Educator," "Arts Integration," "Child from Low-income Family," "Children with Disabilities," "High-need Community," and "National Non-profit Arts Education Organization" are from the 2012 NFP. The definitions for the terms "Evidence of Promise," "Logic Model," "Quasi-experimental Design Study," "Randomized Controlled Trial," "Relevant Outcome," and "Strong Theory" are from 34 CFR 77.1(c). The definition for the term "Sustained and Intensive" is specific to the AENP's Government Performance and Results Act (GPRA) measure only. All other definitions are from the Supplemental Priorities.

Arts means music, dance, theater, media arts, and visual arts, including folk arts.

Arts educator means a teacher or other instructional staffer who works in music, dance, theater, media arts, or visual arts, including folk arts.

Arts integration means (i) using high-quality arts instruction within other academic content areas, and (ii) strengthening the arts as a core academic subject in the school curriculum.

Authentic STEM experiences means laboratory, research-based, or experiential learning opportunities in a STEM (science, technology, engineering, and mathematics) subject in informal or formal settings.

Child from low-income family means a child who is determined by a State educational agency or local educational agency (LEA) to be a child, in pre-kindergarten through grade 12, from a low-income family, on the basis of (a) the child's eligibility for free or reduced-price lunches under the Richard B. Russell National School Lunch Act, (b) the child's eligibility for medical assistance under the Medicaid program under title XIX of the Social Security Act, (c) the family having an income that meets the poverty criteria established by the U.S. Department of Commerce, or (d) the family's receipt of assistance under part A of title IV of the Social Security Act.

Children with disabilities means children who meet the definition of "individual with a disability" applicable to Section 504 of the Rehabilitation Act of 1973, as amended, which definition is set out at 29 U.S.C. 705(20)(B).

Community engagement means the systematic inclusion of community organizations as partners with State educational agencies, LEAs, or other educational institutions, or their school or program staff to accomplish activities that may include developing a shared community vision, establishing a shared accountability agreement, participating in shared data-collection and analysis, or establishing community networks that are focused on shared community-level outcomes. These organizations may include faith- and community-based organizations, institutions of higher education (including minority-serving institutions eligible to receive aid under title III or title V of the Higher Education Act of 1965 (HEA)), businesses and industries, labor organizations, State and local government entities, or Federal entities other than the Department.

Evidence of promise means there is empirical evidence to support the theoretical linkage(s) between at least one critical component and at least one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. Specifically, evidence of promise means the conditions in both paragraphs (i) and (ii) of this definition are met:

- (i) There is at least one study that is a--
 - (A) Correlational study with statistical controls for selection

bias;

High-minority school means a school as that term is defined by a local educational agency (LEA), which must define the term in a manner consistent with its State's Teacher Equity Plan, as required by section 1111(b) (8) (C) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). The applicant must provide the definition(s) of High-minority school used in its application.

High-need community means (i) a political subdivision of a State or portion of a political subdivision of a State, in which at least 50 percent of the children are from low-income families; or (ii) a political subdivision of a State that is among the 10 percent of political subdivisions of the State having the greatest numbers of such children. For the purposes of determining if a community meets this definition, the term "low-income families" means families that have an income that meets the poverty criteria established by the U.S.

Department of Commerce for the most recent fiscal year for which satisfactory data are available.

High-need students means students who are at risk of educational failure or otherwise in need of special assistance and support, such as students who are living in poverty, who attend High-minority Schools, who are far below grade level, who have left school before receiving a Regular High School Diploma, who are at risk of not graduating with a diploma on time, who are homeless, who are in foster care, who have been incarcerated, who have disabilities, or who are English learners.

Logic model (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy, or practice (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

at the State and local levels and that has a demonstrated history of advancing high-quality Arts education and Arts Integration for Arts Educators, education leaders, artists, and students through professional development, partnerships, educational programming, and supporting systemic school reform.

Persistently-lowest achieving school means, as determined by the State--

(a) (1) Any Title I school that has been identified for improvement, corrective action, or restructuring under section 1116 of the ESEA, and that--

(i) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or

(ii) Is a high school that has had a graduation rate, as defined in 34 CFR 200.19(b), that is less than 60 percent over a number of years; and

(2) Any secondary school that is eligible for, but does not receive, Title I funds that:

(ii) Is a high school that has had a graduation rate, as defined in 34 CFR 200.19(b), that is less than 60 percent over a number of

years.

(b) To identify the lowest-achieving schools, a State must take into account both:

(i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA, in reading/language arts and mathematics combined; and

(ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

Priority schools means schools that, based on the most recent data available, have been identified as among the lowest performing schools in the State. The total number of Priority Schools in a State must be at least five percent of the Title I schools in the State. A priority school is—

(a) A school among the lowest five percent of Title I schools in the State based on the achievement of the "all students" group in terms of proficiency on the statewide assessments that are part of the SEA's differentiated recognition, accountability, and support system, combined, and has demonstrated a lack of progress on those assessments over a number of years in the "all students" group;

(b) A Title I-participating or Title I-eligible high school with a graduation rate that is less than 60 percent over a number of years;
or

(c) A Tier I or Tier II school under the School Improvement Grant (SIG) program that is using SIG funds to implement a school

intervention model.

Quasi-experimental design study means a study using a design that attempts to approximate an experimental design by identifying a comparison group that is similar to the treatment group in important respects. These studies, depending on design and implementation, can meet What Works Clearinghouse Evidence Standards with reservations (but not What Works Clearinghouse Evidence Standards without reservations).

Randomized controlled trial means a study that employs random assignment of, for example, students, teachers, classrooms, schools, or districts to receive the intervention being evaluated (the treatment group) or not to receive the intervention (the control group). The estimated effectiveness of the intervention is the difference between the average outcomes for the treatment group and for the control group. These studies, depending on design and implementation, can meet What Works Clearinghouse Evidence Standards without reservations.

Relevant outcome means the student outcome(s) (or the ultimate outcome if not related to students) the proposed process, product, strategy, or practice is designed to improve, consistent with the specific goals of a program.

Regular high school diploma means the standard high school diploma that is awarded to students in the State and that is fully aligned with the State's academic content standards or a higher diploma and does not include a General Education Development (GED) credential, certificate of attendance, or any alternative award.

Rural local educational agency means an LEA that is eligible under

the Small Rural School Achievement (SRSA) program or the Rural and Low-Income School (RLIS) program authorized under title VI, part B of the ESEA. Eligible applicants may determine whether a particular LEA is eligible for these programs by referring to information on the Department's Web site at www2.ed.gov/nclb/freedom/local/reap.html.

Strong theory means a rationale for the proposed process, product, strategy, or practice that includes a logic model.

Student achievement means--

For grades and subjects in which assessments are required under section 1111(b)(3) of the ESEA: (1) A student's score on such assessments; and, as appropriate, (2) other measures of student learning, such as those described in the subsequent paragraph, provided that they are rigorous and comparable across schools within an LEA.

For grades and subjects in which assessments are not required under section 1111(b)(3) of the ESEA: (1) Alternative measures of student learning and performance, such as student results on pre-tests, end-of-course tests, and objective performance-based assessments; (2) student learning objectives; (3) student performance on English language proficiency assessments; and (4) other measures of student achievement that are rigorous and comparable across schools within an LEA.

Sustained and Intensive, as used in the GPRA measure set forth under Performance Measures in section VI of this notice, means to complete 40 hours of professional development and 75 percent of the total number of professional development hours offered over a period of

six or more months.

Sustained partnership means a relationship that has demonstrably adequate resources and other support to continue beyond the funding period and that consist of community organizations as partners with an LEA and one or more of its schools. These organizations may include faith- and community-based organizations, institutions of higher education (including minority-serving institutions eligible to receive aid under title III or title V of the HEA), businesses and industries, labor organizations, State and local government entities, or Federal entities other than the Department.

Tier I schools means--

(a) A Title I school that has been identified as in improvement, corrective action, or restructuring under section 1116 of the ESEA and that is identified by the SEA under paragraph (a)(1) of the definition of Persistently-lowest Achieving School.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number

and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at:

<http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the AENP, CFDA number 84.351F, must be submitted electronically using the Governmentwide Grants.gov Apply

site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the AENP at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.351, not 84.351F).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as

otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department). The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov

system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Asheley McBride, U.S. Department of Education, 400 Maryland Avenue, SW., room 4W240,

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from the 2012 NFP for this program and from 34 CFR 75.210, and are as follows:

The maximum score for all the selection criteria is 100 points. The maximum score for each criterion is indicated in parentheses. Each criterion also includes the factors that the reviewers will consider in determining how well an application meets the criterion.

The selection criteria are as follows:

(1) Significance (15 points).

The Secretary reviews each application to determine the extent to which--

(a) The proposed project is likely to build State and local capacity to provide, improve, or expand Arts education and Arts Integration that address the needs of children and youth, with special emphasis on serving Children from Low-income Families and Children with Disabilities; and

(b) The applicant has a history of three or more years of demonstrated excellence in the areas of Arts education and Arts Integration on a national scale.

(2) Quality of the project design (35 points).

The Secretary reviews each application to determine the extent to which--

(a) The design of the proposed project is appropriate to, and will successfully address, the Arts education needs of pre-kindergarten-through-grade-12 children and youth, with special emphasis on Children from Low-income Families and Children with Disabilities;

(b) The proposed project will provide high-quality professional development for pre-kindergarten-through-grade-12 Arts Educators who provide instruction in music, dance, drama, media arts, or visual arts, including folk arts;

(c) The proposed project is supported by Strong Theory.

Note: The Secretary encourages the applicant to consider measures and targets tied to their grant activities. The measures and targets should be sufficient to gauge the progress throughout the grant period, and show results by the end of the grant period. The Department's Regional Educational Laboratories (RELs) seek to build the capacity of States and school districts to incorporate data and research into education decision making. Each REL provides research support and technical assistance to its region but makes learning opportunities

available to educators everywhere. For example, the REL Northeast and Islands has created the following resource on Logic Models:

<http://relpacific.mcrel.org/ELM.html>.

(3) Quality of project services (25 points).

In determining the quality of the services to be provided by the proposed project, the Secretary considers the extent to which--

(a) The services to be provided by the proposed project involve the collaboration of appropriate partners in order to maximize the effectiveness of project services; and

(b) The proposed project will provide services and initiatives that will reach students and Arts Educators in multiple schools and school districts in urban, rural, and High-need Communities throughout the country.

(4) Quality of the project evaluation (25 points).

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers--

(a) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

(b) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(c) The extent to which the methods of evaluation will, if well-implemented, produce Evidence of Promise.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d) (3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or

other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: Under GPRA, the Secretary has established four performance measures to assess the effectiveness of this program. Projects funded under this competition will be expected to collect and report to the Department data related to these measures. Applications should, but are not required to, discuss in the application narrative how they propose to collect these data. The four GPRA performance measures are: (1) the total number of students who participate in standards-based Arts education sponsored by the grantee; (2) the number of teachers participating in the grantee's program who receive professional development that is Sustained and Intensive; (3) the total number of students from low-income families who participate in standards-based Arts education sponsored by the grantee; and (4) the total number of students with disabilities who participate in standards-based Arts education sponsored by the grantee.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a

grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

- ✓ Background information and purpose of the program;
- ✓ Eligibility requirements;
- ✓ Competitive Preference Priorities;
- ✓ Invitational Priority
- ✓ Selection Criteria and assigned points;
- ✓ Instructions on how to electronically submit the application.

Applicants should pay close attention to the Selection Criteria as applications will be evaluated and scored against these criteria.

Application Organization

It is recommended that your application be organized in the following manner and include the following parts in order to expedite the review process:

1. **Title Page.** Use Application for Federal Assistance --SF 424.
2. **Table of Contents.** Include a one-page table of contents with page references.
3. **Abstract.** Include the name and address of your organization and the name, phone number and e-mail address of the contact person for the application. The abstract should not exceed one double-spaced page in 12-point font or no smaller than 10 pitch (characters per inch) and should use language that will be understood by a range of audiences. For all projects, include the project title (if applicable), goals and expected outcomes. Include population to be served, as appropriate.
4. **Project Narrative.** Applications should be concise and clearly written. We suggest you limit your application narrative to no more than 50 double-spaced pages printed in 12-point font or no smaller than 10 pitch (characters per inch). The suggested page limitation does not include the title page (Application for Federal Assistance --SF 424), one-page abstract, the budget summary form - (Form ED 524), and the budget narrative, any resumes, the GEPA statement, or the assurances and certifications.
 - a. Before preparing the narrative, applicants should review the Notice Inviting Applications, and the priorities for specific guidance or requirements.

- b. Applications will be evaluated according to the selection criteria and priorities specified in the Notice Inviting Applications in this package. We suggest you organize your narrative according to the selection criteria, the absolute and competitive preference priorities, and the invitational priority. Clear headings should be provided to indicate an applicant's response to the priorities.
- 5. **Budget.** An applicant may request funding for up to three years. Use the ED 524 form, or a suitable facsimile, to present a complete budget summary for each year you are requesting funding.
- 6. **Budget Narrative.** Please provide a budget narrative that supports the expenditures listed on the ED 524 form, using the same budget categories. The grantee is subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 USC 7501-7507) and revised OMB Circular A-133. Remember to include the cost of this audit in your budget. For further information on this requirement, refer to Office of Management and Budget Circular A-133, available on-line at:

 - a. Application for Federal Assistance (SF 424)*
 - b. ED Supplemental Information for SF 424
 - c. U.S. Department of Education Budget Information Non-Construction Programs (ED 524)
 - d. General Education Provisions Act (GEPA) Requirements (ED GEPA 427 Form)
 - e. Assurances – Non-Construction Programs (SF 424B Form)
 - f. Certification Regarding Lobbying (ED 80-0013 Form)
 - g. Disclosure of Lobbying Activities (Standard Form LLL) (if applicable)**

 - ii. The Disclosure of Lobbying Activities (Standard Form LLL) must be completed if your organization pays an individual or organization to lobby for you (see instructions on this form for definition of "lobbying").

iii. According to Certifications Regarding Lobbying cited above, no funds from this grant may be used to pay for lobby activities.

9. **Statement under Section 427 of GEPA.** All applicants must include a statement in their application to address this provision in order to receive funding under this program.

- a. Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from access or participation in the federally-funded project or activity. The description of steps to be taken to overcome these barriers need not be lengthy; you should provide a clear and succinct description of how you plan to address those barriers that are applicable in your circumstances.
- b. A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Application Submission

All AENP applications must be received on or before **April 13, 2015 by 4:30 p.m. EST.**

It is **mandatory** for applicants to use Grants.gov. We strongly encourage you to familiarize yourself with and register for the for the Grants.gov system and submit early. Only applications submitted in a timely manner using Grants.gov will be considered for funding. Late applications will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applications.

We strongly recommend that you do not wait until the last day to submit your application. The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you attempt to submit your application after **4:30 p.m. EST** on the deadline date, the Grants.gov system will not accept your application.

NOTE: The U.S. Department of Education grant application deadline is **4:30 p.m. EST.** No changes or additions to an application will be accepted after the deadline date and time.

Transmitting Applications Instructions

Please note that you must follow the Application Procedures as described in the Notice Inviting Applications announcing the grant competition.

This program requires the electronic submission of applications. Specific requirements and waiver instructions can be found in the Notice Inviting Applications.

According to the instructions found in the Notice Inviting Applications, those requesting and qualifying for an exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

Resources

To assist you in understanding the AENP program and submitting a competitive and complete application, the following resources are available to you:

AENP Program Page

The AENP webpage: <http://www2.ed.gov/programs/artsnational/index.html>; includes previously funded grant applications and background information on the program.

Logic Model Information

Logic model resource website: <http://relpacific.mcrel.org/ELM.html>. Please consider using this resource to help understand and structure a logic model (a logic model is required as part of the selection criteria). This site includes a tool that gives step by step guidance on how to create a logic model.

Pre-Application Webinar Information

The Department will hold a pre-application webinar designed to help interested applicants with the application process. During the webinar, AENP staff will discuss the AENP competitive preference priorities, selection criteria, application content, submission requirements, and reporting requirements. Interested parties are encouraged to participate in the webinar and may obtain registration information from the program website at <http://www2.ed.gov/programs/artsnational/index.html> . A recording of this webinar will be available on the website following the session. Please see our webpage for additional details.

D-U-N-S Number

All applicants must have a D-U-N-S number in order to apply for federal funds.

- ❖ Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://fedgov.dnb.com/webform>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.888.814.1435**

Executive Order 12372 (Intergovernmental Review of Federal Programs)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). (Please note that in early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version is available on www.Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

1. **REGISTER EARLY** – Grants.gov registration involves many steps including registration on System for Award Management (SAM) (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR).)]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the Department of Education has prepared a SAM.gov Tip Sheet which you can find at : <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

2. **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS

number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3. **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs/tracking-an-application.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. NOTE: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application.

You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/applicants/applicant-resources.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources: <http://www.grants.gov/web/grants/support/technical-support/software/pdf-conversion-software.html>
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters in the file name, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

Electronic Notification Option for Grant Awards

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); **OR** we may send you an e-mail containing a link to access G5, the Department's Grant Management System. The email will be sent to both the project director and certifying representative in order for them to view and print the Adobe Acrobat version of the electronically signed GAN. If neither the project director nor certifying representative is registered in G5, they will immediately be prompted to register once the link is accessed. **The electronic signature and issuance of the GAN makes it crucial that your application include correct email addresses for both the project director and certifying representative.**

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0006. The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537.

Instructions for U.S. Department of Education Supplemental Information for the SF-424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant. Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/asearch.asp#ASUR>) If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual, the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures

involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. *[This exemption applies only to retrospective studies using data collected before the initiation of the research.]*

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. *[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]*

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF-424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations, 34 CFR 74 – 86 and 97-99, on ED’s website at:

<http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>

You must consult with your Business Office prior to submitting this form.

Section A - Budget Summary U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government.

If you checked “no,” ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check “Other,” specify the name of the Federal or other agency that issued the approved agreement.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect

Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB

cost principle circulars are available on OMB’s website at: <http://www.whitehouse.gov/omb/circulars/index.html>

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0008**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Additional Indirect Cost Information and Example for Grants under Restricted Rate Programs

If you are applying for a grant from the U.S. Department of Education (ED) under a Restricted Rate Program that is subject to a statutory “supplement not supplant” restriction, you are required to use a restricted indirect cost rate. See the Education Department General Administrative Regulations (EDGAR), 34 CFR 75.563 [discretionary grants] at <http://www.ed.gov/policy/fund/reg/edgarReg/edlite-part75e.html> or 34 CFR 76.563 [formula grants] at <http://www.ed.gov/policy/fund/reg/edgarReg/edlite-part76f.html>, as applicable, and 34 CFR 76.564 through 76.569 at <http://www.ed.gov/policy/fund/reg/edgarReg/edlite-part76f.html>.

Restricted rates for State Educational Agencies (SEA) are included on the SEA’s negotiated indirect cost rate agreement. Restricted rates for Local Educational Agencies are provided by the SEA, using a method approved by ED. The restricted rate requirements also apply to any subgrants from the prime recipient.

All applicants must use the restricted rate included on their negotiated indirect cost rate agreement. Applicants for discretionary grants that are not a State or Local government and do not have a negotiated restricted rate, may use the 8% rate described at §76.564(c)(2). If an applicant’s calculated restricted rate is less than 8%, the lower rate must be used for the application’s budget. The 8% rate in §76.564(c)(2) must also be multiplied by the modified total direct cost base described in §76.569.

For grants under Restricted Rate Programs, § 76.569 requires that grantees multiply their restricted indirect cost rate by:

“Total direct costs of the grant minus capital outlays, subgrants, and other distorting or unallowable items as specified in the grantee's indirect cost rate agreement.”

Commonly, such a procedure is referred to as multiplying by a modified total direct cost base.

Below is a simplified example for calculating indirect costs for a Restricted Rate program using budget categories from the ED 524 form, Budget Information – Non-Construction Programs. The ED 524 and Instructions can be found at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>

For the purposes of this example, a 6% restricted rate from a negotiated indirect cost rate agreement is used to calculate indirect costs.

1. Personnel	150,000
2. Fringe Benefits	50,000
3. Travel	10,000
4. Equipment	5,400
5. Supplies	600
6. Contractual	3,700
7. Construction	-
8. Other (tuition)	72,000
9. Total Direct Costs	<u>291,700</u>

Calculate Modified Total Direct Cost Base

Total Direct Costs	291,700
Less:	
Equipment	5,400
Tuition	<u>72,000</u>
	77,400

Modified Total Direct Cost Base:	214,300
----------------------------------	---------

Multiply \$214,300 by 6% restricted rate: 12,858

10. Indirect Costs (using 6% restricted rate)	12,858
---	--------

11. Training Stipends	-
12. Total Costs	<u>304,558</u>

Additional Indirect Cost Information and Example for Training Grants

If you are applying for a discretionary grant that the U.S. Department of Education considers to be a “Training grant,” your indirect cost reimbursement is limited. See the Education Department General Administration Regulations (EDGAR), 34 CFR 75.562, Indirect cost rates for educational training projects at: <http://www.ed.gov/policy/fund/reg/edgarReg/edlite-part75e.html>

Indirect cost reimbursement on ED training grants is limited to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost rate agreement or 8% of a modified total direct cost base, **whichever is less**. Indirect costs in excess of the 8% limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

For the purposes of calculating indirect costs for training grants, EDGAR, §75.562(c), defines a modified total direct cost base as:

“total direct costs less stipends, tuition and related fees, and capital expenditures of \$5,000 or more.”

Note: This limitation on indirect cost reimbursement for training grants does not apply to agencies of State or local governments, including federally recognized Indian tribal governments. However, the 8% limit applies to cost-type contracts under grants, if these contracts are for training as defined in EDGAR, §75.562(a).

Below is a simplified example for calculating indirect costs for a training grant using the budget categories from the ED 524 form, Budget Information – Non-construction Programs. The ED 524 and Instructions can be found at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>

For the purposes of this example, 8% of a modified total direct cost base is used to calculate indirect costs.

1. Personnel	174,000
2. Fringe Benefits	50,000
3. Travel	10,000
4. Equipment	8,200
5. Supplies	920
6. Contractual	4,900
7. Construction	-
8. Other (Tuition)	<u>5,400</u>
9. Total Direct Costs	<u>253,420</u>

Calculate Modified Total Direct Cost Base

Total Direct Costs 253,420

Less:

Equipment	8,200
Tuition	<u>5,400</u>
	13,600

Modified Total Direct Cost Base:	239,820
---	----------------

Multiply \$239,820 by 8%: 19,186

10. Indirect Costs	19,186
11. Training Stipends	6,300
12. Total Costs	<u>278,906</u>

INSTRUCTIONS FOR GRANT PERFORMANCE REPORT (ED 524B)

PURPOSE

Recipients of multi-year discretionary grants must submit an annual performance report for each year funding has been approved in order to receive a continuation award. The annual performance report should demonstrate whether substantial progress has been made toward meeting the project objectives and the program performance measures. The information described in these instructions will provide the U.S. Department of Education (ED) with the information needed to determine whether recipients have demonstrated substantial progress. ED program offices may also require recipients of “forward funded” grants that are awarded funds for their entire multi-year project up-front in a single grant award to submit the Grant Performance Report (ED 524B) on an annual basis. In addition, ED program offices may also require recipients to use the ED 524B to submit their final performance reports. Performance reporting requirements are found in 34 CFR 74.51, 75.118, 75.253, 75.590 and 80.40 of the Education Department General Administrative Regulations (EDGAR).

GENERAL INSTRUCTIONS

- Please read the attached “Dear Colleague Letter” from your program office carefully. It contains specific instructions for completing the ED 524B for your program.
- You must submit the ED 524B Cover Sheet, Executive Summary, and Project Status Chart. You may reference sections and page numbers of your approved application rather than repeating information.
- Please follow the appropriate instructions depending on whether you are submitting an annual performance report or a final performance report.
- If you are submitting a paper copy of the ED 524B, please submit one original and one copy. ED program offices will notify grant recipients of the due date for submission of annual performance reports; however, general guidelines are provided below in the instructions for ED 524B Cover Sheet, item 7. Reporting Period. Final performance reports are due 90 days after the expiration of the grant’s project period (performance period).

Note: For the purposes of this report, the term “project period” is used interchangeably with the term “performance period,” which is found on the Grant Award Notification (GAN).

- Many programs provide grantees with the option of completing and submitting the ED 524B online through e-Reports. Please follow instructions from your program office regarding the use of e-Reports for submitting your ED 524B.
- For those programs that operate under statutes or regulations that require additional or different reporting for performance or monitoring purposes, ED program offices will inform you when this additional or different reporting should be made.

INSTRUCTIONS FOR THE ED 524B COVER SHEET

Complete the ED 524B Cover Sheet with the appropriate information. Instructions for items 1, 3 and 4 are included on the ED 524B Cover Sheet. Instructions for items 2 and 5 and items 6 through 12 are included in this instruction sheet.

2. Grantee NCES ID Number

-- Annual and Final Performance Reports:

Please enter the current National Center for Education Statistics (NCES) ID number of the grantee. Grantees that are State Educational Agencies (SEA) should enter their state's FIPS (Federal Information Processing Standards) code in item 2. Item 2 only applies to grantees that are Institutions of Higher Education (IHE), SEAs, Local Educational Agencies (LEA), public libraries, and public, charter, and private elementary or secondary schools. Leave blank, if this item is not applicable.

Please go to the applicable website listed below to obtain the grantee’s NCES ID number or FIPS code. Depending on your organization type, this number will range from 2 to 12 numeric digits.

- IHEs (IPEDS ID); Public Libraries (Library ID); and Public, Charter and Private Schools (NCES School ID):
<http://nces.ed.gov/globallocator>

- **SEAs (FIPS code):** To obtain your state's FIPS code, please search on any public school district in your state at: <http://nces.ed.gov/ccd/districtsearch/>. **The FIPS code is the first two digits of the NCES District ID number for any public school district in a state.**

Note: Newly established organizations that do not have an NCES ID number yet should leave item 2 blank. However, once the organization's NCES ID number has been established, it must be entered on all future submissions of the ED 524B.

5. Grantee Address

Instructions for Submitting Address Changes

-- Annual and Final Performance Reports:

If the address that is listed in Block 1 of your GAN has changed and you are submitting a paper copy of the ED 524B, either submit the new address in Section C (Additional Information) of the Project Status Chart or submit the change through e-Administration (annual performance reports only), the administrative action function of e-Grants.

If you are submitting the ED 524B electronically through e-Reports, you may update your address in e-Reports.

6. Project Director

-- Annual and Final Performance Reports:

Please enter the name, title, phone number, fax number and email address of your approved Project Director listed in Block 3 of your GAN. These fields are pre-populated and updatable in the e-Reports system. Please note, however, that changing the approved Project Director requires prior approval from ED and may only be requested for a grant whose performance period has not ended. See instructions under Section C (Additional Information) of the Project Status Chart for requesting a change to the Project Director with the ED 524B. You may also submit a request for a change in your Project Director through e-Administration.

The reporting period for the annual performance report is from the start of the current budget period through 30 days before the due date of the report. The start date for your current budget period may be found in Block 6 of the GAN. Please note, however, that complete data on performance measures for the current budget period must be submitted to ED, either with this report or as soon as they are available, but no later than the final due date specified by your ED program office. If you receive a no-cost time extension from ED for this grant, the final performance report is due 90 days after the revised project period end date. Program offices may also request an annual performance report that covers the original final budget period from grantees that receive no-cost time extensions.

Please enter the start and end date for the final budget period of your grant from Block 6 of the GAN. The reporting period for your final performance report covers the entire final budget period of the project, except for the information in the Executive Summary and Section C (Additional Information) of the Project Status Chart, which covers the entire project period (performance period) of the project.

Check "N/A" if annual IRB certification does not apply to your grant (i.e., no human subjects research is being conducted under this grant or Attachment HSI was not attached to the GAN.)

11. Performance Measures Status

--Annual Performance Reports:

Please check "yes" or "no" in item 11a. to indicate whether *complete* data (i.e., all of the data that you anticipate will be collected) on performance measures for the current budget period are included in this report in Section A of the Project Status Chart. INSTRUCTIONS FOR THE PROJECT STATUS CHART

General Instructions for Section A -- Project Objectives Information and Related Performance Measures Data

-- Annual and Final Performance Reports:

In your approved grant application, you established project objectives stating what you hope to achieve with your funded grant project. Generally, one or more performance measures were also established for each project objective that serve to demonstrate whether you have met or are making progress towards meeting each project objective. In addition to project-specific performance measures that you may have established in your approved grant application, performance measures may have been established by ED for the grant program [included in the attached “Dear Colleague Letter”] that you are required to report on.

In Section A of the Project Status Chart, you will report on the results to date of your project evaluation as required under EDGAR, 34 CFR 75.590. According to the instructions below, for each project objective included in your approved grant application, provide quantitative and/or qualitative data for each associated performance measure and a description of preliminary findings or outcomes that demonstrate that you have met or are making progress towards meeting the performance measure. You will also explain how your data on your performance measures demonstrate that you have met or are making progress towards meeting each project objective.

Note: Complete data *must* be submitted for any performance measures established by ED for the grant program (included in the attached “Dear Colleague Letter”) and for any project-specific performance measures that were included in your approved grant application

For Annual Performance Reports: If *complete* data on performance measures for the entire current budget period have not been obtained when you submit the ED 524B, please submit *available* data for the budget period to date with this report, unless instructed otherwise by your program office. *Complete performance measures data for the current budget period should be submitted by the date you indicated in item 11b on the ED 524B Cover Sheet.*

Your program office will inform you of the *final date* by which performance measures data must be submitted to the Department for this program.

For Final Performance Reports: Complete data on performance measures for the final budget period *must* be submitted with the final performance report.

For final performance reports, the information in Section A of the Project Status Chart covers the final budget period of the grant. Additional questions for final performance reports covering the entire project period are found in the instructions for Section C of the Project Status Chart.

Instructions for Section A

• **Project Objective:**

Enter each project objective that is included in your approved grant application. Only one project objective should be entered per row. Project objectives should be numbered sequentially, i.e., 1., 2., 3., etc.

Update Box

If instructed by your program office in the attached “Dear Colleague Letter,” please provide an update on the status of your project objectives for any period of time that you did not report on in your previous annual performance report.

Check the “Update Box” next to each project objective for which you are providing an update. Do not check the “Update Box” if you are reporting on a project objective for the current reporting period. If you are providing a status update on your project objectives for the previous budget period and reporting on those same objectives for the current reporting period, please use separate pages (Section A) to separate previous and current information.

Do not combine information for the previous budget period and for the current reporting period on the same page.

Example: Last year’s annual performance report covered 8 months of the previous budget period. The program office requests that you report on the status of your project objectives for the last 4 months of the previous budget period in this annual performance report.

• **Performance Measure:**

For each project objective, enter each associated performance measure. There may be multiple performance measures associated with each project objective. Enter only one performance measure per row. Each performance measure that is associated with a particular project objective should be labeled using an alpha indicator. Example: The first performance measure associated with project objective “1” should be labeled “1.a.,” the second performance measure for project objective “1” should be labeled “1.b.,” etc.

• **Measure Type:**

For each performance measure you are reporting on, enter the type of performance measure. Enter one (1) of the following measure types: **GPRA; PROGRAM; or PROJECT.**

The specific measures established by ED for the grant program that you are required to report on are included in the attached “Dear Colleague Letter.” The measure type is also specified.

There are two types of measures that ED may have established for the grant program:

1. **GPRA:** Measures established for reporting to Congress under the Government Performance and Results Act; and

2. **PROGRAM:** Measures established by the program office for the particular grant competition.

In addition, report on any project-specific performance measures (**PROJECT**) that you, the grantee, established in your approved grant application to meet your project objectives.

- **Quantitative Data:**

- **Target and Actual Performance Data**

Provide the target you established for meeting each performance measure and provide actual performance data demonstrating progress towards meeting or exceeding this target. Only quantitative (numeric) data should be entered in the Target and Actual Performance Data boxes. If ED has approved revised targets for a performance measure, the revised target should be used when entering data.

The Target and Actual Performance Data boxes are each divided into three columns: **Raw Number; Ratio; and Percentage (%)**.

For performance measures that are stated in terms of a single number (e.g., the number of workshops that will be conducted or the number of students that will be served), the target and actual performance data should be reported as a single number under the **Raw Number column** (e.g., 10 workshops or 80 students). Please leave the **Ratio and Percentage (%) columns** blank.

For performance measures that are stated in terms of a percentage (e.g., percentage of students that attain proficiency), complete both the **Ratio column** and the **Percentage (%) column**. Please leave the **Raw Number column** blank.

In the **Ratio column** (e.g., 80/100), the numerator represents the numerical target (e.g., the number of students that are expected to attain proficiency) or actual performance data (e.g., the number of students that attained proficiency), and the denominator represents the universe (e.g., all students served). Please enter the corresponding percentage (e.g., 80%) in the **Percentage (%) column**.

If the collection of quantitative data is not appropriate for a particular performance measure, please leave the Target and Actual Performance Data boxes blank and provide an explanation and any relevant qualitative data for the performance measure in the block entitled, **Explanation of Progress**.

Note: If you are using weighted data, please indicate how the data are weighted in the block entitled, **Explanation of Progress**.

Special instructions for grants in their first budget period: If baseline data for a performance measure were not included in your approved application and targets were not set for the first budget period, then enter either the number **999** under the **Raw Number column** or the ratio **999/999** under the **Ratio column** of the **Target box**, depending on how your data will be reported in the future. The **999** or **999/999** indicates that baseline data are being collected on the measure during the first budget period and targets have not yet been set. Unless otherwise instructed by your program office in the attached “Dear Colleague Letter,” report baseline data collected during the first budget period under either the **Raw Number column** or the **Ratio and Percentage (%) columns** of the **Actual Performance Data box**, as appropriate. After baseline data have been collected during the first budget period, grantees are expected to set targets for the second and any subsequent budget periods and report actual performance data in their annual performance reports.

- **Explanation of Progress (Includes Qualitative Data and Data Collection Information):**

1. For each project objective and associated performance measures, indicate what data (quantitative and/or qualitative) were collected and when they were collected, the evaluation methods that were used, and how the data were analyzed. Clearly identify and explain any deviations from your approved evaluation plan, including changes in design or methodology, or the individual or organization conducting the evaluation.
2. Based on your data, provide a description of preliminary findings or outcomes, including information to show whether you are making progress towards meeting each performance measure. Further, indicate how your performance measures data show that you have met or are making progress towards meeting the stated project objective. In your discussion, provide a brief description of your activities and accomplishments for the reporting period that are related to each project objective.
3. If expected data were not attained, expected progress was not made toward meeting a performance measure or project objective, or a planned activity was not conducted as scheduled, provide an explanation. Include a description of the steps and schedules for addressing the problem(s) or issue(s).
4. Indicate how you used your data and information from your evaluation to monitor the progress of your grant, and if needed, to make improvements to your original project plan (e.g., project activities and milestones) which are consistent with your approved objectives and scope of work.
