SECTION A
DEAR APPLICANT LETTER

June 20, 2012

Dear Applicant:

The Secretary invites applications for a new award in fiscal year (FY) 2012 under the Disability Rehabilitation Research Projects, Burn Model Systems Centers (CFDA Number - 84.133A-3). NIDRR is seeking applications that address all elements of the priority and that propose appropriate, high-quality research methodologies. It is critical that proposals describe expected public benefits, especially benefits for individuals with disabilities, and propose projects that are designed to demonstrate outcomes that are consistent with the proposed goals.

The purpose of the DRRP program is to plan and conduct research, demonstration projects, training, and related activities to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended.

The start date for new awards for the (FY) 2012 programs will be no later than October 1, 2012.

APPLICATION PROCEDURES

This application package contains information and the required forms for potential applicants to apply and be considered for a FY 2012 grant award under this competition, including the published Federal Register notice dated June 20, 2012. The background statement from the Notice of Proposed Priorities is in Section D.

The closing date (application deadline) is August 9, 2012.

Potential applicants are advised to read the materials in this application package carefully. Please pay particular attention to the information contained in the Notice Inviting Applications on the eligible applicants and the dollar amount available for this competition, Section F—the Selection Criteria, Section G—Protection of Human Subjects, and Section H—Application Format and Instructions. Applications must be responsive to the absolute priority in Section C and the statutory, regulatory, and general requirements for the DRRP program in Section E. The application narrative should be written in the order of the selection criteria in Section F. The selection criteria will be used by the reviewers to evaluate the application.

Include a one page abstract.

The abstract is a critical component of the proposal, and it should describe the purpose, target population to be served during the project period, planned goals and objectives, proposed methodological approach, and anticipated project outcomes.

Award Amounts, Required Cost Share and Indirect Cost Rate

We will reject any application that proposes a budget exceeding the amount of \$389,000 for a single budget period of 12 months for the Burn Model Systems Centers (CFDA Number - 84.133A-3). A minimum cost sharing of up to 1% is required and can be negotiated at the time of the grant award if not included in the application. Cost share can be a reduced indirect cost

rate, donated FTE, donated space, and/or donated equipment. The indirect cost rate is your institution's federally negotiated rate.

APPLICATION SUBMISSION PROCEDURES

You **must** submit your application electronically using the Grants.gov Apply site. See Section B, Notice Inviting Applications and Section J, Application Transmittal Instructions.

NOTE: You will be uploading sections of your application by heading. There is a heading for:

- (1) Application for Federal Assistance (SF 424);
- (2) Table of Contents;
- (3) Abstract;
- (4) ED Budget Information Non-Construction Programs (ED-524);
- (5) Budget Narrative;
- (6) Project Narrative;
- (7) General Education Provisions Act (GEPA) Requirements—Section 427;
- (8) GG Lobbying Form (90-0013);
- (9) Faith Based Survey on EEO;
- (10) ED Supplemental Form for SF 424;
- (11) SF LLL Disclosure of Lobbying; and
- (12) Vitae/Bibliography/Letters of Support.

There is a file size limitation to each section, and you may upload only one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

Electronic copies must be fully uploaded on the Grants.gov site by 4:30:00 pm, Washington DC time on the closing date, **August 9, 2012**. This process may take several hours. Therefore, please allow several hours or a full day to submit your application. If there is a submission error, additional time will be needed to correct the error and resubmit. **We encourage you to read Section J—Grants.gov Submission Procedures and Tips for Applicants**

PROGRAM REGULATIONS

These grants are subject to the requirements of the Education Department General Administrative Regulations (EDGAR), in 34 CFR Parts 74, 75, 77, 80, 81, 82, 84, 85, 86, and 97, which set forth general rules affecting the submittal, review, grant award, and post-award administration for Department of Education grant programs.

TECHNICAL ASSISTANCE

Pre-Application Meeting:

A pre-application meeting will be held between 1:00 p.m. and 3:00 p.m. on **July 11, 2012** by teleconference. Interested parties are invited to participate in the pre-application meeting to discuss the funding priority and to receive information and technical assistance. You must contact Lynn Medley at lynn.medley@ed.gov by **(July 10, 2012)** in order to participate in this meeting. NIDRR staff also will be available to provide information and technical assistance via individual phone consultations from 3:30 p.m. to 4:30 p.m. on **(July 11, 2012)**. Requests for individual consultations during this one hour window must be made in advance to Lynn Medley.

If you have any questions about the information in this application package, please contact Lynn Medley at Lynn.Medley@ed.gov or by telephone at 202-245-7338 or Marlene Spencer at Marlene.Spencer@ed.gov or by telephone at 202-245-7532. Individuals who use a telecommunications device (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 between 8:00 a.m. and 4:00 p.m., EST, Monday through Friday.

If you experience problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726.

Thank you for your interest in this program.

Sincerely,

FULL TEXT OF ANNOUNCEMENT

I. FUNDING OPPORTUNITY DESCRIPTION

PURPOSE OF PROGRAM:

The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

DISABILITY AND REHABILITATION RESEARCH PROJECTS (DRRPS)

The purpose of DRRPs, which are under NIDRR's Disability and Rehabilitation Research Projects and Centers Program, is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, training, demonstration, development, dissemination, utilization, and technical assistance. Additionally information on DRRPS can be found at:

www.ed.gov/rschstat/research/pubs/res-program.html.

PRIORITIES:

NIDRR has established two absolute priorities for this competition.

Absolute Priorities:

The General DRRP Requirements priority, which applies to all DRRP competitions, is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the Federal Register on April 28, 2006 (71 FR 25472). The Burn Model Systems Centers priority is from the notice of final priority for this program, published elsewhere in this issue of the Federal Register.

For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are:

General Disability Rehabilitation Research Projects (DRRP) Requirements and Burn Model Systems (BMS) Centers.

Note: The full text of these priorities are included in the pertinent notice of final priority published in the Federal Register and in the application package for this competition.

PROGRAM AUTHORITY:

29 U.S.C. 762(g) and 764(a).

APPLICABLE REGULATIONS:

- (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 84, 86, and 97.
- (b) The Education Department suspension and debarment regulations in 2 CFR part 3485.
- (c) The regulations for this program in 34 CFR part 350.
- (d) The notice of final priorities for the Disability and Rehabilitation Research Projects and Centers program, published in the Federal Register on April 28, 2006 (71 FR 25472).
- (e) The notice of final priority for this program, published elsewhere in this issue of the Federal Register.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

II. AWARD INFORMATION

TYPE OF AWARD:

Discretionary grants.

ESTIMATED AVAILABLE FUNDS: \$

1,500,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2013 from the list of unfunded applicants from this competition.

ESTIMATED RANGE OF AWARDS:

\$361,000–\$389,000.

ESTIMATED AVERAGE SIZE OF AWARDS:

\$375,000.

MAXIMUM AWARD:

We will reject any application that proposes a budget exceeding \$389,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

ESTIMATED NUMBER OF AWARDS:

4.

Note: The Department is not bound by any estimates in this notice.

PROJECT PERIOD:

Up to 60 months.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS:

States; public or private agencies, including for-profit agencies; public or private organizations, including for-profit organizations; IHEs; and Indian tribes and tribal organizations.

2. COST SHARING OR MATCHING:

Cost sharing is required by 34 CFR 350.62(a) and will be negotiated at the time of the grant award.

IV. APPLICATION AND SUBMISSION INFORMATION

1. ADDRESS TO REQUEST APPLICATION PACKAGE:

You can obtain an application package via the Internet or from the Education Publications Center (ED Pubs). To obtain a copy via the Internet, use the following address:

Alexandria, VA 22304.

Telephone, toll free: 1-877-433-7827.

FAX: (703) 605-6794.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site also: www.EDPubs.gov, or

at its e-mail address: edpubs@inet.ed.gov.

If you request an application package from ED Pubs, be sure to identify this competition as follows: **CFDA number 84.133A-3**.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the person or team listed under Accessible Format in section VIII of this notice.

2. CONTENT AND FORM OF APPLICATION SUBMISSION:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you limit Part III to the equivalent of no more than 100 pages, using the following standards:

A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative section (Part III).

The application package will provide instructions for completing all components to be included in the application. Each application must include a cover sheet (Standard Form 424); budget requirements (ED Form 524) and narrative justification; other required forms; an abstract, Human Subjects narrative, Part III narrative; resumes of staff; and other related materials, if applicable.

3. SUBMISSION DATES AND TIMES:

Applications Available:

June 20, 2012.

Date of Pre-Application Meeting:

Interested parties are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDRR staff. The pre-application meeting will be held on July 11, 2012. Interested parties may participate in this meeting by conference call with NIDRR staff from the Office of Special Education and Rehabilitative Services between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For further information or to make arrangements to participate in the meeting via conference call or for an individual consultation, contact either Lynn Medley or Marlene Spencer as follows:

Lynn Medley

U.S. Department of Education

Washington, DC 20202-2700

Telephone: (202) 245-7532 or by

e-mail: Marlene.Spencer@ed.gov

Deadline for Transmittal of Applications:

August 20, 2012.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. INTERGOVERNMENTAL REVIEW:

This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. FUNDING RESTRICTIONS:

We reference regulations outlining funding restrictions in the Applicable Regulations section in this notice.

6. DATA UNIVERSAL NUMBERING SYSTEM NUMBER, TAXPAYER IDENTIFICATION NUMBER, AND CENTRAL CONTRACTOR REGISTRY:

To do business with the Department of Education, you must—

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must

- (1) be designated by your organization as an Authorized Organization Representative (AOR);
and

(2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/applicants/get_registered.jsp.

7. OTHER SUBMISSION REQUIREMENTS:

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Burn Model Systems (BMS) Centers CFDA number 84.133A-3 must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Burn Model Systems (BMS) Centers Competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.133, not 84.133A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC

time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.
- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.
- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format only. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.
- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification

indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System:

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement:

You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to:

Lynn Medley,
U.S. Department of Education,
400 Maryland Avenue, SW., room 5140 PCP,
Washington, DC 20202-2700

FAX: (202) 245-7323.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133A-3)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133A-3)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications:

If you mail or hand deliver your application to the Department—

- (1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. APPLICATION REVIEW INFORMATION

1. SELECTION CRITERIA:

The selection criteria for this competition are from 34 CFR 350.54 and are listed in the application package.

2. REVIEW AND SELECTION PROCESS:

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. SPECIAL CONDITIONS:

Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. AWARD ADMINISTRATION INFORMATION

1. AWARD NOTICES:

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. REPORTING:

- (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).
- (b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. PERFORMANCE MEASURES:

To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through a review of grantee performance and products. Each year, NIDRR examines a portion of its grantees to determine:

- The number of products (e.g., new or improved tools, methods, discoveries, standards, interventions, programs, or devices developed or tested with NIDRR funding) that have been judged by expert panels to be of high quality and to advance the field.
- The average number of publications per award based on NIDRR-funded research and development activities in refereed journals.
- The percentage of new NIDRR grants that assess the effectiveness of interventions, programs, and devices using rigorous methods.

NIDRR uses information submitted by grantees as part of their Annual Performance Reports (APRs) for these reviews.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department's Web site:

www.ed.gov/about/offices/list/opepd/sas/index.html.

5. Continuation Awards:

In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SECTION C
NOTICE OF FINAL PRIORITY

PUBLISHED: (JUNE 20, 2012)

4000-01-U

DEPARTMENT OF EDUCATION

CFDA NUMBER:

84.133A-3

Final priority; National Institute on Disability and Rehabilitation Research (NIDRR)—Disability and Rehabilitation Research Projects and Centers Program—Disability Rehabilitation Research Project (DRRP)—Burn Model Systems Centers

AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education.

ACTION:

Notice.

SUMMARY:

The Assistant Secretary for Special Education and Rehabilitative Services announces a priority for the Disability and Rehabilitation Research Projects and Centers Program administered by the National Institute on Disability and Rehabilitation Research (NIDRR). Specifically, this notice announces a priority for Burn Model Systems (BMS) Centers. The Assistant Secretary may use this priority for a competition in fiscal year (FY) 2012 and later years. We take this action to focus research attention on areas of national need.

EFFECTIVE DATE:

This priority is effective July 20, 2012.

FOR FURTHER INFORMATION CONTACT:

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

This notice of final priority (NFP) is in concert with NIDRR's currently approved Long-Range Plan (Plan). The Plan, which was published in the Federal Register on February 15, 2006 (71 FR 8165), can be accessed on the Internet at the following site:

www.ed.gov/about/offices/list/osers/nidrr/policy.html.

Through the implementation of the Plan, NIDRR seeks to:

- (1) improve the quality and utility of disability and rehabilitation research;
- (2) foster an exchange of expertise, information, and training to facilitate the advancement of knowledge and understanding of the unique needs of traditionally underserved populations;
- (3) determine best strategies and programs to improve rehabilitation outcomes for underserved populations;
- (4) identify research gaps;
- (5) identify mechanisms of integrating research and practice; and
- (6) disseminate findings.

This notice announces a final priority that NIDRR intends to use for a DRRP competition in FY 2012 and possibly later years. However, nothing precludes NIDRR from publishing additional priorities, if needed. Furthermore, NIDRR is under no obligation to make an award for this

priority. The decision to make an award will be based on the quality of applications received and available funding.

Purpose of Program:

The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

Disability and Rehabilitation Research Projects (DRRPs)

The purpose of DRRPs, which are funded under NIDRR's Disability and Rehabilitation Research Projects and Centers Program, is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, training, demonstration, development, dissemination, utilization, and technical assistance. Additional information on DRRPs can be found at: <http://www2.ed.gov/rschstat/research/pubs/res-program.html#DRRP>.

Program Authority:

29 U.S.C. 762(g) and 764(a).

Applicable Program Regulations:

34 CFR part 350.

We published a notice of proposed priority for the Burn Model Systems Centers program in the Federal Register on March 7, 2012 (77 FR 13582). That notice contained background information and our reasons for proposing the particular priority.

Public Comment:

In response to our invitation in the notice of proposed priority, 12 parties submitted comments on the proposed priority.

Generally, we do not address technical and other minor changes. In addition, we do not address general comments that raised concerns not directly related to the proposed priority.

ANALYSIS OF COMMENTS AND CHANGES:

An analysis of the comments and of any changes in the priority since publication of the notice of proposed priority follows.

Comment: None.

Discussion: Upon further review of the text of the priority, we determined that it would be helpful to describe what the BMS database is.

Changes: We have added a footnote to paragraph (b) of the priority to clarify that the BMS database is a centralized database through which BMS Centers have collected and contributed information on common data elements on outcomes of individuals since 1998. The BMS database is maintained through a separate NIDRR-funded grant for a National Data and Statistical Center for the BMS.

Comment: Five commenters provided recommendations regarding the implementation of activities under paragraph (b) of the priority, which requires the assessment of long-term outcomes of individuals with burn injury by enrolling at least 30 subjects per year into the BMS database. These commenters suggested that NIDRR revise the priority to:

- (a) specify a ratio of adults to children (e.g. 2:1) to be enrolled per BMS Center in the national database;
- (b) require that the BMS Center budget two full-time equivalents (FTE) to carry out the activities required under paragraph (b);
- (c) require that the BMS Center conduct all data collection in accordance with BMS standard operating procedures and best-practices;
- (d) require the BMS Center to conduct annual follow-up assessments rather than 5-year-follow-up assessments;
- (e) increase the minimum number of persons to be enrolled per center;

(f) increase funding for adding assessments beyond 10 years post injury because it requires a substantial increase in data collection effort over the requirements of previous BMS Center competitions; and

(g) specify that the BMS longitudinal database include a measure of physical functioning.

Discussion: NIDRR acknowledges that significant effort will be required by BMS Centers to maintain the quality of the BMS database and to increase its research utility by extending follow-up assessments beyond 10 years post injury. With regard to the comment requesting that NIDRR define the ratio of adults to children in the BMS database, we decline to establish a ratio for the priority because we believe it is more appropriate to allow projects to make this determination on their own. We expect BMS project directors to make this determination based on the characteristics of the patient populations that they serve.

In response to comment (b) requesting that NIDRR require individual BMS Centers to budget two FTE to carry out the activities required under paragraph (b) of the priority, we note that individual centers are in the best position to determine the staffing structure they will require to carry out their database responsibilities under the priority. NIDRR does not believe it is appropriate to require a specific allocation of staff resources for this purpose. This is particularly true given that the level of effort for the database responsibilities will differ depending on the number of database participants that a Center may have recruited into the BMS database during previous cycles of the program.

NIDRR agrees with the comment that all BMS Centers should conduct data collection in accordance with BMS standard operating procedures and best practices, as approved by NIDRR and the BMS project directors. For this reason, we are revising paragraph (b) of the priority to clarify that grantees will follow the standard operating procedures and practices established by the BMS project directors in conjunction with the National Data and Statistical Center for the BMS.

In response to the comments requesting that NIDRR increase funding to support the requirement in paragraph (b) of the priority that grantees conduct assessments beyond 10 years post injury, we note that the funding levels for the BMS Centers in fiscal year (FY) 2012 will be consistent with funding levels of previous awards made under this program and we believe that this funding is adequate to support the long-term data collection activities required under this priority. We believe the funding is adequate because NIDRR is not requiring, as part of this

priority, that BMS Centers propose and conduct a collaborative module research project (a requirement included in previous BMS Centers program competitions). Thus, grantees under this priority will have a greater amount of total funding to support the increased data collection activities. That said, we do not believe that the funding levels allocated for this program are sufficient to support an increase in the frequency of follow-up assessments, or an increase in the minimum number of persons to be enrolled in the database by each center, as recommended by some commenters.

Finally, with regard to the comment that we include a measure of physical functioning in the BMS database, we decline to make this change to the requirement without the input of the BMS project directors. We believe it is more appropriate to allow the group of BMS project directors to determine whether they will incorporate a measure of physical functioning into the database.

Change: We have added language in paragraph (b) of the priority to clarify that grantees will follow the standard operating procedures and practices established by the BMS project directors in conjunction with National Data and Statistical Center for the BMS.

Comment: Two commenters requested clarification regarding the Note following paragraph (b) of the priority, which addresses budgeting for the activities of the BMS database under this program. Specifically, the commenters asked whether NIDRR will specify one funding level for grantees that have already enrolled patients in the BMS database and a different funding level for grantees that have no patients yet enrolled.

Discussion: We do expect funding levels to differ depending on the number of participants for which BMS Centers will need to collect follow-up data to meet the requirements of paragraph (b) of the priority. All BMS Centers funded under this competition are responsible for collecting follow-up data from subjects who will be enrolled in the grant cycle that begins in FY 2012. To the extent a grantee under a competition using this priority was previously funded under the BMS program, that grantee must also, as part of this grant, collect follow-up data from subjects who were enrolled in the BMS database in previous grant cycles. For this reason, NIDRR requests that each applicant under this priority initially budget for the activities required under paragraph (b) based on the number of follow-up assessments it expects to conduct during the project period. Final budgets for successful applicants will be negotiated with NIDRR prior to the grant award. The range of possible grant awards under this priority is specified in the notice

inviting applications for the FY 2012 BMS competition, which is published elsewhere in this issue of the Federal Register.

Changes: We have added language to the Note that follows paragraph (b) of the priority, to provide more information about how grant award amounts are to be determined, within the range of possible grant awards that is specified in the notice inviting applications.

Comment: One commenter recommended that we revise paragraph (c) of the priority, which requires each BMS Center to propose and conduct at least one, but no more than two, site-specific research projects, so that each BMS Center is required to test interventions as part of its site-specific research project or projects.

Discussion: Paragraph (c) of the proposed priority would have required each BMS Center to test innovative approaches to treating burn injury or to assess outcomes of individuals with burn injury. In light of the comment, we believe that this language may have been unnecessarily restrictive. While NIDRR acknowledges the importance of testing innovative treatment approaches, we also acknowledge the continuing need for knowledge about the experiences and outcomes of individuals with burn injury that results from other types of research, including but not limited to, descriptive research, exploratory research, and measures development, all of which could contribute to development of innovative interventions. For this reason, we have broadened the language in paragraph (c) to clarify that applicants may propose interventions research and descriptive research, exploratory research, measures development, or other types of research that can contribute to the development of interventions for site-specific projects.

Change: NIDRR has revised paragraph (c) of the priority to state that applicants must propose and conduct at least one, but no more than two, site-specific research projects to test interventions for treating burn injury or to conduct other types of research, including but not limited to, descriptive research, exploratory research, or measures development that can contribute to development or measurement of interventions. Site-specific research projects must contribute to outcomes in one or more domains identified in the Plan: health and function, community living and participation, technology, and employment.

Comment: Two commenters requested clarification regarding the role of the BMS National Data and Statistical Center (BMS National Data Center) in the BMS Center's site-specific research projects required under paragraph (c) of the priority. In particular, the commenters asked whether the BMS National Data Center would be available to provide statistical consultation to the BMS Centers to assist them with the site-specific research projects and whether it could house data for the BMS Centers' site specific research projects.

Discussion: The BMS National Data Center priority, which will be announced in a separate notice in the Federal Register, does require the BMS National Data Center to make statistical and other methodological consultation available for site-specific research projects being conducted by the BMS Centers. However, the BMS National Data Center priority does not require the BMS National Data Center to house data collected during the BMS Centers' site-specific research projects. Accordingly, the BMS Centers will need to negotiate with the BMS National Data Center, if they want to house their site-specific research projects with the BMS National Data Center.

Changes: None.

Comment: Two commenters requested clarification regarding the Note that follows paragraph (c) of the priority, which allows for collaboration as needed for site-specific research projects. The commenters requested clarification about three issues:

- (1) whether collaborators must be other BMS Centers;
- (2) whether the priority allows for the identification of proposed collaborators within the application submitted for the Department's review; and,
- (3) whether a site-specific project could be a multi-site study.

Discussion: BMS Center applicants may propose to collaborate with third parties in order to conduct the site-specific research projects required under paragraph (c) of the priority. These collaborating entities may be, but are not required to be, other NIDRR-funded BMS Centers. To the extent an applicant plans to collaborate with others in the site-specific research projects it proposes, it may identify potential collaborators in its application, if so desired. The site-specific

projects proposed by applicants under this priority can be multi-site studies that are managed and administered by the proposed BMS Center.

Changes: None.

Comment: Two commenters requested guidance regarding paragraph (d) of the priority, which requires the grantee to coordinate with the NIDRR-funded Model Systems Knowledge Translation Center (MSKT Center). The commenters asked NIDRR to indicate the level of effort it expected applicants to budget for these knowledge translation activities.

Discussion: NIDRR allows applicants the flexibility to determine the budget required to implement these activities.

Changes: None.

Comment: Three commenters noted potential synergies between the BMS database, and the database maintained by the American Burn Association (ABA). One of these commenters recommended that NIDRR revise the priority to require the BMS Centers to collaborate with the ABA to facilitate synergies between the BMS and ABA databases. The other two commenters discussed the potential for a collaboration between the BMS and the ABA to produce common data elements related to long-term outcomes of burn survivors. These two commenters noted that such collaboration with the ABA could help make the NIDRR BMS Centers' measurement of long-term outcomes more "mainstream" outside of the Burn Model Systems program.

Discussion: NIDRR agrees with the commenters that collaboration between the BMS Centers and the ABA may lead to improved outcomes of the BMS database and important synergies between the BMS and ABA databases. At the program level, NIDRR personnel and BMS project directors have facilitated a relationship between the BMS Centers and the ABA in past grant cycles. In the coming grant cycle, NIDRR will continue to facilitate this relationship, which will include discussions toward common, long-term data elements in both databases. NIDRR believes that synergies between the BMS program's database and the ABA database can best be achieved at the program level—between the network of NIDRR BMS Centers and the ABA. Such a relationship will not be facilitated via multiple grant applicants individually seeking a collaborative relationship with the ABA.

Changes: None.

Comment: Six commenters posed questions regarding paragraph (e) of the proposed priority, which specified that the grantee should spend \$5,000 towards the costs of a state-of-the-science conference. One commenter asked whether the specified dollars could be used for travel to the conference and dissemination of information following the conference. Another commenter asked whether the specified amount included indirect costs associated with the conference. Other commenters recommended that NIDRR specify in the priority the timeframe for holding the conference and that the themes of the conference be on quality of care, patient satisfaction, and long-term patient outcomes. Finally, one commenter asked whether grantees would be required to coordinate with the ABA and other agencies in sponsoring the conference.

Discussion: NIDRR has decided to withdraw the proposed requirement that BMS Centers budget to support a state-of-the science conference. Instead, NIDRR is adding language to paragraph (d) of the priority that suggests including a state-of-the-science meeting as one possible means of collaboratively conducting knowledge translation activities that might be used to disseminate research findings from the BMS Centers program. BMS Centers have the freedom to determine the amount of funds that they might set aside for such activities, including any activities in conjunction with the MSKT Center.

Changes: NIDRR has removed the requirement stated in proposed paragraph (e). It has added language to paragraph (d) of the priority to identify state-of-the-science meetings as one means of facilitating dissemination of research findings to stakeholders.

Comment: Three commenters requested clarification regarding proposed paragraph (f) of the priority, which required that grantees address the needs of individuals with burn injuries, including individuals from one or more traditionally underserved populations. The commenters requested clarification from NIDRR regarding the types of individuals that are included in the category “traditionally underserved populations” and whether activities that address the clinical needs of these persons are subject to funding under this priority.

Discussion: Paragraph (f) of the proposed priority (redesignated as paragraph (e) in the final priority) requires each BMS Center to address the needs of individuals with burn injuries,

including individuals from one or more traditionally underserved populations through its project. The Rehabilitation Act authorizes the research activities that are administered by NIDRR, including the research activities under the BMS Centers program. While section 21 of the Rehabilitation Act, titled Traditionally Underserved Populations, does not define the term “traditionally underserved,” it does provide an in-depth discussion of populations that experience inequitable treatment and poor outcomes in the vocational rehabilitation process. Section 21 of the Rehabilitation Act specifically mentions groups of racial and ethnic minorities with disabilities, including Latinos, African Americans, Asian Americans, and American Indians with disabilities. For purposes of this priority, we expect applicants to describe how they will fulfill the priority’s requirement to address the needs of individuals with burn injuries from traditionally underserved populations, as that term is described in section 21 of the Rehabilitation Act. The peer review process will evaluate the merits of each application.

With regard to the question concerning clinical services to individuals with burn injuries from traditionally underserved populations, we note that NIDRR program funds are used to sponsor research and development activities and, therefore, can only be used to support clinical services that constitute a part of the research process. For example, the provision of treatment as part of a clinical trial, or the development of consumer education materials as part of an evidence-based knowledge translation process are allowable research activities for which grant funds under this priority may be used.

Changes: With the removal of proposed paragraph (e) of the priority, NIDRR has redesignated proposed paragraph (f) final paragraph (e). In addition, we have revised this paragraph to include a cross-reference to the Rehabilitation Act’s discussion of traditionally underserved populations.

Comment: Two commenters requested guidance regarding proposed paragraph (g) of the priority, which required that grantees ensure that input of individuals with burn injuries is used to shape BMS research activities. Specifically, the commenters asked NIDRR to clarify the scope of the activities it expects grantees to engage in to meet this proposed requirement as well as the corresponding budget for these activities. In addition, one commenter requested that NIDRR specify the potential collaborators, such as the Phoenix Society, with which grantees could work with to carry out these activities.

Discussion: It is NIDRR's intent that input from persons with burn injuries will inform all research conducted under the BMS Centers program. This includes the site-specific research to be conducted under paragraph (c) of this priority and the research conducted by the system of BMS Centers through the BMS database. For purposes of this priority, each applicant is expected to describe in its application the activities it will conduct to ensure that input from persons with burn injuries shape its site-specific research project or projects. NIDRR allows applicants the flexibility to determine the budget required to implement these activities. NIDRR also allows applicants the flexibility to determine the methods it will use for receiving input from consumers.

With respect to specifying potential collaborators, such as the Phoenix Society, we decline to do so because NIDRR does not have a sufficient basis for requiring all applicants to collaborate with the Phoenix Society. However, applicants are free to propose such a collaboration.

Changes: We have redesignated paragraph (g) of the proposed priority to paragraph (f).

Comment: One commenter recommended that we revise the priority to clarify that applicants must budget for travel to and participation in the face-to-face BMS project directors' meeting, and to participate in the regularly scheduled conference calls of the BMS project directors.

Discussion: In keeping with prior practice, NIDRR expects the Project Directors of the BMS Centers to participate in two Project Directors' meetings per year (one to be held in the greater Washington, D.C. and one in conjunction with the annual ABA Conference). Applicants must budget for the costs of having their project directors travel to and participate in these meetings. NIDRR also expects BMS project directors to participate in regularly scheduled conference calls of this group. The purpose of these meetings is to establish policies and procedures with NIDRR input for BMS activities, to share research findings across the BMS program, to facilitate NIDRR program officer knowledge of the progress on grant activities, to discuss database issues, and to foster successful development of the BMS program.

Changes: NIDRR has added paragraph (g) to the priority. This new paragraph states that the BMS Center must ensure that its project director participates in the following:

- (1) Two annual face-to-face BMS Center Project Director meetings, one of which will take place in the greater Washington, D.C. area and once in conjunction with the annual ABA Convention.
 - (2) Additional meetings of the BMS Center Project Directors that are held on a regular basis via conference call.
-

Comment: One commenter asked whether the BMS Centers would be required to engage in a collaborative module research project. The commenter recommended that such a project be funded under a separate program priority.

Discussion: Grantees under the BMS Centers priority are not required to engage in a collaborative module research project.

Changes: None.

FINAL PRIORITY:

Priority—Burn Model Systems (BMS) Centers

The Assistant Secretary for Special Education and Rehabilitative Services announces a priority for the funding of Burn Model Systems Centers (BMS Centers). The BMS Centers must provide comprehensive, multidisciplinary services to individuals with burn injury and conduct research that contributes to evidence-based rehabilitation interventions and clinical and practice guidelines. The BMS Centers must generate new knowledge that can be used to improve outcomes of individuals with burn injury in one or more domains identified in NIDRR's currently approved Long Range Plan, published in the Federal Register on February 15, 2006 (71 FR 8166): health and function, participation and community living, technology, and employment. Each BMS Center must contribute to this outcome by—

- (a) Providing a multidisciplinary system of rehabilitation care specifically designed to meet the needs of individuals with burn injury, including but not limited to, physical, psychological, and community reintegration needs. The system must encompass a continuum of care, including emergency medical services, acute care services, acute medical rehabilitation services, and post-acute services;
- (b) Continuing the assessment of long-term outcomes of individuals with burn injury by enrolling at least 30 subjects per year into the BMS database,¹ and collecting follow-up data on all subjects enrolled in the database at 6 months, and at 1, 2, 5, and 10 years post injury (as is being done in the current grant cycle) and extending the assessment to every five years thereafter, following standard operating procedures and practices established by the BMS Project Directors in conjunction with the National Data and Statistical Center for the BMS and the established protocols for the collection of enrollment and follow-up data on subjects;

Note: BMS Centers will be funded at varying amounts up to the maximum award based on the numbers of BMS database participants from whom BMS Centers must collect follow-up data. To the extent a grantee under a competition using this priority was previously funded under the BMS program, that grantee must also, as part of this grant, collect follow-up data from subjects who were enrolled in the BMS database in previous grant

¹ The BMS database is a centralized database through which BMS Centers have collected and contributed information on common data elements on outcomes of individuals since 1998. The BMS database is maintained through a separate NIDRR-funded grant for a National Data and Statistical Center for the BMS. (Additional information on the BMS database can be found at <http://bms-dcc.ucdenver.edu/>).

cycles. For this reason, NIDRR requests that each applicant under this priority initially budget for the activities required under paragraph (b) based on the number of follow-up assessments it expects during the project period. BMS Centers that have previously been BMS grantees with large numbers of database participants will receive more funding within the specified range than BMS Centers with fewer participants, as determined by NIDRR after applicants are selected for funding. Applicants must include in their budgets specific estimates of their costs for follow-up data collection. Funding will be determined individually for each successful applicant, up to the maximum allowed, based upon the documented workload associated with the follow-up data collection, other costs of the grant, and the overall budget of the research project.

- (c) Proposing and conducting at least one, but no more than two, site-specific research projects to test interventions for treating burn injury or to conduct other types of research, including but not limited to, descriptive research, exploratory research, or measures development that can contribute to development or measurement of interventions. Site-specific research projects must contribute to outcomes in one or more domains identified in the Plan: health and function, community living and participation, technology, and employment;

Note: Applicants who propose more than two site-specific research projects will be disqualified. Site-specific research projects may include collaborating with entities as needed for execution of the research project.

- (d) Coordinating with the NIDRR-funded Model Systems Knowledge Translation Center (MSKTC) (<http://www.msktc.org>) to provide scientific results and information for dissemination to clinical and consumer audiences, using a variety of mechanisms that could include state-of-the-science meetings, webinars, Web sites, and other dissemination methods;
- (e) Addressing the needs of individuals with burn injuries, including individuals from one or more traditionally underserved populations, as discussed in section 21 of the Act, 29 U.S.C 718;
- (f) Ensuring that the input of individuals with burn injuries is used to shape BMS research activities; and
- (g) Ensuring that its project director participates in the following:

- (1) Two annual face-to-face BMS Center Project Director meetings, one of which will take place in the greater Washington, D.C. area and once in conjunction with the annual American Burn Association Convention.
- (2) Additional meetings of the BMS Center Project Directors that are held on a regular basis via conference call.

TYPES OF PRIORITIES:

When inviting applications for a competition using one or more priorities, we designate the type of each priority as absolute, competitive preference, or invitational through a notice in the Federal Register. The effect of each type of priority follows:

ABSOLUTE PRIORITY:

Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

COMPETITIVE PREFERENCE PRIORITY:

Under a competitive preference priority, we give competitive preference to an application by

- (1) awarding additional points, depending on the extent to which the application meets the priority (34 CFR 75.105(c)(2)(i)); or
- (2) selecting an application that meets the priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c)(2)(ii)).

INVITATIONAL PRIORITY:

Under an invitational priority, we are particularly interested in applications that meet the priority. However, we do not give an application that meets the priority a preference over other applications (34 CFR 75.105(c)(1)).

This notice does not preclude us from proposing additional priorities, requirements, definitions, or selection criteria, subject to meeting applicable rulemaking requirements.

Note: This notice does not solicit applications. In any year in which we choose to use this priority, we invite applications through a notice in the Federal Register.

EXECUTIVE ORDERS 12866 AND 13563

Regulatory Impact Analysis

Under Executive Order 12866, the Secretary must determine whether this regulatory action is “significant” and, therefore, subject to the requirements of the Executive order and subject to

review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a “significant regulatory action” as an action likely to result in a rule that may—

- (1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or Tribal governments or communities in a material way (also referred to as an “economically significant” rule);
- (2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;
- (3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or
- (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles stated in the Executive order.

This final regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed this final regulatory action under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

- (1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);
- (2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations;
- (3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);
- (4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency “to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.” The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include “identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.”

We are issuing this final priority only on a reasoned determination that its benefits justify its costs. In choosing among alternative regulatory approaches, we selected those approaches that maximize net benefits. Based on the analysis that follows, the Department believes that this regulatory action is consistent with the principles in Executive Order 13563.

We also have determined that this regulatory action does not unduly interfere with State, local, and Tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, the Department has assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. The potential costs are those resulting from statutory requirements and those we have determined as necessary for administering the Department’s programs and activities.

SUMMARY OF POTENTIAL COSTS AND BENEFITS:

The benefits of the Disability and Rehabilitation Research Projects and Centers Programs have been well established over the years in that similar projects have been completed successfully. This final priority will generate new knowledge through research and development.

Another benefit of the final priority is that establishing new DRRPs will improve the lives of individuals with disabilities. The new DRRPs will provide support and assistance for NIDRR grantees as they generate, disseminate, and promote the use of new information that will improve the options for individuals with disabilities to perform regular activities of their choice in the community.

SECTION D
BACKGROUND STATEMENT

The American Burn Association (ABA) reports that 450,000 persons in the United States receive medical treatment for burn injuries annually (ABA, 2011). Of these, 3,500 die and 45,000 are hospitalized. Of those hospitalized, 25,000 are treated in hospitals with burn centers. With advances in early medical response to burn injuries and advances in infection control, survival rates of those incurring large burns have significantly increased (ABA, 2011b; Soman, Greenhalgh, & Palmieri, 2010). For those who survive, there are often significant challenges that affect their functional outcomes. Physical challenges may include severe contractures, joint deformities, neurologic and musculoskeletal problems, scarring, pain, and fatigue (Dewey, Richard, & Parry, 2011; Gabriel, 2011; Schneider, Holavanahalli, Helm, Goldstein, & Kowalske, K., 2006; Schneider & Qu, 2011). Psychological challenges may include posttraumatic stress, depression, and anxiety (Fauerbach et al., 2007; Ullrich, Askay, & Patterson, 2009; Wiechman, 2011). Psychosocial and environmental factors make community integration, including return to school and work, difficult (Esselman, 2011; Schneider, Bassi, & Ryan, 2009). Improvements in survival rates have highlighted the need for comprehensive rehabilitation treatment teams that provide a continuum of coordinated services from admission to the burn unit to assistance with community reintegration, and a combined focus on physical and psychological rehabilitation (Esselman & Kowalske, 2011; Richard et al., 2008).

The Burn Injury Model Systems centers (BMS Centers) program was created by NIDRR in 1994 to provide leadership in rehabilitation as a key component of exemplary burn care and to advance the research base on effective rehabilitation services for burn survivors. The mission of the BMS Centers is to improve the lives of persons who experience burn injury and their families by creating and disseminating new knowledge about the natural course of burn injury and rehabilitation treatment and outcomes following burn injury. NIDRR currently funds 4 BMS Centers throughout the United States. Each BMS Center provides a coordinated system of burn injury care to individuals who sustain a burn injury and conducts burn research, including clinical research and the analysis of standardized data in collaboration with other BMS Centers.

Since 1998, the BMS Centers have collected and contributed information on common data elements for a centralized BMS database, which is maintained through a NIDRR-funded grant for a National Data and Statistical Center for the BMS. (Additional information on the BMS database can be found at <http://bms-dcc.ucdenver.edu/>). The National Data and Statistical Center for the BMS coordinates data collection among the BMS Centers, manages the BMS database, and provides statistical support to the BMS Centers. As of December, 2011, BMS

Centers have contributed 4,917 cases to the BMS database, with follow up data available for 3,419 participants at 6-months post injury; 2,998 at 1 year post injury; and 2,481 at 2 years post injury. During the 2007-2012 grant cycle, data collection was extended to include information from participants at 5 and 10 years post injury.

Through this priority, we seek to fund new BMS Centers that will continue to provide a multidisciplinary system of rehabilitation care specifically designed to meet the needs of individuals with burn injury. These services would span the continuum of treatment from acute care through community re-entry. Under this priority, BMS Centers would engage in initiatives and new approaches and maintain close working relationships with other governmental and non-profit institutions and organizations to coordinate scientific efforts, encourage joint planning, and promote the interchange of data and reports among burn injury researchers.

A committee consisting of the individual BMS project directors has, since its inception, guided the BMS Centers program. This group meets annually in Washington, DC and at the annual ABA meeting. They also meet by teleconference throughout the year. NIDRR intends to form such a committee with the project directors awarded grants under this proposed priority.

SECTION E
GENERAL REQUIREMENTS OF DRRPs

GENERAL DISABILITY AND REHABILITATION RESEARCH PROJECTS (DRRP) REQUIREMENTS

BACKGROUND:

NIDRR proposes the following General DRRP Requirements priority because it believes that the effectiveness of any DRRP (including any DBTAC) depends on, among other things, how well the DRRP coordinates its research efforts with the research of other NIDRR-funded projects, involves individuals with disabilities in its activities, and identifies specific anticipated outcomes that are linked to its objectives in applying for DRRP funding. Accordingly, NIDRR intends to use the General DRRP Requirements in conjunction with all of the other DRRP priorities NIDRR proposes.

PRIORITY:

To meet this priority, the Disability and Rehabilitation Research Projects (DRRP) must—

- (a) Coordinate on research projects of mutual interest with relevant NIDRR-funded projects, as identified through consultation with the NIDRR project officer;
- (b) Involve individuals with disabilities in planning and implementing the DRRP's research, training, and dissemination activities, and in evaluating its work; and
- (c) Identify anticipated outcomes (i.e., advances in knowledge or changes and improvements in policy, practice, behavior, and system capacity) that are linked to the applicant's stated grant objectives.

SECTION F
SELECTION CRITERIA

The Secretary uses the following criteria to evaluate an application for DRRP 133A-3: Burn Model Systems Centers

(a) Importance of the problem. **(Total: 5 points)**

- (1) The Secretary considers the importance of the problem.
- (2) In determining the importance of the problem, the Secretary considers one or more of the following factors:
 - (i) The extent to which the applicant clearly describes the need and target population.
 - (vii) The extent to which the proposed project will have beneficial impact on the target population.

(b) Responsiveness to an absolute or competitive priority. **(Total: 9 points)**

- (1) The Secretary considers the responsiveness of the application to an absolute or competitive priority published in the Federal Register.
- (2) In determining the application's responsiveness to the absolute or competitive priority, the Secretary considers one or more of the following factors:
 - (i) The extent to which the applicant addresses all requirements of the absolute or competitive priority.
 - (ii) The extent to which the applicant's proposed activities are likely to achieve the purposes of the absolute or competitive priority.

(c) Design of research activities. **(40 points)**

- (1) The Secretary considers the extent to which the design of research activities is likely to be effective in accomplishing the objectives of the project.
- (2) In determining the extent to which the design is likely to be effective in accomplishing the objectives of the project, the Secretary considers one or more of the following factors:
 - (i) The extent to which the research activities constitute a coherent, sustained approach to research in the field, including a substantial addition to the state-of-the-art.
 - (ii) The extent to which the methodology of each proposed research activity is meritorious, including consideration of the extent to which—
 - (A) The proposed design includes a comprehensive and informed review of the current literature, demonstrating knowledge of the state-of-the-art;
 - (B) Each research hypothesis is theoretically sound and based on current knowledge;

- (C) Each sample population is appropriate and of sufficient size;
- (D) The data collection and measurement techniques are appropriate and likely to be effective;
and
- (E) The data analysis methods are appropriate.

(d) Design of dissemination activities. (6 points)

- (1) The Secretary considers the extent to which the design of dissemination activities is likely to be effective in accomplishing the objectives of the project.
- (2) In determining the extent to which the design is likely to be effective in accomplishing the objectives of the project, the Secretary considers one or more of the following factors:
 - (ii) The extent to which the materials to be disseminated are likely to be effective and usable, including consideration of their quality, clarity, variety, and format.
 - (iv) The extent to which the materials and information to be disseminated and the methods for dissemination are appropriate to the target population, including consideration of the familiarity of the target population with the subject matter, format of the information, and subject matter.
- (v) The extent to which the information to be disseminated will be accessible to individuals with disabilities.

(e) Plan of operation. (Total: 8 points)

- (1) The Secretary considers the quality of the plan of operation.
- (2) In determining the quality of the plan of operation, the Secretary considers one or more of the following factors:
 - (i) The adequacy of the plan of operation to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, and timelines for accomplishing project tasks.

(f) Collaboration. (Total: 4 points)

- (1) The Secretary considers the quality of collaboration.
- (2) In determining the quality of collaboration, the Secretary considers one or more of the following factors:

- (i) The extent to which the applicant's proposed collaboration with one or more agencies, organizations, or institutions is likely to be effective in achieving the relevant proposed activities of the project.
- (ii) The extent to which agencies, organizations, or institutions demonstrate a commitment to collaborate with the applicant.

(g) Adequacy and reasonableness of the budget. (Total: 5 points)

- (1) The Secretary considers the adequacy and the reasonableness of the proposed budget.
- (2) In determining the adequacy and the reasonableness of the proposed budget, the Secretary considers one or more of the following factors:
 - (i) The extent to which the costs are reasonable in relation to the proposed project activities.

(h) Plan of evaluation. (5 points)

- (1) The Secretary considers the quality of the plan of evaluation.
- (2) In determining the quality of the plan of evaluation, the Secretary considers one or more of the following factors:
 - (iii) The extent to which the plan of evaluation provides for periodic assessment of a project's progress that is based on identified performance measures that—
 - (A) Are clearly related to the intended outcomes of the project and expected impacts on the target population; and
 - (B) Are objective, and quantifiable or qualitative, as appropriate.

(i) Project staff. (Total: 8 points)

- (1) The Secretary considers the quality of the project staff.
- (2) In determining the quality of the project staff, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- (3) In addition, the Secretary considers one or more of the following:
 - (i) The extent to which the key personnel and other key staff have appropriate training and experience in disciplines required to conduct all proposed activities.
 - (ii) The extent to which the commitment of staff time is adequate to accomplish all the proposed activities of the project.

(j) Adequacy and accessibility of resources.

(Total: 10 points)

- (1) The Secretary considers the adequacy and accessibility of the applicant's resources to implement the proposed project.
- (2) In determining the adequacy and accessibility of resources, the Secretary considers one or more of the following factors:
 - (ii) The quality of an applicant's past performance in carrying out a grant.
 - (iii) The extent to which the applicant has appropriate access to clinical populations and organizations representing individuals with disabilities to support advanced clinical rehabilitation research.
 - (iv) The extent to which the facilities, equipment, and other resources are appropriately accessible to individuals with disabilities who may use the facilities, equipment, and other resources of the project.

SECTION G
PROTECTION OF HUMAN SUBJECTS

PROTECTION OF HUMAN SUBJECTS

Research activities involving human subjects supported by awards under these programs are subject to Department of Education Regulations for the Protection of Human Subjects. You do **not** need an assurance or IRB approval as a condition of applying for this competition.

If you marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, you must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, please indicate which project each set of responses addresses.

A. EXEMPT RESEARCH NARRATIVE.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct. In addition, narratives are required for each participating partner if research is being conducted at other sites.

B. NONEXEMPT RESEARCH NARRATIVE.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the seven points. Although no specific page limitation applies to this section of the application, be succinct.

Copies of the Department of Education regulations for the Protection of Human Subjects as well as other documents are available on the website below. For more information call (202) 260-3353 or go on-line the Protection of Human Subjects in research Web Site:

<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

SECTION H
APPLICATION FORMAT AND INSTRUCTIONS

APPLICATION FORMAT AND INSTRUCTIONS

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (grants.gov) by the closing date unless you qualify for an exception to this requirement.

It is recommended that your electronic application (or paper application if you have requested and been approved for a waiver), be organized in the following manner and include the following:

NOTE: You will be uploading sections of your application by heading. There is a heading for:

- (1) Application for Federal Assistance (SF 424);
- (2) Table of Contents;
- (3) Abstract;
- (4) ED Budget Information Non-Construction Programs (ED-524);
- (5) Budget Narrative;
- (6) Project Narrative;
- (7) General Education Provisions Act (GEPA) Requirements—Section 427;
- (8) GG Lobbying Form (90-0013);
- (9) Faith Based Survey on EEO;
- (10) ED Supplemental Form for SF 424; (11) SF LLL Disclosure of Lobbying; and
- (12) Vitae/Bibliography/Letters of Support.

There is a file size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

1. APPLICATION FOR FEDERAL ASSISTANCE (FORM SF 424)

- This form requires basic identifying information about the applicant and the application.
- Applicants should note that there are multiple DRRPs open and use the **RELEVANT** CFDA and Title from the NFP/NIA.

2. TABLE OF CONTENTS

- The Table of Contents shows where and how the important sections of your proposal are organized.
- While the application will be submitted electronically, the reviewers will use printed copies during the review process. The Table of Contents will assist them in more efficiently and effectively evaluating your application.

- Upload the Table of Contents to Optional Forms: Other Attachments.

ABSTRACT

- The ONE-PAGE abstract should be a comprehensive description of what the whole (all years) project is, not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced.
- Upload the Abstract to ED Abstract.

4. ED BUDGET INFORMATION NON-CONSTRUCTION PROGRAMS (ED-524)

- Remember that you must provide complete budget information for each year of the proposed project. Use the Budget Narrative heading to upload.
- Please report Federal Funds in Section A—Budget Summary and Non-Federal Funds in Section B—Budget Summary.
- Specific instructions for completing the budget forms are provided within this application package.

Name: Enter the Name of the applicant organization(s) or institution(s) in the space provided.

Personnel (Line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.

Fringe Benefits (Line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (Line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants and trainees on line 6.

Equipment (Line 4): Indicate the cost of tangible, non-expendable personal property that has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible personal property except that on line 4.

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), stipends, training, and communication and printing costs.

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): There is no restricted indirect cost rate for this program. Use your institution's federally negotiated rate.

Training Stipends (line 11): There are three types of projects that might include budget requests for stipends, tuition allowance, or other types of similar charges to support the objectives of the project:

- Fellowship or Scholarship Programs
- Educational Training Projects
- Projects where students receive tuition remission or other forms of compensation, as, or in lieu of wages.

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled *Project Year 1 (a)*, should also be equal to item 18a on the application cover sheet (SF Form 424).

Cost Share: Please include this information on the ED Form 524, Section B—Budget Summary, Non-Federal Funds—Tab 2 and in your budget narrative.

5. BUDGET NARRATIVE

- This part requires an itemized budget breakdown for the project year and the basis for estimating the costs of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures.
- Address Cost Share in a separate section of the budget narrative labeled "Cost Share."
- Please provide an itemized budget breakdown for each project year.
- Upload the Budget Narrative to the Budget Narrative Section.

6. PROJECT NARRATIVE

- The application narrative responds to the General Requirements for DRRP's found in Section E and the Selection Criteria found in Section F of this application package. The reviewers will use this section to evaluate your application.
- Upload the Project Narrative to the Project Narrative Section. Upload your document.

Each applicant is encouraged to limit the project narrative to the equivalent of no more than 100 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New or Arial.
- Include all critical information in the program narrative, minimizing the need for additional appendices.
- Ensure that you attach **.PDF files only** for any attachments to your application. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to this Grants.gov webpage with links to conversion programs: http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs

NOTE: The recommended page limit does not apply to the Application for Federal Assistance (SF 424), the budget narrative, the forms, the one page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the project narrative section.

7. GENERAL EDUCATION PROVISIONS ACT (GEPA) REQUIREMENTS—SECTION 427

- Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

8. GG LOBBYING FORM (90-0013)

- Instructions for completing this form are included on the grants.gov website.

9. FAITH BASED SURVEY ON EEO

- Instructions for completing this form are included on the grants.gov website.

10. ED SUPPLEMENTAL FORM FOR SF 424

- Instructions for completing this form are included on the grants.gov website.

11. SF LLL DISCLOSURE OF LOBBYING

- Instructions for completing this form are included on the grants.gov website.

12, VITAE/BIBLIOGRAPHY/LETTERS OF SUPPORT

- Vitae of staff or consultants should include the individual's title and role in the proposed project, and other information that is specifically pertinent to this proposed project.
- If collaboration with another organization is involved in the proposed activity, the application should include assurances of participation by the other parties, including written agreements or assurances of cooperation.
- Upload the Vitae/Bibliography/Letters of Support to the Other Attachments- Optional Section.

SECTION I

FREQUENTLY ASKED QUESTIONS

DUNS NUMBER INSTRUCTIONS

FREQUENTLY ASKED QUESTIONS

1. CAN I GET AN EXTENSION OF THE DUE DATE?

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the Federal Register; this extension will identify who is eligible to apply for a given competition. There are no extensions or exceptions to the due date made for individual applicants. Additionally, there are provisions for extension for Grants.gov, per the guidance included in the application package.

2. WHAT SHOULD BE INCLUDED IN THE APPLICATION?

The application should include the following:

- (1) Application for Federal Assistance (SF 424);
- (2) Table of Contents;
- (3) Abstract;
- (4) ED Budget Information Non-Construction Programs (ED-524);
- (5) Budget Narrative;
- (6) Project Narrative;
- (7) General Education Provisions Act (GEPA) Requirements—Section 427;
- (8) GG Lobbying Form (90-0013);
- (9) Faith Based Survey on EEO;
- (10) ED Supplemental Form for SF 424;
- (11) SF LLL Disclosure of Lobbying; and
- (12) Vitae/Bibliography/Letters of Support.

The budgets for all years, including a detailed budget narrative, should be included. If collaboration with another organization or individual is involved in any proposed activity, the application should include assurances of participation by the other parties, including written agreements or letters of cooperation. It is not useful to include general letters of support or endorsement in the application. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application. Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

3. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?

NIDRR generally advises applicants to organize the project narrative to follow the selection criteria. The specific review criteria vary according to the specific programs and are included in this application package. Additionally, applicants should provide clearly stated hypotheses or research questions, goals, objectives, expected outcomes, and public benefit of the research or development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the proposal. Specific information on the format can be found in Section H—Application Format and Instructions of this application package.

4. ARE THERE PAGE LIMITS TO MY APPLICATION?

The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you limit the application narrative to the equivalent of no more than 100 pages, using the following standards:

- (1) A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides;
- (2) Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs;
- (3) Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch);
- (4) Use one of the following fonts: Times New Roman, Courier, Courier New or Arial; and
- (5) Include all critical information in the program narrative, minimizing the need for additional appendices.

5. MAY I SUBMIT APPLICATIONS TO MORE THAN ONE OPEN NIDRR PROGRAM COMPETITION AT A TIME OR MORE THAN ONE APPLICATION TO A PARTICULAR PROGRAM COMPETITION?

Yes. You may submit more than one application in any given competition. You may submit to as many open competitions for which an application is responsive to the program requirements. However, each competition is unique and the selection criteria will vary from one competition to another. It is important that each separate application include the required materials for that particular competition.

6. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?

Yes, you do need an abstract. The abstract is used by both the peer reviewers and the program staff in the review and processing of the application. The ONE-PAGE abstract should be a comprehensive description of the project (all years), not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. Upload to ED Abstract.

7. WHAT IS THE ALLOWABLE INDIRECT COST RATE?

For the Disability Rehabilitation Research Projects (133A) applicants must have a current indirect cost rate agreement to charge indirect costs to a grant. The maximum amount of the award includes both direct and indirect costs (ED Budget Information non-Construction programs (ED-524). The Department's Indirect Cost Group has more information on what you should know about indirect cost rates at its Web site:

<http://www2.ed.gov/about/offices/list/ocfo/fipao/abouticg.html>

8. CAN PROFIT MAKING BUSINESSES APPLY FOR GRANTS?

Yes; however, for-profit organizations will not be able to collect a fee or profit on the grant. It varies by program.

9. CAN INDIVIDUALS APPLY FOR GRANTS?

Individuals are not eligible to apply for the Disability Rehabilitation Research Projects (DRRP).

10. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?

No. NIDRR staff can only advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you as to whether or not your subject area or proposed approach is likely to receive approval.

11. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?

Applicants must clearly include the competition title and CFDA number, on the Standard Form 424, and include a project title that describes the project, based on the competition.

12. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR makes awards within six to seven months after the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. This information is **not** posted on the NIDRR homepage or the Grants.gov website.

13. WHAT START DATE SHOULD I USE ON MY APPLICATION?

For the purpose of estimating a project start date, the applicant should estimate approximately six to seven months from the closing date, preferably October 1. You must have a start date that allows you to complete an Annual Performance Report (APR) by May 31st with a minimum of six month of activities to report on.

14. IF MY APPLICATION IS SUCCESSFUL, CAN I ASSUME I WILL GET THE REQUESTED BUDGET AMOUNT IN SUBSEQUENT YEARS?

No. Funding in subsequent years is subject to availability of funds and project performance.

15. WILL ALL APPROVED APPLICATIONS BE FUNDED?

No. Peer review can result in more applications being determined to be worthy of consideration for funding than available resources allow. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #12.

16. HOW DO THE REPORTING REQUIREMENTS IN SUBSEQUENT YEARS IMPACT ON MY APPLICATION?

Successful applicants with multi-year grants must submit an Annual Performance Report (APR) demonstrating and documenting their progress in meeting approved project objectives and their success in addressing the performance measures outlined in the Notice Inviting Applications. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees will also be required to submit a final performance report, 90 days after the end of the project period. The APR is submitted electronically via a web-based system. This system is maintained by a contractor. Grantees are provided an appropriate URL and personal password to access the system. The contractor will also send newly funded grantees information about when and how to submit their APR. The Department uses the applicant's performance data for program management and administration, in such areas as determining new and continuation funding and planning technical assistance. Grantees are required to participate fully in any evaluation of the NIDRR program carried out by the Department of Education.

17. DO I HAVE TO INCLUDE COST SHARE IN MY APPLICATION?

NIDRR has cost share requirements for the Disability Rehabilitation Research Projects (133A) in accordance with statutory (29 USC 762), regulatory (34 CFR Section 350.52), and administrative requirements. This information should be reflected on the SF 424 #18. (B), the ED 524 form - Section B (Budget Summary Non-Federal Funds), and in the budget narrative for each year. A minimum amount of up to 1% of the total yearly budget amount is required; however, you may include more than 1%. If the cost share amount is changed for a competition, it will be announced in the Notice Inviting Applications. For more information, see EDGAR 74.23 and 84.24.

18. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?

If you are planning research involving human subjects at any time during the project period, you check "Yes" in the Human Subjects section of the ED supplement to the SF 424 form. If you checked "Yes," you need to indicate whether the research is exempt or not exempt from the protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department's human subjects staff review the applicant's response against the application itself to determine its accuracy. They contact you for additional information or clarification, if needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

19. MUST I SUBMIT MY APPLICATION VIA GRANTS.GOV?

Applications for grants for this competition must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us. **We will reject your application if you submit it in paper format unless, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.**

20. HOW WILL I RECEIVE FUNDING FOR THE ADDITIONAL YEARS OF MY GRANT (CONTINUATION AWARD)?

In making a continuation award, the Secretary may consider under 34 CFR 75.253, the extent to which a grantee has made “substantial progress toward meeting the objectives in its approved application.” This consideration includes the review of a grantee’s progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23)

DUNS NUMBER INSTRUCTIONS

NOTE: Check with your fiscal office to see if your institution has an assigned DUNS before contacting Dun & Bradstreet

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-234-3867** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

http://www.dnb.com/US/duns_update/index.html

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.800.234.3867**

Note: Electronic submission via Grants.gov must use DUNS number your organization used when it registered in the Central Contractor Registry.

GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

APPLICATION TRANSMITTAL INSTRUCTIONS

IMPORTANT—PLEASE READ FIRST

U.S. Department of Education GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION—Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files—Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Also, applicants should be aware that on October 11, 2010, Grants.gov implemented a new security build which requires each organization’s e-Biz POC (Point of Contact) update their Grants.gov registration. To complete this step, the e-Biz POC must have their DUNS number and CCR MPIN. We recommend this step be completed several days before application submission unless the e-Biz POC has already responded to this requirement. For more information on this topic, please visit this Grants.gov information link: <http://www.grants.gov/securitycommebiz/>.

1) REGISTER EARLY

Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]

2) SUBMIT EARLY

We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the CCR (Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) VERIFY SUBMISSION IS OK

You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/assets/AdobeReaderErrorMessages.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

SUBMISSION PROBLEMS—WHAT SHOULD YOU DO?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

HELPFUL HINTS WHEN WORKING WITH GRANTS.GOV

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application.

You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

DIAL-UP INTERNET CONNECTIONS

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. **(See the Federal Register notice for detailed instructions.)**

MAC USERS

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

ATTACHING FILES—ADDITIONAL TIPS

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include .pdf files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to this Grants.gov webpage with links to conversion programs: http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs

2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

APPLICATION TRANSMITTAL INSTRUCTIONS FOR MAIL OR HAND DELIVERY IF A WAIVER HAS BEEN OBTAINED

SUBMISSION OF PAPER APPLICATIONS BY MAIL.

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

BY MAIL THROUGH THE U.S. POSTAL SERVICE:

U.S. Department of Education
Application Control Center
Attention: (CFDA number 84.133E-1 and 84.133E-3)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260

Regardless of which address you use, you must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

SUBMISSION OF PAPER APPLICATIONS BY HAND DELIVERY.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133E-1 and 84.133E-3)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

NOTE FOR MAIL OR HAND DELIVERY OF PAPER APPLICATIONS:

If you mail or hand deliver your application to the Department—

- (1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

**SECTION K
REQUIRED FORMS
AND
FORM INSTRUCTIONS**

REQUIRED FORMS

All electronic and paper (if a waiver has been submitted and approved) applications submitted to NIDRR must include the following forms/parts:

- Application for Federal Assistance (SF 424)
- Table of Contents
- Abstract
- ED Budget Information Non-Construction Programs (ED-524)
- Budget Narrative
- Project Narrative
- General Education Provisions Act (GEPA) Requirements – Section 427
- GG Lobbying Form (90-0013)
- Faith Based Survey on EEO
- ED Supplemental Form for SF 424
- SF LLL Disclosure of Lobbying
- Vitae/Bibliography/Letters of Support

A separate application must be submitted for each grant sought. No grant may be awarded unless the completed application forms have been received. All above forms are mandatory and must be submitted with the application. If an item does not appear to be relevant, write "NA" for not applicable.

Instructions for each form are provided on the Grants.gov website.

INSTRUCTIONS FOR THE SF-424

This is a standard form required for use as a cover sheet for submission of pre-applications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the federal agency (agency). Required fields on the form are identified with an asterisk (*) and are also specified as “Required” in the instructions below. In addition to these instructions, applicants must consult agency instructions to determine other specific requirements.

INSTRUCTIONS FOR U.S. DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR THE SF-424

1. Project Director.

Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant.

Check **“Yes”** or **“No”** only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank**.

Check **“Yes”** if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check **“No”** if you do not meet the requirements for novice applicants.

3. Human Subjects Research.

(See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.”)

If Not Human Subjects Research.

Check **“No”** if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research.

Check **“Yes”** if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check **“Yes”** even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page

entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations.

Check **“Yes”** if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information Form SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations.

Check **“No”** if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information Form SF 424

3a. Human Subjects Assurance Number.

If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter **“None.”** In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**NOTE ABOUT
INSTITUTIONAL REVIEW BOARD APPROVAL.**

ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

PAPERWORK BURDEN STATEMENT

According to the *Paperwork Reduction Act of 1995*, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to:

U.S. Department of Education
Washington, DC 20202-4700

If you have comments or concerns regarding the status of your individual submission of this form write directly to:

DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

(Attachment to Instructions for Supplemental Information for SF 424)

Definitions

Novice Applicant (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Protection of Human Subjects in Research

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research

activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the*

investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. **If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if**
- children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed

that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including

their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials:

Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent:

Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks:

Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk:

Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and

assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:**

Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):**

If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the

sites and briefly describe their involvement or role in the research.

INSTRUCTIONS FOR ED 524

GENERAL INSTRUCTIONS

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY—U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

- (1) Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government.
- (2) If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement.
- (3) If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

SECTION B: BUDGET SUMMARY—NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED's general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB's website at:

www.whitehouse.gov/omb/circulars

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at:

www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact 202-377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

Note: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646),

which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §§874) and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 327-333), regarding labor standards for federally assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq); (f) conformity of Federal actions to State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under

the Endangered Species Act of 1973, as amended, (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1721 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead- based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that

can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to

such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for

secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.
- (b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

PAPERWORK REDUCTION ACT STATEMENT

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503

SURVEY INSTRUCTIONS ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

PROVIDE THE APPLICANT'S (ORGANIZATION) NAME AND DUNS NUMBER AND THE GRANT NAME AND CFDA NUMBER.

1. Self-explanatory.
2. Self-identify.
3. Self-identify.
4. 501(c)(3) status is a legal designation provided on application to the Internal Revenue Service by eligible organizations. Some grant programs may require nonprofit applicants to have 501(c)(3) status. Other grant programs do not.
5. Self-explanatory.
6. For example, two part-time employees who each work half-time equal one full-time equivalent employee. If the applicant is a local affiliate of a national organization, the responses to survey questions 2 and 3 should reflect the staff and budget size of the local affiliate.
7. Annual budget means the amount of money your organization spends each year on all of its activities.
