Dear Applicant:

Thank you for your interest in applying for a grant under the Fulbright-Hays Group Projects Abroad (GPA) program. Included in this application booklet are the program introduction, instructions, and forms needed to submit a complete application package to the U.S. Department of Education.

The GPA program supports short-term study abroad opportunities for faculty and teachers to strengthen area studies, and for upperclassmen and graduate students to improve foreign languages.

In the Fiscal Year (FY) 2008 competition, there are two competitive preference priorities for this program. The U.S. Department of Education (Department) strongly encourages all applicants to address the relevant competitive preference priorities. For additional information about the competitive preference priorities, refer to the Federal Register notice inviting applications for new awards for FY 2008.

This letter highlights a few items in the FY 2008 application package that will be important to you in applying for grants under this program. You should review the entire application package carefully before preparing and submitting your application. Information on the GPA Program is accessible at the U.S. Department of Education (Department) Web site at:

<http://www.ed.gov/programs/iegpsgpa/index.html>

Please be sure to review thoroughly the entire application booklet for information concerning the GPA Program. Applicants should pay particular attention to the section entitled “Competition Highlights” that outlines absolute and competitive priorities as well as other program and competition details.

The Department is requiring that applications for FY 2008 grants under the GPA Program be submitted electronically using Grants.gov. You are urged to acquaint yourself with the requirements of Grants.gov early. A more thorough discussion is included in the application package. Grants.gov is accessible through its portal page at:

<http://www.grants.gov>

We also urge you to consider the following three extremely important administrative factors if you are planning to apply for this program:

1. We strongly encourage you to register in Grants.gov early. The registration procedures may require 5 or more days to complete.
2. We strongly recommend that you submit your application 2-3 days prior to the closing date. The time it takes to upload an application will vary depending on your application and the speed of your Internet connection. The application submission process must be complete prior to the deadline for transmittal of applications.
3. In order to submit successfully, you must remember to provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

After you electronically submit your application, you will first receive an e-mail from Grants.gov acknowledging the date and time at which your application was received. You will receive a second e-mail from Grants.gov that will state that your application has been validated OR that your application was rejected with errors. If your application is validated, you will receive a third e-mail from the Department of Education with an assigned PR/Award number, which is an ED-specified identifying number that is unique to your application. **This third confirmation by e-mail, with a PR/Award number assigned, is the e-mail that verifies that your application was submitted on time by the closing date. This may take several days.**

For information (including dates and times) about how to submit your application electronically, please refer to the official Notice Inviting Applications for New Awards for FY 2008 published in the Federal Register.

You are reminded that the document published in the Federal Register (the Closing Date Notice) is the official document, and that you should not rely upon any information that is inconsistent with the guidance contained within the official document.

A program officer is available to provide technical assistance if you have any questions after reviewing the application. Please refer to the introduction that follows for the names and telephone numbers of the contact persons.

We look forward to receiving your application and appreciate your efforts to promote excellence in international education.

Sincerely,

/signed/

Thomas C. Dawson III
Deputy Assistant Secretary
Higher Education Programs

Competition Highlights

1. **GPA applications submitted for FY 2008 must be submitted electronically using Grants.gov.** You are urged to acquaint yourself with the requirements of Grants.gov early as the registration procedures may require 5 or more days to complete. A more thorough discussion is included later in this application package. Grants.gov is accessible through its portal page at:

<http://www.grants.gov>

2. It is important to know that the Grants.gov site works differently than the Department's e-Application system, used in past competitions.

Grants.gov does not allow applicants to "un-submit" applications. Therefore, if you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must "re-submit" the application. You should know that if the Department receives duplicate applications, we will accept and process the application with the latest "date/time received" validation.

3. Please note the following program priorities:

- a. **Absolute:** We consider only applications that meet this priority. This priority is: a group project must focus on one or more of the following geographic regions of the world: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East.
- b. **Invitational: Please note that there will be no invitational priority this year for undergraduate study abroad projects.** Applicants may submit a proposal for a student study abroad project under the Short-Term Seminar Project category. Please refer to the Project Type 1: Short-Term Seminar Project description under section R of Supplemental Information.
- c. **Competitive Preference Priorities (2):**
 - i. **Competitive Preference Priority I:** An additional five (5) points will be awarded to an application that meets this priority. This priority is: applications that propose projects in the countries in which the following critical languages are spoken: Arabic, Chinese, Japanese, Korean, Russian, as well as Indic, Iranian, and Turkic language families.
 - ii. **Competitive Preference Priority II:** An additional five (5) points will be awarded to an application that meets this priority. This priority is: short-term projects abroad that develop and improve foreign language and area studies at elementary and secondary schools.

Please note that these priorities are explained in detail in the Notice Inviting Applications contained in this application package. You are urged to fully review the Notice Inviting Applications carefully before preparing your application.

4. The application must be received on or before the deadline date and time. Please note that U.S. Department of Education grant application deadlines fall at 4:30pm EST. Late applications will not be accepted. **We suggest that you submit your application several days before the deadline.** The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.
5. Electronic submission of applications is required; therefore, you must submit an electronic application unless you follow the procedures outlined in the Federal Register notice inviting applications for new awards for FY 2008 and qualify for one of the (rare) exceptions to the electronic submission requirement.
6. All applicants are required to adhere to the 40-page limit for the Project Narrative portion of the application.

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit the application. (This is different from e-Application, where you are working online and saving data to the Department's database.) You must provide the DUNS number that was used when your organization registered with the Central Contractor Registry (CCR).

Please go to <http://www.grants.gov/ForApplicants> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application Tips found on the Grants.gov homepage <http://www.grants.gov>. Also, refer to the procedures and tips for applicants found in this application booklet.

You are reminded that the document published in the Federal Register is the official document, and that you should not rely upon any information that is inconsistent with the guidance contained within the official document.

The grant does not provide funds for project-related expenses within the United States. Grant funds may be used only for the following:

The U.S. Department of Education encourages cost sharing by the participants and their affiliated institutions, school districts, or organizations to cover the expenses within the U.S., and to make up the difference between the grant and the costs of the activities abroad.

F. Evaluation of Applications for Awards

A three-member panel of non-federal evaluators reviews each application. Each reviewer will prepare a written evaluation of the application and assign points for each selection criterion.

G. Selection of Grantees

The Secretary will select an application for funding in rank order, based on the application’s total score for the selection criteria and competitive priority points. If there are insufficient funds to fund all applications with the same total score, the Secretary will choose among the tied applications. Please note that once Departmental approval has taken place for

recommended applications, approval must also be obtained from the J. William Fulbright Foreign Scholarship Board.

H. Applicant Funding

The Department is often unable to award the full amount of funds requested. Applicants should pay close attention to the “Maximum Award” section of the Notice. The Department will not fund any application at an amount exceeding the applicable maximum award level.

I. Notice to Successful Applicants

The Department's Office of Legislation and Congressional Affairs will inform the Congress regarding applicants approved for new GPA grants. Successful applicants will receive award notices by mail shortly after the Congress is notified. No funding information will be released before the Congress is notified. O. Performance Reports

All GPA grantees must submit project performance reports using the International Resource Information System (IRIS) electronic reporting system. If you wish to view the performance report currently required, visit the IEPS Web site at <http://www.ed.gov/programs/iegpsgpa/performance.html>. Please be advised that the report is for informational purposes only, and does not reflect the actual reporting instrument that you

will use, should you receive a FY 2008 grant award. The performance report will assist IEPS staff in determining whether or not the GPA project is making substantial progress toward meeting the approved project objectives and whether or not a continuation award (if applicable) is in the best interest of the federal government. Project Directors will be responsible for overall project reports as well as entering project participant information into the system and ensuring that participants complete and submit individual reports.

The IRIS reporting instrument includes sections for grantees to input data and information that respond to the Government Performance and Results Act (GPRA) to assess overall program performance.

P. Resources for Proposal Development

National Resource Centers (NRCs) are funded by the U.S. Department of Education and serve the general purpose of training specialists in modern foreign languages and area or international studies. Most NRC institutions have outreach coordinators whose general purpose is to disseminate information and assist other institutions and individuals with accessing needed information and resources. Institutions interested in submitting proposals to the GPA program are encouraged to contact NRCs and their outreach coordinators for assistance in accessing suitable resources for proposal and program development. Additional information can be found at the NRC program website at: <http://www.ed.gov/programs/iegpsnrc/index.html>.

I. Funding Opportunity Description

Purpose of Program: The Fulbright-Hays Group Projects Abroad (GPA)

Program supports overseas projects in training, research, and curriculum development in modern foreign languages and area studies for groups of teachers, students, and faculty engaged in a common endeavor. Projects are short-term and include seminars, curriculum development, or group research or study. This competition also will support advanced overseas intensive language projects, which give advanced language students the opportunity to study languages overseas.

Priorities: In accordance with 34 CFR 75.105(b)(2)(ii), these priorities are from the regulations for this program (34 CFR 664.31(g) and 664.32).

Absolute Priority: For FY 2008, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Specific geographic regions of the world: A group project funded under this priority must focus on one or more of the following geographic regions of the world: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East.

Within this absolute priority, we give competitive preference to applications that address the following priorities.

Competitive Preference Priority I: For FY 2008 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), and 664.31(g) we award an additional five (5) points to an application that meets this priority.

This priority is:

Applications that propose short-term projects abroad and advanced overseas intensive language programs in the countries in which the following critical languages are spoken: Arabic, Chinese, Japanese, Korean, Russian, as well as the Indic, Iranian, and Turkic language families.

Competitive Preference Priority II: For FY 2008, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), and 664.31(g) we award an additional five (5) points to a short-term project abroad application, that meets this priority.

This priority is:

Short-term seminars that develop and improve foreign language and area studies at elementary and secondary schools.

Program Authority: 22 U.S.C. 2452.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

(b) The regulations for this program in 34 CFR part 664.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: The Administration has requested \$12,610,000 for the Overseas programs for FY 2008, of which we intend to allocate \$4,263,000 for the GPA competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process if Congress appropriates funds for this program. Note: As part of its FY 2008 budget request, the Administration proposed to continue to allow funds under this program to be used to support the participation of individuals who plan to apply their language skills and knowledge of countries vital

to the United States' national security in fields outside teaching, including government, the professions, or international development. Therefore, institutions of higher education may propose projects for visits and study in foreign countries by individuals in these fields, in addition to those planning a teaching career. However, authority to use funds for participants outside of the field of teaching depends on final Congressional action. Applicants will be given an opportunity to amend their applications if this authority is not provided.

Estimated Range of Awards: \$50,000 - \$90,000 for short-term projects; \$50,000 - \$375,000 for the advanced overseas intensive language projects.

Estimated Average Size of Awards: \$74,000 for short-term abroad projects and \$104,000 for the advanced overseas intensive language projects.

Maximum Award: We will reject any short-term abroad project application that proposes a budget exceeding \$90,000 for a single budget period of 12 months. We will reject any advanced overseas intensive language application that proposes a budget exceeding \$375,000 for a single budget period of 12 months. The Assistant Secretary for Postsecondary Education may change the maximum amount through a notice published in the Federal Register.

Estimated Number of Awards: 45.

Note: The Department is not bound by any estimates in this notice.

a. Electronic Submission of Applications.

Applications for grants under the Fulbright-Hays, Groups Projects Abroad Program – CFDA Number 84.021A must be submitted electronically using the Governmentwide Grants.gov Apply site at: <http://www.Grants.gov> Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit the application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You can access the electronic grant application for the GPA Program at: <http://www.Grants.gov> You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.021, not 84.021A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted, and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider the application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve the

application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at: <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR), and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see

<http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>)

. You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit the application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application,

you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipts by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to its application).

Government Performance and Results Act (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2012. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Increase student achievement, reward qualified teachers, and renew troubled schools so that every student can read and do math at grade level by 2014, as called for by the No Child Left Behind Act.

Goal 2: Encourage more rigorous and advanced coursework to improve the academic performance of our middle and high school students.

Goal 3: Work with colleges and universities to improve access, affordability, and accountability, so that our higher education system remains the world's finest.

The performance indicators for the International Education Programs are part of the Department's plan for meeting Goal 3.

What is the Performance Indicator for the Fulbright-Hays Group Projects Abroad Program?

The objective of the GPA program is to meet the nation's security and economic needs through the development of a national capacity in foreign languages, and area and international studies. Under the Government Performance and Results Act, the Department will use the following measures to evaluate the success of the program in meeting this objective.

GPA Performance Measures:

- a. The difference between the average language competency of the Fulbright-Hays Group Projects Abroad program recipients at the end of their period of instruction and their average competency at the beginning of the period.
- b. Percentage of GPA projects judged to be successful by the program officer, based on a review of information provided in annual performance reports.

The information provided by grantees in their performance reports submitted via the electronic International Resource Information System (IRIS) will be the source of data for this measure.

Instructions for Budget Summary Form & Itemized Line Item Budget

NOTE: Applicants to the GPA program must submit two documents: (1) a budget summary form to categorize requested funds (ED Form 524), **AND** (2) a detailed line item budget with budget narrative justification.

The budget summary is to be included on the “Department of Education Budget Summary Form – (ED Form 524).” The applicant must complete both Sections A & B.

Both the detailed line item budget AND the accompanying budget narrative justification should be included in the “Budget Narrative Attachment Form,” which requests information on the applicant’s financial plan for carrying out the project.

It is **suggested** that applicants organize their budgets using either three columns or categories to indicate funding streams as follows: 1) federal funds (GPA program) requested; 2) applicant and other institutional cost share funds to be provided; and 3) project participant and other cost share funds to be provided. (Please note that matching is not required for the GPA program, but is highly encouraged.) Applicants should describe how all costs support project activities.

The budget should only include costs that are allowable, reasonable and necessary for carrying out the objectives of the GPA project. Please note that federal funds under the GPA program are provided **only** for project-related expenses within the host country(ies) and **may not** be used for project-related expenses within the United States. Please consult the listing of allowable grant expenses located under Financial Provisions in the Supplemental Information section.

For the Fiscal Year 2008 competition, applicants may receive funding for up to one year for short-term projects and four years for the Advanced Overseas Intensive Language Training projects.

For each line item, provide detailed costs (in dollars) and narrative justification to support your request. Please check all figures and combined totals and compare the line item budget figures to those used on the ED Form 524 for both Sections A & B.

Please note the following GPA program policy guidelines:

1. **Personnel**: GPA program policies generally allow for grant funds to be used for only one administrative person (normally the Project Director). If additional U.S.-based administrative personnel, such as a curriculum specialist or scholar escort, are necessary to achieve project objectives, they must be well justified in order to be paid for with GPA funds OR their expenses may be paid for using other sources of funding.

Please note that the GPA program **will not** provide funding for U.S.-based salaries and fringe benefits. Under this section, the applicant may regard these expenses as part of the applicant matching contribution. If personnel costs are included here as cost share, details such as the following should be provided: position titles, specific time commitment to project for each staff person in days/months, and other relevant information.

2. **Fringe Benefits**: Please see comments from the Personnel section above.

3. Travel: The applicant may request funds to cover project-related international and internal host country travel. Details should be included to explain the mode of transportation for which funding is requested.

Indicate the number of persons traveling, whether they are participants or administrative personnel, where the group is traveling to, and a breakdown of the travel costs. Transportation costs should not exceed economy class fares. All travel must be related to the project objectives and proposed activities.

A maintenance stipend (per diem) for each group member may be requested for the overseas phase of the project. This should be based on fifty percent of the amount established in the U.S. Department of State publication, “Maximum Travel Per Diem Allowances For Foreign Areas;” <http://www.state.gov/m/a/als/prdm/c16476.htm>. Budgets should include details such as the number of days to be spent in each city/region.

4. Equipment: Not applicable. Leave blank.
5. Supplies: Applicants may request GPA funds to cover the purchase of project-related books, artifacts, and other teaching materials in the host country. GPA funds cannot be used to purchase materials in the U.S. An itemized list of supplies and the proposed costs for each should be provided.
6. Contractual: Contractual or consultant costs may include payments to host country instructional and administrative personnel (such as lecturers, host country administrators or organizers, clerical and professional services provided by resident host country personnel, evaluators, and language instructors.) GPA funds cannot be used to pay for U.S.-based contractors or consultants.
7. Construction: Not applicable. Leave blank.
8. Other: Other miscellaneous costs may be requested in this section. Examples may include rent for instructional facilities in the host country, communication costs, including cell phone expenses in the host country, equipment rental, admission fees for site visits, utilities, printing costs or other expenses considered vital to the project’s success and based in the host country. A clear breakdown should be provided for how all costs were calculated.
9. Total Direct Costs: Provide the total direct costs requested.
10. Indirect Costs: Indirect costs are **not allowable** under the GPA program.
11. Training Stipends: Not applicable. Leave blank.
12. Total Costs: Provide the total amount that you are requesting from the GPA program. Note: This amount should also be the same as that shown as 14a on the application face sheet (SF 424).

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

- 1) **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]
- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30 pm on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30 p.m. on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30 p.m. Washington, D.C. time, on the closing date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/help/submit_application_faqs.jsp#10. For more detailed information on why an application may be rejected, you can review Application Error Tips <http://www.grants.gov/section910/ApplicationErrorTips.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide on your application the DUNS number that was used when your organization registered with the CCR.**

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

If you do not have a Windows operating System, you will need to use the Citrix solution discussed on Grants.gov or a Windows Emulation program to submit an application using Grants.gov. For additional information, review the FAQs for non-windows users http://www.grants.gov/resources/download_software.jsp#non_window. Also, to view white paper for Macintosh users published by Pure Edge go to the following link: <http://www.grants.gov/section678/PureEdgeSupportforMacintosh.pdf>, and/or contact Grants.gov Customer Support (<http://www.grants.gov/contactus/contactus.jsp>) for more information. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

ATTENTION – Microsoft Vista and Word Users

Please note that Grants.gov does not currently support the new Microsoft Vista Operating system. The PureEdge software used by Grants.gov for forms is not compatible with Vista.

In addition, the new version of Microsoft Word saves documents with the extension .DOCX. The Grants.gov system does not process Microsoft Word documents with the extension .DOCX. When submitting Microsoft Word attachments to Grants.gov, please use the version of Microsoft Word that ends in .DOC. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

GRANTS.GOV REGISTRATION INSTRUCTIONS FOR ORGANIZATIONS

The Grants.gov registration process involves three basic steps:

1. Register your organization
 - Obtain a D-U-N-S Number (see below for instructions)
 - Register with the Central Contractor Registry (see below for instructions)
2. Register yourself as an Authorized Organization Representative (AOR)
 - Obtain a username and password from the Grants.gov credential provider (<https://apply.grants.gov/OrcRegister>)
 - Register with Grants.gov (<https://apply.grants.gov/GrantsgovRegister>)
3. Get authorized as an AOR by your organization
 - Receive approval from your organization's E-Business POC (see CCR instructions below for details)
 - If you are both the E-Business POC and an AOR, you should authorize your own AOR request

For more information, go to http://www.grants.gov/applicants/get_registered.jsp.

Note: If you are a grant applicant who is submitting a grant application on your own behalf and not on behalf of a company, institution, state, local or tribal government, or other type of organization, refer to <http://www.grants.gov/assets/IndividualRegCheck.pdf>. If you apply as an individual to a grant application package designated for organizations, your application will be rejected.

D-U-N-S NUMBER INSTRUCTIONS

To successfully submit an application using Grants.gov, you must provide your organization's D-U-N-S Number. A D-U-N-S Number is a unique nine-digit number issued by D&B, a global information services provider, that identifies your organization and is used by the Federal government to track how Federal money is distributed. Most large organizations, libraries, colleges, and research universities already have D-U-N-S numbers. Ask your grant administrator or chief financial officer to provide your organization's D-U-N-S number.

If your organization does not have a D-U-N-S Number, you can obtain one at no charge by calling 1-866-705-5711 or by completing a D-U-N-S Number Request Form (http://www.dnb.com/US/duns_update/index.html). You will need to provide the following information:

- Legal name
- Tradestyle, doing business as (DBA), or other name by which your organization is commonly recognized
- Physical address, city, state and zip code
- Mailing address (if separate)
- Telephone number
- Contact name
- SIC code (Line of Business)
- Number of employees at your location
- Headquarters name and address (if there is a reporting relationship to a parent corporate entity)
- Is this a home-based business?

Obtaining a DUNS number places your organization on D&B's marketing list, which is sold to other companies. You can request not to be added to this list during your application.

CENTRAL CONTRACTOR REGISTRATION (CCR) INSTRUCTIONS

The Central Contractor Registration (CCR) is a web-enabled government-wide application that collects, validates, stores, and disseminates business information about the Federal government's trading partners in support of the contract award, grants, and electronic payment processes.

Check to see if your organization is already registered at the CCR website (<http://www.bpn.gov/ccrinq/scripts/search.asp>).

If your organization is already registered, take note of who is listed as your E-Business Point of Contact (E-Business POC). This person will be responsible for authorizing who within your organization is able to submit applications using Grants.gov.

If your organization is not already registered, you can register using the CCR website (<https://www.bpn.gov/ccr/scripts/indexnew.asp>) or by phone (1-888-227-2423). When your organization registers with CCR, you will need to designate an E-Business Point of Contact (POC). This designee authorizes individuals to submit grant applications on behalf of the organization. A special Marketing Partner ID Number (MPIN) is established as a password to verify the E-Business POC.

The E-Business POC will be notified by e-mail when individuals from their organization register with Grants.gov. This registration is a request to be designated as an Authorized Organization Representative (AOR). To assign AOR rights, E-Business POCs need to log into Grants.gov (http://www.grants.gov/applicants/e_biz.jsp) using the organization's D-U-N-S Number and MPIN. Grants.gov will send the AOR a confirmation e-mail when this process has been completed.

Please note that your CCR registration must be renewed once a year. You can check your registration status using the CCR search page (<http://www.bpn.gov/ccrinq/scripts/search.asp>).

If you have further questions about creating, updating or renewing your CCR registration, please visit the CCR Frequently Asked Questions page (<http://www.ccr.gov/FAQ.asp>) or contact the CCR Help Desk at 888-227-2423.

ATTENTION – Microsoft Vista and Word Users

Please note that Grants.gov does not currently support the new Microsoft Vista Operating system. The PureEdge software used by Grants.gov for forms is not compatible with Vista.

In addition, the new version of Microsoft Word saves documents with the extension .DOCX. The Grants.gov system does not process Microsoft Word documents with the extension .DOCX. When submitting Microsoft Word attachments to Grants.gov, please use the version of Microsoft Word that ends in .DOC. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Intergovernmental Review, State Single Point of Contact

Intergovernmental Review of Federal Programs was issued to foster an intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive Order 12372. A listing of the Single Point of Contact for each State may be viewed at: <http://www.whitehouse.gov/omb/grants/spoc.html>.

General Education Provisions Act (GEPA) Section 427

***ALL APPLICANTS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation that you may address: *gender, race, national origin, color disability, or age.*

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

***Note: Applicants are required to address this provision by attaching a statement to the ED GEPA 427 Form that must be downloaded from Grants.gov.**

a. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424

3a. Human Subjects Assurance Number. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute

research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing,

employability, or reputation. *If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.* [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the

narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

Section C - Budget Narrative [Attach separate sheet(s)]
Pay attention to applicable program specific instructions,
if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.
