UNITED STATES DEPARTMENT OF EDUCATION

Dear Applicant:

Thank you for your interest in applying for a grant in the fiscal year (FY) 2010 competition for new awards under the Language Resource Centers (LRC) program. The LRC program provides grants to institutions of higher education to establish, strengthen, and operate centers that serve as resources for improving the nation's capacity for teaching and learning foreign languages.

In this competition, the Department requires applicants to submit grant applications electronically, using the Electronic Grant Application System (e-Application) available through the Department's e-Grants system. You may access the system through the e-Grants portal page at: <http://e-grants.ed.gov>

This application booklet contains complete information about how to submit your application electronically or by mail or hand delivery, if you qualify for an exception to the electronic submission requirement.

For information about the invitational and competitive preference priorities for the LRC Program, refer to the Federal Register Notice Inviting Applications for New Awards for FY 2010

The Notice Inviting Applications for New Awards published in the Federal Register is the official document that contains the guidance for preparing a LRC grant application. You should not rely upon any information that is inconsistent with the guidance contained in the official document. If you have any questions or require additional information, please contact Cynthia Dudzinski at cynthia.dudzinski@ed.gov or by phone at (202) 502-7589.

We encourage applicants to review the "Competition Highlights" found in the application package for an overview of important items.

Finally, I would like to share with you the importance of ensuring that your application includes a strong evaluation plan. The peer reviewers will be instructed to look closely at each applicant's plan of evaluation. Applicants must clearly state the performance goals for their projects and the performance indicators for the project. The evaluation plan should include clear information about the methodology that will be employed, the validity of the methodology, and the appropriate controls that will be included in the evaluation plan.

The evaluation plan should also include a description of the strategies that will be utilized to ensure that the evaluation plan will be independent in nature and led by an individual or entity other than the project director or materials developers. The evaluation plan should follow the development of the project and provide benchmarks for the measurement of progress throughout the grant award period. Where appropriate, attempt to link program outcomes to specific activities or materials. You should respond to all aspects of the questions in the Supplemental Application Instructions of the application regarding the development of your evaluation activity.

I appreciate your interest in LRC program and look forward to receiving your application.

Sincerely,

Alan J. Schiff
Acting Deputy Assistant Secretary
Higher Education Programs

e-Application Submission Procedures and Tips for Applicants

<http://e-grants.ed.gov>

To facilitate your use of e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you have not used e-Application in the past, you may want to walk through the Demo available on the e-Application homepage. If you encounter difficulties, you may also contact the e-Grants help desk on 1-888-336-8930. The following are steps you should follow to successfully complete an application with e-Application.

Step 1 – **Determine** if your program is accepting electronic applications. The Federal Register Notice of each program will indicate whether the program is accepting e-Applications as part of the Department's e-Application program. Here is a link to the Department's Federal Register notices: <http://www.ed.gov/news/fedregister/announce/index.html>. Additional information on the Department of Education's grant programs can be found at <http://www.ed.gov/about/offices/list/ocfo/grants/grants.html>.

Step 2 – **Register in e-Application** to access the application package. If you are a new user, you will need to register to use e-Application. From the e-Grants Portal Page <http://e-grants.ed.gov/>, click on the continue button and click the register button on the right side of the next page. Select the e-Application module and click the next button. Please provide the requested information. Your e-Grants password will be sent to the e-mail address you provide. Once you receive the e-mail, enter your username and password and click the login button.

If you already have a username and password for e-Grants, use them to login. If you have access to more than one e-Grants module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all e-Grants modules. In order to update your registration for additional e-Grants modules, click the appropriate tab on the top of the screen and provide the requested information.

Note the following browser compatibility problems. The site is viewed best in Internet Explorer 5. We currently support IE 5, Netscape 6.2, Firefox 2.2 (along with later versions of IE, Netscape and Firefox). Please make sure that you have **Cookies** and **JavaScript** enabled in your browser.

Step 3 - Add Application Package to your Start Page. From your Start Page, click on the "Add" button to see the list of application packages. Click on a specific package link on the List of Application Packages to apply. The package will now appear on your Start Page. From this point forward, you will access your unique application from your Start Page (not the Packages Page).

Step 4 - Begin the Application. Click on the underlined Application Package Title on your Start Page. This brings you to a page where you will see all of the application's forms and narratives listed as underlined links.

Step 5 - Fill out Forms. Enter a form by clicking on the underlined form title in order to enter data. Remember to click the "Save" button at the bottom of the form and check the "Form Completed" box for each form as you complete it.

Step 6 - Upload File(s) for Narrative Responses. Click on an underlined narrative form title for the e-Application. Enter the title of the document, and click on the "Browse" button to locate your file. Remember to click the "Save" button after you upload the document and check the "Form Completed" box when you finish uploading your file(s). Please note for file uploads, we accept .doc, .rtf, and .pdf files only. If you are using Word 2007, please save your document in a lower version of Word before uploading into e-Application.

Step 7 - Verify Information/Print Application. Verify your information is complete and correct on all required forms and narratives. You have the option to print each form at any time by clicking on the print/view icon  next to the appropriate form. After submission of the forms and narratives, you have the option to print a complete e-Application package in PDF by clicking on the "Request Complete Package in PDF" on the e-Application PR/Award page. A second window will open informing you that your request has been received and that you will be notified via e-mail once it is available. This process can take anywhere from a few minutes to a few hours. Once you receive the e-mail, click on the link in the text of the message and enter your username and password in the new window. This will open the PDF file from which you can view/print the entire package. In addition, a blank complete package in PDF will be accessible from the package page in e-Application.

Step 8 - Submit your Application. Only authorized individuals for your organization can submit an application. Please check with your Authorizing Representative or sponsored research office before submission. Click on the "Ready to submit" button at the bottom of your application. Enter and verify the Authorizing Representative information. Click the "Submit" button. You will receive an e-mail to confirm that your application was received, and it will include a unique application number. Please print and keep this e-mail for your records. [Reminder: applications must be submitted before 4:30:00 p.m., Washington, DC time, on the deadline date for applications. e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 9 - Fax the signed SF 424 Cover Page (or Program Specific Cover Page). Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. In addition, please try practicing with our e-Application Demo site by clicking on the Demo button found on the upper left corner of the e-Application Home Page. Both the User Guide and Demo can be found at <http://e-grants.ed.gov>.

Other Submission Tips

- 1) **SUBMIT EARLY - We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 p.m., Washington, DC time on the deadline date, the e-Application system will not accept it.
- 2) If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

- 3) **Dial-Up Internet Connections** - When using a dial-up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial-up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). If using Word 2007, save your file to an earlier version of Word before uploading. Also, do not upload any password-protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these

conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

3. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation, which is anywhere from 2 to 8 MB, and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

FREQUENTLY ASKED QUESTIONS

Q: What is the Funding Opportunity Number required for Item 12 in the SF-424?

A: ED-GRANTS-030510-001

Q: Our center has received an LRC grant in the past. Is it appropriate to refer to this in our application?

A: Yes, however, International Education Programs Service (IEPS) strongly suggests that you refrain from referring to your proposal as an application for "renewal" of your grant. A new competition for grant awards is held every four years. In selecting applications for funding, no preference is given to applicants who have received LRC grants in the past.

Q: What techniques does the U.S. Department of Education (US/ED) consider helpful for presenting the application narrative and other important information?

A: In presenting the application narrative (your responses to the selection criteria), we encourage you to follow the order of the selection criteria as listed in the "Instructions for the Project Narrative" section in the application booklet. Additional useful techniques include – using cross-references in the budget and appendices, providing an acronyms list, and using tables and graphs to present information effectively.

Q: What criteria do the reviewers use when scoring an application?

A: Three peer reviewers score each application using the selection criteria in 34 CFR 655.31 and 669.21. The selection criteria are explained further in the section, "Instructions for the Project Narrative." The peer reviewers will evaluate each application using the specific guidelines, the program statute and regulations, as well as any priorities as indicated in the application. The review panels provide written comments and scores to support their judgments about the quality, significance, and impact of the proposed project.

Q: What happens to my application if US/ED finds it to be ineligible?

A: It is not evaluated. Section 75.216 of EDGAR prohibits US/ED from evaluating an application if it does not meet the program eligibility criteria or does not otherwise comply with application requirements. If ineligible, a copy of the application is returned to the applicant with a letter explaining why it was not evaluated.

Q: Should references, footnotes, endnotes, or the bibliography be included in the narrative? How long should they be?

A: References, footnotes, endnotes and the bibliography will certainly strengthen an application. However, they will be considered part of the application narrative, and subject to the page limit restrictions. Please check the Closing Date Notice for more information regarding the narrative page limit.

Q: Do the provisions of the "Fly America Act" apply to this program?

A: Yes. International travel budget estimates ought to be based on jet economy high season rates on U.S. Flag carriers where available.

Q: How will funding continuation decisions be made?

A: Annual performance reports will be submitted in lieu of formal continuation requests. Continuation funding will be contingent upon demonstration of substantial progress toward the completion of the project activities in the annual performance report. Instructions for completing performance reports will be forwarded to successful grantees shortly after the grant awards have been determined.

Q: If an applicant experiences technical difficulties or has questions regarding the e-Application system, whom does he or she contact for assistance?

A: Contact the e-Grants Help Desk at 1-888-336-8930. US/ED program officers are not able to answer technical questions about e-Application.

Q: When will selections be announced?

A: The awards are scheduled to be announced in June.

Q: If an applicant has programmatic questions, whom should he or she contact?

A: He or she should contact US/ED program officer Cynthia Dudzinski at cynthia.dudzinski@ed.gov or via telephone (202) 502-7589.

If you checked “no,” ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check “Other,” specify the name of the Federal or other agency that issued the approved agreement.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at:

<http://www.whitehouse.gov/omb/circulars/index.html>

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at:
<http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those

barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2012. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Increase student achievement, reward qualified teachers, and renew troubled schools so that every student can read and do math at grade level by 2014, as called for by the No Child Left Behind Act.

Goal 2: Encourage more rigorous and advanced coursework to improve the academic performance of our middle and high school students.

Goal 3: Work with colleges and universities to improve access, affordability, and accountability, so that our higher education system remains the world's finest.

The performance indicators for the International Education Programs are part of the Department's plan for meeting Goal 3.

What is the Performance Indicator for the Language Resource Center program?

Language Resource Centers (LRCs) provide grants for establishing, strengthening, and operating centers that serve as resources for improving the nation's capacity for teaching and learning foreign languages through teacher training, research, materials development, and dissemination projects.

LRC Performance Measures:

- a. Number of outreach activities that are adopted or disseminated within a year, divided by the total number of LRC outreach activities conducted in the current reporting period

- b. Percentage of Language Resource Centers projects judged to be successful by the program officer, based on a review of information provided in annual performance
- c. Efficiency measure: cost per high-quality, successfully-completed Language Resource Centers project.

The information provided by grantees in their performance reports submitted via the electronic International Resource Information System (IRIS) will be the source of data for this measure.
