SCHOOL IMPROVEMENT GRANTS

Purpose of the Program

School Improvement Grants (SIG), authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA), are grants to State educational agencies (SEAs) that SEAs use to make competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of students in their lowest-performing schools. Under the final requirements published in the *Federal Register* on October 28, 2010 (<http://www.gpo.gov/fdsys/pkg/FR-2010-10-28/pdf/2010-27313.pdf>), school improvement funds are to be focused on each State's "Priority" or "Tier I" and "Tier II" schools. Tier I schools are the lowest-achieving five percent of a State's Title I schools in improvement, corrective action, or restructuring, Title I secondary schools in improvement, corrective action, or restructuring with graduation rates below 60 percent over a number of years, and, if a State so chooses, certain Title I eligible (and participating) elementary schools that are as low achieving as the State's other Tier I schools ("newly eligible" Tier I schools). Tier II schools are the lowest-achieving five percent of a State's secondary schools that are eligible for, but do not receive, Title I, Part A funds, secondary schools that are eligible for, but do not receive, Title I, Part A funds with graduation rates below 60 percent over a number of years, and, if a State so chooses, certain additional Title I eligible (participating and non-participating) secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years ("newly eligible" Tier II schools). An LEA also may use school improvement funds in Tier III schools, which are Title I schools in improvement, corrective action, or restructuring that are not identified as Tier I or Tier II schools and, if a State so chooses, certain additional Title I eligible (participating and non-participating) schools ("newly eligible" Tier III schools). (See Appendix B for a chart summarizing the schools included in each tier.) In the Priority or Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

ESEA Flexibility

States that have received approval of their ESEA flexibility request will not be required to maintain a separate list of Tier I and Tier II schools. Under this flexibility, an LEA is eligible to apply for SIG funds to implement one of the four school intervention models defined in the SIG final requirements in a priority school even if that school is not in improvement and thus the LEA would not otherwise be eligible to receive SIG funds for the school. An SEA approved to implement this flexibility may award SIG funds above the amount needed for SIG continuation awards to an LEA with Priority schools according to the rules that apply to Tier I and Tier II schools under the SIG final requirements.

Availability of Funds

The Department of Education Appropriations Act, 2012, provided \$535 million for School Improvement Grants in fiscal year (FY) 2012.

FY 2012 school improvement funds are available for obligation by SEAs and LEAs through September 30, 2013.

State and LEA Allocations

Each State (including the District of Columbia and Puerto Rico), the Bureau of Indian Education, and the outlying areas are eligible to apply to receive a School Improvement Grant. The Department will allocate FY 2012 school improvement funds in proportion to the funds received in FY 2012 by the States, the Bureau of Indian Education, and the outlying areas under Parts A, C, and D of Title I of the ESEA. An SEA must allocate at least 95 percent of its school improvement funds directly to LEAs in accordance with the final requirements (<http://www.gpo.gov/fdsys/pkg/FR-2010-10-28/pdf/2010-27313.pdf>). The SEA may retain an amount not to exceed five percent of its allocation for State administration, evaluation, and technical assistance.

Consultation with the Committee of Practitioners

Before submitting its application for a SIG grant to the Department, an SEA must consult with its Committee of Practitioners established under section 1903(b) of the ESEA regarding the rules and policies contained therein. The Department recommends that the SEA also consult with other stakeholders, such as potential external providers, teachers' unions, and business, civil rights, and community leaders that have an interest in its application.

FY 2012 NEW AWARDS APPLICATION INSTRUCTIONS

This application is for use only by SEAs that will make new awards. New awards are defined as an award of SIG funds to an LEA for a school that the LEA was not previously approved to serve with SIG funds in the school year for which funds are being awarded—in this case, the 2012–2013 school year. New awards may be made with the FY 2012 funds or any remaining FY 2009, FY 2010 and FY 2011 funds not already committed to grants made in earlier competitions. The U.S. Department of Education will not require those SEAs that will use FY 2012 funds solely for continuation awards to submit a SIG application. Rather, such an SEA is required to submit an assurance that it is not making new awards, as defined above, through the separate application titled, “Continuation Awards Only Application for FY 2012 SIG Program”.

An SEA that must submit a FY 2012 application will be required to update its timeline for making awards to LEAs, but may retain all other sections from its FY 2010 application, including its lists of Tier I, II, and III schools and priority schools.

PART I: SEA REQUIREMENTS

As part of its FY 2012 application for a School Improvement Grant under section 1003(g) of the ESEA, an SEA will be required to update its timeline, but may retain all other sections from its FY 2011 application, including its lists of Tier I, II, and III schools.

<p><i>For an SEA keeping the same definition of PLA schools, please select one of the following options:</i></p> <input type="checkbox"/> 1. The SEA elects not to generate new lists of Tier I, Tier II, and Tier III schools. The SEA does not need to submit a new list for the FY 2012 application. <input type="checkbox"/> 2. Directions: An SEA that elects to generate new lists or must generate new lists of Priority or Tier I, Tier II, and Tier III schools because it has revised its definition of “persistently lowest-achieving schools” must attach a table to its SIG application that include its lists of all Priority or Tier I, Tier II, and Tier III schools that are eligible for new awards.¹ An SEA that will not generate new lists of Tier I, Tier II, and Tier III schools does not need to submit a new list for the FY 2012 application.

SEAs that generate new lists should create this table in Excel using the format shown below. An example of the table has been provided for guidance.

[PLA list is located in Appendix B.](#)

¹ A “new award” is defined as an award of SIG funds to an LEA for a school that the LEA was not previously approved to serve with SIG funds in the school year for which funds are being awarded—in this case, the 2012–2013 school year. New awards may be made with the FY 2012 funds or any remaining FY 2009, FY 2010 or FY 2011 funds not already committed to grants made in earlier competitions.

² “Newly Eligible” refers to a school that was made eligible to receive SIG funds by the Consolidated Appropriations Act, 2010. A newly eligible school may be identified for Tier I or Tier II because it has not made adequate yearly progress for at least two consecutive years; is in the State’s lowest quintile of performance based on proficiency rates on State’s assessments; and is no higher achieving than the highest-achieving school identified by the SEA as a “persistently lowest-achieving school” or is a high school that has a graduation rate less than 60 percent over a number of years. For complete definitions of and additional information about “newly eligible schools,” please refer to the FY 2010 SIG Guidance, questions A-20 to A-30.

SECTION F: CONSULTATION WITH STAKEHOLDERS

<input checked="" type="checkbox"/> By checking this box, the SEA assures that it has consulted with its Committee of Practitioners regarding the information set forth in its application.

SECTION G: WAIVERS: SEAs are invited to request waivers of the requirements set forth below. An SEA must check the corresponding box(es) to indicate which waiver(s) it is requesting.

WAIVERS OF SEA REQUIREMENTS
NEVADA requests a waiver of the State-level requirements it has indicated below. The State believes that the requested waiver(s) will increase its ability to implement the SIG program effectively in eligible schools in the State in order to improve the quality of instruction and raise the academic achievement of students in Priority or Tier I, Tier II, and Tier III schools.
Waiver 1: Tier II waiver
Note: An SEA that requested and received the Tier II waiver for its FY 2011 definition of “persistently lowest achieving schools” should request the waiver again only if it is generating new lists of Tier I, Tier II, and Tier III schools.

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2012 competition, waive paragraph (a)(2) of the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and incorporation of that definition in identifying Tier II schools under Section I.A.1(b) of those requirements to permit the State to include, in the pool of secondary schools from which it determines those that are the persistently lowest-achieving schools in the State, secondary schools participating under Title I, Part A of the ESEA that have not made adequate yearly progress (AYP) for at least two consecutive years or are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined.

Assurance

The State assures that it will include in the pool of schools from which it identifies its Tier II schools all Title I secondary schools not identified in Tier I that either (1) have not made AYP for at least two consecutive years; or (2) are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined. Within that pool, the State assures that it will identify as Tier II schools the persistently lowest-achieving schools in accordance with its approved definition. The State is attaching the list of schools and their level of achievement (as determined under paragraph (b) of the definition of “persistently lowest-achieving schools”) that would be identified as Tier II schools without the waiver and those that would be identified with the waiver. The State assures that it will ensure that any LEA that chooses to use SIG funds in a Title I secondary school that becomes an eligible Tier II school based on this waiver will comply with the SIG final requirements for serving that school.

Waiver 2: n-size waiver

Note: An SEA that requested and received the n-size waiver for its FY 2011 definition of “persistently lowest-achieving schools” should request the waiver again only if it is generating new lists of Tier I, Tier II, and Tier III schools.

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2012 competition, waive the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and the use of that definition in Section I.A.1(a) and (b) of those requirements to permit the State to exclude, from the pool of schools from which it identifies the persistently lowest-achieving schools for Tier I and Tier II, any school in which the total number of students in the “all students” group in the grades assessed is less than **[10]**.

Assurance

The State assures that it determined whether it needs to identify five percent of schools or five schools in each tier prior to excluding small schools below its “minimum n.” The State is attaching, and will post on its Web site, a list of the schools in each tier that it will exclude under this waiver and the number of students in each school on which that determination is based. The State will include its “minimum n” in its definition of “persistently lowest-achieving schools.” In addition, the State will include in its list of Tier III schools any schools excluded from the pool of schools from which it identified the persistently lowest-achieving schools in accordance with this waiver.

Waiver 3: New list waiver

Because the State does not elect to generate new lists of Tier I, Tier II, and Tier III schools, waive Sections I.A.1 and II.B.10 of the SIG final requirements to permit the State to use the same Tier I, Tier II, and Tier III lists it used for its FY 2011 competition.

Waiver 4: Priority schools list waiver

In order to enable the State to replace its lists of Tier I, Tier II, and Tier III schools with its list of Priority schools under ESEA flexibility, waive the school eligibility requirements in Section I.A.1 of the SIG final requirements.

Assurance

The State assures that, through its request for ESEA flexibility, its priority school definition provides an acceptable alternative methodology for identifying the State’s lowest-performing schools and thus is an appropriate replacement for the eligibility requirements and definition of PLA schools in the SIG final requirements.

WAIVERS OF LEA REQUIREMENTS

NEVADA requests a waiver of the requirements it has indicated below. These waivers would allow any local educational agency (LEA) in the State that receives a School Improvement Grant to use those funds in accordance with the final requirements for School Improvement Grants and the LEA's application for a grant.

The State believes that the requested waiver(s) will increase the quality of instruction for students and improve the academic achievement of students in Priority, Tier I, Tier II, and Tier III schools by enabling an LEA to use more effectively the school improvement funds to implement one of the four school intervention models in its Priority or Tier I, Tier II, or Tier III schools. The four school intervention models are specifically designed to raise substantially the achievement of students in the State's Priority or Tier I, Tier II, and Tier III schools.

Waiver 5: School improvement timeline waiver

Note: An SEA that requested and received the school improvement timeline waiver for the FY 2011 competition and wishes to also receive the waiver for the FY 2012 competition must request the waiver again in this application.

Schools that started implementation of a turnaround or restart model in the 2010-2011, 2011-2012 or 2012-2013 school years cannot request this waiver to "start over" their school improvement timeline again.

Waive section 1116(b)(12) of the ESEA to permit LEAs to allow their Priority or Tier I, Tier II, and Tier III Title I participating schools that will fully implement a turnaround or restart model beginning in the 2013–2014 school year to "start over" in the school improvement timeline.

Assurances

The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests the waiver in its application as part of a plan to implement the turnaround or restart model beginning in 2013–2014 in a school that the SEA has approved it to serve. As such, the LEA may only implement the waiver in Priority or Tier I, Tier II, and Tier III schools, as applicable, included in its application.

The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.

Waiver 6: Schoolwide program waiver

Note: An SEA that requested and received the schoolwide program waiver for the FY 2011 competition and wishes to also receive the waiver for the FY 2012 competition must request the waiver again in this application.

Waive the 40 percent poverty eligibility threshold in section 1114(a)(1) of the ESEA to permit LEAs to implement a schoolwide program in a Priority, Tier I, Tier II, or Tier III Title I participating school that does not meet the poverty threshold and is fully implementing one of the four school intervention models.

Assurances

The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests to implement the waiver in its application. As such, the LEA may only implement the waiver in Priority or Tier I, Tier II, and Tier III schools, as applicable, included in its application.

The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.

ASSURANCE OF NOTICE AND COMMENT PERIOD – APPLIES TO ALL WAIVER REQUESTS
(Must check if requesting one or more waivers)

The State assures that, prior to submitting its School Improvement Grant application, the State provided all LEAs in the State that are eligible to receive a School Improvement Grant with notice and a reasonable opportunity to comment on its waiver request(s) and has attached a copy of that notice as well as copies of any comments it received from LEAs. The State also assures that it provided notice and information regarding the above waiver request(s) to the public in the manner in which the State customarily provides such notice and information to the public (e.g., by publishing a notice in the newspaper; by posting information on its Web site) and has attached a copy of, or link to, that notice.

PART II: LEA APPLICATION

An SEA must develop an LEA application form that it will use to make subgrants of school improvement funds to eligible LEAs.

LEA APPLICATION

SEA is using the same FY 2011 LEA application form for FY 2012.

The SEA does not need to resubmit the LEA application.

SEA has revised its LEA application form for FY 2012.

The SEA must submit its LEA application form with its application to the Department for a School Improvement Grant. The SEA should attach the LEA application form in a separate document.

LEA APPLICATION REQUIREMENTS

The LEA application form that the SEA uses must contain, at a minimum, the information set forth below. An SEA may include other information that it deems necessary in order to award school improvement funds to its LEAs.

A. SCHOOLS TO BE SERVED: An LEA must include the following information with respect to the schools it will serve with a School Improvement Grant.

An LEA must identify each Priority, Tier I, Tier II, or Tier III school the LEA commits to serve and identify the model that the LEA will use in each Priority, Tier I or Tier II school.

SCHOOL NAME	NCES ID #	PRIORITY	TIER I	TIER II	TIER III	INTERVENTION (TIER I AND II ONLY)			
						turnaround	restart	closure	transformation

Note: An LEA that has nine or more Tier I, Tier II or priority schools may not implement the transformation model in more than 50 percent of those schools.

B. DESCRIPTIVE INFORMATION: An LEA must include the following information in its application for a School Improvement Grant.

- (1) For each Priority or Tier I and Tier II school that the LEA commits to serve, the LEA must demonstrate that—
 - The LEA has analyzed the needs of each school and selected an intervention for each school; and
 - The LEA has the capacity to use school improvement funds to provide adequate resources and related support to each Priority or Tier I and Tier II school identified in the LEA’s application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- (2) If the LEA is not applying to serve each Priority or Tier I school, the LEA must explain why it lacks capacity to serve each Priority or Tier I school.
- (3) The LEA must describe actions it has taken, or will take, to—
 - Design and implement interventions consistent with the final requirements;
 - Recruit, screen, and select external providers, if applicable, to ensure their quality;
 - Align other resources with the interventions;
 - Modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively; and
 - Sustain the reforms after the funding period ends.
- (4) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each Priority or Tier I and Tier II school identified in the LEA’s application.
- (5) The LEA must describe the annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics that it has established in order to monitor its Priority or Tier I and Tier II schools that receive school improvement funds.
- (6) For each Tier III school the LEA commits to serve, the LEA must identify the services the school will receive or the activities the school will implement.
- (7) The LEA must describe the goals it has established (subject to approval by the SEA) in order to hold accountable its Tier III schools that receive school improvement funds.
- (8) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA’s application and implementation of school improvement models in its Priority or Tier I and Tier II schools.

C. BUDGET: An LEA must include a budget that indicates the amount of school improvement funds the LEA will use each year in each Priority, Tier I, Tier II, and Tier III school it commits to serve.

The LEA must provide a budget that indicates the amount of school improvement funds the LEA will use each year to—

- Implement the selected model in each Priority or Tier I and Tier II school it commits to serve;
- Conduct LEA-level activities designed to support implementation of the selected school intervention models in the LEA’s Priority or Tier I and Tier II schools; and
- Support school improvement activities, at the school or LEA level, for each Tier III school identified in the LEA’s application.

Note: An LEA’s budget should cover three years of full implementation and be of sufficient size and scope to implement the selected school intervention model in each Priority or Tier I and Tier II school the LEA commits to serve. Any funding for activities during the pre-implementation period must be included in the first year of the LEA’s three-year budget plan.

An LEA’s budget for each year may not exceed the number of Priority or Tier I, Tier II, and Tier III schools it commits to serve multiplied by \$2,000,000 or no more than \$6,000,000 over three years.

Example:

LEA XX BUDGET					
	Year 1 Budget		Year 2 Budget	Year 3 Budget	Three-Year Total
	Pre-implementation	Year 1 - Full Implementation			
Tier I ES #1	\$257,000	\$1,156,000	\$1,325,000	\$1,200,000	\$3,938,000
Tier I ES #2	\$125,500	\$890,500	\$846,500	\$795,000	\$2,657,500
Tier I MS #1	\$304,250	\$1,295,750	\$1,600,000	\$1,600,000	\$4,800,000
Tier II HS #1	\$530,000	\$1,470,000	\$1,960,000	\$1,775,000	\$5,735,000
LEA-level Activities	\$250,000		\$250,000	\$250,000	\$750,000
Total Budget	\$6,279,000		\$5,981,500	\$5,620,000	\$17,880,500

D. ASSURANCES: An LEA must include the following assurances in its application for a School Improvement Grant.

The LEA must assure that it will—

- (1) Use its School Improvement Grant to implement fully and effectively an intervention in each Priority or Tier I and Tier II school that the LEA commits to serve consistent with the final requirements;
- (2) Establish annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each Priority or Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive school improvement funds;
- (3) If it implements a restart model in a Priority, Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements;
- (4) Monitor and evaluate the actions a school has taken, as outlined in the approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality.
- (5) Monitor and evaluate the actions schools have taken, as outlined in the approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of SIG funding.; and
- (6) Report to the SEA the school-level data required under section III of the final requirements.

E. WAIVERS: If the SEA has requested any waivers of requirements applicable to the LEA’s School Improvement Grant, an LEA must indicate which of those waivers it intends to implement.

The LEA must check each waiver that the LEA will implement. If the LEA does not intend to implement the waiver with respect to each applicable school, the LEA must indicate for which schools it will implement the waiver.

- “Starting over” in the school improvement timeline for Priority or Tier I and Tier II Title I participating schools implementing a turnaround or restart model.
- Implementing a school-wide program in a Priority, Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold.

APPENDIX A

REQUIRED INFORMATION FOR REVISED SEA APPLICATION SECTIONS

B. EVALUATION CRITERIA:

Part 1: The three actions listed in Part 1 are ones that an LEA must take prior to submitting its application for a School Improvement Grant. Accordingly, the SEA must describe, with specificity, the criteria the SEA will use to evaluate an LEA's application with respect to each of the following actions:

- (1) The LEA has analyzed the needs of each Priority or Tier I and Tier II school identified in the LEA's application and has selected an intervention for each school.
- (2) The LEA has demonstrated that it has the capacity to use school improvement funds to provide adequate resources and related support to each Priority or Tier I and Tier II school identified in the LEA's application in order to implement fully and effectively the selected intervention in each of those schools.
- (3) The LEA's budget includes sufficient funds to implement the selected intervention fully and effectively in each Priority or Tier I and Tier II school identified in the LEA's application, as well as to support school improvement activities in Tier III schools, throughout the period of availability of those funds (taking into account any waiver extending that period received by either the SEA or the LEA).

Part 2: The actions in Part 2 are ones that an LEA may have taken, in whole or in part, prior to submitting its application for a School Improvement Grant, but most likely will take after receiving a School Improvement Grant. Accordingly, an SEA must describe the criteria it will use to assess the LEA's commitment to do the following:

- (1) Design and implement interventions consistent with the final requirements.
- (2) Recruit, screen, and select external providers, if applicable, to ensure their quality.
- (3) Align other resources with the interventions.
- (4) Modify its practices or policies, if necessary, to enable it to implement the interventions fully and effectively.
- (5) Sustain the reforms after the funding period ends.

B-1. ADDITIONAL EVALUATION CRITERIA: In addition to the evaluation criteria listed in Section B, the SEA must evaluate the following information in an LEA's budget and application:

- (1) How will the SEA review an LEA's proposed budget with respect to activities carried out during the pre-implementation period² to help an LEA prepare for full implementation in the following school year?
- (2) How will the SEA evaluate the LEA's proposed activities to be carried out during the pre-implementation period to determine whether they are allowable? (*For a description of allowable activities during the pre-implementation period, please refer to section J of the FY 2010 SIG Guidance.*)

² "Pre-implementation" enables an LEA to prepare for full implementation of a school intervention model at the start of the 2012–2013 school year. For a full description of pre-implementation, please refer to section J of the SIG Guidance.

C. CAPACITY: The SEA must explain how it will evaluate whether an LEA lacks capacity to implement a school intervention model in each Tier I school.

An LEA that applies for a School Improvement Grant must serve each of its Priority or Tier I schools using one of the four school intervention models unless the LEA demonstrates that it lacks sufficient capacity to do so. If an LEA claims it lacks sufficient capacity to serve each Priority or Tier I school, the SEA must evaluate the sufficiency of the LEA's claim. Claims of lack of capacity should be scrutinized carefully to ensure that LEAs effectively intervene in as many of their Priority or Tier I schools as possible.

The SEA must explain how it will evaluate whether an LEA lacks capacity to implement any of the school intervention models in its Priority or Tier I school(s). The SEA must also explain what it will do if it determines that an LEA has more capacity than the LEA demonstrates.

D (PARTS 2-8). DESCRIPTIVE INFORMATION:

(2) Describe the SEA's process for reviewing an LEA's annual goals for student achievement for its Priority or Tier I and Tier II schools and how the SEA will determine whether to renew an LEA's School Improvement Grant with respect to one or more Priority, Tier I or Tier II schools in the LEA that are not meeting those goals and making progress on the leading indicators in section III of the final requirements.

(3) Describe the SEA's process for reviewing the goals an LEA establishes for its Tier III schools (subject to approval by the SEA) and how the SEA will determine whether to renew an LEA's School Improvement Grant with respect to one or more Tier III schools in the LEA that are not meeting those goals.

(4) Describe how the SEA will monitor each LEA that receives a School Improvement Grant to ensure that it is implementing a school intervention model fully and effectively in the Priority or Tier I and Tier II schools the LEA is approved to serve.

(5) Describe how the SEA will prioritize School Improvement Grants to LEAs if the SEA does not have sufficient school improvement funds to serve all eligible schools for which each LEA applies.

(6) Describe the criteria, if any, that the SEA intends to use to prioritize among Tier III schools.

(7) If the SEA intends to take over any Priority, Tier I or Tier II schools, identify those schools and indicate the school intervention model the SEA will implement in each school.

(8) If the SEA intends to provide services directly to any schools in the absence of a takeover, identify those schools and, for Priority, Tier I or Tier II schools, indicate the school intervention model the SEA will implement in each school and provide evidence of the LEA's approval to have the SEA provide the services directly.³

³ If, at the time an SEA submits its application, it has not yet determined whether it will provide services directly to any schools in the absence of a takeover, it may omit this information from its application. However, if the SEA later decides that it will provide such services, it must amend its application to provide the required information.

E. ASSURANCES

By submitting this application, the SEA assures that it will do the following (check each box):

- Comply with the final requirements and ensure that each LEA carries out its responsibilities outlined in the final requirements.
- Award each approved LEA a School Improvement Grant in an amount that is of sufficient size and scope to implement the selected intervention in each Priority or Tier I and Tier II school that the SEA approves the LEA to serve.
- Ensure, if the SEA is participating in the Department's differentiated accountability pilot, that its LEAs will use school improvement funds consistent with the final requirements.
- Monitor and evaluate the actions an LEA has taken, as outlined in its approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality.
- Monitor and evaluate the actions the LEA has taken, as outlined in its approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to LEAs on how they can sustain progress in the absence of SIG funding.
- If a Priority, Tier I or Tier II school implementing the restart model becomes a charter school LEA, hold the charter school operator or charter management organization accountable, or ensure that the charter school authorizer holds the respective entity accountable, for meeting the final requirements.
- Post on its Web site, within 30 days of awarding School Improvement Grants, all final LEA applications and a summary of the grants that includes the following information: name and NCES identification number of each LEA awarded a grant; total amount of the three year grant listed by each year of implementation; name and NCES identification number of each school to be served; and type of intervention to be implemented in each Priority or Tier I and Tier II school.
- Report the specific school-level data required in section III of the final SIG requirements.

F. SEA RESERVATION: The SEA may reserve an amount not to exceed five percent of its School Improvement Grant for administration, evaluation, and technical assistance expenses.

The SEA must briefly describe the activities related to administration, evaluation, and technical assistance that the SEA plans to conduct with any State-level funds it chooses to reserve from its School Improvement Grant allocation.

NEVADA plans to use the reserved 5% of its School Improvement Grant for NDE administrative expenses which will occur during the evaluation process, technical assistance expenses to support district and school administration in the University of Virginia School Turnaround Specialist Program, and to support school and district representatives at all SIG conferences conducted by NDE or WestED.

The total number of priority schools in a State must be at least five percent of the Title I schools in the State.	A school among the lowest five percent of Title I schools in the State based on the achievement of the “all students” group in terms of proficiency on the statewide assessments that are part of the SEA’s differentiated recognition, accountability, and support system, combined, and has demonstrated a lack of progress on those assessments over a number of years in the “all students” group; A Title I-participating or Title I-eligible high school with a graduation rate less than 60 percent over a number of years; or A Tier I or Tier II school under the SIG program that is using SIG funds to implement a school intervention model.
Tier I	Schools that meet the criteria in paragraph (a)(1) in the definition of “persistently lowest-achieving schools.” ³	Title I eligible ⁴ elementary schools that are no higher achieving than the highest-achieving school that meets the criteria in paragraph (a)(1)(i) in the definition of “persistently lowest-achieving schools” <u>and</u> that are: <ul style="list-style-type: none"> • in the bottom 20% of all schools in the State based on proficiency rates; <u>or</u> • have not made AYP for two consecutive years.
