PREFACE

The EMAPS Directory Extract Reports User Guide is intended to provide assistance to users of the EDFacts Metadata and Process System (EMAPS) application. This guide demonstrates the steps necessary to generate the reports of Directory data submitted and navigate EMAPS.

This guide will be updated if major system modifications affect user procedures and reviewed annually with each survey release.

EDFacts is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality performance data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. EDFacts centralizes data provided by SEAs, LEAs and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis and reporting functions at the federal, state and local levels.

1.0 Introduction

The EDFacts Metadata and Process System (EMAPS) is a Web-based tool used to provide State-Lead Agencies with an easy method of reporting and maintaining (1) data to meet Federal reporting requirements, and (2) information on state policies, plans, and metadata in order to aid in the analysis of data collected.

1.1 Technological Requirements

EMAPS works in all browsers, but Chrome is recommended for the best performance.

**NOTE!** EMAPS is unavailable from 8:00 a.m. ET until 2:00 p.m. ET on Saturdays for regularly scheduled maintenance.

1.2 Overview

The EMAPS Directory Extract Reports are designed to replace the now retired EDFacts Reporting System (ERS) EDEN017 and EDEN028 Directory Extract Reports. These reports allow states to review their FS029 Directory and FS039 Grades Offered LEA and school-level data submitted through the EDFacts Submission System (ESS).

These reports can be run by the CCD Non-Fiscal Coordinators and the EDFacts Coordinators for all 50 states plus the District of Columbia, Puerto Rico, U.S. Virgin Islands, Bureau of Indian Education, outlying areas and freely associated states (American Samoa, Guam, Micronesia, Northern Marianas and Palau).
2.0 Frequently Asked Questions

The following is a list of frequently asked questions regarding the EMAPS Directory Extract Reports. Additional questions about how the process works or suggestions for enhancements to the process should be directed to the Partner Support Center at EDFacts@ed.gov.

What is the primary use of these reports?
These reports allow states to verify the accuracy of the data submitted in the Directory and Grades Offered files. The reports may also be used as a template or framework for the other files listing all the operational local education agencies (LEAs) and schools and to disseminate the NCES IDs of new LEAs and schools.

What reporting years will these reports cover?
The Directory Extract Reports display SY 2020-21 and SY 2021-22 data.

What data are in the Directory Extract Reports?
The data available in these reports are from the FS029 - Directory and FS039 - Grades Offered LEA- and school-level files.

New! Where can I view my state’s SY 2022-23 data?
The Directory and Grades offered data for SY 2022-23 will be incorporated into the data quality application, EDPass, which will be available in February 2023.

Who has access to the Directory Extract Reports for my state?
Each state’s CCD Non-Fiscal Coordinator and EDFacts Coordinator have been granted access to generate and view the reports. Additionally, other EMAPS users in your state with access to EDFacts surveys and EDFacts Coordinator permissions (access to the State Submission Plan) have access to the reports.

Can someone else in my state have access to these reports?
Yes. If someone else in your state is better suited to review the data captured in the Directory Extract Reports, contact Partner Support Center (PSC) who can assist with providing an account.

Email: EDFacts@ed.gov
Telephone: 877-457-3336 (877-HLP-EDEN)
Federal Relay Service: 800-877-0996 (Voice/TTY) / federalrelay@sprint.com

Will the system send notifications for these reports?
No, automated email notifications will not be sent for the Directory Extract Reports.
Can I make corrections to the data in the reports?
Yes. To update the data displayed in a generated report, data files FS029 and/or FS039 must be resubmitted through ESS.

How often are the data in the reports updated?
Once a data file is submitted to the EDFACTS Submission System (ESS) and receives a Transmittal OK status, the data can be viewed in a Directory Extract Report immediately. If a data file is resubmitted to ESS, the updated data will be available in a Directory Extract Report immediately.
3.0 Accessing EMAPS

To access the EMAPS login screen, go to https://emaps.ed.gov/suite/. A Department of Education approved warning banner will appear. Accept the terms of the consent to monitoring before accessing the application (see fig. 3.1).

![Department of Education approved warning banner](image1.png)

**NOTE!** EMAPS works in all browsers, but Chrome is recommended for the best performance.

Enter the assigned EMAPS username and password into the appropriate fields (see fig. 3.2). If issues occur logging into EMAPS, please contact PSC (FAQ Section, 2.0).

![EMAPS Login Screen](image2.png)

**NOTE!** Both the EMAPS username and password are case sensitive.
To log out of EMAPS, select the **Profile Icon** in the top right-hand corner and click **Sign Out** (see fig. 3.3).

![Figure 3.3 – EMAPS Logout Button](image)
4.0 Accessing the Directory Extract Reports

Once logged into EMAPS, the ED Facts Landing page will display.

Click the Directory Extract Reports link under the ED Facts section (see fig. 4.1).

![Figure 4.1 – EMAPS ED Facts Portal Page](image)

4.1 Directory Extract Reports Landing Page

The system automatically redirects to the Directory Extract Reports landing page (see fig. 4.2).

![Figure 4.2 – Directory Extract Report Landing Page](image)

**NOTE!** EMAPS will open the reports landing page in a new tab in the browser. The ED Facts Portal Page remains available in its own tab within the browser.
4.2 Generating a New Directory Extract Report

To generate a report, select the Generate Directory Extract Report link in the top right corner (see fig. 4.3).

Select your state from the first filter, select either LEA Directory and Grades Offered Extract or School Directory and Grades Offered Extract from the EU Level Folder filter. Select the school year from the School Year Folder filter. Click the GENERATE button (see fig. 4.4).

The generated report will be saved in the appropriate state / collection / school year folder. The system automatically redirects back to the Directory Extract Reports landing page (see fig. 4.2).

NOTE! When a file is submitted or resubmitted to ESS and receives a Transmittal OK, a report containing the data will be able to be generated immediately.

4.3 Viewing Directory Extract Reports

To view existing reports, select an option from each filter’s dropdown menu. The filters individually appear on the screen in the order below as each filter is chosen.

- **State Folder** – Select your state
- **EU Level Folder** – Select LEA Directory and Grades Offered Extract or School Directory and Grades Offered Extract
- **School Year Folder** – Select 2020-21 or 2021-22

NEW! The generated reports now contain the following columns to provide additional information for states:
LEA Columns:

- State Name
- LEA Educational Agency Type_Description
- SY Start LEA Operational Status_Description
- Updated LEA Operational Status_Description

School Columns:

- State Name
- School Type_Description
- SY Start School Operational Status_Description
- Updated School Operational Status_Description

Upon selecting the school year, a list of existing reports will appear with the most recent displaying first. Click the blue hyperlink to view the report; follow the browser’s prompts to download and save the report (see fig. 4.5).

**NOTE!** The **Creation Date** column is sortable. By clicking the column header, the reports will sort in ascending or descending order (the arrow will reflect either order).
The Department of Education’s mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.
