## PREFACE

The *EMAPS* IDEA Part B Dispute Resolution User Guide is intended to provide assistance to users of the *EDFacts* Metadata and Process System (*EMAPS*). This guide demonstrates the steps necessary to enter IDEA Part B Dispute Resolution data and navigate this survey in *EMAPS*.

This document will be updated if major system modifications affect user procedures and is reviewed annually with each survey release.

Data entered into *EMAPS* are authorized by an Annual Mandatory Collection of Elementary and Secondary Education Data Through *EDFacts* (OMB 1850-0925, expires 06/30/2025). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov) and reference the OMB Control Number 1850-0925.

*EDFacts* is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality performance data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. *EDFacts* centralizes data provided by SEAs, LEAs and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis and reporting functions at the federal, state and local levels.

## 1.0 Introduction

The ED*Facts* Metadata and Process System (EMAPS) is a Web-based tool used to provide State-Lead Agencies with an easy method of reporting and maintaining (1) data to meet federal reporting requirements, and (2) information on state policies, plans, and metadata in order to aid in the analysis of data collected.

**NEW!** The SY 2022-23 data collection process in EMAPS is changing to align with the modernization of all ED*Facts* data collections. This enhanced process includes conducting pre-submission data quality on survey responses *prior to submitting the survey*. While your state may have no failed business rules in the survey, the Office of Special Education Programs (OSEP) is encouraging states to conduct pre-submission data quality checks prior to submission to confirm data are accurate upon submission. These additional data quality checks may require detailed data notes to be applied *prior to submitting data*.

The modernized data quality approach applies ED*Facts* business rules to data entered by SEAs to enable the identification and resolution of data quality errors before the data are submitted to ED. To address the business rules, users should either correct the data in the survey or provide detailed data notes to explain the reasons for submitting the data as entered before submitting the data to ED. The new data quality process ensures data are high quality and usable at the time of submission.

### 1.1 Technological Requirements

EMAPS will work in all browsers, but Chrome is recommended for the best performance.

**NOTE!** EMAPS is unavailable from 8:00 a.m. ET to 2:00 p.m. ET on Saturdays for regularly scheduled maintenance.

### 1.2 Overview

This survey has been developed to collect data authorized under Part B of the Individuals with Disabilities Education Act (IDEA). This information is entered by the IDEA Part B Data Managers. The survey provides information on the following and is organized to provide the counts for the number of occurrences in the following sections:

- Written, signed complaints, which are defined as a signed, written document submitted to the state education agency (SEA) by an individual or organization (complainant) that alleges a violation of a requirement of Part B of IDEA of 34 CFR Part 300, including cases in which some required content is absent from the document.
- Mediation requests, which are defined as a request by a party to a dispute involving any matter under Part B of IDEA for the parties to meet with a qualified and impartial mediator to resolve the dispute(s).

- Due process complaints, which are defined as a filing by a parent or public agency to initiate an impartial due process hearing on matters relating to the identification, evaluation, or educational placement of a child with a disability, or the provision of a free appropriate public education to the child.
- Expedited due process complaints, which are defined as due process complaints filed by: (1) the parent of a child with a disability (IDEA) who disagrees with any decision regarding the manifestation determination and/or disciplinary removal of a student from an educational placement and the placement of that student in an interim alternative educational setting; or (2) a local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

This report shall be run for 50 states plus the District of Columbia, Puerto Rico, U.S. Virgin Islands, Bureau of Indian Education, outlying areas American Samoa, Guam, and Northern Marianas, and freely associated states Micronesia, Marshall Islands, Northern Marianas and Palau.

## 2.0 Frequently Asked Questions

Below is a list of frequently asked questions regarding the EMAPS IDEA Part B Dispute Resolution Survey process. Additional questions about how the process works or suggestions for enhancements to the process should be directed to the Partner Support Center at [EDFacts@ed.gov](mailto:EDFacts@ed.gov).

### **What is the primary use of this information?**

The IDEA Part B Dispute Resolution Survey provides the U.S. Department of Education (ED) information on the counts of occurrences for the following:

- Written, signed complaints
- Mediation Requests
- Due process complaints
- Expedited due process complaints

The data collected using this survey is required by the Individuals with Disabilities Education Act (IDEA), Section 618. The data are also used for monitoring the programs and activities under IDEA and reported by the Office of Special Education Programs (OSEP)'s Annual Report to Congress on the Implementation of IDEA.

### **Who may have access to the IDEA Part B Dispute Resolution Survey for my state?**

OSEP identified state IDEA Part B Data Managers as the state expert for this information. Each state's IDEA Part B Data Manager has been granted read/write access to the EMAPS online survey.

Each EDFacts Coordinator has been granted **read only** access to their state's Part B Dispute Resolution Survey. If the Part B Data Manager wishes to authorize someone else to complete this survey, please contact the Partner Support Center (PSC) with the name and e-mail address of the new user(s).

Phone: (877) 457-3336

Email: [EDFacts@ed.gov](mailto:EDFacts@ed.gov)

Telecommunication Relay Services (TRS): If deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

PSC is open from 8:00 a.m. to 6:00 p.m. ET, Monday through Friday, excluding federal holidays.

### **Will the system send notifications?**

EMAPS will send notifications to IDEA Part B Data Managers at the following times:

- When the system is open;
- When data have been submitted;
- When there has been no account activity, notifications will be sent two weeks and three days prior to due date;

- When data have been entered, but not submitted three days prior to due date; and
- If there are data with edit check warnings in the submissions three days prior to due date.

### **When are the data due?**

The survey will open for submission Monday, October 2, 2023, and the completed survey is due no later than 11:59 p.m. ET on Wednesday, November 15, 2023. Do not submit preliminary or placeholder data just to meet the submission deadline. The submission of the survey responses will be assessed by OSEP for timeliness, completeness, and passing edit checks. Data submissions with missing data elements are rated by OSEP as ***incomplete***.

The review of data for accountability purposes will be based on data in EMAPS as of 11:59 p.m. ET on the due date.

### ***Updated!* Is there going to be a reopen period?**

To align with the modernization of the ED*Facts* data collection, the expectation is that data submitted by the due date is high quality and usable at the time of submission.

### **Are all states required to submit the IDEA Part B Dispute Resolution Survey via EMAPS?**

Yes, the Part B Dispute Resolution Survey will be submitted by all 50 states, the District of Columbia, Puerto Rico, U.S. Virgin Islands, Bureau of Indian Education, outlying areas American Samoa, Guam, Marshall Islands and freely associated states Micronesia, Marshall Islands, Northern Marianas and Palau.

### **What reporting year will this data collection cover?**

The IDEA Part B Dispute Resolution Survey covers an entire year of counts. For the SY 2022-23 data collection, the reporting year is defined as July 1, 2022, through June 30, 2023.

***NOTE!*** Report only the actions initiated during the 2022-23 reporting year. Do NOT include actions initiated in a previous reporting year that continued into the 2022-23 reporting year.

### **When are zero counts permitted in this survey?**

A zero count should be reported only if the state conducted a count for that data element and there were no occurrences to report in the specific category for the given reporting period. Zero is the default value which appears when a submitter first enters the ***Data Entry Form***.

### **When should I report *Missing*?**

Report a count as ***Missing*** when the State did not collect or cannot report a count for the specific category. To designate data as missing, select ***Missing***. If a ***zero*** is entered after checking the ***Missing*** box, the system will accept that response.

**Can I make corrections to the submitted survey before the due date?**

Yes. Previously submitted versions of the survey can be overwritten by entering the survey process, making updates, and submitting the survey again. There are no limits to the number of times the survey can be submitted. A history of all submitted versions will be archived in the **Reports** folder within EMAPS.

**NOTE!** ED will use only the latest submitted version of the survey on the due date for reporting purposes.

**If I enter the Part B Dispute Resolution survey more than once, will previously entered data show?**

Yes, as long as the **Save As Draft** button was selected and no fatal errors were detected, the previously entered information will display.

**Should written settlement agreements finalized *after* a resolution meeting but during the 30-day resolution period be reported in Section C: Due Process Complaints 3.1(a) – *written settlement agreements reached through resolution meetings*?**

Yes, states should include all written settlement agreements reached through resolution meetings during the 30-day resolution period in **Section C: Due Process Complaints 3.1(a)**. This includes written settlements finalized during a resolution meeting, as well as those finalized after the meeting, as long as they are finalized during the 30-day resolution period.

### 5.1.5 Comment Box

Provide additional information supplementing the questions asked in the survey by utilizing the **Comment box** (see fig. 5.11) located at the bottom of the **Data Entry** form. This comment box has a 4000 character limit. If a count is submitted as **Missing**, a detailed explanation should be provided in the comment box.

**NOTE!** Do not copy and paste into the comment box. Special hidden characters could potentially cause problems with the database (ex. bullets).

Figure 5.11 – Comment Box

**NOTE!** A warning is generated by the system after 30 minutes of inactivity (see fig. 5.12). To avoid losing data, select within the EMAPS survey form.

## 5.2 Fatal Errors on Data Entry Form

A fatal error will display in the Data Entry form when an unacceptable variable has been entered into a data field. If a fatal error occurs on the Data Entry form, a draft version cannot be saved (see fig. 5.13).

Errors may include the following:

- **Missing** is selected when a value has been provided
- A negative number is submitted

- The value is not an integer
- A field is left blank

(1) Total number of written signed complaints filed. 4

(1.1) Complaints with reports issued. 4  Missing  
*Missing is not a valid selection when a value has been provided.*

(1.1) (a) Reports with findings of noncompliance. -1  Missing  
*Must be a positive Integer*

Figure 5.13 – Fatal Errors

If there are errors on the screen, and the **Save as Draft** button is selected, an error message will appear, and data will not save (see fig. 5.14).

Please provide any additional information supplementing any of the questions on this form, if needed.

## 6.0 **Updated!** Review and Submit

Once all data entry sections have been completed, select the **Review and Submit** tab on the Dashboard. Review the data for completeness and accuracy.

**Important!** The SY 2022-23 Business Rules Single Inventory (BRSI) is an inventory that contains all the data quality (DQ) business rules applied to the data collected in this survey, as well as all other ED Facts data. The inventory increases transparency in the data quality review process and allows states the opportunity to check data prior to submission. The BRSI is available on the [ED Facts Initiative website](#).

Neither the **Submit** button nor the additional comment box will appear until the **Verify Data** button located at the top right-hand side of this section has been selected (see fig. 6.1).

Figure 6.1 – Verify Data Button

**NOTE!** If the survey browser window is closed without selecting **Save as Draft**, the data will not save and the EMAPS session will end.

## 6.1 **Updated!** Part B Dispute Resolution Business Rules

To align with the updated process of submitting complete and accurate data by the due date, the business rules applied to data collected in this survey have been added to the SY 2022-23 BRSI and assigned a business rule ID. OSEP is providing Data Managers with the business rules applied to data entered into the survey pre-submission to confirm data for accuracy and encourages states to review each Dispute Resolution business rule in the “Review and Submit” page prior to submission of the data in EMAPS.

**IMPORTANT!** The SY 2022-23 BRSI can be downloaded from the [ED Facts Initiative website](#).

## 6.2 No Failed Business Rules

If the data have passed all edit checks, the following message will be displayed: **There are no edit check warnings. Please submit the results of the survey by clicking the ‘SUBMIT’ button.** (see fig. 6.2).

Figure 6.2 – No edit check warning

Once the **Submit** button is selected, an HTML report and a Year-to-Year Comparison report will auto-generate. These reports can be accessed by selecting the **State Reports** tab in the Survey navigation menu (reference Section 7.0 of this user guide for additional information on HTML and Year-to-Year reports). The reports can also be found under the **Reports** tab in the EMAPS navigation menu. The IDEA Part B Data Manager will receive a confirmation email after the survey has been submitted to the database. Once the survey has been submitted to the database, ED will have access to the state's survey responses as well.

Once the survey is successfully submitted, exit the survey by selecting a tab in the EMAPS navigation menu to navigate to or by logging out of the EMAPS system.

### 6.3 Failed Edit Checks

If submitted data fails edit checks, the following warning message is displayed at the bottom of the **Review and Submit** form with a list of all failed edit check logic in red font (see fig. 6.3): **Please note that the data entered result in the following relationships which violate edit checks:**

To make any changes to the survey, select the **Data Entry** tab and select the **Update Data** button to update the appropriate data and save by selecting the **Save as Draft** (see fig. 5.4) button. Navigate back to the **Review and Submit** tab to **Verify Data** and **Submit**.

If the form must be submitted with edit check warnings present, use the comment box (see fig. 6.5) located at the bottom of the **Review and Submit** tab to enter a comment explaining why the data are being submitted with edit check warnings.

When the **Verify Data** button has been selected, the **Submit** button will appear at the bottom right corner of the page. When the **Submit** button is selected, the system will save all survey responses to the database (see fig. 6.5).

**NOTE!** The **Verify Data** button only appears once a draft has successfully been saved.

Figure 6.5 – Submit button

An HTML report and a Year-to-Year Comparison report will be auto-generated and posted to the **State Reports** tab as well as the **IDEA Part B Reports Folder**. The IDEA Part B Data Manager will receive a confirmation email after the data have been submitted to the database.

## 6.4 Business Rule Warnings on Review and Submit

If data entered into any of the survey sections fails business rule checks, a list of all warning messages will display at the bottom of the **Review and Submit** form in red font (see fig. 6.6).

**New for SY 2022-23!** These business rules have been assigned business rule IDs to allow states to respond to each error in the comment field individually. The SY 2022-23 BRSI has been updated to include these business rules.

For SY 2022-23, OSEP is requesting that all data notes be entered into the EMAPS survey in the comment box on the **Review and Submit** form with a reference to the business rule that is firing and a detailed explanation regarding why data are accurately reported.

Figure 6.6 – Failed Business Rules with IDs and Data Note Entered on Review and Submit Page

**Reminder!** The comment box allows a character limit of 4,000. If the data note is larger than this limit, please email your data comments to PSC at [EDFacts@ed.gov](mailto:EDFacts@ed.gov)

This table lists the business rules applied to the data collected in the survey with the newly assigned business rule IDs for easy reference and instructions on how to resolve the rule.

States must leave a comment explaining any business rule warnings and submit their Part B Dispute Resolution data by clicking the **Submit** button.

To make changes to the survey, navigate to the appropriate form using the navigational menu. The **Review and Submit** page is read only.

Business rule warnings will also display on the final HTML Report, but the message, **Please note that the data entered results in the following relationships which violate edit checks**, will not appear on the final HTML report.

## 7.0 Accessing State Reports

The HTML and Year-to-Year Comparison reports can be accessed in one of two ways:

1. in the survey under the **State Reports** tab (see fig. 7.1); or
2. by navigating to the **Reports** tab in the EMAPS navigation menu.

Save this report to the computer desktop using browser options or print the report as a hard copy.

**NOTE!** The HTML and Year-to-Year Comparison reports will be generated each time data are submitted to the database. The most recent reports available will be data in the

survey that was last submitted to the database and the collection ED will use for analysis.

Any edit checks violated by the data submitted will be displayed on the HTML survey report, located under the comment box (see fig. 7.3). These edits will appear as they do in the **Review and Submit** form; edits on the HTML reports will not be displayed in red text.

Additional Comment:
Please note that the data entered result in the following relationships which violate edit checks: (1.1.b + 1.1.c) > 1.1, (3.2.a + 3.2.b) > 3.2

Figure 7.3 – Edit Check in HTML Report

To remove the edit checks from displaying in the HTML report, correct the data in the **Data Entry** form. Re-submit the survey through the **Review and Submit** page to overwrite the previous submission.

The Year-to-Year Comparison Report will open in Excel and may be used to compare data from past years (see fig. 7.4). Each time a version of the survey is submitted, a new version of this report will be generated. Take care to open the correct report by referencing the time/date stamp.

This does not include due process complaints that are pending a due process hearing.

***Expedited due process complaint*** – A due process complaint filed by: (1) the parent of a child with a disability who disagrees with any decision regarding the manifestation determination and/or disciplinary removal of a student from an educational placement and the placement of that student in an interim alternative educational setting; or (2) a local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

***Expedited due process complaint pending*** – An expedited due process complaint wherein an expedited due process hearing has not yet been scheduled or is scheduled but has not yet been held.

***Expedited due process complaint withdrawn or dismissed*** – An expedited due process complaint that has not resulted in an expedited fully adjudicated due process hearing. This includes expedited due process complaints resolved through a mediation agreement or through a written settlement agreement, those settled by some other agreement between the parties (parent and public agency) prior to completion of the expedited due process hearing, those withdrawn by the filing party, those determined by the hearing officer to be insufficient or without cause, and those not fully adjudicated for other reasons. This does not include expedited due process complaints that are pending an expedited due process hearing.

***Expedited due process hearing fully adjudicated*** – A hearing officer conducted a due process hearing concerning an expedited due process complaint, reached a final decision regarding matters of law and fact and issued a written decision to the parties about whether a change of placement is ordered.

***Hearing fully adjudicated*** – A hearing officer conducted a due process hearing, reached a final decision regarding matters of law and fact and issued a written decision to the parties.

***Mediation agreement*** – A written legally binding agreement signed by a parent and a representative of the public agency who has the authority to bind the public agency that specifies the resolution of any issues in the dispute that were reached through the mediation process. ***Mediation held*** – A process conducted by a qualified and impartial mediator to resolve a disagreement between a parent and public agency involving any matter under Part B of IDEA of 34 CFR Part 300, and that concluded with or without a written mediation agreement between the parties.

**Mediation held related to due process complaint** – A process conducted by a qualified and impartial mediator to resolve a disagreement between a parent and public agency that was initiated by the filing of a due process complaint or included issues that were the subject of a due process complaint.

**Mediation not held** – A request for mediation that did not result in a mediation being conducted by a qualified and impartial mediator. This includes mediation requests that were withdrawn, mediation requests that were dismissed, requests where one party refused to mediate, and requests that were settled by some agreement other than a mediation agreement between the parties.

**Mediation pending** – A request for mediation that has not yet been scheduled or is scheduled but has not yet been held.

**Mediation request** – A request by a party to a dispute involving any matter under Part B of IDEA for the parties to meet with a qualified and impartial mediator to resolve the dispute(s).

**Report with findings of noncompliance** – The written decision provided by the SEA to the complainant and public agency in response to a written, signed complaint, which finds the public agency to be out of compliance with one or more requirements of Part B of IDEA of 34 CFR Part 300.

**Report within extended timeline** – The written decision from the SEA was provided to the complainant and the public agency more than 60 days after the written, signed complaint was filed, but within an appropriately extended timeline. An appropriately extended timeline is an extension beyond 60 days that was granted due to exceptional circumstances that exist with respect to a particular complaint; or if the parent and the public agency involved agreed to extend the time to engage in mediation, or to engage in other alternative means of dispute resolution, if available in the State or under State procedures.

**Report within timeline** – The written decision from the SEA was provided to the complainant not later than 60 days after receiving the written, signed complaint.

**Resolution meeting** – A meeting, convened by the local education agency (LEA), between the parent(s) and school personnel to discuss the parent's due process complaint and the facts that form the basis of the due process complaint, so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.

**Resolution period** – Thirty (30) days from the LEA’s receipt of a due process complaint unless the period is adjusted because: (1) both parties agree in writing to waive the resolution meeting; or (2) after either the mediation or resolution meeting starts, but before the end of the 30-day period, the parties agree in writing that no agreement is possible; or (3) if both parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later, the parent or public agency withdraws from the mediation process.

**Written settlement agreement** – A legally binding written document, signed by the parent and a representative of the public agency, specifying the resolution of the dispute that formed the basis for a due process complaint arrived at in a resolution meeting. For the purposes of reporting the IDEA Part B Dispute Resolution data, a written settlement agreement is one that fully resolves all issues of the due process complaint and negates the need for a due process hearing.

**Written, signed complaint** – A signed, written document submitted to the SEA by an individual or organization (complainant) that alleges a violation of a requirement of Part B of IDEA of 34 CFR Part 300, including cases in which some required content is absent from the document.
