PREFACE

The EMAPS IDEA Part B Maintenance of Effort (MOE) Reduction and Coordinated Early Intervening Services (CEIS) User Guide is intended to provide assistance to users of the EDFacts Metadata and Process System (EMAPS). This guide demonstrates the steps necessary to upload IDEA Part B MOE Reduction and CEIS data and navigate this survey in EMAPS.

This guide will be updated if major system modifications affect user procedures and reviewed annually with each survey release.

Data entered into the EMAPS system are authorized by an Annual Mandatory Collection of Elementary and Secondary Education Data through EDFacts (OMB 1850-0925, expires 06/30/2020). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1850-0925.

EDFacts is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality performance data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. EDFacts centralizes data provided by SEAs, LEAs and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis and reporting functions at the federal, state and local levels.

1.0 INTRODUCTION

The ED\textit{Facts} Metadata and Process System (ED\textit{MAPS}) is a Web-based tool used to provide state education agencies (SEAs) with an easy method of reporting and maintaining (1) data to meet Federal reporting requirements, and (2) information on state policies, plans, and metadata in order to aid in the analysis of data collected.

1.1 Technological Requirements

\textit{Before Beginning:}

Chrome is the preferred browser when accessing ED\textit{MAPS}.

\textit{NOTE!} ED\textit{MAPS} is unavailable Saturdays from 8:00 a.m. to 2 p.m. ET for regularly scheduled maintenance.
2.0 Overview

This survey has been developed under Section 618, Part B of the Individuals with Disabilities Education Act (IDEA). This information is entered by the IDEA Part B Data Managers. The survey provides the following information for every local education agency (LEA) or educational service agency (ESA) that receives an IDEA Section 611 or 619 sub grant:

- **LEA/ESA Allocations** - includes the IDEA 611 allocation amounts for each LEA/ESA in the State for the reference Federal fiscal year and the previous Federal fiscal year and the IDEA 619 allocation amounts for the reference Federal fiscal year.

- **Maintenance of Effort (MOE) Reduction** - includes the determination under the 34 CFR § 300.600(a)(2) for each LEA/ESA; how much the LEA/ESA reduced of local and/or State funds taken under Section 613(a)(2)(C) for the reference school year; whether LEAs/ESAs met the MOE compliance standard; and whether funds were returned to the Department of Education for failure to meet MOE compliance standard.

- **REVISED! Provision of Coordinated Early Intervening Services (CEIS)** - includes whether each LEA/ESA was required to reserve funds for comprehensive CEIS (CCEIS) due to significant disproportionality during the reference school year and whether each LEA/ESA voluntarily reserved for funds for CEIS. For each LEA/ESA that reserved funds for CCEIS or CEIS, the dollar amount that was reserved during the reference school year must be reported. Additionally, for each LEA/ESA that reserved funds for CCEIS due to significant disproportionality, the reason for which the LEA/ESA was identified for significant disproportionality must be reported.

- **Number of Children Receiving CEIS** - includes the number of children who received CEIS during the reference school year and the number of children who received CEIS at any time during the reference school year and the two preceding school years and received special education and related services during the reference school year.

This survey shall be provided for 50 states plus the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Bureau of Indian Education, outlying areas and freely associated states. (American Samoa, Guam, Marshall Islands, Micronesia, Northern Marianas and Palau).
2.1 Important Dates

The MOE Reduction and CEIS process opens March 30, 2020 and closes May 6, 2020 at 11:59 PM ET.

Data files can be uploaded and accessed until the May 6, 2020 due date. After the due date, the report can be reviewed but revised data files CANNOT be uploaded until the reopen period.

There will be a reopen period between July 27, 2020 and August 26, 2020.

The data will be frozen on August 26, 2020 to be used by OSEP for monitoring purposes, in the Annual Report to Congress, public reporting of the IDEA Section 618 data, and ad hoc requests.

**NOTE!** Do not submit preliminary or placeholder data just to meet the submission deadline. These data are submitted to meet the annual data reporting requirements under IDEA Section 618. The data will be evaluated for timeliness, completeness, and accuracy.

2.2 Frequently Asked Questions

Below is a list of frequently asked questions regarding this EMAPS IDEA Part B MOE Reduction and CEIS process. Additional questions about how the process works or suggestions for enhancements to the process should be directed to the Partner Support Center (PSC) at EDEN_SS@ed.gov.

**What is the primary use of this information?**

The survey collects the following information for every LEA or ESA that receives an IDEA Section 611 or 619 sub grant:

- **LEA/ESA Allocations** - includes the IDEA 611 allocation amounts for each LEA/ESA in the State for the reference Federal fiscal year and the previous Federal fiscal year and 619 allocation amounts for the reference Federal fiscal year.
- **Maintenance of Effort (MOE) Reduction** - includes the determination under the 34 CFR § 300.600(a)(2) for each LEA/ESA; how much the LEA/ESA reduced of local and/or State funds taken under Section 613(a)(2)(C) for the reference school year; whether LEAs/ESAs met the MOE compliance standard; and whether funds were returned to the Department of Education for failure to meet MOE compliance standard.
• **REVISED!** Provision of Coordinated Early Intervening Services (CEIS) - includes whether each LEA/ESA was required to reserve funds for comprehensive CEIS (CCEIS) due to significant disproportionality during the reference school year and whether each LEA/ESA voluntarily reserved for funds for CEIS. For each LEA/ESA that reserved funds for CCEIS or CEIS, the dollar amount that was reserved during the reference school year must be reported. Additionally, for each LEA/ESA that reserved funds for CCEIS due to significant disproportionality, the reason for which the LEA/ESA was identified for significant disproportionality must be reported.

• Number of Children Receiving CEIS - includes the number of children who received CEIS during the reference school year and the number of children who received CEIS at any time during the reference school year and the two preceding school years and received special education and related services during the reference school year.

The data collected using this survey is authorized by the Individuals with Disabilities Education Act (IDEA), Section 618.

These data were previously reported in Table 8, *Report on IDEA Part B Maintenance of Effort Reduction (34 CFR §300.205(a)) and Coordinated Early Intervening Services (34 CFR §300.226)*.

The Office of Special Education Programs (OSEP) uses the data submitted via this survey/process for monitoring purposes, in the Annual Report to Congress, for public reporting of the IDEA Section 618 data, and in ad hoc requests.

**Who in my state was given access to the IDEA Part B MOE Reduction & CEIS Report?**

Each state IDEA Part B Data Manager has been granted access to the IDEA Part B MOE Reduction and CEIS survey in EMAPS in order to upload the data file, check for errors and warnings, and download the final report.

**Can someone other than the IDEA Part B Data Manager upload these data and review the errors and warnings for my state? If so, what should I do?**

Yes. If the Part B Data Manager wishes to authorize someone else to submit the data or review the errors and warnings for this data submission, please contact the Partner Support Center (PSC) with the name and email address of the new user(s).

**Will the system send any notifications?**

EMAPS will send notifications to Part B Data Managers at the following times:

- One week prior to opening the system in EMAPS, the Part B Data Managers will receive the initial individualized .CSV (comma separated values) file template;
• When the system is open and available for uploading files;
• If the state’s uploaded data file has fatal errors;
• When the state’s uploaded data file has no fatal errors and is an acceptable file;
• When the final data file has been submitted for the state; and
• If no files have been uploaded two weeks prior to the close of the system.

Three days prior to the close of the system, one of four emails may be sent to Part B Data Managers if action is still required:

• No files have been uploaded;
• Uploaded data file has fatal errors;
• The data file is not submitted; or
• A submitted data file is uploaded with warnings.

Additionally, Part B Data Managers will receive notifications when the system is reopened for data resubmission:

• When the system has been reopened and OSEP has a data quality inquiry that requires a resubmission of data or the upload of a data note;
• When the system has been reopened and OSEP has no data quality inquiry (i.e., no resubmission or a data note is required);
• One week prior to the close of the reopen period:
  o If an updated data file has not been submitted to address data quality inquiries (i.e., requiring resubmission or a data note); or
  o If there was no data quality inquiry or an updated data file has been submitted in response to the data quality inquiry.

Can I turn off automated emails?

To stop some automated EMAPS emails during the resubmission phase notifying the state a resubmission or data note is needed a new Data Note checkbox is available.

- Selecting the data note checkbox is optional. States should select the data note checkbox if they have addressed the data quality issue(s) through a data note and do not wish to receive additional reminders.
- Once selected and “Save Response” is pressed, the data note checkbox is inactivated and cannot be deselected. EMAPS reminder emails requesting a resubmission or data note will not be sent.

States can select the data note checkbox and resubmit updates to their EMAPS data. To edit state data after the checkbox is selected, states can log back into the EMAPS survey and edit it as usual.
Are all states required to submit the IDEA Part B MOE Reduction & CEIS Report via EMAPS for FFY 2018/SY 2018-19?

Yes; 50 states plus the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Bureau of Indian Education, outlying areas and freely associated states (American Samoa, Guam, Marshall Islands, Micronesia, Northern Marianas and Palau) are required to submit these data.

What reporting year will this data collection cover?

The LEA/ESA allocations reported in the IDEA Part B MOE Reduction and CEIS Report are for FFY 2017 and FFY 2018. FFY 2017 includes Section 611 funds available on July 1, 2017 and October 1, 2017.

FFY 2018 includes Section 611 funds available on July 1, 2018 and October 1, 2018 and Section 619 funds available on July 1, 2018.

The other data elements represent SY 2018-19. The count of children receiving CEIS should cover an entire year.

Where can I find the individual state data file template for the MOE Reduction & CEIS Report?

This will be emailed to the Part B Data Manager one week prior to the opening of the process. Please contact PSC if the Part B Data Manager does not receive your state’s individual data file template. This may indicate that we do not have the correct email listed in the system.

The blank data file template will also be available within EMAPS. This User Guide contains information on how to access the template in EMAPS, see Section 6.1.

Which LEAs/ESAs should be included in the MOE Reduction & CEIS Report?

For the purposes of the IDEA Part B MOE Reduction and CEIS report, states should only report data from LEAs/ESAs that:

1. Meet the definition of LEA in 34 CFR §300.28;
2. Submitted a plan that provides assurances to the state education agency (SEA) that the LEA/ESA meets each of the conditions in §§300.201 through 300.213; and
3. Received an IDEA section 611 and/or IDEA section 619 subgrant under §300.705 and/or §300.816 directly from the SEA for the reporting year.

Must I supply all the Names and NCES IDs for each LEA/ESA?

No; the data file template, which will be emailed to the Part B Data Manager one week prior to the survey opening or which can be downloaded from EMAPS, will be pre-populated with the LEA/ESA information (i.e., LEA name and LEA NCES ID) that were used last year. For instructions to access the data file template, see section 6.1.
Can I add or modify the list of LEA/ESAs?

Yes; a state can add LEA/ESAs, update LEA/ESAs with changes to their names or NCES ID Numbers, or remove LEA/ESAs from the list, as needed. This User Guide contains instructions on how to add or modify the list of LEA/ESAs provided in the individual state data file templates.

**NOTE!** All LEA/ESA names that contain a comma must be put in quotation marks. The file will not process, and the user will not receive an email saying the file has been successfully uploaded to EMAPS if a file is submitted with comma(s) in the LEA/ESA name without quotation marks around it.

**NOTE!** NCES ID Numbers can only appear once in the submitted list of LEA/ESA for each state. The file will receive fatal errors if a file is submitted with using the same NCES ID Number for multiple LEAs/ESAs (i.e., rows in the file).

**NOTE!** NCES ID Numbers entered into the data file must be valid. The file will receive fatal errors if a file is submitted with invalid NCES ID Numbers.

Can I submit data for a closed LEA/ESA?

Yes; if an LEA/ESA has closed, but the state needs to report data for the LEA/ESA, use Update Flag 6 to indicate that the LEA/ESA is closed. When using the Update Flag 6, a response must be provided for all columns. If the state only has partial data for the closed LEA/ESA, they should report NA in the columns for which they do not have data.

Some of my NCES IDs have the format of ##F####--what does this mean?

LEA/ESAs reported last year in the MOE Reduction and CEIS data collection that did not match the LEA/ESAs in the NCES Directory file submitted to the EDFacts Submission System (ESS) were given NCES ID placeholders. Please change the NCES ID to the actual NCES ID, if it is available in the NCES Directory files in ESS, using Update Flag 5. If an actual NCES ID does not exist for the LEA/ESA, please maintain the NCES ID placeholder. This User Guide contains instructions about updating the NCES ID, see section 7.1.4

Can I enter an LEA/ESA name that includes commas?

Yes; however, please be sure to include quotation marks around the whole LEA/ESA name that includes a comma.

**NOTE!** The file will not process, and the user will not receive an email saying the file has been successfully uploaded to EMAPS if a file is submitted with comma(s) in the LEA/ESA name without quotation marks around it.

May I leave a field blank?

Blanks are only permitted in certain situations which are listed below:
• When the Update Flag is 3 (New), the NCES ID Number field may be blank, a placeholder NCES ID with the format of ##F#### will be assigned after the data template is uploaded and can be reviewed in the final report;  
• When there are no changes to an LEA/ESA, the Update Flag field may be blank;  
• When the Update Flag is 2 (no longer used), all data fields in that row may be blank, except the NCES ID and LEA/ESA name and school year; or  
• The previous NCES ID field should always be blank unless the NCES ID is changing and the Update Flag is set to 5. All other blanks will require completion and for the file to be successfully uploaded.

Can I report data as ‘Missing’?"  
The user should report a count as Missing when the State did not collect or cannot report a count for the specific category that is applicable to the State.  

NOTE! When submitting Missing, the user should enter M into the field. Please provide an explanation for Missing data and what steps will be taken to ensure that the data will be reported in the future in the comment box prior to submitting the data to the database. Missing is not permitted for the LEA/ESA Name field or NCES ID or school year. The LEA/ESA NCES ID may be left blank if the state does not know the NCES ID or if the NCES ID is unavailable. Missing is not a permitted value for this field.  

Is 'Not Applicable' acceptable for any field?  
Not Applicable, reported as NA, is permitted for all fields, except for Name, NCES ID, LEA/ESA voluntary CEIS column C3A and the school year field. NA is not acceptable for LEA/ESA voluntary CEIS column C3A. NA is also not acceptable for the school year field. If used in these columns, the file will require correction and will need to be re-uploaded.  

NEW! How do I report children who received CCEIS due to significant disproportionality in this data submission?  
Students receiving CCEIS when an LEA/ESA has been identified for significant disproportionality under 34 C.F.R. §300.646, will not be reported under the data elements of D2 (Total number of children receiving CEIS under the IDEA in the LEA/ESA during SY 2018-19) and D3 (Total number of children who received CEIS under the IDEA anytime in the past two school years and received special education and related services in SY 2018-19) in the FFY 2018/SY 2018-19 MOE Reduction and CEIS data submission (due May 6, 2020). This would include both children with disabilities and children without disabilities receiving CCEIS as well as children, ages 3-5, receiving CCEIS in SY 2018-19.
However, States will still be required to report which LEAs/ESAs reserved funds for CCEIS due to significant disproportionality, why the LEA/ESA was identified for significant disproportionality, and how much money the LEA/ESA reserved for CCEIS. However, none of the students receiving CCEIS during SY 2018-19 are to be reported in this data submission.

Only students receiving CEIS, defined under 34 C.F.R. §300.226(a), with funds that the LEA/ESA voluntarily reserved under 34 C.F.R. §300.226, are to be reported under D2 and D3 in this year’s data submission.

I uploaded my CSV file, how long until my reports are available?

It may take several hours to process the reports. Until the reports have processed, uploading a new file or submitting data to the database will not be possible. The Upload Form screen will display a warning message that a file is being processed and will not allow another file to be uploaded. An automated email from EMAPS will indicate the file has been processed. The final report of your data with the auto-calculated figures and percentages as well as warning messages cannot be viewed until the automated email is received. After reviewing the final report and making the necessary corrections, ensure the data is submitted to the database.

**NOTE!** Do not re-upload the file if you have not received an email. If you have questions about the status of the file, please contact PSC.

Can I make corrections to the submitted data before the due date/freeze date?

Yes. IDEA Part B Data Managers will be able to override any previously submitted versions of their state data by uploading a new version of the data file. There are no limits to the number of times data can be uploaded and a data file can be submitted.

**NOTE!** A data file that is uploaded will overwrite any previously uploaded data files. Only the most recently uploaded data file will be reviewed by OSEP.

Is there a character limit for the survey comment boxes provided?

Yes. The comment field is a paragraph type format with a maximum size of 4,000 characters.

Can I print the results of this report?

Yes. The final CSV report may be opened in Excel and printed.

**MARCH 2020**

**FFY 2018 SY 2018-19**

19
**NEW!** During the reopen period (only), the **Summary** tab (see fig 4-5) will include a checkbox, for states to indicate that they have submitted a data note. Once the box has been checked and **Save Response** is selected, the data note checkbox cannot be deselected. Selecting the data note checkbox will only prevent the system from sending emails reminding the state to submit a data note or resubmit their data.

Updated data files may still be reuploaded during the reopen period even if the data note checkbox is selected. States do not have to reselect the data note checkbox for data notes to be included in OSEP’s review. However, if a data file uploaded during the reopen period receives fatal flaws, the data note check box *should not* be selected. This is because the system will regenerate the last successfully submitted data file and the file with fatal flaws will be overlooked and unable to be submitted successfully.

![Figure 4-5 – Revised Summary Page with Checkbox](image_url)

**NOTE!** Another scenario: state uploads and successfully submits a file. The same state later submits an updated file that has fatal flaws and submission was not successful. If they select the Data Note button during reopen, the system regenerates the last successfully submitted file and the one with fatal flaw will be overlooked.

**NOTE!** If a data file is not uploaded during the initial open, the data note checkbox will not appear until after a data file is submitted during the reopen period. If a data file is not uploaded during the initial or reopen period, a data note checkbox will never appear.

**NOTE!** The most recent data uploaded and submitted by 11:59 p.m. ET of the due date and all data notes uploaded to OMB Max will be reviewed regardless of whether the data note checkbox is selected.

6.0 IDEA Part B MOE Reduction & CEIS Template

Unfilled MOE Reduction and CEIS data file templates will be sent to states by EMAPS one week prior to the opening of the system. The template will be in .CSV format and prefilled with LEA/ESA information (e.g., LEA name and LEA NCES ID) from last year but will not contain any other data. Please use the template in the provided format and do not modify columns or headings. The blank data file template will also be available within EMAPS. Instructions for accessing the template are below.

6.1 Accessing the Template from the EMAPS Main Page

To access the blank CSV data file template, select the State Reports tab on the navigational menu (see fig 6-1).

![Figure 6-1 – State Reports Folder](image)

In the Survey Type Folder drop down menu, select <State Name> Data Files folder (see fig. 6-2).

![Figure 6-2 – State Reports Folder – Dropdown Options](image)

This folder will contain the data file template for SY 2018-19 which will be named <State Name> MOE and CEIS FFY 2018 SY 2018-19.csv. Please be sure to select the most recent file. The most recent file that the state has uploaded is also available in this folder (see fig. 6-3).

7.0 Completing the IDEA Part B MOE Reduction & CEIS Report

In order to complete the IDEA Part B MOE Reduction and CEIS report, enter all of the data into the CSV data file template.

**NOTE!** Although this will be edited using Excel, please keep in mind that the file is to be saved as a CSV; therefore, all fields must be formatted as text fields, and LEA names that contain a comma must be surrounded by quotation marks. Additionally, commas should not be used in any fields containing a dollar amount.

Errors may occur if the data file is not formatted as text. If the data are cut and pasted, be sure to format all data as text prior to pasting into the template. Pay attention to data that have leading zeros or leading spaces. Delete leading spaces or cells that contain only spaces.

In order to save the file as CSV, select **Save As** in Excel and then choose **CSV** from the drop down menu as shown below (see fig. 7-1).

![Figure 7-1 – Sample of How to Save as .csv file on Windows Desktop](image)

**NOTE!** Uploading a file with leading spaces or in a format other than CSV will result in an fatal error.

7.1 Updating the List of LEA/ESAs in the MOE Reduction and CEIS Report

All LEA/ESAs on the state’s data file template were identified by the state in the prior year’s data submission. As needed, states may add, change or remove LEA/ESAs using
columns A-E.

**NOTE!** Each LEA/ESA included in the state report must have a unique NCES ID Number. If the same NCES ID Number is used for multiple rows in the data file, the file will receive fatal errors and the user will not receive an email saying the file has been successfully uploaded to EMAPS.

The first five columns of the CSV file are used for identifying and maintaining the list of LEA/ESAs in the state. The columns are described below:

- **A - Update Flag** - Indicates that changes to LEA/ESA information (i.e., LEA name and LEA NCES ID) have been made. To be used only if changes are needed for that LEA/ESA. Update flags have the following permitted values:
  - 1 – LEA/ESA Name Change
  - 2 – Remove LEA/ESA from report
  - 3 – LEA/ESA added to report
  - 5 – NCES ID Change
  - 6 – Closed LEA/ESA with Data

- **B - Previous Year** - Lists previous year’s NCES ID. To be used only if the NCES ID has changed. This field is used in conjunction with the Update Flag of 5.

- **C - State Name** - Lists State Name. Will not need modifying. If LEA/SEAs are added, copy the State Name cell from the previous cell.

- **D - LEA/ESA Name** - Lists the name of each LEA and ESA that receives a Section 611 or Section 619 sub grant from the state.

- **E - NCES ID** - Lists the NCES identification number for each LEA and ESA that receives a Section 611 or Section 619 sub grant from the state.

If the ESAs in the state do not have NCES identification numbers or if the NCES identification numbers are not known, leave that field blank. Blank NCES ID field must be accompanied by an Update Flag of 3 in column A.

LEA/ESAs may be modified using the guidance in the following sections.

**7.1.1 To Add an LEA/ESA**

Enter 3 in the Update Flag column (column A), copy the State Name from another cell and enter it into column C, enter the LEA/ESA’s name into column D and NCES ID information (if known) into the NCES ID field (column E). The NCES ID must be a valid ESS NCES ID. If the NCES ID is not valid, a fatal error will be triggered, the file will not process, and the user will not receive an email saying the file has been successfully uploaded to EMAPS. If the NCES identification numbers are not known, please leave
column E blank.

**NOTE!** If the NCES ID is unknown, a temporary ID will be assigned. These temporary IDs are unique to each LEA/ESA and must be updated by the state with the actual NCES ID as soon as a valid ESS NCES ID is available. If there is still no ESS NCES ID available, continue to use the temporary NCES ID. The format of these IDs are ##F#####. Newly generated IDs will be visible in the next year's template.

### 7.1.2 To Indicate an LEA/ESA is closed but has data to report

Enter 6 in the **Update Flag** column (column A), and report data as necessary in the rest of the row. When using the Update Flag 6, a response must be provided for all columns. If the state only has partial data for the closed LEA/ESA, NA should be reported in the columns for which they do not have data.

### 7.1.3 To Remove an LEA/ESA

Enter 2 in the **Update Flag** column (column A) and leave the rest of the row as it is.

### 7.1.4 To Change an LEA/ESA

If the name of the LEA/ESA is changing, enter 1 in the **Update Flag** field (column A) and update the **LEA/ESA name** (column D).

**NOTE!** All LEA/ESA names that contain a comma must be put in quotation marks. The file will not process, and the user will not receive an email saying the file has been successfully uploaded to EMAPS if a file is submitted with comma(s) in the LEA/ESA name without quotation marks around it.

If the NCES ID has changed, enter 5 in the **Update Flag** field (column A) and enter the new NCES ID # in the **NCES ID** field (column E). Enter the old NCES ID # in the **Previous Year** field (column B).

**NOTE!** The new NCES ID must be a valid ESS NCES ID. A fatal error will be triggered if the NCES ID is not valid.

### 7.2 Entering Data into the Data Fields

After making any necessary updates for LEA/ESA identifying information, complete each column in the CSV file for each LEA/ESA. Do not modify the column order or remove any columns from the document. This may cause fatal errors or may cause incorrect data to be reported and submitted to the database.

**NOTE!** While M is a permitted value in each field, a warning will be written to the final
report when an M is reported in any column.

DO NOT use commas when entering dollar amounts; fatal errors may fire if commas are used in dollar amount fields.

Use the following permitted values for each column; fatal errors will fire if data other than the permitted values below are entered into the data file.

**NEW! NOTE!** References to “required CEIS due to significant disproportionality” should be interpreted to mean CCEIS due to significant disproportionality.

Total number of children receiving CEIS under the IDEA in the LEA/ESA during SY 2018-19 (D2)

- Report the total number of children who received CEIS under IDEA at any point during the course of the reporting year. This is an unduplicated count. This count should include children who received CEIS regardless of whether the Part B funds to support the services were required to be set aside or voluntarily set aside. A child should be included in this count whether the child received CEIS and was later determined to be eligible for special education and related services during the same or subsequent reporting year or was not determined eligible for special education and related services.

**NOTE!** In D2 and D3, enter child count values with only positive integers--commas or any special characters will cause a fatal error.

**NEW! NOTE!** Only students receiving CEIS, defined under 34 C.F.R. §300.226(a), with
funds that the LEA/ESA voluntarily reserved under 34 C.F.R. §300.226, are to be reported under D2 and D3 in this year’s data submission.
8.0 Uploading the IDEA Part B MOE Reduction & CEIS Report

Once the template is completed (now referred to as a file), upload data file template into the MOE Reduction & CEIS Survey. From the MOE and CEIS Summary tab, click the Upload Form button on the top right hand corner of the screen (see fig. 8-1).

This will redirect to the MOE Reduction and CEIS - Related Actions tab (see fig. 8-2). To upload a completed file, select the file by either:

- dragging and dropping the completed file from your computer into the Drag File Here field; or
- click Upload to display the browser’s dialog box and select the file by browsing through folders.

Once the file is selected, click Open. Click on the Submit button one time to load the file into EMAPS.
NOTE! A new file cannot be submitted while the previous one is still processing. An error message will appear on the screen if attempting to submit a second file while one is already being processed.

NOTE! Once the system has processed the file, EMAPS will send an automated email notifying users that the state report has been processed. The process of submitting data can continue after receiving this email.
9.0 Reviewing Fatal Errors in the IDEA Part B MOE Reduction & CEIS Report

If an automated email from EMAPS is received indicating the uploaded data file has fatal errors, view the error report, fix the data file to resolve the fatal errors, and restart the Upload Form process.

A fatal error will occur when the permitted value or format for each column is not used in the data file. These fatal errors must be resolved in the data file in order to successfully upload the file to the EMAPS system.

The error report will be available within EMAPS. To access the error report, select the State Reports tab on the navigational menu (see fig. 9-1).

![Figure 9-1 – State Reports Folder](image)

In the Survey Type Folder drop down menu select <State Name> Error Reports folder (see fig. 9-2).

![Figure 9-2 – State Reports Folder – Error Report Dropdown Options](image)

An error log will appear only if there are fatal errors that need to be addressed (see fig. 9-3). If no fatal errors are present in the uploaded data file or the uploaded data file has not finished processing, no report will appear.
After identifying and correcting all fatal errors, resubmit by uploading the revised data file using the instructions further within this guide.

**NOTE!** Once the system has processed your file, EMAPS will send an automated email saying the data file has been processed. The process of submitting data can continue after receiving this email.

10.0 Accessing the Final Version of the MOE Reduction and CEIS Report

After receiving an automated email from EMAPS indicating the data file has been successfully uploaded to the system, verify the data uploaded by reviewing the auto calculated figures and percentages and the warning messages in the final report. Once the data have been verified, the data must be submitted to the database.

The final report will be available within EMAPS. The final report will provide warning messages related to your data file. A warning will occur when an additional explanation is needed to appropriately understand the data submitted.

The **Warnings** column (column AF) will display **Yes** or **No** to indicate if an LEA/ESA has any warning messages. The warning messages will display in separate columns in the final report.

The data file can be submitted to the database with warnings; please provide an explanation for outstanding warnings in your data file when submitted.

**NOTE!** The final report will not be accessible in EMAPS until the automated email has been received from EMAPS saying the data file has been processed.

**NOTE!** Percentages will be rounded to two decimal places.

A Year-to-Year Comparison Report is also available for this data collection. The Year-to-Year Comparison Report can be found in the reports folder along with the final MOE Reduction and CEIS Report (see fig.10-3).

The Year-to-Year Comparison Report will display comparisons for Section 611 allocations reported across two years. It will calculate the difference between FFY 2017 allocations reported last year (A2B) and FFY 2017 allocations reported this year (A2A) for Total LEA/ESA allocation for Section 611.

Please provide an explanation for changes in the allocations reported for last year and for this year in the comment box prior to submitting the data to the database.

To access the **Final Report** or **Year-to-Year Comparison Report**, select the **State Reports** tab on the navigational menu (see fig. 10-1).
In the **Survey Type Folder** drop down menu, select **<State Name> Reports** folder (see fig. 10-2).

The final report file and the **Year-to-Year Comparison Report** will be available for download from this folder (see fig.10-3).

Review the reports carefully and ensure that data uploaded are correct prior to submitting the data to the database.
**NOTE!** Multiple versions of the final report and year-to-year reports will be available. Please be sure to review the most recent versions of these reports.

### 10.1 Summary of Auto-Calculated Fields

**NOTE!** M and NA are considered 0 in auto-calculations.

In Column A2C, the dollar amount increase in the total allocation of Section 611 funds from FFY 2017 to FFY 2018 will be auto-calculated for each LEA or ESA by subtracting the FFY 2017 dollar amount from the FFY 2018 dollar amount. Please verify the figures that are auto-calculated are correct.

In Column A4, the total (combined) dollar amount of Section 611 and 619 allocations from FFY 2018 will be auto-calculated for each LEA or ESA by adding the FFY 2018 Section 611 allocation dollar amount to the FFY 2018 Section 619 allocation dollar amount. Please verify the figures that are auto-calculated are correct.

In Column A5, 15% of the total (combined) dollar amount of Section 611 and 619 allocations from FFY 2018 will be auto-calculated for each LEA or ESA (see formula below). Please verify the percentages that are auto-calculated are correct.

\[
\begin{align*}
\text{FFY 2018 611 allocation} & \quad + \quad \text{FFY 2018 619 allocation} \\
$500,000 & \quad +\quad $200,000 \\
\text{Total FFY 2018 IDEA allocation} & \quad = \quad $700,000 \\
\end{align*}
\]

Total FFY 2018 IDEA allocation \( \times \) .15 = \( 700,000 \times .15 \) = 105,000

**NOTE!** Percentages will be rounded to two decimal places.

In Column B4, the percent of the available MOE reduction that the LEA or ESA took during SY 2018-19 will be auto-calculated. This is a percent of the amount the LEA is allowed to take for the MOE reduction. The percent of available reduction taken by the LEA or ESA during SY 2018-19 will be calculated using the following method: subtract the FFY 2017 Section 611 allocation (Column A2A) from the FFY 2018 section 611 allocation (Column A2B) and multiply the difference by 50% (this will equal the largest allowable amount for the MOE reduction). If \( A2B \text{ minus } A2A \) is a negative value, the value for B4 will be displayed as *.

Divide the amount of the reduction of local or State and local funds taken pursuant to Section 613(a)(2)(C) by the LEA or ESA during SY 2018-19 (Column B3) by the product and multiply the quotient by 100. For example, if an LEA’s FFY 2017 allocation of...
Section 611 funds was $500,000 and the same LEA’s FFY 2018 allocation of Section 611 funds was $700,000, the allocation would have increased $200,000 from FFY 2017 to FFY 2018.

To calculate the amount the LEA could reduce its MOE, the LEA would multiple $200,000 by 50% which equals $100,000. This $100,000 is the maximum allowable amount for the MOE reduction. If the LEA actually reduced its local, or State and local, expenditures by $50,000 (reported in Column B3), the auto-calculated percentage would equal $50,000 divided by $100,000 (the maximum allowable amount for the reduction), multiplied by 100, which equals 50% of the available reduction.

</tr>
<tr>
<td>Increase in funds between FFY 2017 and 2018</td>
<td>$200,000</td>
</tr>
</tbody>
</table>

Increase in funds between FFY 2017 and 2018 x Maximum % MOE reduction

Maximum allowable amount for MOE reduction

$200,000 x 50% = $100,000

Amount reduction taken by LEA (Column B3)

Maximum allowable amount of MOE reduction

$50,000

Percent of available MOE reduction taken

(.50 x 100 = 50%)

Do not report any percentages in Column B4, however, please verify the percentages that are auto-calculated are correct.

In Column C2C, the percent of IDEA funds that the LEA or ESA was required to reserve for CEIS due to significant disproportionality in SY 2018-19 will be auto-calculated using the figures from Column C2B and Column A2B and Column A3B (please see formula below). Do not report any percentages in Column C2C. However, please verify the percentages that are auto-calculated are correct.

<table>
<thead>
<tr>
<th>FFY 2018 611 allocation</th>

<td>+$200,000</td>
</tr>
<tr>
<td>Total FFY 2018 IDEA allocation</td>
<td>$700,000</td>
</tr>
</tbody>
</table>
NOTE! If the Column C2A response is Yes to indicate that the LEA or ESA was required to reserve funds for CEIS, then the figure in Column C2B and the percentage auto-calculated in Column C2C should equal 15% of the total LEA or ESA allocation for Sections 611 and 619 in FFY 2018.

In Column C3C, the percent of IDEA funds that the LEA or ESA used for voluntary CEIS during SY 2018-19 will be auto-calculated using the figures from Section C, Column C3B and Section A, Column A2B and Column A3B (please see the formula below). Do not report any percentages in Column C3C; however, please verify the percentages that are auto-calculated are correct.

\[
\begin{align*}
\text{FFY 2018 611 allocation} & \quad $500,000 \\
+ \text{FFY 2018 619 allocation} & \quad +$200,000 \\
\text{Total FFY 2018 IDEA allocation} & \quad $700,000 \\
\end{align*}
\]

Amount reserved for voluntary CEIS $90,000 = .128

Total FFY 2018 IDEA allocation $700,000

\[
\text{Percent of IDEA funds reserved for voluntary CEIS} \quad .128 \times 100 = 12.8\%
\]

NOTE! If the Column C3A response is Yes to indicate that the LEA or ESA voluntarily used funds for CEIS, then the figure in Column C3B and the percentage auto-calculated in Column C3C should be less than or equal to 15% of the total LEA or ESA allocation for Sections 611 and 619 for FFY 2018.

The Year-to-Year report will display auto-calculated fields, showing the difference between what was reported last year and what was reported this year for FFY 2017 Section 611 allocations. Values of N/A will appear on the Year-to-Year report for LEA/ESAs that either are not being used this year or did not get used last year (those with update flags of 3 and 2).

10.2 Warnings

There have been a number of revisions to warning messages for SY 2018-19. These revisions are minor and are noted in the table below.

The Warnings column (column AF) will display Yes or No to indicate if an LEA/ESA has any warning messages. Warning messages will appear in separate columns.
following this column in the final report. Warnings messages appear in this table, in the order that they appear in the final report.

11.0 Submitting the Final IDEA Part B MOE Reduction and CEIS Report

Once there are no fatal errors in the report and the data, auto-calculated figures, and warnings have been reviewed in the final report and Year-to-Year Comparison Report, submit the data to the database. To submit the report, select the Submit tab on the navigational menu and click Enable Submit Page in the top right hand corner (see fig 11-1).

If there are any fatal errors, a message in red will appear, similar to the one shown below (see fig.11-2). Use the navigational menu at the top of the page to navigate to the State Reports tab to review the fatal errors, correct the data in the data file template, and use the Upload Form button, located on the Summary tab, to upload a corrected copy.

Once there are no fatal errors, the Submit to Database button will be available. (see fig.11-3). Prior to submitting your data to the database, comments can be entered in the comment box titled Please provide additional information supplementing warnings in the .CSV file, if needed to explain warnings or inconsistencies with the data.
Once any necessary comments have been entered, click the Submit to Database button in order to submit the report.

The final CSV report displays all data that was entered and calculated, a legend with descriptions for each value shown in the report, and comments were entered on the Submit page. The comments will appear at the bottom of the spreadsheet for all LEA/ESA and legend rows (see fig. 11-4).

**NOTE!** The report cannot be submitted to the database if the uploaded file is not valid or if there is a file that is still processing.
NOTE! The data are not final until the report has been submitted to the database. Once data have been submitted to the database, the system will redirect back to the Submit tab on the navigational menu, and the Submit to Database button will be hidden to prevent submitting data multiple times.

After successfully submitting your file, changes can be made prior to the due date by repeating the process of uploading and resubmitting revised data as necessary.
