PREFACE

The EMAPS IDEA Part C Exiting User Guide is intended to provide assistance to users of the ED事实s Metadata and Process System (EMAPS). This guide demonstrates the steps necessary to enter IDEA Part C Exiting Survey data and navigate this survey in EMAPS.

This guide will be updated if major system modifications affect user procedures and reviewed annually with each survey release.

Data entered into the EMAPS system are authorized by an Annual Mandatory Collection of Elementary and Secondary Education Data Through ED事实s (OMB 1820-0557, expires 11/30/2020). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202-4536, or email ICDocketMgr@ed.gov and reference the OMB Control Number 1820-0557.

ED事实s is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality performance data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. ED事实s centralizes data provided by SEAs, LEAs, and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis, and reporting functions at the federal, state, and local levels.

1.0 Introduction

The EDFacts Metadata and Process System (EMAPS) is a Web-based tool used to provide State Lead Agencies with an easy method of reporting and maintaining (1) data to meet Federal reporting requirements, and (2) information on state policies, plans, and metadata in order to aid in the analysis of data collected.

1.1 Technological Requirements

Internet Explorer versions 9, 10, and 11 are the supported browsers for accessing EMAPS.

NOTE! EMAPS is unavailable late Sunday through 2:00 a.m. ET Monday morning for system maintenance.

1.2 Overview

This survey has been developed to collect data authorized under Section 618 of IDEA, Part C of the Individuals with Disabilities Education Act (IDEA). This information is entered by the IDEA Part C Data Managers. The survey collects information on the following and is organized to provide the counts for the number of infants and toddlers with disabilities (IDEA) in the following sections:

- Section A: Reason for Exit by Race/Ethnicity - States manually enter the count of children by Race/Ethnicity and Reason for Exit.
- Section A: Percent Exiting by Race/Ethnicity - EMAPS calculates the percentage of children exiting by Race/Ethnicity by Reason for Exit, based on the numbers entered by the states.
- Section B: Reason for Exit by Gender - States manually enter the count of children by Gender and Reason for Exit.
- Section B: Percent Exiting by Gender - EMAPS calculates the percentage of children exiting by Gender by Reason for Exit, based on the numbers entered by the states.

This report shall be run for 50 states, plus the District of Columbia, Puerto Rico, U.S. Virgin Islands, and the outlying areas American Samoa, Guam, and Northern Marianas.
2.0 Frequently Asked Questions

Below is a list of frequently asked questions regarding the EMAPS IDEA Part C Exiting Survey process. Additional questions about how the process works or suggestions for enhancements to the process should be directed to the Partner Support Center (PSC) at EDEN_SS@ed.gov.

What is the primary use of this information?

The IDEA Part C Exiting Survey provides the U.S. Department of Education (ED) information on the counts of the following:

- Section A
  - Reason for Exit by Race/Ethnicity
  - PercentExiting by Race/Ethnicity
- Section B
  - Reason for Exit by Gender
  - Percent Exiting by Gender

The data collected using this survey is required by the Individuals with Disabilities Education Act (IDEA), Section 618.

The data will be used as responses in the Office of Special Education Programs (OSEP) Table 3, Report on Infants and Toddlers Exiting Part C.

The data are also used for monitoring the programs and activities under IDEA and reported in OSEP's Annual Report to Congress on the Implementation of IDEA.

Who may have access to my state’s IDEA Part C Exiting Survey?

Each state IDEA Part C Data Manager has been granted read/write access to the EMAPS online survey. Other users will be granted access at the request of the state.

If the IDEA Part C Data Manager wishes to authorize another user to complete this survey, please contact the Partner Support Center (PSC) and provide the name and e-mail address of the user(s) that will be added.

Phone: 877-457-3336
Email: EDEN_SS@ed.gov
Federal Relay Service: 800-877-0996 (Voice/TTY) / federalrelay@sprint.com

The PSC is open from 8:00 a.m. to 6:00 p.m. ET, Monday through Friday, excluding Federal holidays.

Will the system send any notifications?

EMAPS will send notifications to IDEA Part C Data Managers at the following times:
• When the system is open.

• When data have been submitted.

• When there has been no account activity, a notification will be sent two weeks prior to the due date. If status remains unchanged, another will be sent three days prior to the due date.

• When data has been entered, but not submitted three days prior to the due date.

• If there are data with edit check warnings in the submissions three days prior to the due date.

Additionally, when the system is reopened for data resubmission, notifications will be sent:

• When the system has been reopened and a state has a data quality inquiry.

• When the system has been reopened to notify states, who do not have a data quality inquiry.

• When there was a data quality inquiry, and updated data have not been submitted one week prior to close of the reopen period.

• One week prior to the close of the reopen period to notify states who do not have a data quality inquiry.

**When are the data due?**

The system will open October 7, 2019 and the completed survey is due no later than 11:59 p.m. ET, November 6, 2019.

There will be a reopen period for data resubmissions between May 4, 2020 and May 27, 2020 at 11:59 p.m. ET. States will receive notification from OSEP of follow-up needed via email after the due date and prior to May 4, 2020.

The data will be frozen on May 27, 2020 to be used by OSEP in the Annual Report to Congress, public posting of the IDEA Section 618 data, and ad hoc requests.

Do not submit preliminary or placeholder data just to meet the submission deadline. The submission of the survey responses will be assessed by OSEP for timeliness, completeness, and accuracy. Data submissions with missing data elements are rated by OSEP as *incomplete*.

The review of data for accountability purposes will be based on data in the system as of 11:59 p.m. ET on the due date.
Are all states required to submit the IDEA Part C Exiting Survey via E\textsc{Maps} for SY 2018-19?

For SY 2018-19, the IDEA Part C Exiting Survey will be submitted by 50 states plus the District of Columbia, Puerto Rico, Virgin Islands, and the outlying areas American Samoa, Guam, and Northern Marianas.

What reporting year will this data collection cover?

The IDEA Part C Exiting Survey should cover an entire year of counts. For the SY 2018-19 data collection, the state will define their reporting period and enter the Month and Year in the survey.

May I leave a field blank?

Fields \textit{may not} be left blank. Data will not save unless there is a value for every field. The next questions will address \textit{zero counts}, \textit{missing data}, and categories that are \textit{not applicable}.

When are \textit{zero} counts permitted in this survey?

A \textit{zero} count should be used only if the state conducted a count for that data element and there were no children to report in the specific category for the given reporting period.

When should I report \textit{Missing}?

Report a count as \textit{Missing} when the state did not collect or cannot report a count for a specific category. States should enter \textit{M} for \textit{Missing}.

I see an error that is preventing me from submitting my form. What should I do?

If an error prevents the submission of the form, please review the data. Acceptable values are \textit{positive integers}, \textit{zero}, and \textit{M}. The characters \textit{NA} are permitted only for the fields \textit{Part B Eligible, continuing in Part C}. Negative numbers, decimal points, and other alpha characters are not acceptable.

In one row, data that is \textit{NA} is showing a total and percentage. In another row, data with an \textit{NA} is showing \textit{NA}. Why is this?

Data that is entered as \textit{M} or \textit{NA} will be calculated as a \textit{0}, with the exception of question 3, \textit{Part B Eligible, continuing in Part C}. Using a value of \textit{NA} or \textit{Missing} for this question will cause totals and percentages to calculate as \textit{NA}.

How can I review the survey results after I have saved a draft?

The \textit{Save as Draft} button will not submit any data into the database and will only save entered data in a given section. Entered data can be viewed at any time by navigating to that section, the \textit{Related Actions} tab, or the \textit{Review and Submit} tab. To view an HTML version of the survey, the survey must be submitted to the database. The HTML version can be accessed by selecting the \textit{State Reports} tab in the Survey navigation.
menu. These reports can also be found under the Reports tab in the EMAPS navigation menu.

How do I submit the completed survey to ED?

Navigate to the Review and Submit tab in order to save the survey to the database and complete the submission process. Once the review is complete, select the Submit button to submit the survey to the database. The IDEA Part C Data Manager (as well as anyone on the Part C Contact list) will receive a confirmation email once the data have been submitted to the database. Additionally, an HTML report and a Year-to-Year Comparison report will be available in EMAPS.

Will I have access to previously submitted Survey results?

Yes. Users will be able to view the history of all their state's submitted IDEA Part C Exiting Surveys. These reports can be accessed by selecting the State Reports tab in the Survey navigation menu. These reports can also be found under the Reports tab in the EMAPS navigation menu.

Will I have access to the survey after I have submitted data to the database?

Yes. The survey will be accessible until the November 6, 2019 due date. After the due date, the survey may be viewed, but data may NOT be modified until the reopen period (May 4, 2020 to May 27, 2020).

During the open periods, IDEA Part C Data Managers will be able to override any previously submitted versions of their state survey by entering the survey process and submitting the survey again. There are no limits to the number of times a user can submit the survey. A history of all submitted versions will be archived in the IDEA Part C Reports folder.

NOTE! ED will use only the last version submitted to the system as of 11:59 p.m. ET on the close dates for reporting purposes. Data publicly reported and used by OSEP for other purposes will be the last submission as of the final close date (May 27, 2020) for Exiting.

After starting the survey, can I save the existing entries and come back later to complete it?

Yes. As long as data entered have been saved as a draft under its respective tab before exiting the survey, states will be able to log in and complete their survey at a later time without losing previously entered data. The Save as Draft button will appear at the bottom right-hand corner of the page once ALL data have been entered for that section.

NOTE! Saving data within the collection screen will not generate an HTML report, and is not considered an official data submission to ED. Users must submit data to the database from the Review and Submit tab to submit data to ED.

5.0 Completing the IDEA Part C Exiting Survey

The IDEA Part C Exiting navigation menu contains eight tabs (see fig. 5.1). To navigate into a section, select on its corresponding tab.

Summary: This section contains information about the survey, instructions on how to complete the survey, as well as a link to download the IDEA Part C Exiting Survey User Guide.

Reason for Exit by Race/Ethnicity: This form is where IDEA Part C Data Managers will input data for Reason for Exit by Race/Ethnicity.

Percent Exiting by Race/Ethnicity: This form is auto-calculated by EMAPS and is to be reviewed by IDEA Part C Data Managers for accuracy. EMAPS will calculate the percentages based on data entered for Section A: Reason for Exit by Race/Ethnicity.

Reason for Exit by Gender: This form is where IDEA Part C Data Managers will input data for Reason for Exit by Gender.

Percent Exiting by Gender: This form is auto-calculated by EMAPS and is to be reviewed by IDEA Part C Data Managers for accuracy. EMAPS will calculate the percentages based on data entered for Section B: Reason for Exit by Gender.

Review and Submit: This form is where IDEA Part C Data Managers review the entered counts for edit checks (errors) or submit the survey to the database.

State Reports: This section contains the HTML and Year-to-Year reports for each IDEA Part C Exiting Survey submitted by the state for each year the survey has been available on EMAPS. These reports may be viewed and downloaded.

Related Actions: This tab provides links to each tab that has been opened for update or has unanswered questions. If a tab has been Saved as Draft, selecting on the Update link in the Related Actions tab will reopen the tab for edit.

5.1 Sections – General

To begin submitting the IDEA Part C Exiting Survey, select the tab to be updated (see fig. 5.2). This survey consists of 4 data sections:

1. Reason for Exit by Race/Ethnicity
2. Percent Exiting by Race/Ethnicity
3. Reason for Exit by Gender
4. Percent Exiting by Gender

To begin entering data, the Update Data button (see fig. 5.2) must first be selected. The Update Data button is located at the top-right of the page. Things to keep in mind when completing these sections:

- Each data field will be blank when the form is first opened.
- Zero counts should be entered only if a state conducted a count for that data element and there were no children to report in the specific category for the given reporting period.
- Report a count as Missing when the state did not or cannot report a count for the specific category. If a count is missing, enter M.
- The use of a Not Applicable entry is allowed ONLY for the fields in the third row of the forms, Part B Eligible, continuing in Part C. If a count is not applicable to the state, report NA.
- Fields with an (*) indicate a mandatory data entry field.
- The only permitted values are: 0, a positive integer, M for Missing, or NA for not applicable. Each field must have a response. The M for Missing and NA for not applicable must be capitalized.
- If the Percent Exiting page is visited prior to entering data in the Reason for Exit page, the forms will be blank.
- To save entered data, select the Save as Draft button (see fig. 5.3) located on the bottom-right of the page.

**NOTE!** Asterisks next to or above the questions indicate a responses is required.

Any section of the survey can be exited by navigating to another tab or to another area of the EMAPS system. Navigating away from a section or closing the EMAPS browser window without using the Save as Draft function will result in lost data. Data will be saved only when the Save as Draft button has been selected.
5.2 Entering the 12-Month Reporting Period

On the **Section A: Reason for Exit by Race/Ethnicity** tab, the first entry will be the 12 Month Reporting Period. Select the month and year for the beginning and ending of the reporting period from the dropdown boxes (see fig. 5.4).

![Figure 5.4 – 12-month Reporting Period](image)

If a 12-month period is not entered, there will be an error on the review page.

5.3 Reason for Exit by Race/Ethnicity

The **Section A: Reason for Exit by Race and Ethnicity** form is below the 12-month reporting period question.

*NEW!* Please note that states and entities should be following race and ethnicity data based on the Department of Education’s 2007 [Final Guidance on Maintaining, Collecting and Reporting Racial and Ethnic Data](https://www2.ed.gov/about/offices/list/osera/lead/2007final.html) to the U.S. Department of Education (published in the Federal Register Vol. 72, No. 202). States and entities were required to implement the procedures for collecting, aggregating, and reporting race and ethnicity, as described in the 2007 guidance, no later than the report of the 2010 IDEA Section 618 data and these requirements continue to apply to this submission of the IDEA Section 618 data.

Report the (unduplicated) number of children with an active individualized family service plan (IFSP) in place at some point during the reporting period, and at the end of the reporting period, that was either 1) no longer receiving services under Part C, or 2) had reached his or her third birthday, according to the child’s race/ethnicity, and reason for no longer receiving services.

Enter one of the accepted values into each of the data fields. Total fields on the far right, and those on the bottom, are auto-calculated by the system (see fig. 5.5).

*NOTE!* To ensure that EMAPS calculates totals properly, numbers should not be copied and pasted into data entry fields.

When calculating totals, values of $M$ will be treated as zeros.

After entering data, select **Save as Draft**.
5.4 Percent Exiting by Race/Ethnicity

After entering the data for Section A: Reason for Exit by Race/Ethnicity, review the Section A: Percent Exiting by Race/Ethnicity (see fig. 5.6). This section is auto-calculated with percentages from the data entered in the Section A: Reason for Exit by Race and Ethnicity form. The reporting period is not shown on this page. After viewing the percentages, users can either navigate back to the previous section to make corrections to the data or move along to the next section.

When calculating percentages, values of $M$ will be treated as zeros.

### Exit at Age Three

2. Part B eligible, exiting Part C. 100%
3. Part B eligible, continuing in Part C. 100%
4. No exit eligible for Part B, exit with referrals to other programs. 100%
5. No exit eligible for Part B, exit with no referrals. 100%
6. Part B eligibility not determined. 100%

### Not Receiving Services

7. Died. 100%
8. Moved out of state. 100%
9. Withdrawal by parent (or guardian). 100%
10. Attempts to contact unsuccessful. 100%

#### 5.5 Reason for Exit by Gender

Report the (unduplicated) number of children with an active IFSP in place at some point during the reporting period, and at the end of the reporting period, that was either 1) no longer receiving services under Part C, or 2) had reached his or her third birthday, according to the child’s gender, and reason for no longer receiving services.

Enter one of the accepted values into each of the data fields. Total fields on the far right, and those on the bottom, are auto-calculated by the system (see fig. 5.7).

**NOTE!** To ensure that EMAPS calculates totals properly, numbers should not be copied and pasted into data entry fields.

When calculating totals, values of *M* will be treated as zeros.

After entering data, select **Save as Draft**.
Figure 5.7 – Section B: Reason for Exit by Gender

5.6 Percent Exiting by Gender

After entering the data for Section B: Reason for Exit by Gender, review the Section B: Percent Exiting by Gender (see fig. 5.8). This section is auto-calculated with percentages from the data entered in the Section B: Reason for Exit by Gender form. After viewing the percentages, users can either navigate back to the previous section to make corrections to the data or move along to the next section.

When calculating percentages, Values of M will be treated as zeros.

Figure 5.8 – Section A: Percent Exiting by Gender
5.7 Fatal Errors in Data Entry Forms

If there are errors in the data entry forms, a message will appear below the field that has the error. These errors may happen when:

- A field is left blank;
- A negative integer is entered into a field;
- A decimal is entered into a field;
- A special character is entered into a field;
- An unacceptable letter code is entered into a field; and/or
- **NA** is entered into a field that is not **Part B eligible, continuing in Part C** (row 3).

**NOTE!** Data will not save if any of these errors are present (see fig. 5.9).

NEW! The message "**Errors/Warnings detected - see above. Data not saved.**" will be displayed at the bottom of the screen (see fig 5.10).
6.0 Review and Submit the IDEA Part C Exiting Survey

Once all data entry sections have been completed, select the Review and Submit tab on the Dashboard. Review the data for completeness and accuracy.

**NOTE!** Neither the Submit button nor the additional comment box will appear until the Verify Data button located at the top right-hand side of this section has been selected (see fig. 6.1).

![Figure 6.1 – Verify Data Button](image)

6.1 No Failed Edit Checks

If the data have passed all edit checks, the following message will be displayed: *There are no edit check warnings. Please submit the results of the survey by clicking the ‘Submit Data to Database’ button.* (see fig. 6.2).

![Figure 6.2 – No Edit Checks message with Comment Box and Submit Button](image)

There is an additional comment box on this screen that may be used to explain any errors or make any additional notes concerning the data (see fig. 6.2).

Once the Submit button is selected, an HTML report and a Year-to-Year Comparison report will auto-generate. These reports can be accessed by selecting the State Reports tab in the Survey navigation menu (reference Section 7.0 of this user guide for additional information on HTML and Year-to-Year reports). The reports can also be found under the Reports tab in the EMAPS navigation menu. The IDEA Part C Data Manager will receive a confirmation email after the survey has been submitted to the database. Once the survey has been submitted to the database, ED will have access to the state’s survey responses as well.

**NOTE!** Data will not be submitted to the database if this section is left without first selecting the Submit button or if the EMAPS browser window is closed directly.
Once the survey is successfully submitted, exit the survey by selecting a tab in the EMAPS navigation menu to navigate to or by logging out of the EMAPS system.

### 6.2 Failed Edit Checks

If the data submitted fails edit checks, the following warning message is displayed at the bottom of the **Review and Submit** form with a list of all failed edit check logic in red (see fig. 6.3): **Please note that the data entered result in the following relationships which violate edit checks:**

**Part C Exiting Edit Checks:**
- For each question, the Total field by Race/Ethnicity shall equal the Total field by Gender for a given question
- Overall Total by Race/Ethnicity shall equal the overall Total by Gender.
- The reporting period shall equal 12 or 13 months.

![Failed Edit Checks error message with Comment Box and Submit Button](image)

Figure 6.3 – Failed Edit Checks error message with Comment Box and Submit Button

To make changes or corrections to address edit checks, select the tab for the section which needs to be updated. To begin entering updated values, select the **Update Data** button (see fig. 5.2), update the appropriate data and then save by selecting the **Save as Draft** (see fig. 5.3) button. Navigate back to the **Review and Submit** tab to **Verify Data** and **Submit**.

If the survey is being submitted with edit check warnings, enter a comment to explain the reason(s) behind the warnings.

The survey can be accessed to make updates at any time during the open periods. If a new version of the survey is submitted to the database, it will override the previously submitted version. A history of all submitted surveys are available in the **State Reports** tab in the survey and under the **Reports** tab in the EMAPS navigation menu.
7.0 Accessing State Reports

The HTML and Year-to-Year Comparison reports can be accessed in one of two ways:
   1. in the survey under the State Reports tab (see fig. 7.1); and
   2. by navigating to the Reports tab in the EMAPS navigation menu.

**NOTE!** New HTML and Year-to-Year Comparison reports are generated each time the data is submitted to the database.

To access the reports inside the survey, navigate to the State Reports (see fig. 7.1) tab. All generated HTML and Year-to-Year Comparison reports will appear in order of date created. Select the report needed, then follow the browsers prompts to save the report to the computer, or open and view the report.

**NOTE!** If the survey is submitted multiple times, reference the time/date stamp to locate the most recent submission. The most recent submission will be the survey that was last submitted to the database and the collection ED will use for analysis.

Once a file name is selected, the HTML report will appear in a new tab of the internet browser (see fig. 7.2).

Save this report to the computer desktop using Internet Explorer browser options or print the report as a hard copy.

The edit checks that were violated by the data submitted will be displayed on the HTML survey report located under the comment box. These edits will appear just as they do in the Review and Submit form, only the edits on the HTML reports will not be displayed in red text.
To remove the edit checks from displaying in the HTML report, correct the edits in the data entry forms and re-submit the survey through the *Review and Submit* form. This will override the previous submission.

The Year-to-Year Comparison Report will open in Excel and may be used to compare data from past years (see fig. 7.3). Each time a version of the survey is submitted, a new version of this report will be generated. Ensure to open the correct report by referencing the time/date stamp.
