1.0 INTRODUCTION

The *EDFacts Metadata and Process System (EMAPS)* is a Web-based tool to provide State Education Agencies (SEAs) with an easy method to report and maintain information on state policies, plans, and metadata to aid in the analysis of data collected. This document is intended to help guide the IDEA Part B Data Managers to enter data and the state *EDFacts* Coordinators in accessing the *EMAPS* State Supplemental Survey - IDEA Metadata process.

1.1 Technical Requirements

Before Beginning:

Internet Explorer versions 8 or 9 and Firefox are the preferred browsers for accessing *EMAPS*.

1.2 Overview of the *EMAPS* State Supplemental Survey- IDEA Process

The State Supplemental Survey - IDEA is completed/reviewed by each state's Part B Data Manager annually. This survey collects metadata related to the SY 2013-14 IDEA data collection. These metadata responses will be used by the Department when reviewing and using data submitted by your state to meet the annual data reporting requirements under IDEA Section 618. Responses will be used to verify the accuracy of your 618 data, as well as to decrease the need for you to submit data notes. State IDEA Part B data managers are authorized to provide the metadata for this survey. The following change is implemented in this release.

1. The question, "What is your state's definition of significant disproportionality?" has been added to supplement the IDEA MOE Reduction & CEIS Survey.

2.0 FREQUENTLY ASKED QUESTIONS

Below is a list of frequently asked questions regarding this EMAPS process. Additional questions about how the process works should be directed to the Partner Support Center (PSC).

Will the system send any notifications?

EMAPS will send notifications to Part B Data Managers at the following times:

- When the system is open.
- When responses have been submitted to the database.
- When there has been no account activity. Notifications will be sent three days prior to due date.
- When responses have not been submitted to the database three days prior to due date.
- When OSEP identifies inconsistencies between the SSS-IDEA responses and the 618 data submissions.

I noticed that there is no “Previous” button on the Review and Submit Responses form. How do I make edits to the responses on this form?

If you need to correct a response, you will have to exit the Review and Submit Responses form by clicking on the “Change Survey” button. You will then be directed to the dashboard of the survey and should use the links on the dashboard to select the form that needs to be changed.

How do I ensure that the responses I entered are saved?

The responses will be saved when you hit the “Save as Draft” button at the bottom of any form.

Where do I document the actual minimum graduation age for my state?

You need to document that in the Regular High School Diplomas section under the Exiting Special Education section. If you answer “Yes” to the question “Is there a minimum age for graduation with a regular high school diploma in your state?” you must enter a comment in the comment field, as it is a mandatory field. The comment must define what the minimum graduation age is.

Where do I document the actual maximum age at which a student with disabilities (IDEA) can receive special education services?

You need to document the maximum age at which a student with disabilities (IDEA) can receive special education services in the “Maximum Age for Services” section under the Exiting Special Education section. Select the age at which students with disabilities (IDEA) can no longer receive special education services under IDEA in the state. That age should match the age at which the state reports counts in the Exiting data under the reporting category of “reached maximum age”. In the Exiting data, counts entered

into this reporting category for an age lower than the age selected in this SSS-IDEA EMAPS survey will result in additional follow up or explanation.

Do I have the option to input dates in both the month and comment field for the Child Counts?

No. This year, you must choose an exact date. You may no longer enter a description of the child count date in the comment field. If you do not answer this question, the system will display an error and you will not be able to continue on to the next form.

On the Review and Submit Responses form, I see “Change Survey” and “Submit to Database” buttons. When do I use either of them?

If you are satisfied with the information entered in the survey, click on the “Submit to Database” button. When this button is clicked the information will be saved to the database. Selecting this option allows the U.S. Department of Education to determine which of the states have completed the survey. You can make edits to the survey any number of times before the due date. If you need to revise to the survey some other time before the due date, click on the “Change Survey” button.

Will I be able to make any edits to the survey after the due date?

You will only be able to make any edits to the survey before the due date for the survey. If you want to make changes to the survey after the due date you should contact the Partner Support Center (PSC).

How can I access the HTML report that was generated?

You can access the HTML report from the menus on the right hand side of the EMAPS Home page. You will only be able to access the HTML report for SY 2013-14 after submitting the responses to the database.

Can more than one person in my state get user access to the process?

Yes. If additional access is needed to the State Supplemental Survey-IDEA process, please have your IDEA Part B Data Manager contact the PSC to request this access. Your ED*Facts* Coordinator will have read-only access to this survey, unless otherwise requested.

Some of my fields appear to be truncated, how do I correct this?

Make sure that you are using the recommended Browser configuration for Internet Explorer 8 or 9 and that the user has maximized the screen. If you are still experiencing issues, you may need to adjust the Zoom Level to below 100% on the bottom of the Internet Explorer screen.

When does ED have access to the response of this survey?

ED will review the answers after the survey is closed.

Who do I contact if I have questions about the EMAPS process?

If you have any questions about the EMAPS State Supplemental Survey - IDEA process, please contact the Partner Support Center (eden_ss@ed.gov)

Telephone: 877-457-3336 (877-HLP-EDEN)
TTY/TDD: 888-403-3336 (888-403-EDEN)
Monday through Friday 8am to 6pm ET

3.0 EMAPS STEP-BY-STEP INSTRUCTIONS

Follow the steps below to review and edit the State Supplemental Survey - IDEA information in EMAPS.

Note: The screenshots used to detail the following steps are similar, but not identical, to what users saw in last year's EMAPS survey.

3.1 Log into EMAPS

You may access this survey directly through the EMAPS web site.

If you need your EMAPS login credentials or your username and password reset please contact the Partner Support Center (PSC) for assistance.

Email: eden_ss@ed.gov

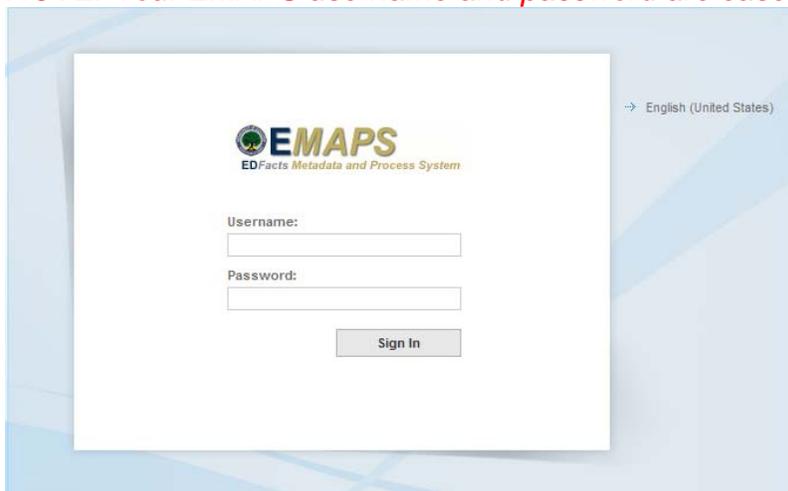

Telephone: 877-457-3336 (877-HLP-EDEN)

TTY/TDD: 888-403-3336 (888-403-EDEN)

The PSC is open from 8 AM to 6 PM ET, Monday through Friday.

To log in directly to EMAPS, go to <https://emaps.ed.gov/suite/> which will navigate you to the EMAPS login screen. Users will enter their assigned username and password for access.

NOTE! Your EMAPS username and password are case sensitive.

The screenshot shows the EMAPS login interface. At the top left is the EMAPS logo with the text "EDFacts Metadata and Process System". At the top right is a language selector "→ English (United States)". The main content area contains a login form with two input fields: "Username:" and "Password:". Below the password field is a "Sign In" button.

4.0 Launching the Survey from the EMAPS Home Page

4.1 EMAPS Home Page

When you log into EMAPS, you are immediately taken to the EMAPS Home page. Under the Metadata Collections header you will see the “State Supplemental Survey-IDEA SY 2013-14”, click the link “Click Here to Begin” to start the process

5.0 Dashboard

The dashboard screen lists each section of the survey that should be completed. You should begin by reviewing the data in the “Review and Submit Responses” link. This will contain your state’s responses to the SY 2012-13 Survey. You may not need to complete every section if the previous year’s responses remain correct.

If the previous year’s responses (SY 2012-13) no longer apply or are incorrect for SY 2013-14 please click on the “Change Survey” button at the bottom of the “Review and Submit Responses” form. This will take you back to the dashboard.

If you need to complete or amend a section, click on the appropriate link(s) to go to the required form and make corrections.

There is one new question that all states must complete in the SSS-IDEA SY 2013-14 survey. The question appears under the MOE Reduction and CEIS link on the dashboard.

6.0 Data Entry

To begin a section of the survey, select the section you wish to complete.

6.1 Exiting

This form is divided into sections. Each section has questions and comment fields that you will need to answer or comment on. Based on how you answer these questions, additional questions or fields may be displayed or hidden.

Section: Reference Period

Answers will be pre-populated in this section based on your state's responses from last year. If you find you need to make updates, the following section contains information about the functionality of the form.

The default value for the question “Does your state use the required reference period of July 1 to June 30 to report exiting data for IDEA?” is your state’s response from last year.

Reference Period
Does your state use the required reference period of July 1 to June 30 to report exiting data for IDEA? *
<input checked="" type="radio"/> Yes <input type="radio"/> No

If you select “No” for the question above, additional date fields are displayed.

Reference Period	
Does your state use the required reference period of July 1 to June 30 to report exiting data for IDEA? *	What is the reference period used?
<input type="radio"/> Yes <input checked="" type="radio"/> No	<input type="text" value="3/7/2011"/>  Start date
	<input type="text" value="12/31/2011"/>  End date

There is a validation to verify if the start date for the process is earlier than the end date. You cannot proceed to the next question unless this is corrected. Please see the example below:

Reference Period	
Does your state use the required reference period of July 1 to June 30 to report exiting data for IDEA? *	What is the reference period used?
<input type="radio"/> Yes <input checked="" type="radio"/> No	<input type="text" value="3/5/2015"/>  Start date
	<input type="text" value="12/1/2011"/>  Your start date exceeds your end date. End date

Note: If you enter the date manually and do not use the calendar function, a valid date must be entered in the MM/DD/YYYY format. Special characters must not be entered in the date field.

Section: Maximum Age for Services

Answers will be pre-populated in this section based on your state's responses from last year. If you find you need to make updates, the following section contains information about the functionality of the form. When the user enters this section the radio buttons selected last year for the question “What is the maximum age at which a student with disabilities (IDEA) can receive special education services?” are activated.

Comment

(Optional)

The default values for the question “Please indicate if your state permits placement for children with disabilities (IDEA), ages 6 through 21, in the following educational environments.” is set to your state’s response from last year.

If you select the option “permit depending on age of the child” for the educational environments “Correctional Facility” or “Parentally-Placed in Private Schools”, three check boxes will appear to indicate the students’ age and you may select two out of the three options. A maximum of two age ranges can be selected.

If you select “permit depending on age of the child,” please enter the ages for which the environment is permitted in your state in the comment field.
