PREFACE

The EMAPS User Guide is intended to assist users of the EDFacts Metadata and Process System (EMAPS). This guide addresses the basic mechanics of EMAPS system access and navigation for this process.

This guide will be updated if major system modifications affect user procedures.

Data entered into the EMAPS system are authorized by an Annual Mandatory Collection of Elementary and Secondary Education Data through EDFacts (OMB 1810-0711, expires 06/30/2020). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1850-0925.

EDFacts is a U.S. Department of Education (ED) initiative to govern, acquire, validate, and use high-quality, kindergarten through grade 12 (K–12) performance data for education planning, policymaking, and management and budget decision-making to improve outcomes for students. EDFacts centralizes data provided by SEAs, LEAs and schools, and provides users with the ability to easily analyze and report data. This initiative has significantly reduced the reporting burden for state and local data producers, and has streamlined data collection, analysis and reporting functions at the federal, state and local levels.

1.0 Introduction

The EDFacts Metadata and Process System (EMAPS) is a Web-based tool that allows state education agencies (SEAs) to report and maintain information that aids in the analysis of data collected as part of the EDFacts Initiative. SEAs report state policies information, data submission plans, and metadata via EMAPS.

This document is intended to guide State Title II Directors in submitting their Survey on the Use of Funds Under Title II Part A (Supporting Effective Instruction Grants State Activities Funds).

Technological Requirements
Internet Explorer versions 9, 10 and 11 are the only supported browsers for EMAPS.

Note! EMAPS is unavailable late Sunday through approximately 2:00 a.m. ET on Mondays for system maintenance.
2.0 Overview

The Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), provides funds to States and local educational agencies (LEAs) to improve the quality and effectiveness of their teachers, principals, and other school leaders, with the goal of increasing student achievement consistent with the challenging State academic achievement standards. States and LEAs receive these funds under Title II Part A (Supporting Effective Instruction Grants) of the ESEA. The purpose of the EDFacts Metadata and Process System (EMAPS) Survey on the Use of Funds Under Title II Part A (Supporting Effective Instruction Grants State Activities Funds) (UOF TII Part A) is for the U.S. Department of Education to gain a better understanding of how States are using their Title II Part A State activities funds. Completion of this survey meets the reporting requirements under Section 2104(a)(1-4) of ESEA.
2.1 Frequently Asked Questions

Below is a list of frequently asked questions regarding this EMAPS process. Additional questions about how the process works can be directed to the Partner Support Center (PSC) at EDEN_SS@ed.gov.

What is the primary use of this information?
The information will be collected annually from the 50 States, the District of Columbia, and Puerto Rico. The information obtained from the surveys will provide the Department with a description of how Title II Part A State Activities Funds are used by each state. In addition, the survey will provide data on the number of SEA staff supported by Title II Part A funds at the state level, as well as data on teacher, principal, and other school leader evaluation and retention. To the extent possible, the results from the survey will be compared with results obtained from previous data collections. The results have been presented to State Title II Part A Coordinators during their annual meeting. The results are used to inform Congress, the President, other external stakeholders, and interested parties on how Title II Part A State Activities Funds are used by each state.

Who in my state has been given access to the Title II Part A SEA survey?
Each State Title II Director has been granted access to respond to and submit the EMAPS Title II Part A SEA survey. Each State EDFacts Coordinator will be granted read-only access to the survey.

Can someone other than the Title II Director respond to the survey and submit for my state? If so, how do I do that?
Yes. If the Title II Director wishes to authorize someone else to submit the data, please contact the Partner Support Center (PSC) with the name and e-mail address of the new user(s).

Phone: (877) 457-3336
E-mail: EDEN_SS@ed.gov
Federal Relay Service: 800-877-0996 (Voice/TTY) / federalrelay@sprint.com

When are the data due?
The completed survey is due no later than 11:59 p.m. ET, July 10, 2019. In addition, there will be a period between August 12, 2019 through August 30, 2019 when the survey will be reopened to allow for updates to be made after the data quality review by the program office takes place.

Are all states required to submit the Title II Part A SEA survey via EMAPS for Federal Fiscal Year (FFY) 2018?
Yes. 50 states plus the District of Columbia and Puerto Rico are required to submit this survey.
What reporting year will this data collection cover?
The State allocations that must be reported in the Title II Part A SEA survey are for Federal Fiscal Year (FFY) 2018.

New! What school year of data should my state enter for Question 4 and Question 5?
The funding data that you will report in Questions 4 and 5 is for SY 2017-18. These data were submitted in the FFY 2017 survey but to allow states to collect and submit complete and accurate data, questions 4 and 5 will collect these data with a year lag (SY 2017-18). This year will serve as the baseline data and future years will remain consistent in terms of the SY collected for questions 4 and 5.

Will the system send any notifications?
EMAPS will send notifications to Title II Directors and EDFacts Coordinators at the following times:
- When the system opens, and the survey is available for submission;
- Once the survey is submitted (a copy of the submitted survey will be attached).

Three days prior to the close of the system, one of two e-mails may be sent to Title II Directors and EDFacts Coordinators if action is still required:
- Survey is in a “Not Started” status (no data has been entered); or
- Survey is in a “In Process” status (data have been entered but not yet submitted the survey).

Additionally, Title II Directors and EDFacts Coordinators will receive notifications when the system is reopened for data resubmission. The email will indicate if OSS identified the state as being required or not required to resubmit the survey.
- States identified as being required to resubmit, and have not completed the resubmission, will receive a reminder notification one week prior to the final due date.

May I leave a field blank?
No. All fields must be completed with the exception of the optional comment box at the end of each question.

Can I enter decimals as a response?
Yes. The system will automatically round all values to the required formatting for each specific question. For example, the system will round percentages to one decimal place, FTE values to two decimal places, and allocation amounts to two decimal places.

Can I report data as Missing?
Yes. The system will allow a count to be reported as Missing. Missing (M) should be reported if the State did not collect or cannot report an allocation amount for the specific category that is applicable to the state.
Note! When entering Missing, enter M into the field. Please provide an explanation for Missing data and what steps will be taken to ensure that the data will be reported in the future in the comment box for that question, prior to submitting the survey.

What if my state did not allocate any funds for a particular question?
A response is required for all allocation fields that are manual entry and marked with an asterisk. Permitted values are numeric values (including zero) or the value of M (Missing). The error message “A value is required” will be triggered if a numeric value or M (Missing) is not entered and the pre-populated value is removed from the manual entry field.

New! Should I report contracted employees in Question 3?
Question 3 collects the number of SEA employees, not contractors, whose salaries are fully funded and those partially funded by Title II, Part A activities and/or administrative funds.

New! What happens if a user enters the wrong type of character into a field?
If the wrong type of character is entered, the entered data will be erased when the page is saved or updated. No error message will appear.

Note! Error and warning messages that are based on multiple fields may appear at the further down the page, just above the “SAVE AS DRAFT” button.

Is there a character limit for the comment boxes provided in the survey?
Yes. The comment and description fields are paragraph type format with a maximum of 4,000 plain text characters.

Will I have access to the survey after it has been submitted?
Yes. A copy of the survey can be accessed and modified until the July 10, 2019 due date. After the due date, the survey can be reviewed, but revisions cannot be made until the reopen period of August 12, 2019 through August 30, 2019.

Can I make corrections to the submitted data before the due date?
Yes. Title II Directors can override previously submitted versions of their State’s data by going back into the EMAPS system and updating accordingly. If data are updated, the survey must be resubmitted in order for the program office to receive updated information. There is no limit to the number of times data can be edited and submitted while the survey is open.

When can I revise my state’s survey after the due date?
The survey responses can be modified during the reopen period of August 12, 2019 through August 30, 2019.
Can I print the results of this survey?
Yes. The final submitted survey may be saved and printed. See section 7.0 for directions on accessing the submitted survey.

Whom do I contact for login problems or technical assistance with the EMAPS website?
For login and technical assistance, please contact the Partner Support Center:
   E-mail: eden_ss@ed.gov
   Telephone: 877-457-3336 (877-HLP-EDEN)
   Federal Relay Service: 800-877-0996 (Voice/TTY) / federalrelay@sprint.com

PSC is open from 8:00 a.m. to 6:00 p.m. ET, Monday through Friday, excluding Federal Holidays.

Note! Users should also contact PSC for content and policy-related questions.
3.0 Accessing EMAPS

To access the EMAPS login screen, go to https://emaps.ed.gov/suite/.

1. A Department of Education-approved warning banner will appear. Accept the terms of the consent to monitoring before accessing the application (see fig. 3.1).

![Figure 3.1 – Department of Education approved warning banner](image)

**Note!** Internet Explorer 9, 10, and 11 are the only supported browsers for EMAPS.

2. Enter the assigned EMAPS username and password into the appropriate fields (see fig. 3.2). See Section 9 if you need to reset your password. If you experience issues logging into EMAPS, please contact PSC (FAQ Section, 2.1).

![Figure 3.2 – EMAPS Login Screen](image)
Note! Both the EMAPS username and password are case sensitive.
4.0 Accessing the Title II Part A SEA Survey

Once logged into EMAPS, the EDFacts Portal landing page will display.

Click the Title II Part A Use of Funds blue survey link under the EDFacts section, then click the state specific survey link to enter the survey. (see figs 4.1 and 4.2).

The system will redirect to the Summary tab of the survey (see fig. 4.3) where the following will be available:

a. Survey progress bar showing the status of the survey:
   i. Not Started: No data has been entered and saved in the survey
   ii. In Process: Data has been entered and saved in the survey
   iii. Submitted: The survey has been submitted successfully to the database
b. Information about the survey;
c. Instructions for completing the survey; and
d. Survey Support Documents
   i. Survey User Guide
   ii. Recording of the survey webinar
   iii. Paper copy of the Title II Part A State survey

Figure 4.3 – Summary Page

To return to the EDfacts Portal at any time, choose EDfacts Portal from the dropdown menu in the top right corner (see fig.4.4).

Figure 4.4 – Dropdown Menu
5.0 Navigation Tips

5.1 Survey Support Documents

Documents available on the SUMMARY page of EMAPS to assist with submitting the Title II Part A State survey are:

- **EMAPS Title II Part A FFY 2018 SEA Survey User Guide**: Link to the technical document that provides step-by-step instructions on completing and submitting the survey.

- **EMAPS Title II Part A FFY 2018 SEA Survey Webinar**: Link to the technical webinar recording and slide deck.

- **EMAPS Title II Part A FFY 2018 SEA Survey OMB Approved Mock-Up**: Should you want to collect the information and enter it on paper before entering data into the online survey, this link allows you to download the Office of Management and Budget (OMB) approved version of the survey.

5.2 Responding to a Question

To respond to a question, select the question specific link at the top of the page. The question will first display in review only mode. To enter responses, follow these instructions:

1. Click the **UPDATE QUESTION X RESPONSES** button to manually enter the data (see fig. 5.1).

![Update Question X Response Link](image)

Figure 5.1 – *Update Question X Response* Link

2. Data entry fields will display to allow manually entry allocation amounts or comments to be entered (see fig. 5.2).
3. At the bottom of each page, an optional comment box is available (up to 4,000 characters). Once all data have been entered, warnings have been reviewed, and data are ready to be saved, click **SAVE AS DRAFT** (see fig 5.3)

**Note!** Data entered cannot be saved until all errors are resolved.

**Note!** If the **Data Entry Form** is closed without clicking **SAVE AS DRAFT**, data entered will not be saved.

5.3 Manually Entering Data into Data Entry Fields

To manually navigate between data entry fields, press the Tab key. Doing so will:
- Progress you to the next field;
- Correctly format the field that was responded to; and
- Update an auto-calculated **Total** field with the new value.

5.4 Comment and Description Fields Character Limit

The character limit for the comment and description fields in the survey is 4,000 which is displayed below the field.
To validate that the response does not exceed the 4,000-character limit, enter the text into Notepad which will count the characters accurately using plain text. From there, paste the text into the EMAPS comment box or description box once your response is complete. The form will not be able to be saved as a draft or continue until the count of characters is 4,000 or less.

Note! Microsoft Word counts characters differently than Notepad and EMAPS. EMAPS uses plain text while MS Word uses rich text.

5.5 Addressing Warnings and Errors

Warnings will be triggered if a potential issue is identified with the data. Warnings will not prevent submission of the survey. If a warning is triggered, it is strongly recommended that an explanation be provided in the optional comment field addressing the warning.

Errors will trigger if an issue has been identified with the data that is not acceptable. Errors must be resolved before the system will save entered data as a draft. Errors will also prevent submission of the survey.
6.0 Completing the Title II Part A Survey

To begin entering Title II Part A State survey data, select a question link on the top menu bar. This survey consists of six questions:

1) **Question 1:** Dollar amount of Federal FY 2018 Title II, Part A State activities funds allocated for each section (not including carryover funds).

2) **Set Aside Question:** Dollar amount, if any, reserved for subgrants to LEAs for activities for principals or other school leaders described in Section 2101(c)(3).

3) **Question 2:** Identify areas in which the State allocated Federal FY 2018 Title II, Part A State activities funds.

4) **Question 3:** Identify number of SEA employees paid with Title II, Part A State activities and/or administrative funds.

5) **Question 4:** Identify whether or not the State used Title II, Part A State funds to implement school staff evaluation and support system consistent with Section 2101(c)(4)(B)(ii) in SY 2017-18.

6) **Question 5:** Identify whether the State collected data on the SY 2017-18 annual retention rate of effective and ineffective school staff using any methods or criteria the State has developed under Section 1111(g)(2)(A).

6.1 Question 1

Question 1 collects the dollar amount of Federal FY 2018 Title II, Part A State activities funds allocated for each section (not including carryover funds). It contains auto-calculations, pre-populated data and manual entry fields.

To enter a response in the data entry fields:

1. Click **UPDATE QUESTION 1 RESPONSES**;
2. Enter the allocation amounts in the respective sections; and
3. Click **SAVE AS DRAFT**

6.1.1 Q1: Total Federal FY 2018 Title II Part A State activities funds allocation for State

The first row displays the total Federal FY 2018 Title II, Part A State activities funds that were allocated to the State on July 1, 2018 and October 1, 2018. The amount listed is pre-populated with the allocation amount provided by the program office (see fig. 6.1).

The following auto-calculation formula shall be applied dynamically for this section:

- **Total amount of Title II, Part A funds transferred to another program under ESEA funding transferability provisions (ESEA section 5103)**
  as the sum of
“Amount of Title II Part A funds transferred to Title I, Part A”
“Amount of Title II Part A funds transferred to Title I, Part C”
“Amount of Title II Part A funds transferred to Title I, Part D”
“Amount of Title II Part A funds transferred to Title III, Part A”
“Amount of Title II Part A funds transferred to Title V, Part B”

**Note!** If the sum of the 5 sub-categories does not equal the total funds for all Title II, Part A State activities, a warning will appear at the bottom of the section (see fig. 6.3).

---

**Figure 6.1 – Question 1**

**Note!** All dollar fields are required to have a numeric value or M (Missing) entered. A **value is required** error will appear if a numeric value or M (Missing) is not entered (see fig. 6.2).

**Note!** It’s possible that funds have been budgeted and you are in the process of obligating. Please only include unbudgeted dollar amounts on this line.

---

**Figure 6.2 – Question 1: A Value is Required Error**
6.1.2 Q1: Title II Part A State funds for activities

The next section of Question 1 includes manual entry sections and auto-calculations. States are not required to fund every activity listed; therefore, some activities may be left as $0.00 if the activity was not funded. Each activity is separated by a page break.

**Note!** Sub-questions (a), (b), (e), and (g) contain a **Total: $XX.XX** field which is auto-calculated as the sum of the dollar amounts listed for each sub-activity in the same sub-question. (see fig. 6.4)

**Note!** A warning will appear above the page break of Question 1 if:
1) The amounts entered in sub-questions (a) through (u); do not equal the value entered for Total Amount 2018 Title II, Part A State activities funds allocated; or
2) Any value is reported as M (missing).

**Note!** Spending on administrative activities should be included in question 1f.

To confirm if the warning triggers, scroll up to the top of the screen prior to clicking **SAVE AS DRAFT**.

6.2 Set Aside Question

The **Set Aside Question** asks if funds were reserved for subgrants to LEAs for activities for principals or other school leaders as described in Section 2101(c)(3).

To enter a response in the data entry fields:

1. Click **UPDATE SET ASIDE QUESTION RESPONSES**;
   a. If **No** is selected, nothing further is required;
b. If Yes is selected, a percentage of funds reserved and a description of
the activities that were funded are required (see fig. 6.5);
2. Include a comment in the Comment (Optional) field if applicable; and
3. Click SAVE AS DRAFT.

Note! If the Data Entry form is closed without clicking SAVE AS DRAFT, data entered
will not be saved.

Note! The A value is required error will appear if YES is selected for the Set Aside
Question and the description of the activities funded by the reserved funds is left blank.

Set Aside Question
In Federal FY 2017, a total of $13,746,466.15 was made available for subgrants to LEAs in Colorado. Under Section 2101(a)(3), LEAs are allowed to reserve not more than 3 percent of the amount reserved
for subgrants to LEAs for activities for principals or other school leaders described in Section 2101(a)(3). Did your state reserve any of these funds for activities for principals and other school leaders
described in Section 2101(a)(3)?

☐ Yes
☐ No
If you selected "Yes," what percentage of those funds were reserved for those activities?

0.0
In addition, please provide a description of the activities funded by the reserved funds:

Must be a positive value, 0 or M

Figure 6.5 – Error message will trigger if Yes is selected and a value is not entered.

Note! The Must be a positive value, 0 or M error will appear if the percentage of funds
entered is less than zero (negative number).

If you selected "Yes," what percentage of those funds were reserved for those activities?

-50.0
Must be a positive value, 0 or 'M'

Figure 6.6 – Error message will trigger if a negative number is entered
6.3 Question 2

Question 2 identifies areas where FFY 2018 Title II, Part A State activities funds were allocated. These areas include:

- Developing and supporting school principals and assistant principals;
- Ensuring equitable access to teachers for low-income and minority students;
- Preparing, developing, and retaining teacher leaders;
- Creating supportive school climates;
- Developing, implementing, or supporting educator evaluation systems; and
- Preparing educators to implement new college- and career-ready standards.

When an area is selected using the check box, the amount of funds allocated toward that activity must be entered and a brief description of how the funds were used must be added to the comment field (see fig. 6.6).

To choose an activity and enter data:

1. Click **UPDATE QUESTION 2 RESPONSES**;
2. Choose an activity by clicking the respective box and two manual entry boxes will appear for that activity;
3. Enter the amount of funds allocated toward the activity in the first box;
4. Enter a description of how Title I, Part A State funds were used toward that activity in the second box;
5. Repeat steps 2 through 4 for each activity that applies; and
6. Click **SAVE AS DRAFT** once all activities that were allocated funding have been responded to.

**Note!** If the Data Entry form is closed without clicking SAVE AS DRAFT, data entered will not be saved.

**Note!** The **A value is required** error will appear if an activity is selected and the description field is left blank (see fig. 6.7).
Note! The error *All fund values for selected activities are 0. Please provide at least one activity amount with a dollar amount greater than 0* will appear at the bottom of the page if an activity is selected and the question *What amount of Title II, Part A activities funds have been allocated towards the activities described above?* is left blank or is not greater than zero (see fig. 6.8).

![Figure 6.7 – Error message when description field is not entered for a selected activity](image1)

Figure 6.7 – Error message when description field is not entered for a selected activity

![Figure 6.8 – Error Message when allocation amount is not entered for selected activity](image2)

Figure 6.8 – Error Message when allocation amount is not entered for selected activity

### 6.4 Question 3

In Question 3, identify the number of SEA employees, not contractors, whose salaries are fully funded and those partially funded by Title II, Part A activities and/or administrative funds (see fig. 6.9). Count the number of employees paid.

To enter a response in the data entry fields:

1. Click *UPDATE QUESTION 3 RESPONSES*;
2. Enter the number of employees fully funded and number of employees partially funded;
3. Then enter the number of FTEs accounted for in the number of employees reported (both fully and partially funded); and
4. Click *SAVE AS DRAFT* to save the entered data and continue.

Note! If the *Data Entry form* is closed without clicking *SAVE AS DRAFT*, data entered will not be saved.
Question 3

SEA employees paid with Title II, Part A State activities and/or administrative funds

Provide the number of SEA employees whose salaries are fully funded by Title II, Part A State activities and/or administrative funds and the number of SEA employees whose salaries are partially funded by Title II, Part A State activities funds and/or administrative funds. Please count numbers of people paid, not FTES paid.

<table>
<thead>
<tr>

</table>

How many FTES are accounted for in the previous chart?*

0:00

Comment (Optional)

6.9 – Question 3 data entry fields

6.5 Question 4

New! These data were submitted in the FFY2017 survey but to allow states to collect and submit complete and accurate data, Question 4 will collect these data with a year lag (SY 2017–18).

In Question 4, the State will indicate whether Title II, Part A funds were used to implement a teacher, principal, or other school leader evaluation and support system consistent with Section 2101(c)(4)(B)(ii) in school year (SY) 2017–18. This question contains manual entry fields and auto-calculations.

To enter a response in the data entry fields:

1. Click UPDATE QUESTION 4 RESPONSES;
2. Choose either Yes or No;
   a. When Yes is selected, a chart will appear (see fig. 5.11) to allow the State to enter the number of teachers, principals, or other school leaders that had evaluation results (enter a whole number, not a percentage);
      i. Enter the total number of teachers, principals and/or other school leaders.
         • If applicable, add state specific categories to the chart (See 6.5.1 for instructions);
      ii. Enter the breakdown of staff by category;
         • The percentage columns will automatically calculate as the breakdown of staff is entered.
• If \textit{M} (Missing) is entered for a category, the percentage will also display as \textit{M}.

b. When \textit{No} is selected, a comment can be entered or left blank;

3. Click \textit{SAVE AS DRAFT} to save the entered data and continue.

\textbf{Note!} If the Data Entry form is closed without clicking SAVE AS DRAFT, data entered will not be saved.

\textbf{Definition:} The term "school leader" means a principal, assistant principal, or other individual who is:

1. an employee or officer of an elementary school or secondary school, local educational agency, or other entity operating an elementary school or secondary school; and

2. responsible for the daily instructional leadership and managerial operations in the elementary school or secondary school building.

Both parts of the definition need to apply in order for funds to be used for such a person. For example, LEA central office staff meet the first part of the definition, but they may not meet the second part. As a result, they are not identified as a 'school leader'.

\textbf{6.5.1 Adding and Removing State-Specific Staff Categories}

To add a state-specific evaluation category, click the blue \textit{+ Add Category} link and a new line will be added to the chart. Manually enter the category name accordingly. To remove an added category, click the red \textit{X} on the right-hand side of the chart (see fig. 6.10). Category rows can only be deleted from the bottom up; i.e., if there are 6 rows and row 4 needs deleted, rows 6 and 5 must be deleted before row 4 is able to be deleted. The data entered in rows 5 and 6 will need to be re-entered.
### Figure 6.10 – Adding/Deleting a State Specific Category

**Note!** The sum of <staff category> exceeds the total number provided warning will appear if the sum of the number of teachers, principals or other school leaders entered as *Not Rated, Ineffective*, and *State Defined Rows* exceeds the total number of staff entered for each category (see fig. 6.11). This warning will not prevent submission.

### Figure 6.11 – Warning for Staff category not totaling number of Staff entered

**Note!** Reporting the value M (Missing) in the Total row for a category will result in the <Staff> Percentage column for that specific category to be reported as M (Missing) as well.
Note! If the value of zero (0) is entered as a count for a category, **NA** will populate as the percentage in the **Percentage** column.

### 6.6 Question 5

**New!** These data were submitted in the FFY 2017 survey but to allow states to collect and submit complete and accurate data, Question 5 will collect these data with a year lag (SY 2017-18).

In Question 5, the State will indicate if data were collected on the SY 2017-18 annual retention rate of effective and ineffective teachers, principals and other school leaders, using any methods or criteria the State developed under Section 1111(g)(2)(A).

**Tip!** The system compares the counts entered in the **Total**, **Not Rated**, and **Ineffective** rows between Questions 4 and 5. A warning will appear when counts in Question 5 are higher than in Question 4. This warning will not prevent submission, but a comment should be included in the provided box in Question 5 (see fig. 6.11).

To enter a response in the data entry fields:

1. Click **UPDATE QUESTION 5 RESPONSES**;
2. Choose either **Yes** or **No**;
   a. When **Yes** is selected, a chart will appear (see fig. 6.11) to allow the State to enter the number of teachers, principals, or other school leaders that were retained in SY 2017-18 (enter a whole number, not a percentage);
      i. Enter the total number of teachers, principals and/or other school leaders.
         • If applicable, add state specific categories to the chart (see 6.6.1 for instructions);
      ii. Enter the breakdown of staff by category.
         • The percentage columns will automatically calculate as the breakdown of staff is entered.
         • If **M** (Missing) is entered for a category, the percentage will also display as **M**.
   b. When **No** is selected, a comment may be entered or left blank.
3. Click **SAVE AS DRAFT** to save the entered data and continue.

**Note!** If the **Data Entry form** is closed without clicking **SAVE AS DRAFT**, data entered will not be saved.
Definition: The term "school leader" means a principal, assistant principal, or other individual who is:

1. an employee or officer of an elementary school or secondary school, local educational agency, or other entity operating an elementary school or secondary school; and

2. responsible for the daily instructional leadership and managerial operations in the elementary school or secondary school building.

Both parts of the definition need to apply in order for funds to be used for such a person. For example, LEA central office staff, meet the first part of the definition, but they may not meet the second part. As a result, they are not identified as a ‘school leader’.

6.6.1 Adding and Removing State-Specific Staff Categories

To add a state-specific evaluation category, click the blue + Add Category link and a new line will be added to the chart. Manually enter the category name accordingly. To remove an added category, click the red X on the right-hand side of the chart (see fig. 6.12). Category rows can only be deleted from the bottom up; i.e., if there are 6 rows and row 4 needs deleted, rows 6 and 5 must be deleted before row 4 is able to be deleted. The data entered in rows 5 and 6 will then need to be re-entered.

Note! If the value of zero (0) is entered as a count for a category, NA will populate as the percentage in the Percentage column.
7.0 Submitting the Title II Part A State Survey

Once all questions have been addressed and saved as a draft, warnings reviewed, and the survey responses are ready for submission, the **Submit Title II Part A Survey** button in the top right corner of the screen will become enabled to submit the survey (see fig. 7.1).

**Note!** Once enabled, the **Submit Title II Part A Survey** button is available from any of the six questions tab.

The system will request to verify and/or update the Title II Director’s contact information (see fig. 7.2).

If a user other than the Title II Director is identified to complete the survey, their information should be entered on this page.

When the **Submit Title II Part A Responses** button is clicked, pop-up will appear (see fig. 7.3). Click the **Submit** button.
The system will redirect back to the page where the **SUBMIT TITLE II PART A SURVEY** button was selected. To confirm submission, go to the **Summary** page and confirm the process bar shows a **SUBMITTED** status (see fig. 7.4). Additionally, a confirmation e-mail will be sent to the Title II Director and EDFacts Coordinator once the survey is successfully submitted, with a copy of the submitted survey attached.

**Note!** The system will return the user to the tab or question on which they were working. In order to see the progress bar, a user must click on the Summary tab or the Submitted Surveys tab to see the survey that was submitted.
8.0 Accessing the Submitted Title II Part A State Survey

A HTML version of the submitted **Title II Part A State Survey** will generate each time the State submits the survey. Once the survey is submitted, the submitted survey is generated and can be accessed on the **Submitted Surveys** tab (see fig. 8.1).

![Figure 8.1 Submitted Surveys Screen](image)

Select the blue link under *File Name: <State> Survey FFY 2018* and the submitted survey will generate.

**Note!** Each time the Title II Part A SEA Survey is submitted, a new submitted survey will generate and be stored in the database. All submitted surveys are accessible on this page.
9.0 Resetting EMAPS Account Password

To reset your EMAPS account password, select the user account circle in the top right-hand corner of the screen and click **SETTINGS**. (see fig. 9.1)

![Figure 9.1 – EMAPS Settings](image)

Select the **Password** tab and a reset password form will appear (see fig. 9.2). Enter your old password (the same one you logged into EMAPS with) and create a new password by entering it twice. Then click **SAVE CHANGES**.
