New! SY 2010-11 CSPR Word docs available

The SY 2010-11 CSPR Word documents have been posted on the ED*Facts* Initiative page of ED.gov (<http://www2.ed.gov/about/inits/ed/edfacts/index.html>). Please note that the link to the National Clearinghouse for English Language Acquisition (NCELA) Website found in question 1.6.1 on page 29 is not currently active. It will be reactivated soon. The Crosswalk, FAQs and Data Keys are being finalized and will be released soon.

In addition to posting the SY 2010-11 Word docs, OESE has also posted the final state versions of the SY 2009-10 CSPR. The SY 2009-10 versions, along with previous years dating back to SY 2005-06, are available on the CSPR page of the Initiatives section of ED.gov (<http://www2.ed.gov/admins/lead/account/consolidated/index.html>).

New! LEA Level IDEA Environment Reports Released in ERS

ED has developed four LEA level Environment Reports as data quality tools for state use.

The four LEA level Environment reports listed can be found in the ERS folder: Office of Special Education Programs (OSEP) Reports > OSEP Educational Environment Reports.

- Report of Children with Disabilities (IDEA) Ages 6 through 21 by Disability, Educational Environment, and Age Group (OSEP010L)
- Report of Children with Disabilities (IDEA) Ages 6 through 21 Race Ethnicity by Educational Environment (OSEP012L)
- Report of Children with Disabilities (IDEA) Ages 6 through 21 by Educational Environment and Sex (Membership) (OSEP017L)
- Report of Children with Disabilities Ages 6 through 21 by Educational Environment and Limited English Proficiency (LEP) Status (OSEP018L)

States can run these reports to examine the data for an individual LEA, as well as data for all the LEAs in the state. Users can click on the link "Select All" on the prompt page to run the report for all LEAs. In the Select All case, the report will aggregate the counts across all LEAs and you can compare the aggregated LEA counts to the SEA report counts.

ED will create LEA level Early Childhood Environment reports for SY2011-12 data, so these reports will not be available at this time.

New! Due Date Changed for N/X162 – Internet Access

The due date for ED*Facts* File N/X162 Internet Access has been changed from September 30, 2011, to January 31, 2012. This coincides with the due dates for the other technology files. We are in the process of updating documentation such as the ED*Facts* calendar and the EMAPS State Submission Plan (and file due dates list) with this change.

Reminder! File Format Checker Update Available

The SY 2010-11 ED Facts File Format Checker tool has been updated and is available to states upon request.

- 2010-11 File Format Checker, Version 1.3 - checks all active and inactive 2010-11 ESS files published as of 7/11/2011

This tool is useful for quickly finding format errors in data files before submitting them to ESS. States can obtain the tool for their use by simply requesting it from the PSC (an email request is fine). Note that this is an informal, unsupported tool used by PSC that is also provided for your convenience.

Reminder! SY 2009-10 SNF One-Year Later File Submissions Due by September 2, 2011

The Common Core of Data (CCD) at NCES is planning to update the 2009-10 state level Membership and Staff FTE data for the CCD State Non-Fiscal (SNF) One-Year Later File in Fall, 2011. The one-year-later data will become permanent and official statistics for state-level Membership and Staff FTE counts. In order for NCES to obtain and process the accurate data, please review your 2009-10 state level Membership and Staff FTE data in ED Facts and make any necessary corrections by September 2, 2011. If your current data are accurate, no action needs to be taken. Any data submitted after September 2, 2011 will NOT be used by NCES for producing official 2009-10 state level statistics.

In accordance with new communications protocols, when you submit to correct these data, please notify PSC and provide a brief explanation of what you are correcting and the reason. In this case, the reason would be to finalize SNF One-Year Later data. PSC will then notify NCES and Census.
