REMINDER! SY 2010-11 CSPR Must be Certified by 5:00 p.m., EST on Friday, December 16, 2011

The SY 2010-11 Consolidated State Performance Report is now open in ESS. SEA staff with active user accounts can now login and provide data manually, and all of the files required to pre-fill your state's CSPR are currently enabled in ESS. The certification deadline for CSPR is 5:00 p.m., EST on Friday, December 16, 2011. All files to pre-fill CSPR must be submitted by 5:00 p.m., EST **TOMORROW**, Thursday, December 15, 2011. Large files (especially SCH level) slow the average file processing time considerably. Please take that into account and submit your files as soon as you are able.

REMINDER! IDEA Assessment Submissions Due December 15 by 5:00 p.m., EST

Please note that the SY 2010-11 IDEA 618 Part B Assessment data collection (Table 6) is due December 15, 2011 at 5:00 p.m., EST. This due date now aligns with the date of submission for the CSPR data in ED Facts.

If your State was approved to submit these data through ED Facts only, these data should be submitted through the following ED Facts file specifications:

- N/X003 – Children with Disabilities (IDEA) Academic Achievement
- N/X004 – Children with Disabilities (IDEA) Not Participating in Assessments
- N/X081 – Assessment Participation
- N/X093 – Children with Disabilities (IDEA) Participation in Assessments
- N/X146 – Children with Disabilities (IDEA) Alternate Assessment Caps

Please be in contact with your IDEA Part B Data Managers about the submission of these data. The Data Accountability Center (DAC) has made some resources available to both Part B Data Managers and ED Facts Coordinators.

The 2010-11 Part B Assessment DTS for Table 6 is available for download at: <https://www.ideadata.org/docs/AssessmentPtB-2010.xls>.

The 2010-11 General Instructions and data collection form for Table 6 are available at: <https://www.ideadata.org/docs/AssessmentPtB-2010.doc>.

If you were unable to attend the Webinar that was held in October, titled "Gearing up for the November/December Submissions," the slides used are available at: <https://www.ideadata.org/DOCS/PtBdatasubmissions2011.ppt>.

REMINDER! Procedures for Shared CSPR/IDEA File Submission Deadline

As a reminder, the Office of Special Education Programs (OSEP) has changed their deadline for the submission of the SY 2010-11 IDEA Assessment files to coincide with the Consolidated State Performance Report (CSPR) file submission deadline. The file submission deadline for the IDEA and CSPR assessment data is 5:00 p.m., EST on Thursday, December 15, 2011. At that time, the system will be shut down to accommodate ED's processing of the assessment data for the program offices. Files submitted prior to 5:00 p.m. will be allowed to process.

Because of the time-sensitive processing of the assessment data, ESS and the ETSS team **will not** be able to arrange for any file submissions past the deadline to successfully pre-fill the corresponding sections of the CSPR. If your state needs assistance to successfully submit files by 5:00 p.m. **tomorrow**, please contact PSC immediately for assistance.

If your state will not be able to meet the deadline, please contact PSC **immediately** to initiate an escalation to ED. You will need to provide a detailed description of why your state cannot meet the deadline as well as a comprehensive schedule of when the files will be submitted. Please note that the states will be evaluated on the timeliness of the IDEA assessment data in the EDFacts system at 5:00pm on December 15th for Indicator B-20 in OSEP's State Performance Plan/ Annual Performance Reports.

If any of the files your state will not be able to submit result in Fatal Flaws preventing CSPR certification because they pre-fill questions 1.3.1, 1.3.2, 1.3.3, 1.4.2, 1.4.9.1.2 and/or 1.4.9.2.2, you are required to submit a request for 'Forced Certification' that must be approved by ED.

Reminder: SY 2010-11 Graduation Rate Data

Graduation rate data for SY 2010-11 are due into EDFacts by January 31, 2012. States are required to report the regulatory cohort graduation rate using files N/X150 and N/X151 *unless* the state has received an official extension from the Office of Elementary and Secondary Education for reporting the regulatory rate. The few states who have received an extension may continue to report their graduation rate using file N/X041, and those states should contact PSC for a copy of the N/X041 file specification. States who are approved to report extended-year cohort graduation rates for SY 2010-11 may use files N/X150 and N/X151 to report both a four-year cohort rate and a five-year cohort rate. States who are approved to report a six-year cohort rate for SY 2010-11 should contact PSC for specific instructions on how to report six-year rates for SY 2010-11.

Reminder: PSC Monthly Online Meetings with States Will Resume in January

After a one month break to allow for the large number of file submissions due in December, the PSC Online Meetings with States will resume in January. Continuing with the CSPR theme from the fall, January's meeting will include general PSC information, but will also contain specific policy information that states will find useful for the SY 2010-11 CSPR.

The January meeting will be held at 3:00 p.m., EST on Wednesday, January 11, 2012. The Office of Migrant Education will discuss the data for Section 2.3, Education of Migrant CHILDREN (TITLE I, PART C) of the SY 2010-11 CSPR

In order to get more policy content delivered prior to the deadline of Part II, PSC will host an additional Webinar for ED at 3:00 p.m., EST on Wednesday, January 25, 2012. This Webinar will deal exclusively with CSPR content and the focus will be Section 2.4, Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At Risk (Title I, Part D, Subparts 1 and 2).

Links to register for both January Webinars will be available in future Support Updates.

Reminder: EDFacts Metadata Repository Webinar in January

We will be conducting a special Webinar on January 18, 2012 at 2:00 p.m., EST to present the complete EDFacts Metadata Repository logical data model and the next steps for its development. Handouts will be provided via email to EDFacts Coordinators before the webinar so you can read the data model while we're reviewing it. State technical and program office representatives are also welcome.

A link to register for this Webinar will be available in future Support Updates.

EDFacts System Status

This is to provide the current status of the EDEN Submission System (ESS) data:

ESS Status (weekly statistics from Wednesday to Wednesday)

System Status: ESS system is up and running

Files Received: 1849

Files Processed: 1093 (130 superseded, 613 had errors)

Average File Processing Time: 12 minutes, 39 seconds (File processing time was inflated as a result of files that received database exceptions. Without those files, the processing time was 2 minutes, 53 seconds.)
