NEW! SY 2013-14 Assessment File Specifications Updated with Field Testing Guidance Now Posted

Updated versions of the assessment achievement and participation file specifications are posted with guidance about field testing. See C172, C175, C178, C179, C185, C188, and C189 at <http://www2.ed.gov/about/inits/ed/edfacts/sy-13-14-nonxml.html>. Updates will be discussed during the PSC Online Meeting with States on February 19, 2014 (announcement below).

NEW! Outreach to States with Missing SY 2012-13 SIG Data, February 7th

The Office of School Turnaround will be reaching out to states on Friday, February 7th if, by that date, they had not submitted files C159, C160, C161, C166, and C167. States with an approved extension past February 7th will not receive notification. If you expect your state's files to be delayed by more than two weeks after receiving the outreach, please contact the Partner Support Center by February 13th and notify them of the reasons for the delay and expected submission date.

Reminder: Response to Outreach about SY 2012-13 CSPR Part I and SY 2012-13 IDEA Part B Assessment Data due by March 6th

Last week, states received feedback regarding potential data quality issues for CSPR Part I and for IDEA Part B Assessment data. PSC sent emails containing several attachments. States have until **March 6th** to review the feedback and resubmit files to fix any known issues. In order for resubmitted data to appear in the CSPR, states must open a new version of CSPR Part I and certify it by 5:00 PM EST on March 7th. Please contact PSC with any questions.

Reminder: Suspension of File Processing at 8:01 p.m on Thursday, February 13 For CSPR Data Verification

Following the 8:00 p.m., EST Thursday, February 13, 2014 deadline to submit files for Part II of the SY 2012-13 CSPR, file processing will be halted to accommodate Data Quality Assurance (DQA) activities for CSPR. To accommodate the DQA activities, file processing will stop at 8:01 p.m. on Thursday, February 13, 2014 and resume the following day. During this time, files can be uploaded to ESS as usual, but file processing to the database will be suspended. Submitted files will appear "stuck" in 'Received' status. These files will not actually be stuck, but rather waiting for the database to be restarted so that they can be processed.

Error processing will be functioning normally, so errors in files will be identified prior to them being moved to the database for staging. Please continue to monitor your submissions for errors, but no files will receive 'Transmittal OK' until processing is resumed. If your state submits a file and it does not receive errors. It is likely ready to be staged into the database and will be, in the order it was received, once file processing resumes.

Barring complications, file processing is scheduled to resume the following morning at 11:00 a.m., EST. PSC will notify states when processing has resumed. We apologize for any inconvenience.

Reminder: SY 2012-13 CSPR Part II Certification Due on February 14, 2014

Part II of the SY 2012-13 Consolidated State Performance Report (CSPR) must be certified by 5 p.m., EST on ***February 14, 2014***. All ED*Facts* files that populate Part II must be submitted by 8 p.m., EST on ***February 13, 2014***

NEW! PSC Online Meeting with States for February

The February PSC Online Meeting with States will be held from 3:00 – 4:00 p.m., EDT on Wednesday, February 19, 2014. After a brief update on PSC facts and figures, ED will provide additional information regarding the Double-testing Waiver and Field-testing Reporting.

Reminder: C130 SY 2013-14 Required To Be Submitted for CSPR 2.12 Reports

In order to complete section 2.12 of the CSPR, States must submit the SY 2013-14 C130 (ESEA Status) file. Please note that this is the only SY 2013-14 file required for the SY 2012-13 CSPR.

Unlike other CSPR sections, the data for section 2.12 does not appear in the CSPR Collection Tool located in the ESS Portal. Instead, the lists of schools and districts are displayed through the EDEN030-035 reports located in the CSPR tab of the ED*Facts* Reporting System (ERS). These reports are populated with statuses from the SY 2013-14 C130 file and various other data from SY 2012-13 files. Please review the SY 2012-13 CSPR—ED*Facts* Crosswalk for the list of files that populate each report. The crosswalk can be found at the following link:

<http://www2.ed.gov/about/inits/ed/edfacts/index.html>

Before certifying the CSPR, SEA staff must submit the ED*Facts* files that populate the EDEN030-035 reports, run the reports in ERS, and verify that the lists of schools and districts are correct. The files are due at 8:00 p.m. on **Thursday, February 13** along with other Part II files, but in order to see the data in the reports and allow time for corrective submissions, states should try to submit prior to the deadline. Once the data have been verified, users should log into the CSPR Collection Tool in ESS and mark Section 2.12 as “finished”.

Reminder: NCES Webinar For SY 2013-14 Submissions Was Held On 1/22/14

The CCD team at NCES hosted a webinar for state submitters on January 22, 2014. During this webinar NCES discussed the 2013-14 collection year schedule as well as data quality concerns and practices aimed at improving the timeliness and quality of the CCD items.

The Questions Log and the full PowerPoint presentation are available from PSC.

Reminder: SY 2012-13 CSPR Recommended Browsers for EDEN Portal Applications

This is a reminder that Internet Explorer, versions 9 and earlier, are the supported and recommended browsers for EDEN Portal applications.

If you are currently using Internet Explorer 10, the majority of validation errors may not appear onscreen where you expect to see edit check messages. We recommend utilizing compatibility mode for Internet Explorer 10. If you are not familiar with compatibility mode, feel free to contact PSC and we will walk you through this process. Alternatively, you may roll back to Internet Explorer 9. Please contact your internal IT department for assistance with this process. Once you have either enabled compatibility mode or rolled back to Internet Explorer 9, please recheck your CSPR sections to ensure that you have addressed all necessary validation errors.

Other browsers may also be displaying incomplete error messages. If you are using any other browsers to access your CSPR, we recommend switching over to Internet Explorer 9 and rechecking your sections to ensure that you have fully addressed all necessary validation errors.
