School Year: 2009-10

File Specifications: N/X052 Membership

Solution Type: Known Issue

Title:

Submission of N/X052 with a single-school LEA can cause error S052-82

Issue Description:

For file specification N/X052 - Membership, Business Rule S052-R82 is designed to raise an error if LEA total membership and the sum of all its schools' membership are equal, and one or more schools reported missing (-1) as the total for their membership.

Prior to release ESS 6.1k on 6/11/2010, the error was instead occurring if the LEA reported Missing (-1). This was primarily a situation experienced by states with single-school LEAs.

Solution:

The business logic was corrected In ESS version 6.1.k, released on 6/11/2010, to check for one or more schools reporting Missing instead of the LEA.
