Title: Resolving error S052-R15 at the SEA level if the state does not offer ungraded

Issue Description:

States can still receive the error S052-R15, "State has not submitted a count of ungraded students or submitted a count of zero" at the SEA level even if they don't offer "ungraded."

Since the Grades Offered file (N/X039) is not submitted at the SEA level, ESS assumes that states offer all grades.

Solution:

If your state does not offer ungraded, then a zero count needs to be submitted for ungraded in the SEA Membership file (N/X052).
