Title: Whether to report LEAs that do not operate Title I programs in CSPR 1.4.3

This tip examines whether LEAs that do not operate Title I programs should be reported in CSPR section 1.4.3.

Section 1.4.3 asks only about LEAs that received Title I funds. Consequently, in a given school year, if an LEA does not operate a Title I program (for example, because it was ineligible for Title I funds or declined its Title I funds), then the SEA would not include that LEA when reporting data for section 1.4.3 of the CSPR.
