Title: Reporting schools that are in both Corrective Action and Restructuring

A state may have a school that is in both Corrective Action and Restructuring at the same time. The school may have some programs that are in Corrective Action and others that are in Restructuring.

For *EDFacts* reporting purposes, once a school has been moved to restructuring (planning year or implementation) under section 1116 of the ESEA, the school should be reported in Restructuring status.
