In order to resolve Case No. 02-17-2010, the State University of New York, Binghamton University (the University) assures the U.S. Department of Education, Office for Civil Rights (OCR), that it will take the actions detailed below pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973 (Section 504), as amended, 29 U.S.C. § 794, and its implementing regulation at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 (the ADA), 42 U.S.C. § 12131, and its implementing regulation at 28 C.F.R. Part 35.

#### **Action Item 1: Policies and Procedures**

By July 31, 2017, the University will adopt and publish policies and procedures for the provision of housing accommodations that ensure that students with disabilities approved for single rooms or medical single rooms as housing accommodations are not charged a higher residence hall room rate solely because of the need for the accommodation.

#### **Reporting Requirements:**

- a. By June 30, 2017, the University will provide to OCR, for OCR's review and approval, drafts of policies and procedures consistent with Action Item 1 above.
- b. Within fifteen (15) days of the University's receipt of OCR's approval of the policies and procedures, the University will provide documentation to OCR to demonstrate that it has formally adopted the OCR-approved policies and procedures; updated its printed publications (inserts may be used pending reprinting of publications) and on-line publications with the newly adopted policies and procedures; and, electronically disseminated the newly adopted policies and procedures to students and employees. This documentation will include, at a minimum, (i) printouts or a link to all on-line publications containing the newly adopted policies and procedures; (ii) evidence of the electronic dissemination of the policies and procedures to students and employees; and, (iii) copies of relevant pages, or if not yet finalized copies of inserts, for printed publications. If inserts were used for any publications, then by September 1, 2017, the University will provide to OCR copies of the relevant pages of printed versions of all publications disseminated to students and employees containing the newly adopted policies and procedures. Dissemination may occur by the methods usually employed by the University for distributing University policies and procedures, including posting on the University's website.
- c. By June 1, 2018, the University will provide to OCR a list of all students who were approved to receive single rooms or medical single rooms as housing accommodations during academic year 2017-2018. For each such student, the University will provide to OCR: (i) the housing accommodation(s) the student requested; (ii) the housing accommodation(s) for which the student was approved;

(iii) the housing cost per semester incurred by the student; and, (iv) an explanation for the housing cost per semester incurred by the student. If, upon review, OCR determines that any students should be provided reimbursement, OCR will so notify the University, and within thirty (30) days of the University's receipt of OCR's notification, the University will submit to OCR documentation demonstrating reimbursement of the proper amount to all such students; or, provide documentation, for OCR's review and approval, supporting that reimbursement was not appropriate.

### **Action Item 2: Training**

By August 15, 2017, the University will provide training to any University officials and administrators who are involved in the process of evaluating requests for, making decisions about, and billing for, approved single rooms or medical single rooms as housing accommodations due to a disability. The University's training will cover the University's newly adopted policies and procedures developed pursuant to Action Item 1, and the University's obligations to provide housing accommodations in accordance with the requirements of the regulation implementing Section 504 and the ADA.

**Reporting Requirement:** By August 31, 2017, the University will submit to OCR documentation demonstrating that the training described in Action Item 2 was provided. The report will, at a minimum, identify the person(s) who provided the training and include a description of the person's qualifications; indicate the date(s) of the training(s); include a copy of any materials used or disseminated during the training; and, include the names and titles of the staff in attendance.

By June 30, 2017, the University will assess the rates charged to students with disabilities who received single rooms or medical single rooms as housing accommodations during academic years 2015-2016 and 2016-2017, and will submit to OCR proposed recommendations for reimbursements, if any, to students who were charged the full rate for the single room or medical single room in which they were placed as an accommodation for their disability. The University will explain its recommendations for each reimbursement or decision not to provide a reimbursement.

#### **Reporting Requirements:**
