

RESOLUTION AGREEMENT

Teach for America OCR Case Number 02-17-4017

In order to resolve Case No. 02-17-4017, Teach for America (TFA) assures the U.S. Department of Education, Office for Civil Rights (OCR), that it will take the actions detailed below pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973 (Section 504) and its implementing regulation at 34 C.F.R. Part 104.

Assurances of Nondiscrimination. TFA hereby reaffirms its commitment to ensure that people with disabilities have an opportunity equal to that of their nondisabled peers to participate in TFA's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration.

Benchmarks for Measuring Accessibility. For the purposes of this Agreement, the accessibility of online content and functionality will be measured according to the W3C's Web Content Accessibility Guidelines (WCAG) 2.0 Level AA and the Web Accessibility Initiative Accessible Rich Internet Applications Suite (WAI-ARIA) 1.0 for web content, which are incorporated by reference.

Adherence to these accessible technology standards is one way to ensure compliance with TFA's underlying legal obligations to ensure that people with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as their nondisabled peers, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any TFA programs, services, and activities delivered online, as required by Section 504 and its implementing regulations; and that they receive effective communication of TFA's programs, services, and activities delivered online.

Remedies and Reporting Requirements

- 1) Proposed Policies and Procedures Regarding New Online Content and Functionality. Within sixty (60) days of the date of this Agreement, TFA will submit to OCR for its review and approval proposed policies and procedures ("the Plan for New Content") to ensure that all new, newly-added, or modified online content and functionality will be accessible to people with disabilities as measured by conformance to the Benchmarks for Measuring Accessibility set forth above, except where doing so would impose a fundamental alteration or undue burden.
 - a) When fundamental alteration or undue burden defenses apply, the Plan for New Content will require TFA to provide equally effective alternative access. The Plan for New Content will require TFA, in providing equally effective alternate access, to take any actions that do not result in a fundamental alteration or undue financial and

administrative burdens, but nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the same benefits or services as their nondisabled peers. To provide equally effective alternate access, alternates are not required to produce the identical result or level of achievement for persons with and without disabilities, but must afford persons with disabilities equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs.

- b) The Plan for New Content must include sufficient quality assurance procedures, backed by adequate personnel and financial resources, for full implementation. This provision also applies to TFA's online content and functionality developed by, maintained by, or offered through a third-party vendor or by using open sources.
- c) Within 30 days of receiving OCR's approval of the Plan for New Content, TFA will officially adopt the amended policies and procedures.

Reporting Requirement: Within 45 days of receiving OCR's approval, TFA will submit to OCR the approved policies and procedures, evidence of their adoption and distribution, and a description of how they are being implemented.

- 2) Undue Burden and Fundamental Alteration. For any technology-related requirement in this Agreement for which TFA asserts an undue burden or fundamental alteration defense, such assertion may only be made by TFA's Senior Vice President of Information Technology or by an individual designated by TFA's President or TFA's Senior Vice President of Information Technology and who has budgetary authority after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion, including the cost of meeting the requirement and the available funding and other resources. The written statement will be certified by the determining official. If such a determination is made, the certifying official will describe in the written statement how it will provide equally effective alternate access, *i.e.*, other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the same benefits or services provided by TFA as their nondisabled peers.
- 3) Audit of Content and Functionality. Within 30 days of the date of this Agreement, TFA will propose for OCR's review and approval the identity and bona fides of an Auditor (corporation or individual) to audit all content and functionality on its website, including, but not limited to, the home page, all subordinate pages, and intranet pages and sites, to identify any online content or functionality that is inaccessible to persons with disabilities, including online content and functionality developed by, maintained by, or offered through a third party vendor or an open source. The Auditor will have sufficient knowledge and experience in website accessibility for people with disabilities to carry out all related tasks, including developing a Proposed Corrective Action Plan. The Audit will use the Benchmarks for Measuring Accessibility set out above, unless TFA receives prior permission from OCR to use a different standard as a benchmark. During the Audit, TFA

will also seek input from members of the public with disabilities, including parents, students, employees, and others associated with TFA, and other persons knowledgeable about website accessibility, regarding the accessibility of its online content and functionality.

Reporting Requirements:

- a) Within 30 days of the date of this Agreement, TFA will submit the *bona fides* of its proposed Auditor to OCR for review and approval. OCR will evaluate whether the proposed Auditor has the requisite experience and knowledge to carry out an appropriate Audit and to develop a Proposed Corrective Action Plan.
 - b) Within 90 days of receiving OCR’s approval of the proposed Auditor, TFA will submit to OCR documentation of the steps taken by the Auditor during the Audit, a description of the outreach it undertook and the input it received, and a detailed accounting of the results of the Audit.
- 4) Proposed Corrective Action Plan. Within 30 days of the submission of the Audit, TFA will submit to OCR for its review and approval a proposed Corrective Action Plan to address all inaccessible content and functionality identified during TFA’s Audit. The proposed Corrective Action Plan will set out a detailed schedule for:
- a) addressing problems, taking into account identified priorities, with all corrective actions to be completed within 18 months of the date OCR approved the Corrective Action Plan;
 - b) setting up systems of accountability and verifying claims of accessibility by vendors or open sources; and
 - c) setting up a system of testing and accountability to maintain the accessibility of all online content and functionality on an ongoing basis.
- 5) Within 30 days of receiving OCR’s approval of the proposed Corrective Action Plan, TFA will officially adopt and implement the Corrective Action Plan.

Reporting Requirements:

- a) Within 45 days of receiving OCR’s approval of the proposed Corrective Action Plan, TFA will submit to OCR the approved Corrective Action Plan, and documentation establishing that the approved Corrective Action Plan is being implemented according to the approved schedule.
- b) Reports will be due every six months thereafter until the Corrective Action Plan has been completed.

- 6) Notice. Within 30 days of the date of this Agreement, TFA will submit to OCR for review and approval a proposed Notice to persons with disabilities regarding how to request the webmaster or other appropriate person to provide access to (or notify TFA regarding) online information or functionality that is currently inaccessible. The proposed notice will also include information or an accessible link to information instructing people how to file formal grievances under Section 504. Within 10 days of receiving OCR’s approval of the proposed Notice, TFA will officially adopt and prominently post the approved Notice on its home page and throughout its website (including all subordinate pages and intranet sites).

Reporting Requirement: Within 15 days of receiving OCR’s approval of TFA’s proposed Notice, TFA will provide documentation to OCR regarding the locations and content of its published Notice.

- 7) Training. Starting no later than 90 days from the date of this Agreement, and annually thereafter until such time as OCR closes the monitoring of this Agreement, TFA will deliver website accessibility training to all appropriate personnel, including, but not limited to: content developers, webmasters, procurement officials, and all others responsible for developing, loading, maintaining, or auditing web content and functionality.

Reporting Requirements:

- a) For each training session required by this Agreement, until such time as OCR closes the monitoring of this Agreement, within 15 days of each such training, TFA will submit to OCR documentation that it has been delivered.
- b) The documentation will include a list of invitees and attendees, including titles; a description of the delivered training content; and the presenters’ credentials for giving such training.

TFA understands that OCR will not close the monitoring of this Agreement until OCR determines that TFA has fulfilled the terms of this Agreement and is in compliance with the regulations implementing Section 504, at 34 C.F.R. §§ 104.4 (a) and (b), 104.8, 104.21, and 104.43 which were at issue in this case. TFA also understands that by signing this Agreement, it agrees to provide data and other information in a timely manner in accordance with the reporting requirements of this Agreement. Further, TFA understands that during the monitoring of this Agreement, if necessary, OCR may visit TFA, interview staff, and request such additional reports or data, including simulated website accounts and passwords, as are necessary for OCR to determine whether TFA has fulfilled the terms of this Agreement and is in compliance with the regulations implementing Section 504, at 34 C.F.R. §§ 104.4 (a) and (b), 104.8, 104.21, and 104.43, which were at issue in this case. TFA understands and acknowledges that OCR may initiate administrative enforcement or judicial proceedings to enforce the specific terms and obligations of this Agreement. Before initiating administrative enforcement (34 C.F.R. §§ 100.9, 100.10), or judicial proceedings to enforce this Agreement, OCR shall give TFA written notice of the alleged breach and sixty (60) calendar days to cure the alleged breach.
