Re: OCR No. 04-17-2335

Dear Dr. Schall:

This is to advise you of the resolution of the above-referenced complaint investigation of Oglethorpe University (University) by the United States Department of Education (Department), Office for Civil Rights (OCR). The complaint, which was received on July 3, 2017, alleged that the University's website is not accessible to individuals with disabilities.

OCR is responsible for enforcing Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, and its implementing regulation, 34 C.F.R. Part 104, which prohibits discrimination on the basis of disability by recipients of Federal financial assistance. As a recipient of Federal financial assistance from the Department, the University is subject to Section 504 and its implementing regulations.

This letter summarizes the applicable legal standards, the information gathered during the investigation, and how the investigation was resolved.

Legal Authority:

Section 504 prohibits individuals, on the basis of disability, from being excluded from participation in, being denied the benefits of, or otherwise being subjected to discrimination by recipients of federal financial assistance. 34 C.F.R. § 104.4. Section 504 prohibits affording individuals with disabilities an opportunity to participate in or benefit from aids, benefits, and services that is unequal to the opportunity afforded others. 34 C.F.R. § 104.4(b)(1)(ii). Similarly, individuals with disabilities must be provided with aids, benefits, or services that provide an equal opportunity to achieve the same result or the same level of achievement as others. 34 C.F.R. § 104.4(b)(2). An individual with a disability, or a class of individuals with disabilities, may be provided with a different or separate aid, benefit, or service only if doing so is necessary to ensure that the aid, benefit, or service is as effective as that provided to others. 34 C.F.R. § 104.4(b)(1)(iv). In sum, programs, services, and activities—whether in a “brick and

mortar,” on-line, or other “virtual” context—must be operated in ways that comply with Section 504.

Investigation to Date:

Before OCR completed its investigation, the University expressed an interest in voluntarily resolving this case. In light of the University’s willingness to address its website comprehensively without further investigation, OCR determined entering into a voluntary resolution agreement is appropriate.

Resolution Agreement:

The University submitted a signed resolution agreement (Agreement) to OCR on February 13, 2018. When fully implemented, the Agreement will address any barriers as well as resolve issues of accessibility pertaining to the rest of the University’s website. The University committed to take actions including:

- selecting an auditor who has the requisite knowledge and experience to identify barriers to access on the University’s website and conducting a thorough audit of existing online content and functionality;
- making all new website content and functionality accessible to people with disabilities;
- developing a corrective action plan to prioritize the removal of online barriers over an 18-month period;
- posting a notice to persons with disabilities about how to request access to online information or functionality that is currently inaccessible; and,
- providing website accessibility training to all appropriate personnel.

OCR will monitor the University’s implementation of the Agreement. When OCR concludes the University has fully and effectively implemented the terms and obligations of the Agreement and is in compliance with the statutes and regulations at issue in the case, OCR will terminate its monitoring and close the case. If the University fails to implement the Agreement, OCR may initiate administrative or judicial proceedings to enforce specific terms and obligations of the Agreement. Before initiating administrative (34 CFR §§ 100.9, 100.10) or judicial proceedings to enforce the Agreement, OCR will give the University written notice of the alleged breach and sixty (60) calendar days to cure the breach.

This concludes OCR’s investigation of the complaint. These findings should not be interpreted to address the University’s compliance with any other regulatory provision or to address any issues other than those addressed in this letter.

This letter sets forth OCR’s determination in an individual OCR case. This letter is not a formal statement of OCR policy and should not be relied upon, cited, or construed as such. OCR’s formal policy statements are approved by a duly authorized OCR official and made available to the public. The complainant may have the right to file a private suit in federal court whether or not OCR finds a violation.

Please be advised that the University may not harass, coerce, intimidate, discriminate or otherwise retaliate against any individual because he or she asserted a right or privilege under a law enforced by OCR or filed a complaint, testified, or participated in the complaint resolution process. If this happens, the individual may file a retaliation complaint with OCR.

Under the Freedom of Information Act, it may be necessary to release this document and related correspondence and records upon request. In the event that OCR receives such a request, OCR will seek to protect, to the extent provided by law, personally identifiable information that could reasonably be expected to constitute an unwarranted invasion of personal privacy if released.

Thank you for the assistance University personnel extended to OCR in resolving this complaint. OCR looks forward to receiving the University's first monitoring report. OCR notes that the first report is due in 60 calendar days from the date of the Agreement with regard to **Item 6 pertaining to Notice**. If you have any questions, please contact Claudia Campo, Attorney, at (404) 974-9378, or me, at (404) 974-9376.
