Re: OCR Docket No. 09-19-5901
Perris Union High School District, California

Dear Superintendent Bennett:

This letter is to advise you of the resolution of the directed investigation that the U.S. Department of Education (Department), Office for Civil Rights (OCR) initiated in Perris Union High School District (District). OCR investigated whether the District's website and online programs exclude qualified persons with disabilities from participation in, deny them the benefits of, or otherwise subject them to discrimination under any program or activity, in violation of Section 504 of the Rehabilitation Act of 1973 and its implementing regulation at 34 C.F.R. §104.4 and Title II of the Americans with Disabilities Act of 1990 and its implementing regulation at 28 C.F.R. Part 35. In addition, OCR investigated whether the District fails to take appropriate steps to ensure that communications with applicants, participants, members of the public, and companions with disabilities are as effective as its communication with others, in violation of 28 C.F.R. § 35.160(a).

OCR enforces Section 504 of the Rehabilitation Act of 1973 (Section 504) and its implementing regulation at 34 C.F.R. Part 104, which prohibit discrimination on the basis of disability in any program or activity receiving Federal financial assistance from the Department. OCR also enforces Title II of the Americans with Disabilities Act of 1990 (Title II) and its implementing regulation at 28 C.F.R. Part 35, which prohibit discrimination against qualified individuals with disabilities by public entities, including public education systems and institutions, regardless of whether they receive Federal financial assistance from the Department.

OCR initiated a directed investigation into whether the District's online programs, services, and activities exclude qualified persons with disabilities from participation in, deny them the benefits of, or otherwise subject them to discrimination under any program or activity in violation of 34 C.F.R. § 104.4 and 28 C.F.R. § 35.130. In addition, OCR investigated whether the District fails to take appropriate steps to ensure that communications with applicants, participants, members of

the public, and companions with disabilities are as effective as its communication with others, in violation of 28 C.F.R. § 35.160(a).

OCR conducted an assessment of the District's online programs, services, and activities and noted possible compliance concerns including, but not limited to:

- Users with disabilities who use computer keyboards for navigation due to a disability did not have access to all contents and functions.
- Users with disabilities who use computer keyboards for navigation due to a disability were unable to tell visually where they were on a page, as visual focus indicators were missing.
- Form fields were missing programmatic labels or titles, posing a barrier to people with vision disabilities who use screen readers.

On December 17, 2019 the District signed the enclosed resolution agreement (Agreement) to voluntarily resolve the directed investigation pursuant to Section 302 of OCR's Case Processing Manual. OCR will monitor the implementation of the Agreement.

This concludes OCR's directed investigation. This letter should not be interpreted to address the District's compliance with any other regulatory provision or to address any issues other than those addressed in this letter.
