The district agrees to take the specific steps described in Sections III.A-C, below, to ensure that it provides equivalent benefits, opportunities, and treatment to members of both sexes with respect to the provision of locker rooms, practice and competitive facilities in West High School’s interscholastic athletics program.

A. **Assessment of Practice & Competitive Facilities**

   By October 17, 2014, the district will complete, in consultation with OCR, an assessment of the locker rooms, practice and competitive facilities utilized by all girls’ and boys’ interscholastic athletics teams at West High School, including alternative practice locations utilized during inclement weather. The assessment shall include, but need not be limited to, consideration of (1) the quality and availability of locker rooms and practice and competitive facilities; (2) exclusivity of use of locker rooms and practice and competitive facilities; (3) proximity of practice and competitive facilities that are located off-campus; (4) maintenance of locker rooms and practice and competitive facilities; and (5) preparation of facilities for practice and competitive events. Based on the assessment, the district will determine whether there are any significant disparities between girls’ and boys’ teams with respect to practice and competitive facilities. In making these determinations, the district will obtain information from the coaches of each team, student athletes, and other knowledgeable individuals.

B. **Action Plan**

   If the district determines, based on the assessment conducted under III.A and OCR’s input, that locker rooms, practice and competitive facilities are not equivalent for girls’ and boys’ teams, by November 14, 2014, the district will develop, and submit to OCR for review and approval, a draft action plan that identifies specific steps to be taken to address the inequities that are identified as a result of the district’s assessment. OCR will review the plan and provide feedback to the district, and the district will, within 30 days, revised the plan in accordance with OCR’s feedback and provide the revised plan to OCR.

C. **Implementation of Plan**

   By April 1, 2015, the district will complete its implementation of the plan developed under III.B, above.
