Re: OCR Docket No. 11-23-2289
Bluefield University, Virginia

Dear President Olive:

This letter is to advise you of the resolution of the investigation that the U.S. Department of Education (Department), Office for Civil Rights (OCR) initiated in Bluefield University (University). OCR investigated whether the University's online programs, services, and activities exclude qualified persons with disabilities from participation in, deny them the benefits of, or otherwise subject them to discrimination under any program or activity, in violation of Section 504 of the Rehabilitation Act of 1973 and its implementing regulation at 34 C.F.R. § 104.4.

OCR enforces Section 504 of the Rehabilitation Act of 1973 (Section 504) and its implementing regulation at 34 C.F.R. Part 104, which prohibit discrimination on the basis of disability in any program or activity receiving Federal financial assistance from the Department.

OCR conducted an assessment of the University's online programs, services, and activities and noted possible compliance concerns including, but not limited to:

- Users with disabilities who use computer keyboards for navigation due to a disability did not have access to all contents and functions.
- Users with disabilities who use computer keyboards for navigation due to a disability were unable to tell visually where they were on a page, as visual focus indicators were missing.
- Important graphics, images, or links were missing meaningful alternative text, posing a barrier to people with vision disabilities who use screen readers.

On September 1, 2023, the University signed the enclosed resolution agreement (Agreement) to voluntarily resolve the investigation pursuant to Section 302 of OCR's *Case Processing Manual*. OCR will monitor the implementation of the Agreement.

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.
