

**Lenawee Intermediate School  
District Resolution Agreement  
OCR Docket #15-16-7314**

The Lenawee Intermediate School District (the District) voluntarily submits this Resolution Agreement (Agreement) to the U.S. Department of Education’s Office for Civil Rights (OCR) for the purpose of resolving the above-referenced complaint alleging violation of Section 504 of the Rehabilitation Act of 1973 (Section 504), 29 U.S.C. § 794, and its implementing regulation at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 (Title II), 42 U.S.C. § 12131 *et seq.*, and its implementing regulation at 28 C.F.R. Part 35.

“Accessible,” as used in this Agreement, means a person with a disability is afforded the opportunity to acquire the same information, engage in the same interactions, and enjoy the same services as a person without a disability in an equally effective and equally integrated manner, with substantially equivalent ease of use. A person with a disability must be able to obtain the information as fully, equally, and independently as a person without a disability. Although this might not result in identical ease of use compared to that of persons without disabilities, it still must ensure equal opportunity to the educational benefits and opportunities afforded by the technology and equal treatment in the use of such technology.

The District agrees to take the following actions:

1. By October 15, 2017, the District will draft and submit to OCR for review and approval a policy and/or procedures to ensure that information provided through the District's website(s) (online content) (e.g., [www.lisd.us](http://www.lisd.us); [www.lisdtechcenter.com](http://www.lisdtechcenter.com); and [www.lisdcsf.com](http://www.lisdcsf.com); and any other website(s) operated by or for the District while this agreement is in effect) is accessible to students, prospective students, employees, guests, and visitors with disabilities, particularly those with visual, hearing, or manual impairments or who otherwise require the use of assistive technology to access information (Web Accessibility Policy). The Web Accessibility Policy will, at minimum, accomplish the following:
  - a. identify and adopt the specific technical standard(s) the District will use to determine whether online content is accessible (e.g., W3C’s Web Content Accessibility Guidelines [WCAG], Web Accessibility Initiative - Accessible Rich Internet Applications Suite [WAI-ARIA] techniques for web content, or other standard or combination of standards that will render online content accessible);<sup>1</sup>
  - b. designate at least one individual (Web Accessibility Coordinator) and provide that individual with sufficient resources and authority to coordinate and implement the Web Accessibility Policy and all other commitments relating to website accessibility within this Agreement;
  - c. provide a procedure to ensure that online content and information obtained through, the District's websites including online content provided by or developed by third parties is accessible.<sup>2</sup> This procedure

---

<sup>1</sup> This Agreement does not imply that conformity with WCAG, WAI-ARIA and/or other electronic and information technology standard is either required or sufficient to comply with the requirements of either Section 504 or Title II. The technical standard(s) serve only as guidance with respect to whether online content is accessible.

<sup>2</sup> For the purposes of this Agreement, "online content" encompasses all content and functionality provided through the District's website(s), including content and functionality developed by, maintained by, or offered through a third-party vendor or by using open sources. When the District, on its website(s), provides links to external, non-District websites

should direct administrators and staff to ensure that any District acquisition or use of online content provided or developed by third parties (e.g. vendors, video-sharing websites such as YouTube, other open sources) that the District chooses to make available on its website will provide equal opportunity to the educational benefits and opportunities afforded by the technology and equal treatment in the use of such technology;

- d. conduct training, which may be provided through online training programs, for any staff members (e.g. administrators, faculty, support staff, student employees) responsible for creating online content to students, employees, guests, and visitors with disabilities, including, but not limited to, training on the Web Accessibility Policy and their roles and responsibilities to ensure that web design, documents, and multimedia content are accessible. The training will be facilitated, in whole or in part, by an individual with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District;
- e. conduct an accessibility audit (Audit) to be completed at regular intervals under the direction of the Web Accessibility Coordinator, during which information provided by the District through its electronic and information technologies is measured against the technical standard(s) adopted in the Web Accessibility Policy. All problems identified through the Audit will be documented, evaluated, and, if necessary, remediated within a reasonable period of time; and
- f. inform students, prospective students, employees, guests, and visitors that they may report violations of the technical standard(s) used by the District, file a formal complaint through its Section 504 and Title II grievance procedure, and/or contact the Web Accessibility Coordinator with any accessibility concerns, by, for example, posting a notice to this effect on the District's website homepage. The Web Accessibility Policy will include the name and/or title, office address and telephone number, and email address of the Web Accessibility Coordinator.

**Reporting Requirement:** By November 15, 2017, the District will provide for OCR's review and approval the Web Accessibility Policy drafted consistent with Item 1 of this Agreement.

**Reporting Requirement:** Within 60 calendar days of OCR's approval of the District's Web Accessibility Policy, the District will provide documentation to OCR verifying its implementation of Item 2 of this agreement, including a copy of the notification(s) and the

3. Within 180 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will complete an initial Audit to examine whether information provided through online content is currently accessible, measured against the technical standard(s) adopted by the Web Accessibility Policy. The District will document the results of the Audit and develop a corrective action strategy based on the audit findings that includes relevant timeframes for completion.

**Reporting Requirement:** Within 180 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will provide to OCR for review and approval a copy of its Audit report and corrective action strategy, including the timeline for implementation of the corrective action strategy, and the credentials of a third-party web accessibility consultant or employee of the District with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District that will be certifying (pursuant to Item 4 below) that the District’s online content meets the technical requirements adopted in the Web Accessibility Policy.

4. Within 30 calendar days of OCR’s approval of the corrective action strategy, including the timeline for implementation of the corrective action strategy and the credentials of the District’s consultant or responsible employee described above, the District will begin implementation of the corrective action strategy to make its online content accessible to individuals with disabilities, particularly students with visual, hearing, or manual impairments or who otherwise require the use of assistive technology to access online content.

**Reporting Requirements:** Within 180 calendar days of OCR’s approval of the corrective action strategy, the District will submit documentation to OCR confirming implementation of the corrective action strategy consistent with established timeframes. The training will be provided by qualified personnel, or through an online training program vetted by said qualified personnel, to all staff involved in web design and implementation, including, but not limited to, administrators, teachers, staff, and volunteers who develop content for online instruction and/or post material on District webpage(s)/portal(s). The training will include, at a minimum, training on the Web Accessibility Policy and the roles and responsibilities of District staff to ensure that web design, documents, course content, and multimedia videos or content are accessible.

**Reporting Requirement:** Within 60 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will provide to OCR the name(s) and credentials of the individual(s) who conducted the training; a list of individuals, by name and title, who

participated in the training; and a copy of any training materials (e.g., pamphlets, presentation materials).
