

Trotwood-Madison City School District
Resolution Agreement
OCR Docket #15-17-1188

The Trotwood-Madison City School District (the District) enters into this agreement (Agreement) to resolve the allegation in the above-referenced complaints. This Agreement does not constitute an admission of liability, non-compliance, or wrongdoing by the District. The District assures the U. S. Department of Education, Office for Civil Rights, (OCR), that it will take the following actions as part of its continuing efforts to comply with the requirements of Section 504 of the Rehabilitation Act of 1973 (Section 504), as amended, 29 U.S.C. Section 794, and its implementing regulation at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 (Title II), 42 U.S.C. Sections 12131 *et seq.*, and its implementing regulation at 28 C.F.R. Part 35, which prohibit discrimination on the basis of disability by recipients of Federal financial assistance and public entities, respectively.

Prior to the completion of OCR's investigation, the District agreed to resolve the issues of this investigation pursuant to Section 302 of OCR's Case Processing Manual.

The District agrees to take the following actions:

1. By December 31, 2017, the District will draft and submit to OCR for review and approval a policy and/or procedures to ensure information provided through the District's website(s) (online content) is accessible to students, prospective students, employees, guests, and visitors with disabilities, particularly those with visual, hearing, or manual impairments or who otherwise require the use of assistive technology to access information (Web Accessibility Policy). The Web Accessibility Policy will, at minimum, accomplish the following:
 - a. identify and adopt the specific technical standard(s) the District will use to determine whether online content is accessible (e.g., W3C's Web Content Accessibility Guidelines (WCAG), Web Accessibility Initiative - Accessible Rich Internet Applications Suite (WAI-ARIA) techniques for web content, or other standard or combination of standards that will render online content accessible);¹
 - b. designate at least one individual (Web Accessibility Coordinator) and provide that individual with sufficient resources and authority to coordinate and implement the Web Accessibility Policy, and all other commitments relating to accessibility within this Agreement;
 - c. provide a procedure to ensure that online content and information obtained through online content provided or developed by third parties is accessible. This procedure should direct administrators and staff to ensure that any District acquisition or use of online content provided or developed by third parties (e.g. vendors, video-sharing

¹ This Agreement does not imply that conformity with WCAG, WAI-ARIA and/or other electronic and information technology standard is either required or sufficient to comply with the requirements of either Section 504 or Title II. The technical standard(s) serve only as guidance with respect to whether the online content is accessible.

websites such as YouTube, other open sources) that the District chooses to make available on its website will provide equal opportunity to the educational benefits and opportunities afforded by the technology and equal treatment in the use of such technology. This procedure, however, is not required to apply to the content of non-District websites (e.g., local or news media, free web content) to which the District's website solely provides an accessible hyperlink and which do not include any District communication;

- d. provide for annual training for any staff (e.g. administrators, faculty, support staff, student employees) responsible for creating or distributing information with online content for the District's websites, including, but not limited to, training on the Web Accessibility Policy and their roles and responsibilities to ensure that web design, documents, and multimedia content are accessible. The training will be facilitated, in whole or in part, by an individual with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District;
- e. provide for an accessibility audit (Audit) to be completed at regular intervals under the direction of the Web Accessibility Coordinator, during which information provided by the District through its online content is measured against the technical standard(s) adopted in the Web Accessibility Policy. All problems identified through the Audit will be documented, evaluated, and, if necessary remediated within a reasonable period of time; and
- f. inform website users that they may report violations of the technical standard(s) used by the District, file a formal complaint through its Section 504 and Title II grievance procedure, and/or contact the Web Accessibility Coordinator with any accessibility concerns. The Web Accessibility Policy will include the name and/or title, office address and telephone number, and email address of the Web Accessibility Coordinator; and
- g. require the District to provide equally effective alternate access when fundamental alteration or undue burden defenses apply. For any technology-related requirement in this Agreement for which the District asserts an undue financial and administrative burden or fundamental alteration defense, the District has the burden of proving that compliance with the requirement would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens. Such assertion will be made by the Superintendent, or by an individual designated by the Superintendent, who has budgetary authority after considering all resources available for use in the funding and operation of the service, program, or activity, and will be accompanied by a written statement of the reasons for reaching that conclusion, including the cost of meeting the requirement and the available funding and other resources. The written statement will be certified by the Superintendent or designee.

If such a determination is made, the certifying official will describe in the written statement how the District will provide equally effective alternate access, i.e., other action that would not result in such a fundamental alteration or undue financial and administrative burden, but would ensure that, to the maximum extent possible,

individuals with disabilities receive the same benefits or services provided by the District as their nondisabled peers. To provide equally effective alternative access, alternatives are not required to produce the identical result, but must afford persons with disabilities equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs.

Reporting Requirement: By December 31, 2017, the District will provide for OCR's review and approval the Web Accessibility Policy drafted consistent with Item 1.

2. Within 60 calendar days of OCR's approval of the District's Web Accessibility Policy, the District will post the Web Accessibility Policy in a logical and readily identifiable location on its website and will provide notification to students, prospective students, employees, guests, and visitors. 3. Within 180 calendar days of OCR's approval of the District's Web Accessibility Policy, the District will complete an initial Audit to examine whether information provided through online content is currently accessible, measured against the technical standard(s) adopted by the Web Accessibility Policy. The District will document the results of the Audit and develop a corrective action strategy based on the audit findings that includes relevant timeframes for completion.

Reporting Requirement: Within 180 calendar days of OCR's approval of the District's Web Accessibility Policy, the District will provide to OCR for review and approval a copy of its Audit report and corrective action strategy, including the timeline for implementation of the corrective action strategy, and the credentials of a third party web accessibility consultant or employee of the District with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District that will be certifying (pursuant to Item 4 below) that the District's online content meets the technical requirements adopted in the Web Accessibility Policy.

4. Within 30 calendar days of OCR's approval (pursuant to Item 3 above), the District will begin implementation of the corrective action strategy to make its online content accessible to individuals with disabilities.

Reporting Requirements: Within 180 calendar days of OCR's approval of the corrective action strategy, the District will submit documentation to OCR confirming implementation of the corrective action strategy consistent with established timeframes, including certification to OCR that its online content meets the technical requirements adopted in the Web

Accessibility Policy. The District will also provide to OCR the bases for this certification including copies of any accessibility evaluation or report, dates of correction actions, and copies of any reports from interim audits conducted pursuant to the Web Accessibility Policy.

5. Within 60 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will develop and conduct training on how to ensure accessibility in web design and implementation. The training will be provided by qualified personnel, or through an online training program vetted by said qualified personnel, to all staff involved in web design and implementation, including but not limited to administrators, teachers, staff, and volunteers who develop content for online instruction and/or post material on District webpage(s)/portal(s). The training will include, at a minimum, training on the Web Accessibility Policy and the roles and responsibilities of District staff to ensure that web design, documents, course content, and multimedia videos or content are accessible.

Reporting Requirement: Within 90 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will provide to OCR the name(s) and credentials of the individual(s) who conducted the training; a list of individuals, by name and title, who attended the training; and a copy of any training materials (e.g., pamphlets, presentation materials).

Further, the District understands that during the monitoring of this Agreement, if necessary, OCR may visit the District, interview staff and students, and request such additional reports or data as are necessary for OCR to determine whether the District has fulfilled the terms of this Agreement and is in compliance with Section 504 and its implementing regulation at 34 C.F.R. § 104.4, and Title II and its implementing regulation at 28 C.F.R. §§ 35.130 and 35.160.
