

Beavercreek City School District
Resolution Agreement
OCR Docket #15-17-1589

Beavercreek City School District (the District) voluntarily submits this Resolution Agreement (Agreement) to the U.S. Department of Education, Office for Civil Rights (OCR), for the purpose of resolving the above-referenced complaint alleging violation of Section 504 of the Rehabilitation Act of 1973 (Section 504), 29 U.S.C. § 794, and its implementing regulation at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 (Title II), 42 U.S.C. § 12131 *et seq.*, and its implementing regulation at 28 C.F.R. Part 35. This Agreement does not constitute an admission of liability, non-compliance, or wrongdoing by the District.

The District agrees to take the following actions:

1. By March 2, 2018, the District will draft and submit to OCR for review and approval a policy and/or procedures to ensure information provided through the District's website(s) (online content) is accessible to students, prospective students, employees, guests, and visitors with disabilities, particularly those with visual, hearing, or manual impairments or who otherwise require the use of assistive technology to access online content ("Website Accessibility Policy"). The Website Accessibility Policy will, at minimum, accomplish the following:
 - a. identify and adopt the specific technical standard(s) the District will use to determine whether online content is accessible (e.g., W3C's Web Content Accessibility Guidelines (WCAG), Web Accessibility Initiative - Accessible Rich Internet Applications Suite (WAI-ARIA) techniques for web content, or other standard or combination of standards that will render online content accessible);¹
 - b. designate at least one individual (Website Accessibility Coordinator) and provide that individual with sufficient resources and authority to coordinate and implement the Website Accessibility Policy, and all other commitments relating to accessibility within this Agreement;
 - c. provide a procedure to ensure that online content and information obtained through online content provided or developed by third parties is accessible. This procedure should direct administrators and staff to ensure that any District acquisition or use of online content provided or developed by third parties (e.g. vendors, video-sharing websites such as YouTube, other open sources) that the District chooses to make available on its website will provide equal opportunity to the educational benefits and opportunities afforded by the technology and equal treatment in the use of such technology;

¹ This Agreement does not imply that conformity with WCAG, WAI-ARIA and/or other electronic and information technology standard is either required or sufficient to comply with the requirements of either Section 504 or Title II. The technical standard(s) serve only as guidance with respect to whether the online content is accessible.

- d. annual training for any staff (e.g. administrators, faculty, support staff, student employees) responsible for creating or distributing information with online content for the District’s websites to students, employees, guests, and visitors with disabilities, including, but not limited to, training on the Website Accessibility Policy and their roles and responsibilities to ensure that website design, documents, and multimedia content are accessible. The training will be facilitated, in whole or in part, by an individual with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District;
- e. an accessibility audit (Audit) to be completed at regular intervals under the direction of the Website Accessibility Coordinator, during which information provided by the District through its online content is measured against the technical standard(s) adopted in the Website Accessibility Policy. All problems identified through the Audit will be documented, evaluated, and, if necessary, remediated within a reasonable period of time; and
- f. inform students, prospective students, employees, guests, and visitors that they may report violations of the technical standard(s) used by the District, file a formal complaint through its Section 504 and Title II grievance procedure, and/or contact the Web Accessibility Coordinator with any accessibility concerns. The Website Accessibility Policy will include the name and/or title, office address and telephone number, and email address of the Website Accessibility Coordinator.

Reporting Requirement: By March 2, 2018, the District will provide for OCR’s review and approval the Website Accessibility Policy drafted consistent with Item 1.

- 2. Within 60 calendar days of OCR’s approval of the District’s Website Accessibility Policy, the District will post the Website Accessibility Policy in a logical and readily identifiable location on its website and will provide notification to students, prospective students, employees, guests, and visitors. The notification will occur by written correspondence, email, and/or website notification and will further provide information on where the Website Accessibility Policy is located on the District’s website and, alternatively, where individuals may request or obtain a copy of such document.

Reporting Requirement: Within 60 calendar days of OCR’s approval of the District’s Website Accessibility Policy, the District will provide documentation to OCR verifying its implementation of Item 2, including a copy of the notification(s) and the URL (web address[es]) for the location of its Website Accessibility Policy.

- 3. Within 180 calendar days of OCR’s approval of the District’s Website Accessibility Policy, the District will complete an initial Audit to examine whether information provided through online content is currently accessible, measured against the technical standard(s) adopted by the Website Accessibility Policy. The District will document the results of the Audit and develop a corrective action strategy based on the audit findings that includes relevant timeframes for completion.

Reporting Requirement: Within 180 calendar days of OCR’s approval of the District’s Website Accessibility Policy, the District will provide to OCR for review and approval a copy of its Audit report and corrective action strategy, including the timeline for implementation of the corrective action strategy, and the credentials of a third party website accessibility consultant or employee of the District with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District who will be responsible for certifying (pursuant to Item 5 below) that the District’s online content meets the technical requirements adopted in the Website Accessibility Policy.

4. Within 30 calendar days of OCR’s approval of the corrective action strategy, including the timeline for implementation of the corrective action strategy and the credentials of the District’s consultant or responsible employee described above, the District will begin implementation of the corrective action strategy to make its online content accessible to individuals with disabilities, particularly students with visual, hearing, or manual impairments or who otherwise require the use of assistive technology to access the online content.
5. Within 180 calendar days of OCR’s approval of the corrective action strategy required in Item 3 above, the District will submit documentation to OCR confirming implementation of the corrective action strategy consistent with established timeframes, including certification to OCR that its online content meets the technical requirements adopted in the Website Accessibility Policy. The District will also provide to OCR the bases for this certification including copies of any accessibility evaluation or report, dates of correction actions, and copies of any reports from interim audits conducted pursuant to the Website Accessibility Policy.
6. Within 60 calendar days of OCR’s approval of the District’s Website Accessibility Policy, the District will develop and conduct training on how to ensure accessibility in website design and implementation. The training will be provided by qualified personnel, or through an online training program vetted by said qualified personnel, to all staff involved in website design and implementation, including but not limited to administrators, teachers, staff, and volunteers who develop content for online instruction and/or post material on District webpage(s)/portal(s). The training will include, at a minimum, training on the Website Accessibility Policy and the roles and responsibilities of District staff to ensure that website design, documents, course content, and multimedia videos or content are accessible.

Reporting Requirement: Within 60 calendar days of OCR’s approval of the District’s Web Accessibility Policy, the District will provide to OCR the name(s) and credentials of the individual(s) who conducted the training; a list of individuals, by name and title, who attended the training; and a copy of any training materials (e.g., pamphlets, presentation materials).

Agreement. Further, the District understands that during the monitoring of this Agreement, if necessary, OCR may visit the District, interview staff, and request such additional reports or data as are necessary for OCR to determine whether the District has fulfilled the terms of this Agreement and is in compliance with Section 504 and its implementing regulation at 34 C.F.R. § 104.4, and Title II and its implementing regulation at 28 C.F.R. §§ 35.130 and 35.160. Upon completion of the obligations under this Agreement, OCR shall close this case.
