Re: Request for Religious Exemption from Certain Applications of Title IX

Dear Ms. Lhamon:

I hereby request, under 20 U.S.C. § 1681(a)(3) and 34 C.F.R. § 106.12, that the Department of Education's Office for Civil Rights acknowledge that Toccoa Falls College is exempt from Title IX of the Education Amendments of 1972 and its accompanying regulations, to the extent that they are interpreted to curtail the College's freedom to respond to individuals in accordance with its religious convictions. As President of the College, I am the "highest ranking official of the institution," 34 C.F.R. § 106.12(b), and thus qualified to seek these exemptions.

Toccoa Falls College was chartered in 1939 and is an affiliate college of the Christian and Missionary Alliance (C&MA).¹ The mission of Toccoa Falls College is to "glorify God through seeking and developing Christian servant leaders who will impact their world with the love and message of Jesus Christ."²

As an affiliate college of the C&MA, Toccoa Falls adheres doctrinally to the beliefs of the denomination.³ The College's policy on the Faith Community and Mission of the College (enclosed) which all members of the College community, including students and faculty, are required to adhere to, provides as follows with regard to sexuality and gender:

The creation of human beings was a special creative act of God. God created human beings, male and female, in His own image and thus they are unique with respect to all other life in the created order. Adam and Eve, equally made in the image of God, belonged to the created order that God himself declared to be very good, serving as God's agents to care for, cultivate, and govern creation, living in holy and devoted fellowship with their Maker. Gender is not a cultural construct, but a divine gift assigned by the Creator at conception. As such, students are not to adopt

a gender identity different from the one gifted them by their Creator. This gendered ordering of creation is to be accepted, honored, and reflected in sexual intimacy.⁴

As you know, the Office for Civil Rights has not issued regulations or guidance explaining how an educational institution's response to a transgender individual might violate Title IX and its accompanying regulations, though the Department of Education recently issued guidance on sexual violence prevention which incorporates discrimination based on "gender identity" as part of "sex discrimination" under the statute.⁵ And as you also know, the resolution agreement⁶ between the Arcadia Unified School District and ED OCR (and the Department of Justice) requires that school district to permit transgender students to use the restroom, locker room, and living accommodations of their choice, and to participate in athletic programs as a member of the sex to which they believe they belong.⁷ It is thus reasonable to suppose that ED OCR believes that such responses are required by Title IX. It is also reasonable to presume that your office interprets Title IX to impose gender identity non-discrimination obligations upon covered institutions in the employment context. To the extent these suppositions are correct, it appears as though compliance with Title IX, as interpreted by ED OCR to reach transgender "discrimination," would be inconsistent with the religious tenets of Toccoa Falls College.

Additionally, recently the EEOC has begun openly declaring that the ban on "sex" discrimination in Title VII of the Civil Rights Act of 1964 also forbids discrimination on the basis of "sexual orientation."⁸ It is conceivable that the Department of Education's Office for Civil Rights could interpret Title IX of the Education Amendments of 1972 the same way. To the extent these suppositions are correct, it appears as though compliance with Title IX, if interpreted by ED OCR to reach sexual orientation "discrimination," would also be inconsistent with the religious tenets of Toccoa Falls College, and the College therefore seeks exemption on this basis as well out of an abundance of caution.

Toccoa Falls College's policies also contain a summary of our beliefs regarding the sanctity of human life:

Likewise, Toccoa Falls College subscribes to the biblical belief that all life is sacred from conception to death, and that individuals are known by God from before the foundation of the world, and that human life begins at conception and that death is under the sovereignty of God and not man. The college accordingly believes that no procedures should be performed for the primary objective of terminating a pregnancy and taking the life of an unborn child (such procedures are referred to

herein as abortions) except in rarest of circumstances where other biblical, moral principles prevail, such as where it is medically impossible to save the life of both the mother and the child. Similarly, the college believes that no medical procedure should be performed that takes the life of an individual prematurely (such procedures are referred to as euthanasia). The college's beliefs further prohibit paying for or otherwise facilitating such procedures.

As dictated by these beliefs, the college as an organization shall not fund abortions in any manner, including through a health care benefit plan that covers prescription drugs that induce abortions, except in the foregoing extraordinary circumstances unless in a particular situation (i) any such drug is prescribed and used solely for a non-abortive therapeutic treatment of a covered medical condition or for an abortion in the foregoing extraordinary circumstances and (ii) coverage is approved by the plan's governing body or the college's appropriate authority. In addition, the college shall not participate through its health care benefit plan in a program that uses the plan as a means for providing drugs used to induce abortion, except in the foregoing extraordinary circumstances. Any requirement to facilitate abortions or euthanasia by participating in such a program, and any penalty for failing to participate in such a program, would directly and substantially burden and undermine the college's exercise and expression of its biblical beliefs.⁹

Toccoa Falls College accordingly requests that your office acknowledge that the College is exempt from Title IX and the following implementing regulations (to the extent they are interpreted to reach gender identity or sexual orientation discrimination, and to the extent they restrict the College's freedom to apply and enforce its beliefs and policy regarding human life):

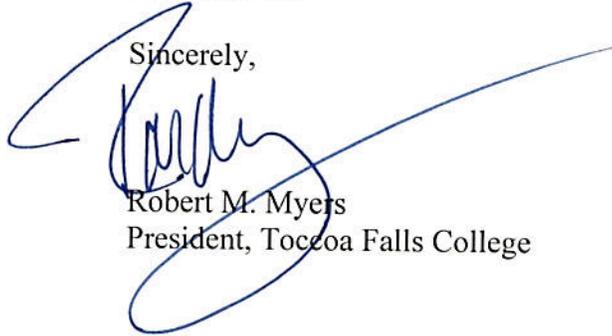

- 34 C.F.R. § 106.21 (admission)
- 34 C.F.R. § 106.22 (preference in admission)
