

Every year, America provides billions of dollars to help every child get a great education.

This year, an extra \$ 100 billion of federal funds were provided to improve our schools and help our people compete in the world economy, with the goal of helping them achieve their dreams.

But every year individuals steal or misuse these education dollars to benefit themselves.

Don't let America's education opportunities go to waste!

If you suspect waste, fraud or abuse,
REPORT IT TODAY.
