Message from the Inspector General

On behalf of the U.S. Department of Education (Department) Office of Inspector General (OIG), I am pleased to share our Diversity and Inclusion Strategic Plan for Fiscal Years 2019–2022. Through this plan, we affirm and advance our long-standing commitment to a diverse and inclusive workforce and workplace environment that will help ensure that the work we produce is accessible to the diverse public we serve.

This plan aligns with the goals presented in our statutory Five-Year Strategic Plan (FY 2018–2022). Specifically, our office strategic goals are to (1) deliver high-quality, timely, and impactful products and services that promote efficiency, effectiveness, and integrity in the Department’s operations and programs; (2) cultivate a diverse, highly skilled, and inspired workforce; and (3) implement internal processes that promote organizational effectiveness, stewardship of resources, and accountability. Our Diversity and Inclusion Strategic Plan also heeds the call of Executive Order 13583, “Establishing a Coordinated Government-wide Initiative to Promote Diversity and Inclusion in the Federal Workforce,” so we may use the talents of all segments of society in creating a culture that encourages collaboration, flexibility, and fairness.

The results of the efforts presented in our plan will have a positive impact on the work we produce for and on behalf of America’s taxpayers and students, as we will draw on a wealth of varied perspectives, experiences, and skills that will allow us to consistently improve our products and services. These results will also allow us to better meet our statutory mission to promote the efficiency, effectiveness, and integrity of, and root out waste, fraud, and abuse involving the Department’s programs and operations.

In closing, I would like to thank the OIG staff for their active engagement and participation in producing this plan, as it is testament to their commitment to one another and their shared belief that by working together, we will be a high-performing 21st century organization that is open to the contributions, skills, and strengths that are achieved through a diverse and inclusive workforce.

Diversity and Inclusion

The OIG has adopted the Office of Personnel Management definition of “diversity” and “inclusion” from Executive Order 13583.

**VISION**
Our vision is to cultivate diversity and inclusion in the OIG’s core values by using the unique strengths of all its employees through the synergy of our differences and capabilities.

**MISSION**
Our mission is to leverage a diverse and inclusive workforce and work environment that allows individuals to attain their greatest potential and achieve efficiency, effectiveness, and integrity in the Department’s programs and operations.

**DIVERSITY**
A collection of individual attributes that together helps us pursue organizational objectives effectively and efficiently. Diversity can include characteristics such as cultural background, ethnicity, age, gender, gender identity, disability, sexual orientation, religious beliefs, language, and education.

**INCLUSION**
A set of behaviors that promote collaboration among a diverse group. Inclusion empowers people to contribute their skills and perspective for the benefit of the organizational performance and outcomes.
