The skills gap is widening

Over the next decade nearly 3 ½ million manufacturing jobs will likely be needed and

2 Million
are expected to go unfilled due to the skills gap

The implications are significant
Every job in manufacturing creates another 2.5 new jobs in local goods and services

2.7 Million
baby boomer retirements

700K manufacturing jobs expected from economic expansion

For every $1 invested in manufacturing, another $1.37 in additional value is created in other sectors

Only 1.4 Million jobs are likely to be filled
leading to an expected
2 Million manufacturing jobs unfilled due to the skills gap

3.4 Million
manufacturing jobs are likely to be needed over the next decade

By 2025 the skills gap is expected to grow to 2 million

In 2011, 600K jobs were unfilled due to the skills gap

The retirement of baby boomers, strength of the economy and attractiveness of the industry are ranked among leading factors impacting the talent shortage.
Developing talent is essential

Adding to the complexity is finding workers with the skills required to meet today’s advanced manufacturing requirements.

The most effective skilled production workforce development strategies cited by executives:

- **94%** Internal employee training and development
- **72%** Involvement with local schools and community colleges
- **64%** External training and certification programs
- **49%** Creation of new veteran hiring programs

Percentage of executives that indicate current employees are not sufficient in key skills:

- **70%** Technology/computer skills
- **67%** Basic technical training
- **69%** Problem solving skills
- **60%** Math skills

Talent shortage impact to the business:

**82%** of executives believe the skills gap will impact their ability to meet customer demand.
How did employment change in the recent recession?

Workers with a high school degree or less bear the brunt of recession job losses.

Figure 2: Changes in employment, by educational attainment: 2008–2012

- High school or less: -5.6 million
- Some college / Associate’s: -1.8 million
- Bachelor’s degree or higher: 2.0 million
- All: 3.4 million
