**NOTES:**

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

**NOTES:**

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

**NOTES:**

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

**NOTES:**

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

**NOTES:**

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.

NOTES:

State allocations for fiscal years 2016 and 2017 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

For English Language Acquisition State Grants, estimate for 2017 were calculated using a combination of State-provided English learner counts and counts from the American Community Survey. The State-provided data used to calculate this estimate are from academic year 2013 - 2014 and the American Community Survey data are estimates from a 3-year period from 2011 - 2013. The amounts for 2015 and 2016 were calculated using only the 3-year American Community Survey estimates.

Special Education Grants to States 2017 allocations assume enactment of the Administration's proposed appropriations language that authorizes the Department to calculate a State's allocation without regard to a reduction in funding in a prior year resulting from a failure to meet the maintenance of State financial support requirements in section 612 of the IDEA.

Amounts distributed from the fiscal years above are based on the Pell Grant program's estimated cost as of February 2016. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

For Vocational Rehabilitation State Grants, the FY 2015, FY 2016, and FY 2017 amounts reflect the sequester reduction required for mandatory programs (7.3 percent for FY 2015, 6.8 percent for FY 2016, and 6.9 percent for FY 2017) pursuant to the Budget Control Act of 2011 (P.L. 112-25).

For Independent Living Services for Older Blind Individuals, State allocations for fiscal year 2017 are estimates based on currently available population data for individuals age 55 and older and will be updated when July 2015 estimates by age group become available.
