NOTES: State allocations for fiscal years 2012 and 2013 programs are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

The total amount of IDEA funds received by South Carolina and Kansas for fiscal year 2012 has been reduced because these states did not satisfy Maintenance of Effort requirements in prior years.

The amounts listed for FY 2011 in programs with advance appropriations (Title I Grants to LEAs, Teacher Quality State Grants, Career and Technical Education State Grants, and Special Education Grants to States) reflect an across-the-board reduction that Congress passed as part of the FY 2012 appropriation, P.L. 112-74, which required a reduction of 0.189 percent to FY 2012 discretionary budget authority, including the 2011 advance appropriation available in 2012.

NOTES: Amounts distributed from the fiscal years above are based on the program's estimated cost as of January 2012. All estimates include new appropriations plus the use of all or a portion of an accumulated surplus of unobligated balances.

The amounts listed for FY 2011 in programs with advance appropriations (Title I Grants to LEAs, Teacher Quality State Grants, Career and Technical Education State Grants, and Special Education Grants to States) reflect an across-the-board reduction that Congress passed as part of the FY 2012 appropriation, P.L. 112-74, which required a reduction of 0.189 percent to FY 2012 discretionary budget authority, including the 2011 advance appropriation available in 2012.

NOTES: State allocations for fiscal years 2012 and 2013 programs are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

FY 2013 estimates reflect the Administration's proposal to consolidate smaller programs into the VR State Grant program. The "Other (non-State allocations)" amount includes \$10 million that would be set aside to support an interagency Workforce Innovation Fund and \$1.262 million to pay the continuation costs of projects awarded under the Migrant and Seasonal Farmworkers program. FY 2013 State estimates are illustrative and subject to change.

The amounts listed for FY 2011 in programs with advance appropriations (Title I Grants to LEAs, Teacher Quality State Grants, Career and Technical Education State Grants, and Special Education Grants to States) reflect an across-the-board reduction that Congress passed as part of the FY 2012 appropriation, P.L. 112-74, which required a reduction of 0.189 percent to FY 2012 discretionary budget authority, including the 2011 advance appropriation available in 2012.

NOTES: State allocations for fiscal years 2012 and 2013 programs are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

FY 2013 estimates reflect the Administration's proposal to consolidate smaller programs into the VR State Grant program. FY 2013 State estimates are illustrative and subject to change. The undistributed amount includes \$10 million that would be set aside to support an interagency Workforce Innovation Fund and \$1.262 million to pay the continuation costs of the remaining four Migrant and Seasonal Farmworkers projects awarded under section 304 of the Rehabilitation Act.

The amounts listed for FY 2011 in programs with advance appropriations (Title I Grants to LEAs, Teacher Quality State Grants, Career and Technical Education State Grants, and Special Education Grants to States) reflect an across-the-board reduction that Congress passed as part of the FY 2012 appropriation, P.L. 112-74, which required a reduction of 0.189 percent to FY 2012 discretionary budget authority, including the 2011 advance appropriation available in 2012.
