*NOTE: State allocations for fiscal year 2014 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes for these preliminary estimates. No allocations are shown for 2015 because the Administration's budget request and Elementary and Secondary Education Act (ESEA) reauthorization proposal would change the program from a formula to a competitive grant program. If the ESEA is not reauthorized prior to enactment of fiscal year 2015 appropriations, allocations would continue to be based on the formula current law.*

NOTES: Estimates for 2013 were calculated by ratably reducing States' 1998 allocations as required under the hold-harmless provision in the current statute. The Administration's reauthorization proposal will include revisions to the current allocation formula.

NOTES: State allocations for fiscal years 2014 and 2015 programs are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates.

NOTES: The FY 2014 amounts reflect the sequester reduction of 7.2 percent required for mandatory programs that went into effect October 1, 2013, pursuant to the Budget Control Act of 2011 (P.L. 112-25).

FY 2015 estimates reflect the Administration's proposal to distribute the increase requested for the VR program in a manner that would lessen the impact of its proposal to eliminate separate funding authorities for the smaller VR-related programs whose activities can be carried out under the larger VR program.

FY 2015 State estimates are illustrative and subject to change.
