

# **CONSOLIDATED STATE PERFORMANCE REPORT:**

Parts I and II

for  
**STATE FORMULA GRANT PROGRAMS**  
under the  
**ELEMENTARY AND SECONDARY EDUCATION ACT**  
As amended by the  
**No Child Left Behind Act of 2001**

For reporting on  
**School Year 2008-09**

**CONNECTICUT**

**PART I DUE FRIDAY, DECEMBER 18, 2009**  
**PART II DUE FRIDAY, FEBRUARY 12, 2010**

**U.S. DEPARTMENT OF EDUCATION**  
**WASHINGTON, DC 20202**

## INTRODUCTION

Sections 9302 and 9303 of the Elementary and Secondary Education Act (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB) provide to States the option of applying for and reporting on multiple ESEA programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and ESEA programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following ESEA programs:

- Title I, Part A – Improving Basic Programs Operated by Local Educational Agencies
- Title I, Part B, Subpart 3 – William F. Goodling Even Start Family Literacy Programs
- Title I, Part C – Education of Migratory Children (Includes the Migrant Child Count)
- Title I, Part D – Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk
- Title II, Part A – Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)
- Title III, Part A – English Language Acquisition, Language Enhancement, and Academic Achievement Act
- Title IV, Part A, Subpart 1 – Safe and Drug-Free Schools and Communities State Grants
- Title IV, Part A, Subpart 2 – Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)
- Title V, Part A – Innovative Programs
- Title VI, Section 6111 – Grants for State Assessments and Related Activities
- Title VI, Part B – Rural Education Achievement Program
- Title X, Part C – Education for Homeless Children and Youths

The NCLB Consolidated State Performance Report (CSPR) for school year (SY) 2008-09 consists of two Parts, Part I and Part II.

### PART I

Part I of the CSPR requests information related to the five ESEA Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the ESEA. The five ESEA Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1: By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- **Performance Goal 2: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- **Performance Goal 3: By SY 2005-06, all students will be taught by highly qualified teachers.**
- **Performance Goal 4: All students will be educated in learning environments that are safe, drug free, and conducive to learning.**
- **Performance Goal 5: All students will graduate from high school.**

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

### PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific ESEA programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required EDFacts submission.
3. The information will provide valid evidence of program outcomes or results.

## GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2008-09 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by Friday, December 18, 2009. Part II of the Report is due to the Department by Friday, February 12, 2010. Both Part I and Part II should reflect data from the SY 2008-09, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

### TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2008-09 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2008-09 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

According to the Paperwork Reduction Act of 1965, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0614. The time required to complete this information collection is estimated to average 111 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimates(s) contact School Support and Technology Programs, 400 Maryland Avenue, SW, Washington DC 20202-6140. Questions about the new electronic CSPR submission process, should be directed to the EDEN Partner Support Center at 1-877-HLP-EDEN (1-877-457-3336).

## 2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

### 2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

#### 2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	7,132	4,138	58.0
4	7,023	4,092	58.3
5	6,634	4,086	61.6
6	6,372	3,860	60.6
7	6,252	3,650	58.4
8	6,115	3,351	54.8
High School	2,026	1,050	51.8
Total	41,554	24,227	58.3
<b>Comments:</b>			

#### 2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	7,132	2,842	39.8
4	7,023	2,848	40.6
5	6,634	3,003	45.3
6	6,372	3,142	49.3
7	6,252	3,453	55.2
8	6,115	2,986	48.8
High School	2,042	1,176	57.6
Total	41,570	19,450	46.8
<b>Comments:</b>			

### 2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	18,457	15,178	82.2
4	18,772	15,628	83.2
5	18,195	15,406	84.7
6	13,326	11,565	86.8
7	13,101	11,311	86.3
8	13,154	11,384	86.5
High School	6,475	5,032	77.7
Total	101,480	85,504	84.3
<b>Comments:</b>			

### 2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	18,457	12,994	70.4
4	18,772	13,626	72.6
5	18,195	13,764	75.6
6	13,326	10,803	81.1
7	13,101	11,014	84.1
8	13,154	10,795	82.1
High School	6,461	5,402	83.6
Total	101,466	78,398	77.3
<b>Comments:</b>			

## 2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

### 2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SW or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

	# Students Served
Children with disabilities (IDEA)	11,709
Limited English proficient students	14,254
Students who are homeless	709
Migratory students	
<b>Comments: CT's Title I migrant program ceased operating in 2006-07.</b>	

### 2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	401
Asian or Pacific Islander	3,154
Black, non-Hispanic	30,780
Hispanic	33,476
White, non-Hispanic	34,265
Total	102,076
<b>Comments: 346 Students were reported as "other race" and are not included in the above counts</b>	

### 2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2		100		N<20	
Age 3-5 (not Kindergarten)	546	2,600	86	N<20	
K	2,329	7,276	168	N<20	
1	4,613	7,325	253	N<20	
2	4,207	7,145	251	N<20	
3	4,453	6,958	224	N<20	
4	3,792	6,731	232	20	10,775
5	3,006	6,341	202	20	9,569
6	1,817	5,580	177	28	7,602
7	1,721	5,382	174	32	7,309
8	1,582	5,246	156	32	7,016
9	528	2,854	91	66	3,539
10	975	2,482	60	77	3,594
11	356	1,910	29	61	2,356
12	272	1,681	16	54	2,023
Ungraded			N<20		N<20
<b>TOTALS</b>	<b>30,197</b>	<b>69,611</b>	<b>2,131</b>	<b>483</b>	<b>102,422</b>

**Comments:**

### 2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

#### 2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

	# Students Served
Mathematics	9,710
Reading/language arts	23,702
Science	968
Social studies	1,002
Vocational/career	2,117
Other instructional services	

**Comments:**

**2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services**

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

	# Students Served
Health, dental, and eye care	817
Supporting guidance/advocacy	795
Other support services	2,786
<b>Comments:</b>	

**2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)**

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	330	
Paraprofessionals <sup>1</sup>	240	99.1
Other paraprofessionals (translators, parental involvement, computer assistance) <sup>2</sup>	104	
Clerical support staff	9	
Administrators (non-clerical)	46	
<b>Comments:</b>		

<sup>1</sup> Consistent with ESEA, Title I, Section 1119(g)(2). <sup>2</sup> Consistent with ESEA, Title I, Section 1119(e).

### 2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA. Use the additional guidance found below the previous table.

	<b>Paraprofessionals FTE</b>	<b>Percentage Qualified</b>
Paraprofessionals <sup>3</sup>	1,931.00	91.2
<b>Comments:</b>		

<sup>3</sup> Consistent with ESEA, Title I, Section 1119(g)(2).

## 2.2 WILLIAM F. GOODLING EVEN START FAMILY LITERACY PROGRAMS (TITLE I, PART B, SUBPART 3)

### 2.2.1 Subgrants and Even Start Program Participants

In the tables below, please provide information requested for the reporting program year July 1, 2008 to June 30, 2009.

#### 2.2.1.1 Federally Funded Even Start Subgrants in the State

Number of federally funded Even Start subgrants	5
<b>Comments:</b>	

Source – Manual entry by SEA into the online collection tool.

#### 2.2.1.2 Even Start Families Participating During the Year

In the table below, provide the number of participants for each of the groups listed below. The following terms apply:

1. "Participating" means enrolled and participating in all four core instructional components.
2. "Adults" includes teen parents.
3. For continuing children, calculate the age of the child on July 1, 2008. For newly enrolled children, calculate their age at the time of enrollment in Even Start.
4. Do not use rounding rules to calculate children's ages .

The total number of participating children will be calculated automatically.

	# Participants
1. Families participating	131
2. Adults participating	134
3. Adults participating who are limited English proficient (Adult English Learners)	76
4. Participating children	147
a. Birth through 2 years	71
b. Ages 3 through 5	44
c. Ages 6 through 8	32
c. Above age 8	
<b>Comments:</b>	

Source – Manual entry by SEA into the online collection tool.

### 2.2.1.3 Characteristics of Newly Enrolled Families at the Time of Enrollment

In the table below, provide the number of newly enrolled families for each of the groups listed below. The term "newly enrolled family" means a family who enrolls for the first time in the Even Start project or who had previously been in Even Start and re-enrolls during the year.

	#
1. Number of newly enrolled families	78
2. Number of newly enrolled adult participants	78
3. Number of newly enrolled families at or below the federal poverty level at the time of enrollment	67
4. Number of newly enrolled adult participants without a high school diploma or GED at the time of enrollment	46
5. Number of newly enrolled adult participants who have not gone beyond the 9th grade at the time of enrollment	9
<b>Comments:</b>	

Source – Manual entry by SEA into the online collection tool.

### 2.2.1.4 Retention of Families

In the table below, provide the number of families who are newly enrolled, those who exited the program during the year, and those continuing in the program. For families who have exited, count the time between the family's start date and exit date. For families continuing to participate, count the time between the family's start date and the end of the reporting year (June 30, 2009). For families who had previously exited Even Start and then enrolled during the reporting year, begin counting from the time of the family's original enrollment date. Report each family only once in lines 1-4. Note enrolled families means a family who is participating in all four core instructional components. The total number of families participating will be automatically calculated.

Time in Program	#
1. Number of families enrolled 90 days or less	16
2. Number of families enrolled more than 90 but less than 180 days	31
3. Number of families enrolled 180 or more days but less than 365 days	35
4. Number of families enrolled 365 days or more	49
5. Total families enrolled	131
<b>Comments:</b>	

Source – Manual entry by SEA into the online collection tool.

## 2.2.2 Federal Even Start Performance Indicators

This section collects data about the federal Even Start Performance Indicators

### 2.2.2.1 Adults Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of adults who showed significant learning gains on measures of reading. Only report data from the TABE reading test on the TABE line. Likewise, only report data from the CASAS reading test on the CASAS line. Data from the other TABE or CASAS tests or combination of both tests should be reported on the "other" line.

To be counted under "pre-and post-test", an individual must have completed both the pre-and post-tests.

The definition of "significant learning gains" for adult education is determined at the State level either by your State's adult education program in conjunction with the U.S. Department of Education's Office of Vocational and Adult Education (OVAE), or as defined by your Even Start State Performance Indicators.

These instructions/definitions apply to both 2.2.2.1 and 2.2.2.2.

Note: Do not include the Adult English Learners counted in 2.2.2.2.

	# Pre-and Post-Tested	# Who Met Goal	Explanation (if applicable)
TABE			TABE not used.
CASAS	30	26	The average gain for pre to post reading assessments was 5.5 points. The standard gain is 4 points or more. Of the 26 meeting goal, 21 made a level change on the CASAS.
Other			No other tests were used.
<b>Comments:</b>			

Source – Manual entry by SEA into the online collection tool.

### 2.2.2.2 Adult English Learners Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of Adult English Learners who showed significant learning gains on measures of reading.

	# Pre-and Post-Tested	# Who Met Goal	Explanation (if applicable)
TABE			This test was not used.
CASAS	50	40	The average gain for pre to post ESL reading assessments was 7.2 points. The standard gain is 4 points or more. Of the 40 meeting goal, 32 made a level change on the CASAS.
BEST			No other tests were used.
BEST Plus			This test was not used.
BEST Literacy			This test was not used.
Other			This test was not used.
<b>Comments:</b>			

Source – Manual entry by SEA into the online collection tool.

### 2.2.2.3 Adults Earning a High School Diploma or GED

In the table below, provide the number of school-age and non-school age adults who earned a high school diploma or GED during the reporting year.

The following terms apply:

1. "School-age adults" is defined as any parent attending an elementary or secondary school. This also includes those adults within the State's compulsory attendance range who are being served in an alternative school setting, such as directly through the Even Start program.
2. "Non-school-age" adults are any adults who do not meet the definition of "school-age."
3. Include only the number of adult participants who had a realistic goal of earning a high school diploma or GED. Note that age limitations on taking the GED differ by State, so you should include only those adult participants for whom attainment of a GED or high school diploma is a possibility.

School-Age Adults	# with goal	# Who Met Goal	Explanation (if applicable)
Diploma	N<20	N<20	Of the 4 remaining, 3 school-age adults continued in FY 10. The remaining 1 school-age adult exited the program before receiving his/her diploma.
GED			GED was not taken by participants in this program.
Other			No other assessments were used by program participants.
<b>Comments:</b>			

Source – Manual entry by SEA into the online collection tool.

Non-School-Age Adults	# with goal	# Who Met Goal	Explanation (if applicable)
Diploma	26	N<20	Of the 12 remaining, 2 adults continued in FY 10. The remainder of 10 left the program before receiving their diploma
GED	N<20	N<20	Of the 4 remaining adults, 1 adult continued in FY 10. The remaining 3 left the program before receiving their GED.
Other	N<20	N<20	The assessment used for these participants is the EDP or Extended Diploma Program.
<b>Comments:</b>			

Source – Manual entry by SEA into the online collection tool.

### 2.2.2.4 Children Age-Eligible for Kindergarten Who Are Achieving Significant Learning Gains on Measures of Language Development

In the table below, provide the number of children who are achieving significant learning gains on measures of language development.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who took both a pre-and post-test with at least 6 months of Even Start service in between.
3. A "significant learning gain" is considered to be a standard score increase of 4 or more points.
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions.

	# Age-Eligible	# Pre-and Post-Tested	# Who Met Goal	# Exempted	Explanation (if applicable)
PPVT-III	N<20	N<20	N<20	N<20	
PPVT-IV	N<20	N<20	N<20	N<20	A total of 5 children met goal of increasing their PPVT IV score 4 points or more from pre to post. One child who increased score was unable to meet the benchmark score of 85. A total of 4 three year olds were tested on the PPVT IV in the spring. Of these, 2 or 50% scored at 85 or higher.
TVIP					TVIP was not administered as a pre/ post test in FY 08. Children were tested in the spring of 2009 only.
<b>Comments:</b>					

Source – Manual entry by SEA into the online collection tool.

### 2.2.2.4.1 Children Age-Eligible for Kindergarten Who Demonstrate Age-Appropriate Oral Language Skills

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who took the PPVT-III or TVIP in the spring of the reporting year.
3. # who met goal includes children who score a Standard Score of 85 or higher on the spring PPVT-III
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions in English.

Note: Projects may use the PPVT-III or the PPVT-IV if the PPVT-III is no longer available, but results for the two versions of the assessment should be reported separately.

	# Age-Eligible	# Tested	# Who Met Goal	# Exempted	Explanation (if applicable)
PPVT-III	N<20	N<20	N<20	N<20	N<20 children who did not meet the goal of a 4 point gain were able to reach the benchmark of 85.
PPVT-IV	N<20	N<20	N<20	N<20	Due to late enrollment, one child who participated in the program for 6 months was tested in the spring only. A total of N<20 three year olds were tested on the PPVT IV in the spring. Of these, 2 or 50% scored at 85 or higher.
TVIP	N<20	N<20	N<20	N<20	A total of N<20 three year olds were tested on the PPVT IV in the spring. Of these, 2 or 50% scored at 85 or higher.
<b>Comments: Exemptions for PPVT III and PPVT IV include non-verbal, special needs children who could not complete test.</b>					

Source – Manual input by the SEA using the online collection tool.

**2.2.2.5 The Average Number of Letters Children Can Identify as Measured by the PALS Pre-K Upper Case Letter Naming Subtask**

In the table below, provide the average number of letters children can identify as measure by PALS subtask.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year.
2. "Tested" includes the number of age-eligible children who received Even Start services and who took the PALS Pre-K Upper Case Letter Naming Subtask in the spring of 2009 (or latest test within the reporting year).
3. "Exempted" includes the number of children exempted from testing due to a severe disability or inability to understand the directions in English.
4. "Average number of letters" includes the average score for the children in your State who participated in this assessment. This should be provided as a weighted average (An example of how to calculate a weighted average is included in the program training materials) and rounded to one decimal.

	# Age-Eligible	# Tested	# Exempted	Average Number of Letters (Weighted Average)	Explanation (if applicable)
PALS PreK Upper Case	N<20	N<20		18.7	
<b>Comments:</b>					

Source – Manual entry by SEA into the online collection tool.

**2.2.2.6 School-Aged Children Reading on Grade Level**

In the table below, provide the number of school-age children who read on or above grade level ("met goal"). The source of these data is usually determined by the State and, in some cases, by school district. Please indicate the source(s) of the data in the "Explanation" field.

Grade	# In Cohort	# Who Met Goal	Explanation (include source of data)
K	N<20	N<20	The Diagnostic Reading Assessment results are used to assess reading/ reading readiness statewide.
1	N<20		Exited the program during summer 2008 as ES-CT no longer serves this age group.
2	N<20		Exited the program during summer 2008 as ES-CT no longer serves this age group.
3	N<20		Exited the program during summer 2008 as ES-CT no longer serves this age group.
<b>Comments: Students in grades 1,2 and 3 exited the program during summer 2008 as ES-CT no longer serves these age groups.</b>			

Source – Manual entry by SEA into the online collection tool.

**2.2.2.7 Parents Who Show Improvement on Measures of Parental Support for Children's Learning in the Home, School Environment, and Through Interactive Learning Activities**

In the table below, provide the number of parents who show improvement ("met goal") on measures of parental support for children's learning in the home, school environment, and through interactive learning activities.

While many states are using the PEP, other assessments of parenting education are acceptable. Please describe results and the source(s) of any non-PEP data in the "Other" field, with appropriate information in the Explanation field.

	# In Cohort	# Who Met Goal	Explanation (if applicable)
PEP Scale I			This assessment was not used.
PEP Scale II			This assessment was not used.
PEP Scale III			This assessment was not used.
PEP Scale IV			This assessment was not used.
Other	70	59	Assessment used is the CT Parenting Toward Family Literacy Scale. The observational assessment has 3 scales and parent progress is assessed on each scale. Parents who score at the lower two levels are monitored as part of the performance indicator. Parents who score at the highest of the 3 levels are not considered in the performance indicator, but they are monitored by each program.
<b>Comments: Other scales used: # In Cohort # Who Met Goal Family Literacy 58 44 Home-School Collaboration 65 50</b>

## 2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the reporting period of September 1, 2008 through August 31, 2009. This section is composed of the following subsections:

- Population data of eligible migrant children;
- Academic data of eligible migrant students;
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year;
- School data;
- Project data;
- Personnel data.

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the reporting period. For example, a child who turns 3 during the reporting period would only be reported in the "Age 3 through 5 (not Kindergarten)" row.

FAQs in section 1.10 contain definitions of out-of-school and ungraded that are used in this section.

### 2.3.1 Population Data

The following questions collect data on eligible migrant children.

#### 2.3.1.1 Eligible Migrant Children

In the table below, provide the unduplicated number of eligible migrant children by age/grade. The total is calculated automatically.

Age/Grade	Eligible Migrant Children
Age birth through 2	
Age 3 through 5 (not Kindergarten)	N<20
K	N<20
1	N<20
2	N<20
3	46
4	44

6	55
7	54
8	45
9	106
10	33
11	42
12	55
Ungraded	
Out-of-school	
Total	

**Comments: Connecticut ceased operating MEP programs as of June 30, 2007. Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP).**

### 2.3.1.2 Priority for Services

In the table below, provide the unduplicated number of eligible migrant children who have been classified as having "Priority for Services." The total is calculated automatically. Below the table is a FAQ about the data collected in this table.

Age/Grade	Priority for Services
Age 3 through 5 (not Kindergarten)	
K	
1	
2	
3	
4	
5	
6	
7

Out-of-school	
Total	280

**Comments: Data for Limited English Proficient in this category was not collected for the previous year, since the Education Program had been discontinued. Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP). Connecticut districts have been closing down their MEP program beginning in the 2005-06 school year. In 2005-06, Connecticut went from nine funded programs to four. In 2006-07, only two programs continued to operate. Connecticut ceased operating MEP programs as of June 30, 2007. Source -Manual entry by SEA into the online collection tool.**

### 2.3.1.4 Children with Disabilities (IDEA)

In the table below, provide the unduplicated number of eligible migrant children who are also Children with Disabilities (IDEA) under Part B or Part C of the IDEA. The total is calculated automatically.

Age/Grade	Children with Disabilities (IDEA)

11	
12	
Ungraded	
Total	

**Comments:** Connecticut ceased operating MEP programs as of June 30, 2007. There are no reliable records that allow calculation of unduplicated number of eligible migrant students who dropped out of school. Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP).

#### FAQ on Dropouts:

*How is "dropped out of school" defined? The term used for students, who, during the reporting period, were enrolled in a public or private school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2007-08 reporting period should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."*

#### 2.3.2.2 GED

In the table below, provide the total unduplicated number of eligible migrant students who obtained a General Education Development (GED) Certificate in your state.

Obtained a GED in your state	
<b>Comments:</b> Connecticut ceased operating MEP programs as of June 30, 2007.	

Source – Manual entry by SEA into the online collection tool.

### 2.3.2.3 Participation in State Assessments

The following questions collect data about the participation of eligible migrant students in State Assessments.

#### 2.3.2.3.1 Reading/Language Arts Participation

In the table below, provide the unduplicated number of eligible migrant students enrolled in school during the State testing window and tested by the State reading/language arts assessment by grade level. The totals are calculated automatically.

Grade	Enrolled	Tested
3	44	43
4	43	43
5	66	66
6	55	55
7	51	49
8	43	42
9		
10		
11		
12		
Total	302	298

**Comments: Connecticut ceased operating MEP programs as of June 30, 2007. Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP).**

#### 2.3.2.3.2 Mathematics Participation

This section is similar to 2.3.2.3.1. The only difference is that this section collects data on migrant students and the State's mathematics assessment.

Grade	Enrolled	Tested
3	44	44
4	43	43
5	66	66
6	55	55
7	51	48
8	43	43

**Comments: Connecticut ceased operating MEP programs as of June 30, 2007. Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP).**

### 2.3.3 MEP Participation Data

The following questions collect data about the participation of migrant students served during the regular school year, summer/intersession term, or program year.

Unless otherwise indicated, participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Children who received a MEP-funded service, even those children who continued to receive services (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section 1304(e)(1-3)).

Do not include:

- Children who were served through a Title I SWP where MEP funds were consolidated with those of other programs.
- Children who were served by a "referred" service only.

#### 2.3.3.1 MEP Participation – Regular School Year

The following questions collect data on migrant children who participated in the MEP during the regular school year. Do not include:

- Children who were only served during the summer/intersession term.

##### 2.3.3.1.1 MEP Students Served During the Regular School Year

In the table below, provide the unduplicated number of participating migrant children who received MEP-funded instructional or support services during the regular school year. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

**2.3.3.1.4 Services**

The following questions collect data on the services provided to participating migrant children during the regular school year.

**FAQ on Services:**

*What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.*

**2.3.3.1.4.1 Instructional Service – During the Regular School Year**

In the table below, provide the unduplicated number of participating migrant children who received any type of MEP-funded instructional service during the regular school year. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

### 2.3.3.1.4.2 Type of Instructional Service

In the table below, provide the number of participating migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the regular school year. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

#### FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

### 2.3.3.1.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled Support Services, provide the unduplicated number of participating migrant children who received any MEP-funded support service during the regular school year. In the column titled Counseling Service, provide the unduplicated number of participating migrant children who received a counseling service during the regular school year. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

#### FAQs on Support Services:

- a. *What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.*
- b. *What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.*

**2.3.3.1.4.4 Referred Service – During the Regular School Year**

In the table below, provide the unduplicated number of participating migrant children who, during the regular school year, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

**2.3.3.2.4 Services**

The following questions collect data on the services provided to participating migrant children during the summer/intersession term.

**FAQ on Services:**

*What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are NOT considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.*

**2.3.3.2.4.1 Instructional Service – During the Summer/Intersession Term**

In the table below, provide the unduplicated number of participating migrant children who received any type of MEP-funded instructional service during the summer/intersession term. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

<b>Age/Grade</b>	<b>Children Receiving an Instructional Service</b>

### 2.3.3.2.4.2 Type of Instructional Service

In the table below, provide the number of participating migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

#### FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

### 2.3.3.2.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled Support Services, provide the unduplicated number of participating migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled Counseling Service, provide the unduplicated number of participating migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Children Receiving Support Services	Breakout of Children Receiving Counseling Service

#### FAQs on Support Services:

- a. *What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.*
- b. *What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.*

**2.3.3.2.4.4 Referred Service – During the Summer/Intersession Term**

In the table below, provide the unduplicated number of participating migrant children who, during the summer/intersession term, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

### 2.3.4 School Data

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

#### 2.3.4.1 Schools and Enrollment

In the table below, provide the number of public schools that enrolled eligible migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of eligible migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools that enrolled eligible migrant children	88
Number of eligible migrant children enrolled in those schools	571
<b>Comments: Migratory student data was not reported for the previous year. Connecticut ceased operating MEP programs as of June 30, 2007. In fall 2008, Connecticut restored the element allowing districts to self report migrant students in the individual student data base, known as the Public School Information System (PSIS), based on the definition of "migrant" provided in Section 1309(2) of NCLB. This data will be used solely for NCLB reporting purposes beginning in 2009 as a component of distribution of performance levels but not Adequate Yearly Progress (AYP).</b>	

### 2.3.4.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of eligible migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
<b>Comments: Connecticut ceased operating MEP programs as of June 30, 2007.</b>	

### 2.3.5 MEP Project Data

The following questions collect data on MEP projects.

#### 2.3.5.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds by a subgrant from the State or through an intermediate entity that receives the subgrant and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children participating in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Below the table are FAQs about the data collected in this table.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year – school day only		
Regular school year – school day/extended day		
Summer/intersession only		
Year round		
<b>Comments: Connecticut ceased operating MEP programs as of June 30, 2007.</b>		

Source – Manual entry by SEA into the online collection tool.

#### FAQs on type of MEP project:

- a. *What is a project? A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project's services may be provided in one or more sites.*
- b. *What are Regular School Year – School Day Only projects? Projects where all MEP services are provided during the school day during the regular school year.*
- c. *What are Regular School Year – School Day/Extended Day projects? Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).*
- d. *What are Summer/Intersession Only projects? Projects where all MEP services are provided during the summer/intersession term.*
- e. *What are Year Round projects? Projects where all MEP services are provided during the regular school year and summer/intersession term.*

### 2.3.6 MEP Personnel Data

The following questions collect data on MEP personnel data.

#### 2.3.6.1 Key MEP Personnel

The following questions collect data about the key MEP personnel.

##### 2.3.6.1.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the reporting period (e.g., September 1 through August 31). Below the table are FAQs about the data collected in this table.

<b>State Director FTE</b>	
<b>Comments:</b> Connecticut ceased operating MEP programs as of June 30, 2007.	

#### FAQs on the MEP State director

- a. *How is the FTE calculated for the State director? Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one FTE for the State director in your State for the reporting period. To calculate the FTE number, sum the total days the State director worked for the MEP during the reporting period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.*
- b. *Who is the State director? The manager within the SEA who administers the MEP on a statewide basis.*

##### 2.3.6.1.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do not include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers				
Counselors				
All paraprofessionals				
Recruiters				
Records transfer staff				
<b>Comments: Connecticut ceased operating MEP programs as of June 30, 2007.</b>				

**Note: The Headcount value displayed represents the greatest whole number** submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

**FAQs on MEP staff:**

- a. *How is the FTE calculated? The FTE may be calculated using one of two methods:*
  1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher? A classroom instructor who is licensed and meets any other teaching requirements in the State.*
- c. *Who is a counselor? A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.*
- d. *Who is a paraprofessional? An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.*
- e. *Who is a recruiter? A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.*
- f. *Who is a record transfer staffer? An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.*

**2.3.6.1.3 Qualified Paraprofessionals**

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do not include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified paraprofessionals				
<b>Comments: Connecticut ceased operating MEP programs as of June 30, 2007.</b>				

Source – Manual entry by SEA into the online collection tool.

**FAQs on qualified paraprofessionals:**

- a. *How is the FTE calculated? The FTE may be calculated using one of two methods:*
  1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a qualified paraprofessional? A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of ESEA).*

## 2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2008 through June 30, 2009.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
  - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - **Multiple Purpose Facility:** An institution/facility/program that serves more than one programming purpose. For example, the same facility may run both a juvenile correction program and a juvenile detention program.
  - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

## 2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

### 2.4.1.1 Programs and Facilities -Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	1	231
Juvenile detention	0	0
Juvenile corrections	1	152
Adult corrections	18	101
Other	0	0
Total	20	109

Source – Manual entry by SEA into the online collection tool.

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
<b>Comments: We typically have not provided a weighted average by combining the three types of programs for average length of stay, given that the three types of programs are so different. A weighted average length of Stay in Days has been provided above in response to Program Office Comments to State (3/2010).</b>	

#### FAQ on Programs and Facilities -Subpart I:

*How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.*

### 2.4.1.1.1 Programs and Facilities That Reported -Subpart 1

In the table below, provide the number of State agency programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	1
Juvenile Detention	0
Juvenile Corrections	1
Adult Corrections	18
Other	0
Total	20
<b>Comments:</b>	

Source – Manual entry by SEA into the online collection tool.

**2.4.1.2 Students Served – Subpart 1**

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 that are long-term. In the subsequent tables provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served	111		249	2,885	
Long Term Students Served	111		186	1,451	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaska Native				N<20	
Asian or Pacific Islander			N<20	N<20	
Black, non-Hispanic	41		131	1,436	
Hispanic	32		72	917	
White, non-Hispanic	38		44	523	
Total	111		249	2,885	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male	49		249	2,616	
Female	62			269	
Total	111		249	2,885	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5					
6					
7					
8					
9					
10					
11					
12					
13					
14					
15	57		115	28	
16					
17					
18	54		134	1,123	
19					
20					
21				1,734	
Total	111		249	2,885	

If the total number of students differs by demographics, please explain in comment box below. This response is limited to 8,000 characters.

**Comments: Age data collected by range with upper limits of <=15, <=18, <=21 ; Previously reported (up to 2007-08 data) juvenile detention has been changed to juvenile corrections to better reflect the nature of the program.**

**FAQ on Unduplicated Count:**

*What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.*

**FAQ on long-term:**

*What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.*

**2.4.1.3 Programs/Facilities Academic Offerings – Subpart 1**

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 1 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

# Programs That	Neglected Programs	Juvenile Corrections/ Detention Facilities	Adult Corrections Facilities	Other Programs
Awarded high school course credit(s)	1	1	4	
Awarded high school diploma(s)	0	0	4	
Awarded GED(s)	0	0	18	
<b>Comments: Major programmatic shifts in 08-09 responding to lower budgets during economic downturn.</b>				

Source – Manual entry by the SEA into the online collection tool.

**2.4.1.4 Academic Outcomes – Subpart 1**

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 1.

**2.4.1.4.1 Academic Outcomes While in the State Agency Program/Facility**

In the table below, provide the unduplicated number of students who attained academic outcomes while in the State agency program/facility by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/ Detention Facilities	Adult Corrections Facilities	Other Programs
Earned high school course credits	105	225		
Enrolled in a GED program			928	
<b>Comments: Major shifts in program offerings due to budget reductions in 2008-09.</b>				

Source – Manual entry by the SEA into the online collection tool.

**2.4.1.4.2 Academic Outcomes While in the State Agency Program/Facility or Within 30 Calendar Days After Exit**

In the table below, provide the unduplicated number of students who attained academic outcomes while in the State agency program/facility or within 30 calendar days after exit, by type of program/facility.

<b># of Students Who</b>	<b>Neglected Programs</b>	<b>Juvenile Corrections/ Detention Facilities</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Enrolled in their local district school	N<20			
Earned a GED			344	
Obtained high school diploma			34	
Were accepted into post-secondary education			62	
Enrolled in post-secondary education			62	
<b>Comments: Major shifts in program offerings due to budget reductions in 2008-09.</b>				

Source – Manual entry by the SEA into the online collection tool.

### 2.4.1.5 Vocational Outcomes – Subpart 1

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 1.

#### 2.4.1.5.1 Vocational Outcomes While in the State Agency Program/Facility

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the State agency program by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/ Detention Facilities	Adult Corrections	Other Programs
Enrolled in elective job training courses/programs		225		
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

#### 2.4.1.5.2 Vocational Outcomes While in the State Agency Program/Facility or Within 30 Days After Exit

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the State agency program/facility or within 30 days after exit, by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/ Detention Facilities	Adult Corrections	Other Programs
Enrolled in external job training education				
Obtained employment				
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

**2.4.1.6 Academic Performance – Subpart 1**

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

**2.4.1.6.1 Academic Performance in Reading – Subpart 1**

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in pre-and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2008, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories in the second table below. Below the table is an FAQ about the data collected in this table.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>Neglected Programs</b>	<b>Juvenile Corrections/ Detention</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Long-term students who tested below grade level upon entry	111	144	877	
Long-term students who have complete pre-and post-test results (data)		126	311	

Of the students reported in the second row above, indicate the number who showed:

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>Neglected Programs</b>	<b>Juvenile Corrections/ Detention</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Negative grade level change from the pre-to post-test exams		37	100	
No change in grade level from the pre-to post-test exams		N<20	N<20	
Improvement of up to 1/2 grade level from the pre-to post-test exams		N<20	37	
Improvement from 1/2 up to one full grade level from the pre-to post-test exams		23	60	
Improvement of more than one full grade level from the pre-to post-test exams		41	95	

**Comments: As state agency and LEA operated N&D programs do not participate in the state's comprehensive standardized assessments that all other public schools take part in (as reported in section 2.1), the ability to post-test varies from year to year and from program to program. 2008-09 was a year with a drastic reduction in post-testing, which is being addressed by the state N&D coordinator. The student assessment office of the CT DoE does not monitor student progress in these N&D institutions as is done in all other public schools. In fact, these students and are not part of the SEA's student information system. Therefore, the SEA relies solely on the ability of the programs to administer pre-and post-assessments with the challenge of students being immediately adjudicated out of programs without being able to post-assess. As students are often not executing tests with success in mind, formal assessments are often invalid.**

**FAQ on long-term students:**

*What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.*

### 2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	111	168	877	
Long-term students who have complete pre-and post-test results (data)		126	311	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Negative grade level change from the pre-to post-test exams		30	110	
No change in grade level from the pre-to post-test exams		N<20	20	
Improvement of up to 1/2 grade level from the pre-to post-test exams		N<20	29	
Improvement from 1/2 up to one full grade level from the pre-to post-test exams		22	57	
Improvement of more than one full grade level from the pre-to post-test exams		46	95	

**Comments: As state agency and LEA operated N&D programs do not participate in the state's comprehensive standardized assessments that all other public schools take part in (as reported in section 2.1), the ability to post-test varies from year to year and from program to program. 2008-09 was a year with a drastic reduction in post-testing, which is being addressed by the state N&D coordinator. The student assessment office of the CT DoE does not monitor student progress in these N&D institutions as is done in all other public schools. In fact, these students and are not part of the SEA's student information system. Therefore, the SEA relies solely on the ability of the programs to administer pre-and post-assessments with the challenge of students being immediately adjudicated out of programs without being able to post-assess. As students are often not executing tests with success in mind, formal assessments are often invalid.**

### 2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

#### 2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	0	0
Neglected programs	1	100
Juvenile detention	3	48
Juvenile corrections	2	256
Other	0	0
Total	6	61

Source – Manual entry by SEA into the online collection tool.

How many of the programs listed in the table above are in a multiple purpose facility?

	#
<b>Programs in a multiple purpose facility</b>	0
<b>Comments: Subpart 2 data is collected only by N&amp;D program; not by LEA. Each program completes a form that mirrors this Eden template from beginning to end and statewide totals for the program type (juv. corrections, juv. detention, or neglected program) are provided herein the entire section 2.4.2 and its subsections.</b>	

**FAQ on average length of stay:**

*How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.*

**2.4.2.1.1 Programs and Facilities That Reported -Subpart 2**

In the table below, provide the number of LEAs that reported data on neglected and delinquent students.

The total row will be automatically calculated.

<b>LEA Program/Facility Type</b>	<b># Reporting Data</b>
At-risk programs	0
Neglected programs	1
Juvenile detention	3
Juvenile corrections	2
Other	0
Total	6
<b>Comments: Subpart 2 data is collected only by N&amp;D program; not by LEA. Each program completes a form that mirrors this Eden template from beginning to end and statewide totals for the program type (juv. corrections, juv. detention, or neglected program) are provided herein the entire section 2.4.2 and its subsections.</b>	

Source – Manual entry by SEA into the online collection tool.

### 2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served		88	910	43	
Total Long Term Students Served		88	910	43	

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native			58		
Asian or Pacific Islander			N<20		
Black, non-Hispanic		29	391	N<20	
Hispanic		N<20	256	N<20	
White, non-Hispanic		45	187	N<20	
Total		88	910	43	

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male		72	781		
Female		N<20	129	43	
Total		88	910	43	

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3-5

12					
13					
14					
15			622	23	
16					
17					
18		88	255	20	
19					
20					
21			33		
Total		88	910	43	

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

**Comments: Data is collected by age range, not by individual age. Upper limit of ranges are are <=15, <=18, <=21.**

**FAQ on Unduplicated Count: FAQ on long-term:**

*What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.*

**2.4.2.3 Programs/Facilities Academic Offerings – Subpart 2**

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 2 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

<b>LEA Programs That</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention/ Corrections</b>	<b>Other Programs</b>
Awarded high school course credit(s)		1	1	
Awarded high school diploma(s)		0	0	
Awarded GED(s)		0	0	
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

**2.4.2.4 Academic Outcomes – Subpart 2**

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 2.

**2.4.2.4.1 Academic Outcomes While in the LEA Program/Facility**

In the table below, provide the unduplicated number of students who attained academic outcomes while in the LEA program/facility by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Earned high school course credits		88	662	
Enrolled in a GED program				
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

**2.4.2.4.2 Academic Outcomes While in the LEA Program/Facility or Within 30 Calendar Days After Exit**

In the table below, provide the unduplicated number of students who attained academic outcomes while in the LEA program/facility or within 30 calendar days after exit, by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Enrolled in their local district school		82	36	
Earned a GED				
Obtained high school diploma		N<20		
Were accepted into post-secondary education			N<20	
Enrolled in post-secondary education				
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

### 2.4.2.5 Vocational Outcomes – Subpart 2

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 2.

#### 2.4.2.5.1 Vocational Outcomes While in the LEA Program/Facility

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the LEA program by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Enrolled in elective job training courses/programs			N<20	
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

#### 2.4.2.5.2 Vocational Outcomes While in the LEA Program/Facility or Within 30 Days After Exit

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the LEA program/facility or within 30 days after exit, by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Enrolled in external job training education				
Obtained employment				
<b>Comments:</b>				

Source – Manual entry by the SEA into the online collection tool.

### 2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

#### 2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in pre-and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2008, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories in the second table below. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Long-term students who tested below grade level upon entry		88	34	
Long-term students who have complete pre-and post-test results (data)			43	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Negative grade level change from the pre-to post-test exams				
No change in grade level from the pre-to post-test exams			N<20	
Improvement of up to 1/2 grade level from the pre-to post-test exams			N<20	
Improvement from 1/2 up to one full grade level from the pre-to post-test exams				
Improvement of more than one full grade level from the pre-to post-test exams				

**Comments: Override: some long term students pretested at or above grade level. Validity of posttesting a concern when students do not give their full effort toward success, thus only 21 of the scores were valid for this reporting. As state agency and LEA operated N&D programs do not participate in the state's comprehensive standardized assessments that all other public schools take part in (as reported in section 2.1), the ability to post-test varies from year to year and from program to program. 2008-09 was a year with a drastic reduction in post-testing, which is being addressed by the state N&D coordinator. The student assessment office of the CT DoE does not monitor student progress in these N&D institutions as is done in all other public schools. In fact, these students and are not part of the SEA's student information system. Therefore, the SEA relies solely on the ability of the programs to administer pre-and post-assessments with the challenge of students being immediately adjudicated out of programs without being able to post-assess. As students are often not executing tests with success in mind, formal assessments are often invalid.**

#### FAQ on long-term:

*What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008, through June 30, 2009.*

**2.4.2.6.2 Academic Performance in Mathematics – Subpart 2**

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Corrections/ Detention</b>	<b>Other Programs</b>
Long-term students who tested below grade level upon entry		88	36	
Long-term students who have complete pre-and post-test results (data)			24	

Of the students reported in the second row above, indicate the number who showed:

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Corrections/ Detention</b>	<b>Other Programs</b>
Negative grade level change from the pre-to post-test exams				
No change in grade level from the pre-to post-test exams			N<20	
Improvement of up to 1/2 grade level from the pre-to post-test exams			N<20	
Improvement from 1/2 up to one full grade level from the pre-to post-test exams				
Improvement of more than one full grade level from the pre-to post-test exams				

**Comments: As state agency and LEA operated N&D programs do not participate in the state's comprehensive standardized assessments that all other public schools take part in (as reported in section 2.1), the ability to post-test varies from year to year and from program to program. 2008-09 was a year with a drastic reduction in post-testing, which is being addressed by the state N&D coordinator. The student assessment office of the CT DoE does not monitor student progress in these N&D institutions as is done in all other public schools. In fact, these students and are not part of the SEA's student information system. Therefore, the SEA relies solely on the ability of the programs to administer pre-and post-assessments with the challenge of students being immediately adjudicated out of programs without being able to post-assess. As students are often not executing tests with success in mind, formal assessments are often invalid.**

**2.7 SAFE AND DRUG FREE SCHOOLS AND COMMUNITIES ACT (TITLE IV, PART A)**

This section collects data on student behaviors under the Safe and Drug-Free Schools and Communities Act.

**2.7.1 Performance Measures**

In the table below, provide actual performance data.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
The number of persistently dangerous schools, as defined by the State.	Disciplinary Offense Record Data Collection, ED166.	Annual	Most recent collection in 2009-10. This uses 2008-09 ED 166 data.	2006-07: No schools identified as persistently dangerous.	2006-07: No schools identified as persistently dangerous.	0	2002-03
				schools identified as persistently dangerous.	2007-08: No schools identified as persistently dangerous.		
				2008-09: No schools identified as persistently dangerous.	schools identified as persistently dangerous.		
				schools identified as persistently dangerous.			
				schools identified as persistently dangerous.			
<b>Comments:</b>

## 2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

### 2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Alcohol-Related Incidents -consist of the following: 3801 = Alcohol Sale/Intent to Sell/Distribution 3802 = Suspicion of Alcohol Sale 3803 = Alcohol Use 3804 = Suspicion of Alcohol Use 3805 = Alcohol Possession 3806 = Alcohol sale/ Distribution to minor
Illicit drug related	Illicit Drug-Related Incidents -consist of the following: 3811 = Drug Possession 3812 = Drug Use 3813 = Suspicion of Drug Use 3814 = Drug Sale/Intent to Sell/ Distribution 3815 = Suspicion of Drug Sale 3816 = Facsimile of Drug 3817 = Drug Paraphernalia
Violent incident without physical injury	Violent Incident Without Physical Injury include the following incident types: 1110 = Reckless burning 1711 = Verbal Altercation 1712 = Inciting a Fight/Riot 1713 = Accessory to Fight 1760 = Breach of Peace 1800 = Harassment (Non-Sexual) 1810 = Threat/Intimidation/ Verbal Harassment 1811 = Racial Slurs/Hate Crimes 1812 = Bullying 1814 = Teasing 1817 = Threats of Bodily harm 2200 = Blackmail 2300 = Kidnapping (Abduction) 2310 = Transporting students' off school 2700 = School Threat/Bomb Threat 3510 = The destruction of personal property Note: this is a change from the list of incident types used last year which consisted of the following: Robbery, Physical Alternation, Harassment (Non-Sexual), Threat/Intimation, Racial Slurs/Hate Crimes, or Harassment-Sexual.

Violent incident with physical injury	Violent Incident With Physical Injury include the following incident types: 1700 = Fighting/Altercation/ Physical Aggression 1720 = Battery/Assault 1730 = Throwing an object 1740 = Serious Disorderly Conduct 1813 = Hazing 1818 = Physical Intimidation 1820 = Foreign substance (feces; urine, bodily secretions) 1821 = Foreign substance (prescription medications) 1822 = Foreign substance (Illegal drugs) 1823 = Foreign substance (dirt, clay, crayons, etc.) 1824 = Foreign substance onto a person 1825 = Intentionally endangering an individual or individuals 1900 = Harassment-Sexual 1910 = Sexual Battery 1920 = Sexual Offense 2000 = Homicide 2100 = Stabbing 2300 = Kidnapping (Abduction) 2310 = Transporting students' off school
	Note: this is a change from the list of incident types used last year which consisted of the following: Fighting/Altercation, Battery, Sexual Battery, Sexual Offense, Homicide, or Stabbing.
Weapons possession	Weapons -are defined as any object that is designed to, or may be readily converted to expel a projectile by the action of an explosive or other propellant; this includes firearms or any kind of operable or inoperable, loaded or unloaded including, but not limited to, a handgun or a rifle/shotgun. Weapons other than handguns and rifles/shotguns that are included but are not limited to are knives, stun weapons, tasers, razor blades and other devices or substances constructed for the purpose of being used as a weapon or which may readily be converted for use as a weapon including but not limited to self-defense weapons such as mace or pepper spray. This category also includes any other objects possessed by students with the intent of being used as a weapon (e.g., baseball bat). For the purpose of this report, all weapons reported on the ED166 Disciplinary Offense Data Collection were used to calculate total weapon offense.
<b>Comments: Note that changes have been made in both categories of Violent Incident definitions.</b>	

Source – Manual entry by the SEA into the online collection tool.

### 2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

#### 2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	958	81
6 through 8	2,220	118
9 through 12	2,755	122
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

#### 2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	N<20	3
6 through 8	49	11
9 through 12	110	35
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

### 2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

#### 2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	3,163	95
6 through 8	4,519	130
9 through 12	3,704	126
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

#### 2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	N<20	5
6 through 8	74	19
9 through 12	164	51
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

#### 2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

##### 2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	378	67
6 through 8	404	86
9 through 12	388	84
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

##### 2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5	22	12
6 through 8	116	37
9 through 12	227	63
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

### 2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on alcohol-related incidents.

#### 2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	N<20	3
6 through 8	135	33
9 through 12	354	85
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

#### 2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Alcohol-Related Incidents	# LEAs Reporting
K through 5	N<20	1
6 through 8	N<20	4
9 through 12	25	13
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

### 2.7.2.6 Out-of-School Suspensions and Expulsions for Illicit Drug-Related Incidents

The following questions collect data on illicit drug-related incidents.

#### 2.7.2.6.1 Out-of-School Suspensions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school suspensions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	N<20	3
6 through 8	84	34
9 through 12	730	108
<b>Comments:</b> This item was flagged in feedback because this item showed K through 5 at >50%. 2.7.2.6.1. The problem seems to be with the 07-08 data in the K-5 line. In the 2007-08 CSPR, we reported that one student was suspended from one district. The correct number is that N<20 students from were suspended in 07-08 from 3 districts. The K-5 row may just be more accurate data after the CSPR was originally submitted. The increase in 08-09 suspensions for K-5 is the manifestation of multiple students involved in a single incident, which increased the # of suspensions (stated another way, not more incidents, but more students involved with ONE incident). However, if the data for 07-08 are modified, the change from 07-08 to 08-09 is not as great.		

Source – Manual entry by the SEA into the online collection tool.

#### 2.7.2.6.2 Out-of-School Expulsions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school expulsions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5		0
6 through 8	24	16
9 through 12	291	83
<b>Comments:</b>		

Source – Manual entry by the SEA into the online collection tool.

### 2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
No	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
Yes	Training and technical assistance to LEAs on recruiting and involving parents
No	State requirement that parents must be included on LEA advisory councils
Yes	State and local parent training, meetings, conferences, and workshops
Yes	Parent involvement in State-level advisory groups
Yes	Parent involvement in school-based teams or community coalitions
Yes	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
No	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
No	Other Specify 1
No	Other Specify 2

In the space below, specify 'other' parental activities. The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

## 2.8 INNOVATIVE PROGRAMS (TITLE V, PART A)

This section collects information pursuant to Title V, Part A of ESEA.

### 2.8.1 Annual Statewide Summary

Section 5122 of ESEA, as amended, requires States to provide an annual Statewide summary of how Title V, Part A funds contribute to the improvement of student academic performance and the quality of education for students. In addition, these summaries must be based on evaluations provided to the State by LEAs receiving program funds.

**Please attach your statewide summary.** You can upload file by entering the file name and location in the box below or use the browse button to search for the file as you would when attaching a file to an e-mail. The maximum file size for this upload is 4MB.

### 2.8.2 Needs Assessments

In the table below, provide the number of LEAs that completed a Title V, Part A needs assessment that the State determined to be credible and the total number of LEAs that received Title V, Part A funds. The percentage column is automatically calculated.

	# LEAs	%
Completed credible Title V, Part A needs assessments	17	100.0
Total received Title V, Part A funds	17	
<b>Comments:</b>		

Source – Manual entry by SEA into the online collection tool.

### 2.8.3 LEA Expenditures

In the table below, provide the amount of Title V, Part A funds expended by the LEAs. The percentage column will be automatically calculated.

The 4 strategic priorities are: (1) support student achievement, enhance reading and mathematics, (2) improve the quality of teachers, (3) ensure that schools are safe and drug free, and (4) promote access for all students to a quality education.

Activities authorized under Section 5131 of the ESEA that are included in the four strategic priorities are 1-5, 7-9, 12, 14-17, 1920, 22, and 25-27. Authorized activities that are not included in the four strategic priorities are 6, 10-11, 13, 18, 21, and 23-24.

	\$ Amount	%
Title V, Part A funds expended by LEAs for the four strategic priorities	525,514	70.8
Total Title V, Part A funds expended by LEAs	742,587

#### 2.8.4 LEA Uses of Funds for the Four Strategic Priorities and AYP

In the table below, provide the number of LEAs:

1. That used at least 85 percent of their Title V, Part A funds for the four strategic priorities above and the number of these LEAs that met their State's definition of adequate yearly progress (AYP).
2. That did not use at least 85 percent of their Title V, Part A funds for the four strategic priorities and the number of these LEAs that met their State's definition of AYP.
3. For which you do not know whether they used at least 85 percent of their Title V, Part A funds for the four strategic priorities and the number of these LEAs that met their State's definition of AYP.

The total LEAs receiving Title V, Part A funds will be automatically calculated.

	# LEAs	# LEAs Met AYP
Used at least 85 percent of their Title V, Part A funds for the four strategic priorities	11	8
Did not use at least 85 percent of their Title V, Part A funds for the four strategic priorities	6	4
Not known whether they used at least 85 percent of their Title V, Part A funds for the four strategic priorities	0	0
Total LEAs receiving Title V, Part A funds	17	12
