PART I DUE FRIDAY, DECEMBER 18, 2009
PART II DUE FRIDAY, FEBRUARY 12, 2010

U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202

INTRODUCTION

Sections 9302 and 9303 of the Elementary and Secondary Education Act (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB) provide to States the option of applying for and reporting on multiple ESEA programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and ESEA programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following ESEA programs:

- Title I, Part A – Improving Basic Programs Operated by Local Educational Agencies
- Title I, Part B, Subpart 3 – William F. Goodling Even Start Family Literacy Programs
- Title I, Part C – Education of Migratory Children (Includes the Migrant Child Count)
- Title I, Part D – Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk
- Title II, Part A – Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)
- Title III, Part A – English Language Acquisition, Language Enhancement, and Academic Achievement Act
- Title IV, Part A, Subpart 1 – Safe and Drug-Free Schools and Communities State Grants
- Title IV, Part A, Subpart 2 – Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)
- Title V, Part A – Innovative Programs
- Title VI, Section 6111 – Grants for State Assessments and Related Activities
- Title VI, Part B – Rural Education Achievement Program
- Title X, Part C – Education for Homeless Children and Youths

The NCLB Consolidated State Performance Report (CSPR) for school year (SY) 2008-09 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five ESEA Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the ESEA. The five ESEA Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1: By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- **Performance Goal 2: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- **Performance Goal 3: By SY 2005-06, all students will be taught by highly qualified teachers.**
- **Performance Goal 4: All students will be educated in learning environments that are safe, drug free, and conducive to learning.**
- **Performance Goal 5: All students will graduate from high school.**

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific ESEA programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required EDFacts submission.
3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2008-09 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by Friday, December 18, 2009. Part II of the Report is due to the Department by Friday, February 12, 2010. Both Part I and Part II should reflect data from the SY 2008-09, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2008-09 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2008-09 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

According to the Paperwork Reduction Act of 1965, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0614. The time required to complete this information collection is estimated to average 111 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimates(s) contact School Support and Technology Programs, 400 Maryland Avenue, SW, Washington DC 20202-6140. Questions about the new electronic CSPR submission process, should be directed to the EDEN Partner Support Center at 1-877-HLP-EDEN (1-877-457-3336).

2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	76,259	55,758	73.1
4	72,622	49,750	68.5
5	71,518	60,465	84.6
6	54,184	37,127	68.5
7	53,578	42,776	79.8
8	53,534	40,359	75.4
High School	15,419	9,965	64.6
Total	397,114	296,200	74.6
Comments:			

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	80,281	69,289	86.3
4	76,478	63,604	83.2
5	75,057	67,162	89.5
6	55,816	48,508	86.9
7	55,140	47,508	86.2
8	55,027	50,394	91.6
High School	15,418	13,457	87.3
Total	413,217	359,922	87.1

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	8,070	6,355	78.8
4	8,112	6,168	76.0
5	8,259	7,268	88.0
6	8,508	6,251	73.5
7	8,157	6,598	80.9
8	8,187	6,169	75.4
High School	2,725	1,813	66.5
Total	52,018	40,622	78.1

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SW or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

	# Students Served
Children with disabilities (IDEA)	99,371
Limited English proficient students	63,915
Students who are homeless	15,360
Migratory students	3,073
Comments:	

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	1,060
Asian or Pacific Islander	14,068
Black, non-Hispanic	401,388
Hispanic	102,825
White, non-Hispanic	262,354
Total	781,695

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

	# Students Served
Mathematics	19,896
Reading/language arts	19,710
Science	8,650
Social studies	8,561
Vocational/career	
Other instructional services	215
Comments:	

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

	# Students Served
Health, dental, and eye care	N<10
Supporting guidance/advocacy	8,888
Other support services	8,498

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	174	
Paraprofessionals ¹	106	100.0
Other paraprofessionals (translators, parental involvement, computer assistance) ²	0	
Clerical support staff	0	
Administrators (non-clerical)	0	
Comments: Georgia's Consolidated Application has districts report only the number of teachers, the number of paraprofessionals, and Other. Further breakdown of translators, parental involvement, and computer assistance paraprofessionals nor clerical support staff is not reported to the State.		

¹ Consistent with ESEA, Title I, Section 1119(g)(2). ² Consistent with ESEA, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA. Use the additional guidance found below the previous table.

	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	1,560.00	100.0
Comments:		

³ Consistent with ESEA, Title I, Section 1119(g)(2).

2.2 WILLIAM F. GOODLING EVEN START FAMILY LITERACY PROGRAMS (TITLE I, PART B, SUBPART 3)

2.2.1 Subgrants and Even Start Program Participants

In the tables below, please provide information requested for the reporting program year July 1, 2008 to June 30, 2009.

2.2.1.1 Federally Funded Even Start Subgrants in the State

Number of federally funded Even Start subgrants	9

2.2.1.2 Even Start Families Participating During the Year

In the table below, provide the number of participants for each of the groups listed below. The following terms apply:

1. "Participating" means enrolled and participating in all four core instructional components.
2. "Adults" includes teen parents.
3. For continuing children, calculate the age of the child on July 1, 2008. For newly enrolled children, calculate their age at the time of enrollment in Even Start.
4. Do not use rounding rules to calculate children's ages .

The total number of participating children will be calculated automatically.

	# Participants
1. Families participating	339
2. Adults participating	350
3. Adults participating who are limited English proficient (Adult English Learners)	60
4. Participating children	500
a. Birth through 2 years	206
b. Ages 3 through 5	152
c. Ages 6 through 8	88
c. Above age 8	54

2.2.1.4 Retention of Families

In the table below, provide the number of families who are newly enrolled, those who exited the program during the year, and those continuing in the program. For families who have exited, count the time between the family's start date and exit date. For families continuing to participate, count the time between the family's start date and the end of the reporting year (June 30, 2009). For families who had previously exited Even Start and then enrolled during the reporting year, begin counting from the time of the family's original enrollment date. Report each family only once in lines 1-4. Note enrolled families means a family who is participating in all four core instructional components. The total number of families participating will be automatically calculated.

Time in Program	#
1. Number of families enrolled 90 days or less	58
2. Number of families enrolled more than 90 but less than 180 days	69
3. Number of families enrolled 180 or more days but less than 365 days	102
4. Number of families enrolled 365 days or more	110
5. Total families enrolled	339

2.2.2 Federal Even Start Performance Indicators

This section collects data about the federal Even Start Performance Indicators

2.2.2.1 Adults Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of adults who showed significant learning gains on measures of reading. Only report data from the TABE reading test on the TABE line. Likewise, only report data from the CASAS reading test on the CASAS line. Data from the other TABE or CASAS tests or combination of both tests should be reported on the "other" line.

To be counted under "pre-and post-test", an individual must have completed both the pre-and post-tests.

The definition of "significant learning gains" for adult education is determined at the State level either by your State's adult education program in conjunction with the U.S. Department of Education's Office of Vocational and Adult Education (OVAE), or as defined by your Even Start State Performance Indicators.

These instructions/definitions apply to both 2.2.2.1 and 2.2.2.2.

Note: Do not include the Adult English Learners counted in 2.2.2.2.

2.2.2.3 Adults Earning a High School Diploma or GED

In the table below, provide the number of school-age and non-school age adults who earned a high school diploma or GED during the reporting year.

The following terms apply:

1. "School-age adults" is defined as any parent attending an elementary or secondary school. This also includes those adults within the State's compulsory attendance range who are being served in an alternative school setting, such as directly through the Even Start program.
2. "Non-school-age" adults are any adults who do not meet the definition of "school-age."
3. Include only the number of adult participants who had a realistic goal of earning a high school diploma or GED. Note that age limitations on taking the GED differ by State, so you should include only those adult participants for whom attainment of a GED or high school diploma is a possibility.

2.2.2.4 Children Age-Eligible for Kindergarten Who Are Achieving Significant Learning Gains on Measures of Language Development

In the table below, provide the number of children who are achieving significant learning gains on measures of language development.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who took both a pre-and post-test with at least 6 months of Even Start service in between.
3. A "significant learning gain" is considered to be a standard score increase of 4 or more points.
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions.

	# Age-Eligible	# Pre-and Post-Tested	# Who Met Goal	# Exempted	Explanation (if applicable)

2.2.2.4.1 Children Age-Eligible for Kindergarten Who Demonstrate Age-Appropriate Oral Language Skills

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who took the PPVT-III or TVIP in the spring of the reporting year.
3. # who met goal includes children who score a Standard Score of 85 or higher on the spring PPVT-III
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions in English.

Note: Projects may use the PPVT-III or the PPVT-IV if the PPVT-III is no longer available, but results for the two versions of the assessment should be reported separately.

	# Age-Eligible	# Tested	# Who Met Goal	# Exempted	Explanation (if applicable)

2.2.2.5 The Average Number of Letters Children Can Identify as Measured by the PALS Pre-K Upper Case Letter Naming Subtask

In the table below, provide the average number of letters children can identify as measure by PALS subtask.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year.
2. "Tested" includes the number of age-eligible children who received Even Start services and who took the PALS Pre-K Upper Case Letter Naming Subtask in the spring of 2009 (or latest test within the reporting year).
3. "Exempted" includes the number of children exempted from testing due to a severe disability or inability to understand the directions in English.
4. "Average number of letters" includes the average score for the children in your State who participated in this assessment. This should be provided as a weighted average (An example of how to calculate a weighted average is included in the program training materials) and rounded to one decimal.

	# Age-Eligible	# Tested	# Exempted	Average Number of Letters (Weighted Average)	Explanation (if applicable)
PALS PreK Upper Case	38	31	N<10	15.0	Several children exited prior to test.

2.2.2.7 Parents Who Show Improvement on Measures of Parental Support for Children's Learning in the Home, School Environment, and Through Interactive Learning Activities

In the table below, provide the number of parents who show improvement ("met goal") on measures of parental support for children's learning in the home, school environment, and through interactive learning activities.

While many states are using the PEP, other assessments of parenting education are acceptable. Please describe results and the source(s) of any non-PEP data in the "Other" field, with appropriate information in the Explanation field.

2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the reporting period of September 1, 2008 through August 31, 2009. This section is composed of the following subsections:

- Population data of eligible migrant children;
- Academic data of eligible migrant students;
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year;
- School data;
- Project data;
- Personnel data.

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the reporting period. For example, a child who turns 3 during the reporting period would only be reported in the "Age 3 through 5 (not Kindergarten)" row.

FAQs in section 1.10 contain definitions of out-of-school and ungraded that are used in this section.

2.3.1 Population Data

The following questions collect data on eligible migrant children.

2.3.1.1 Eligible Migrant Children

In the table below, provide the unduplicated number of eligible migrant children by age/grade. The total is calculated automatically.

Comments: Data for the reporting period reflect full implementation of the PFS identification for the state. The process resulted in more appropriate PFS identification than in years past.	

FAQ on priority for services:

Who is classified as having "priority for service?" Migratory children who are failing, or most at risk of failing to meet the State's challenging academic content standards and student academic achievement standards, and whose education has been interrupted during the regular school year.

2.3.1.3 Limited English Proficient

2.3.2 Academic Status

The following questions collect data about the academic status of eligible migrant students.

2.3.2.1 Dropouts

In the table below, provide the unduplicated number of eligible migrant students who dropped out of school. The total is calculated automatically.

Comments: The participant count for "ungraded" is left blank and should be viewed as 0. The number of migrant students having dropped out of school for the current reporting period is higher than the previous year due to an increase in the number of migrant participants in grades 7-12.	

FAQ on Dropouts:

How is "dropped out of school" defined? The term used for students, who, during the reporting period, were enrolled in a public or private school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2007-08 reporting period should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."

2.3.2.2 GED

In the table below, provide the total unduplicated number of eligible migrant students who obtained a General Education Development (GED) Certificate in your state.

2.3.3 MEP Participation Data

The following questions collect data about the participation of migrant students served during the regular school year, summer/intersession term, or program year.

Unless otherwise indicated, participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Children who received a MEP-funded service, even those children who continued to receive services (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section 1304(e)(1-3)).

Do not include:

- Children who were served through a Title I SWP where MEP funds were consolidated with those of other programs.
- Children who were served by a "referred" service only.

2.3.3.1 MEP Participation – Regular School Year

The following questions collect data on migrant children who participated in the MEP during the regular school year. Do not include:

- Children who were only served during the summer/intersession term.

2.3.3.1.1 MEP Students Served During the Regular School Year

In the table below, provide the unduplicated number of participating migrant children who received MEP-funded instructional or support services during the regular school year. 2.3.3.1.4 Services

The following questions collect data on the services provided to participating migrant children during the regular school year.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1.4.1 Instructional Service – During the Regular School Year

In the table below, provide the unduplicated number of participating migrant children who received any type of MEP-funded instructional service during the regular school year. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

2.3.3.1.4.2 Type of Instructional Service

In the table below, provide the number of participating migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the regular school year. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Comments: Instructional services in both reading and mathematics provided by a teacher only during the regular school year were higher than the previous year due to an increased number of migrant students needing services and the number of teachers providing this assistance. The grade levels in which the participant counts are blank should be viewed as 0. There were no migrant students in these categories.

FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.1.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled Support Services, provide the unduplicated number of participating migrant children who received any MEP-funded support service during the regular school year. In the column titled Counseling Service, provide the unduplicated number of participating migrant children who received a counseling service during the regular school year. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

FAQs on Support Services:

- a. *What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.*
- b. *What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.*

2.3.3.1.4.4 Referred Service – During the Regular School Year

In the table below, provide the unduplicated number of participating migrant children who, during the regular school year, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.2.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled Support Services, provide the unduplicated number of participating migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled Counseling Service, provide the unduplicated number of participating migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

FAQs on Support Services:

- a. *What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.*
- b. *What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.*

2.3.3.2.4.4 Referred Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of participating migrant children who, during the summer/intersession term, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

2.3.4 School Data

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.4.1 Schools and Enrollment

In the table below, provide the number of public schools that enrolled eligible migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of eligible migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools that enrolled eligible migrant children	536
Number of eligible migrant children enrolled in those schools	4,073
Comments:	

2.3.4.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of eligible migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments: The Georgia Migrant Education Program does not consolidate MEP funds, and therefore, both parts of 2.3.4.2 are left blank and should be viewed as 0.	

2.3.5 MEP Project Data

The following questions collect data on MEP projects.

2.3.5.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds by a subgrant from the State or through an intermediate entity that receives the subgrant and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children participating in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Below the table are FAQs about the data collected in this table.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year – school day only	99	3,059
Regular school year – school day/extended day	42	845
Summer/intersession only	54	1,817
Year round	26	903
Comments: Under the recently restructured MEP in Georgia, more projects were funded for this reporting period, and for that reason there are more regular school year, summer, and year round projects. Where applicable, the number of participants included migrant children who are younger than kindergarten age as well as drop outs and out-of-school youth.		

Source – Manual entry by SEA into the online collection tool.

FAQs on type of MEP project:

- a. *What is a project? A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project's services may be provided in one or more sites.*
- b. *What are Regular School Year – School Day Only projects? Projects where all MEP services are provided during the school day during the regular school year.*
- c. *What are Regular School Year – School Day/Extended Day projects? Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).*
- d. *What are Summer/Intersession Only projects? Projects where all MEP services are provided during the summer/intersession term.*
- e. *What are Year Round projects? Projects where all MEP services are provided during the regular school year and summer/intersession term.*

2.3.6 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.6.1 Key MEP Personnel

The following questions collect data about the key MEP personnel.

2.3.6.1.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the reporting period (e.g., September 1 through August 31). Below the table are FAQs about the data collected in this table.

State Director FTE	1.00
Comments: The FTE for the State Director in Georgia should be counted as 1.00.	

FAQs on the MEP State director

- How is the FTE calculated for the State director? Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one FTE for the State director in your State for the reporting period. To calculate the FTE number, sum the total days the State director worked for the MEP during the reporting period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.*
- Who is the State director? The manager within the SEA who administers the MEP on a statewide basis.*

2.3.6.1.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do not include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Job Classification	Regular School Year		Summer/Interession Term	
	Headcount	FTE	Headcount	FTE
Teachers	52	19.09	307	250.42
Counselors	0	0.00	1	1.00
All paraprofessionals	144	115.71	200	181.65
Recruiters	12	11.50	8	8.00
Records transfer staff	6	6.00	6	6.00
Comments: The number of teachers and paraprofessionals working during regular year and summer projects decreased due to a reduction in migrant participants needing services during both the regular year and summer session.				

Note: The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

FAQs on MEP staff:

- a. *How is the FTE calculated? The FTE may be calculated using one of two methods:*
 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher? A classroom instructor who is licensed and meets any other teaching requirements in the State.*
- c. *Who is a counselor? A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.*
- d. *Who is a paraprofessional? An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.*
- e. *Who is a recruiter? A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.*
- f. *Who is a record transfer staffer? An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.*

2.3.6.1.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do not include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified paraprofessionals	138	111.81	199	180.84
Comments: The number of qualified paraprofessionals decreased during the regular year and summer because there was a reduction in implementation plans and projects for both regular school year and summer terms.				

Source – Manual entry by SEA into the online collection tool.

FAQs on qualified paraprofessionals:

- a. *How is the FTE calculated? The FTE may be calculated using one of two methods:*
 - i. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 - ii. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a qualified paraprofessional? A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of ESEA).*

2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2008 through June 30, 2009.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Multiple Purpose Facility:** An institution/facility/program that serves more than one programming purpose. For example, the same facility may run both a juvenile correction program and a juvenile detention program.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities -Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	2	205
Juvenile detention	0	0
Juvenile corrections	8	94
Adult corrections	9	365
Other	0	0
Total	19	221

Source – Manual entry by SEA into the online collection tool.

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments:	

FAQ on Programs and Facilities -Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported -Subpart 1

In the table below, provide the number of State agency programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 that are long-term. In the subsequent tables provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

response is limited to 8,000 characters.

Comments: 52 students were in the multi-racial population.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.

2.4.1.3 Programs/Facilities Academic Offerings – Subpart 1

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 1 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

2.4.1.6 Academic Performance – Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in pre-and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2008, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories in the second table below. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	54	432	96	
Long-term students who have complete pre-and post-test results (data)	114	1,343	96	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Negative grade level change from the pre-to post-test exams	N<10	48		
No change in grade level from the pre-to post-test exams	N<10	21		
Improvement of up to 1/2 grade level from the pre-to post-test exams	N<10	16		
Improvement from 1/2 up to one full grade level from the pre-to post-test exams	12	N<10		
Improvement of more than one full grade level from the pre-to post-test exams	26	78	96	
Comments: For DJJ (under Juvenile Corrections/Detention, the data will be verified.				

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	90	447	96	
Long-term students who have complete pre-and post-test results (data)	63	173	96	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
Negative grade level change from the pre-to post-test exams	18	57		
No change in grade level from the pre-to post-test exams	N<10	12		
Improvement of up to 1/2 grade level from the pre-to post-test exams	15	27		
Improvement from 1/2 up to one full grade level from the pre-to post-test exams	N<10	20		
Improvement of more than one full grade level from the pre-to post-test exams	13	57	96	
Comments: For DBHDD (under Neglected Programs) in both of the Performance Data sections, the information is not as reported and will be corrected. For DJJ (under Juvenile Corrections/Detention, the data will be verified.				

2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	0	0
Neglected programs	0	0
Juvenile detention	0	0
Juvenile corrections	0	0
Other	0	0

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments: The Georgia Department of Education did not have any Title I Part D, Subpart 2 recipients during the 2008-2009 school year.	

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported -Subpart 2

In the table below, provide the number of LEAs that reported data on neglected and delinquent students.

The total row will be automatically calculated.

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

2009 school year.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008 through June 30, 2009.

2.4.2.3 Programs/Facilities Academic Offerings – Subpart 2

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 2 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in pre-and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2008, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories in the second table below. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Long-term students who tested below grade level upon entry				
Long-term students who have complete pre-and post-test results (data)				

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Negative grade level change from the pre-to post-test exams				
No change in grade level from the pre-to post-test exams				
Improvement of up to 1/2 grade level from the pre-to post-test exams				
Improvement from 1/2 up to one full grade level from the pre-to post-test exams				
Improvement of more than one full grade level from the pre-to post-test exams				
Comments: The Georgia Department of Education did not have any Title I Part D, Subpart 2 recipients during the 2008-2009 school year.				

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2008, through June 30, 2009.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Long-term students who tested below grade level upon entry				
Long-term students who have complete pre-and post-test results (data)				

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
Negative grade level change from the pre-to post-test exams				
No change in grade level from the pre-to post-test exams

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Alcohol -violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of intoxicating alcoholic beverages or substances represented as alcohol, during the school year
Illicit drug related	Unlawful use, cultivation, manufacture, distribution, sale, purchase, possession, transportation, or importation of any controlled drug or narcotic substance, or equipment or devices used for preparing or using drugs or narcotics. Includes being under the influence of drugs or substances represented as drugs. Code includes over-the-counter medications if abused by the student. Code does not include tobacco or alcohol.possession, use, distribution, or sale of tobacco products on school grounds, at school-sponsored events, and on transportation to or from school.
Violent incident without physical injury	Fighting -mutual participation in a fight involving physical violence where there is no one main offender and no major injury. Does not include verbal confrontations, tussles, or other minor confrontations. Administrators need to consider age and developmentally appropriate behavior before using this code.Robbery -taking, or attempting to take, anything of value that is owned by another person or organization, under confrontational circumstances by force or threat of force or violence and/or by putting the victim in fear. An essential difference between robbery and larceny is that a threat or battery is involved in a robbery. Examples include extortion of lunch money.Sexual Harassment -deliberate, repeated, and unsolicited physical actions, gestures, or verbal or written comments of a sexual nature, when such conduct has the purpose or effect of interfering with a student's academic performance or creating an intimidating, hostile, or offensive learning environment. Examples include behaviors such as leering, pinching, grabbing, suggestive comments, suggestive jokes, or pressure to engage in sexual activity.Threat / Intimidation -unlawfully placing another person in fear of bodily harm through verbal threats without displaying a weapon or subjecting the person to actual physical attack. Administrators need to consider age and developmentally appropriate behavior before using this code.
Violent incident with physical injury	Battery -actual and intentional touching or striking of another person against his or her will or intentionally causing bodily harm to an individual. For example, when one individual physically attacks or "beats up on" another individual. Includes an attack with a weapon or one that causes serious bodily harm to the victim. Includes the actual placement of a bomb or one sent through the mail, regardless of whether the bomb explodes. This code should be used only when the attack is very serious, serious enough to warrant calling the police or bringing in security, where the intent is to do bodily harm to someone. Administrators need to consider age and developmentally appropriate behavior before using this code.Homicide -murder and non-negligent manslaughter, killing of one human being by another, killing a person through negligence.oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object, or attempts forcibly and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of temporary or permanent mental incapacity. Includes rape, fondling which includes touching of private body parts of another person (either through human contact or using an object), indecent liberties, child molestation, sodomy. This code should be used only when the incident is severe enough to warrant calling in law enforcement.The term "serious bodily injury" means bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or mental faculty;

Weapons possession	<p>Other Firearms -Firearms other than handguns, rifles, or shotguns as defined in 18 USC 921. Includes any weapon (including started gun) which will or is designed to or may readily be converted to expel a projectile by the action of any explosive; the frame or receiver of any weapon described above; any firearm muffler or firearm silencer; any destructive device, which includes any explosive, incendiary, or poison gas (i.e. bomb, grenade, rocket having a propellant charge more than 4 ounces, missile having an explosive or incendiary charge of more than ¼ ounce, mine, or similar device); any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than ½ inch in diameter; any combination or parts either designed or intended for use in converting any device into any destructive device described above, and from which a destructive device may be readily assembled. (NOTE: This does not include toy guns, cap guns, bb guns, pellet guns, or Class-C common fireworks).-the possession, use, or intention to use any instrument or object to inflict harm on another person, or to intimidate any person. Included in this code are chains, pipes, razor blades, ice picks, dirks, nunchakus, brass knuckles, Chinese stars, billy clubs, tear gas guns, toy guns, cap guns, bb guns, pellet guns, electrical weapons or devices, explosives, or propellants. Firecrackers and other fireworks are also included if fire is not involved. Weapons Possession -Handgun -possession of a firearm which has a short stock and is designed to be held</p>
--------------------	--

and fired by the use of a single hand; and any combination of parts from which a firearm described above can be assembled. NOTE: This definition does not apply to items such as toy guns, cap guns, bb guns, and pellet guns. Weapons Possession -Rifle/Shotgun -The term "rifle" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of an explosive to fire only a single projectile through a rifled bore for each single pull of the trigger. The term "shotgun" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of an explosive to fire through a smooth bore either a number of ball shot or a single projectile for each single pull of the trigger.

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
Yes	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
Yes	Training and technical assistance to LEAs on recruiting and involving parents
Yes	State requirement that parents must be included on LEA advisory councils
No Response	State and local parent training, meetings, conferences, and workshops
No Response	Parent involvement in State-level advisory groups
Yes	Parent involvement in school-based teams or community coalitions
No Response	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
Yes	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
No Response	Other Specify 1
No Response	Other Specify 2

In the space below, specify 'other' parental activities. The response is limited to 8,000 characters.

The five most common efforts underway in Georgia are checked "yes". However, the state does provide opportunities for:

1. State and local parent training, meetings, conferences, and workshops.
2. Parent involvement in State-level advisory groups.
3. Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness.

2.8 INNOVATIVE PROGRAMS (TITLE V, PART A)

This section collects information pursuant to Title V, Part A of ESEA.

2.8.1 Annual Statewide Summary

Section 5122 of ESEA, as amended, requires States to provide an annual Statewide summary of how Title V, Part A funds contribute to the improvement of student academic performance and the quality of education for students. In addition, these summaries must be based on evaluations provided to the State by LEAs receiving program funds.

Please attach your statewide summary. You can upload file by entering the file name and location in the box below or use the browse button to search for the file as you would when attaching a file to an e-mail. The maximum file size for this upload is 4MB.

2.8.2 Needs Assessments

In the table below, provide the number of LEAs that completed a Title V, Part A needs assessment that the State determined to be credible and the total number of LEAs that received Title V, Part A funds. The percentage column is automatically calculated.

	# LEAs	%
Completed credible Title V, Part A needs assessments	72	100.0
Total received Title V, Part A funds	72	
Comments: 72 LEAs received FY08 carryover funds.		

Source – Manual entry by SEA into the online collection tool.

2.8.3 LEA Expenditures

In the table below, provide the amount of Title V, Part A funds expended by the LEAs. The percentage column will be automatically calculated.

The 4 strategic priorities are: (1) support student achievement, enhance reading and mathematics, (2) improve the quality of teachers, (3) ensure that schools are safe and drug free, and (4) promote access for all students to a quality education.

Activities authorized under Section 5131 of the ESEA that are included in the four strategic priorities are 1-5, 7-9, 12, 14-17, 1920, 22, and 25-27. Authorized activities that are not included in the four strategic priorities are 6, 10-11, 13, 18, 21, and 23-24.

	\$ Amount	%
Title V, Part A funds expended by LEAs for the four strategic priorities	348,156	94.9

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

Title VI, Part B CSPR Data 2008-2009

The state of Georgia adopted the five NCLB Goals and the associated performance indicators in their 2002 Consolidated State application. The program-specific activities for Title VI, Part B are aligned with these five goals in order to support the goals of local school systems. Local Education Agencies (LEAs) develop their goals based upon a variety of needs assessments and the analysis of different data sets. Schools and systems are also required to meet the other criteria stipulated in Georgia's Accountability Workbook. LEAs progress is determined by their schools meeting established performance indicators and the accountability requirements of Title VI, Part B.

The following results were demonstrated by LEAs receiving Title VI, Part B funds during 2008-2009:

- 29% or 24 of the 82 eligible LEAs made AYP (test participation, academic performance and the second indicator).

The following results were demonstrated by LEAs receiving Title VI, Part B funds:

81 of the 82, or 99% of the LEAs met Second Indicator for K-8 schools in their districts.

53 of the 82, or 65% met AYP status for the Second Indicator.

56 of the 82, or 68% of the LEAs met AYP for *CRCT in English Language Arts

56 of the 82, or 68% of the LEAs met AYP for *CRCT in Math

58 of the 82, or 71% of the LEAs met AYP for **GHS GT for English Language Arts

42 of the 82, or 51% of the LEAs met AYP for **GHS GT for math

The 82 eligible Georgia districts reported spending \$6,111,622 in Title VI, Part B funds during 2008-2009. Districts not making AYP used funds to address the specific needs that led to the district's failure to make AYP in accordance with the district's improvement plan.

*Criterion Referenced Competency Test—State required tests administered to students in grades 1-8 to measure student acquisition of the knowledge and skills set forth in the state curriculum.

**Georgia High School Graduation Test—State mandated curriculum based assessments administered in grade eleven for graduation purposes.
