

Data Notes Consolidated State Performance Report

State: Oklahoma

School Year: 2011-12

Part: CSPR Part I

Issue(s):

Question Number	Issue Description
1.3	Data were still outside the expected range following the final close of the CSPR. OK reported more migrant students for assessments purposes in section 1.3 than the count of eligible migrant students reported in 1.10.1. We would expect the number of eligible students to be greater than or equal to the numbers in 1.3.
