

**CONSOLIDATED STATE PERFORMANCE REPORT:
Parts I and II**

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001**

**For reporting on
School Year 2012-13**

MASSACHUSETTS

**PART I DUE FRIDAY, DECEMBER 20, 2013
PART II DUE FRIDAY, FEBRUARY 14, 2014**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children (Includes the Migrant Child Count)*
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2012-13 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013~~14~~, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 200~~06~~6, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2012-13 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 20, 2013**. Part II of the Report is due to the Department by **Friday, February 14, 2014**. Both Part I and Part II should reflect data from the SY 2012-13, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2012-13 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2012-13 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

School Year 2012-13

**PART II DUE FEBRUARY 17, 2012
5PM EST**

2.1 Improving BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	23,758	S	52.2
4	23,182	S	35.4
5	21,821	S	44.1
6	19,521	S	43.7
7	18,032	S	32.7
8	17,723	S	37.3
High School	12,494	S	64.0
Total	136,531	S	43.4
Comments:			

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	23,721	S	36.5
4	23,073	S	34.9
5	21,772	S	47.4
6	19,506	S	46.3
7	17,914	S	53.1
8	17,716	S	61.1
High School	12,480	S	82.4
Total	136,182	S	49.0
Comments:			

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	25,135	S	71.6
4	24,601	S	57.4
5	22,540	S	66.7
6	17,701	S	67.0
7	16,880	S	58.8
8	16,040	S	61.1
High School	9,058	S	84.8
Total	131,955	S	65.5
Comments:			

2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	25,112	S	64.4
4	24,516	S	59.2
5	22,550	S	72.2
6	17,702	S	75.0
7	16,852	S	79.8
8	16,046	S	85.5
High School	9,034	S	95.2
Total	131,812	S	72.8
Comments:			

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (<i>IDEA</i>)	63,176
Limited English proficient students	56,558
Students who are homeless	9,669
Migratory students	75
Comments:	

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	864
Asian	19,143
Black or African American	55,212
Hispanic or Latino	118,157
Native Hawaiian or other Pacific Islander	347
White	108,849
Two or more races	9,568
Total	312,140
Comments:	

2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2	0	0	0	0	0
Age 3-5 (not Kindergarten)	21	10,849	0	0	10,870
K	1,702	28,722	386	18	30,828
1	3,934	27,796	557	51	32,338
2	3,708	26,003	540	61	30,312
3	3,562	25,428	482	87	29,559
4	3,231	24,796	457	61	28,545
5	2,883	23,274	471	118	26,746
6	1,802	20,997	360	165	23,324
7	1,729	19,382	372	170	21,653
8	1,584	19,046	329	272	21,231
9	1,413	18,845	493	368	21,119
10	1,420	15,272	479	410	17,581
11	398	14,164	451	235	15,248
12	307	13,995	407	183	14,892
Ungraded	0	334	0	0	334
TOTALS	27,694	288,903	5,784	2,199	324,580

Comments:

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

TAS instructional service	# Students Served
Mathematics	13,893
Reading/language arts	18,470
Science	62
Social studies	32
Vocational/career	41
Other instructional services	26
Comments:	

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

TAS Support Service	# Students Served
Health, dental, and eye care	142
Supporting guidance/advocacy	896
Other support services	93
Comments:	

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	475	
Paraprofessionals ¹	209	97.50
Other paraprofessionals (translators, parental involvement, computer assistance) ²	0	
Clerical support staff	8	
Administrators (non-clerical)	15	
Comments:		

FAQs on staff information

- a. What is a "paraprofessional?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
 - (a) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
 - (b) Providing assistance with classroom management, such as organizing instructional and other materials;
 - (c) Providing assistance in a computer laboratory;
 - (d) Conducting parental involvement activities;
 - (e) Providing support in a library or media center;
 - (f) Acting as a translator; or
 - (g) Providing instructional services to students.
- b. What is an "other paraprofessional?" Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

¹ Consistent with ESEA, Title I, Section 1119(g)(2).

² Consistent with ESEA, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	6,402.40	97.30
Comments:		

³ Consistent with *ESEA*, Title I, Section 1119(g)(2).

2.1.4 Parental Involvement Reservation Under Title I, Part A

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2012 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

Parental Involvement Reservation	LEAs that Received a Federal Fiscal Year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of \$500,000 or less	LEAs that Received a Federal fiscal year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of more than \$500,000
Number of LEAs *	309	53
Sum of the amount reserved by LEAs for parental Involvement	24,063	2,446,858
Sum of LEAs' FY 2012 Title I, Part A allocations	47,316,154	148,708,974
Percentage of LEA's FY 2012 Title I, Part A allocations reserved for parental involvement	0.10	1.60

*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2012 Title I, Part A allocation.

In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2012–2013.

This response is limited to 8,000 characters.

- Salaries for parental involvement coordinators/liaisons
- Instructional materials/supplies for family engagement workshops & activities
- Stipends for teachers to run family engagement workshops & activities
- Parent trainers
- Speakers
- Memberships

2.3 Education OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2012 through August 31, 2013. This section is composed of the following subsections:

- Population data of eligible migrant children
- Academic data of eligible migrant students
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year
- School data
- Project data
- Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2012 through August 31, 2013. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2011 v August 31, 2012), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

Comments:

2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is

calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

2.3.1.1.1 Category 1 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10 percent.

The response is limited to 8,000 characters.

Comments: The 2013 Massachusetts Category 1 Child Count of 547 is an increase of 126 eligible migrant children over last year's count of 421. This represents a 30% increase in eligible migrant children over last year. Massachusetts attributes this increase to enhanced recruitment strategies:

Improved and more strategic recruiting that began last program year (2011-2012) has continued to show results. Through training, emphasis has been placed upon establishing and strengthening networks for recruitment, referrals, and service delivery. By establishing healthy relationships in the communities, recruitment efforts have been effective in discovering qualified youth/families in areas that have not been known to have active migrant populations in the recent past. As a result of improvements in the use of data to more efficiently enroll students in Migrant services, the quality of service delivery has improved, and families and youth in the community are referring other families and youth to the migrant program for recruitment and services.

2.3.1.1.2 Birth through Two Child Count

In the table below, enter the unduplicated statewide number of **eligible** migrant children from age birth through age 2 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013.

Age/Grade	Eligible Migrant Children
Age birth through 2	22

2.3.1.2 Category 2 Child Count (Eligible Migrant Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- Children who received only referred services (non-MEP funded).

2.3.1.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

Comments: Massachusetts delivered services in the summer of 2013 to 293 eligible migrants which represents an increase of 89 (46%) over last year's Category 2 child count of 184. The following factors contributed to a favorable increase in the number of migrant children served in the summer:

The 30 percent increase in eligible migrant children (See 2.3.1 Migrant Child Counts) resulted in a larger pool of children who could be served.

Massachusetts has become more efficient in enrolling students into services and has improved the use of data to drive decision-making. This is partially due to the creation of a new role within the operational hierarchy: the role of service coordinator. This position has had a positive impact on hiring, training, and coordinating service providers. Because the efficiency and quality of service delivery has improved, more families and youth in the community are participating in the program.

Last year's SPAC/RPAC focused heavily on encouraging and informing parents about how to help their children attain their educational goals. The importance of preschool and participation in a structured early childhood education center in supporting children to be prepared for kindergarten and beyond was emphasized over and over in the SPAC/RPAC meetings. In the summer there was a 57% increase in students participating in our pre-k services. Simultaneously, there has also been a financial cut in migrant Head Start funding in one of our largest regions, and this past summer there were students in the western part of the state who lost seats during the summer, and chose to participate our program.

We have noted a change in immigration enforcement practice. Many OSY who are stopped by immigration are subsequently being released to the care of a guardian. One of the stipulations on their release is that they enroll in school and finish their secondary education. As a result of these practices, Massachusetts has enrolled students in high schools in Lynn, Chelsea, New Bedford and Springfield.

Because Massachusetts participates in the OSY-CIG, the amount and variety of curricular offerings for the OSY has increased. The expanded curricula includes both life skills and ABE topics, contributing to an increase in math and reading services.

2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- Children who received only referred services (non-MEP funded).

Age/Grade	Eligible Migrant Children Served by the MEP During the Summer/Intersession Term
Age birth through 2	2
Comments:	

2.3.1.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

2.3.1.3.1 Student Information System

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

Student Information System	(Yes/No)
NGS	___ No
MIS 2000	___ No
COEStar	___ No
MAPS	___ No
Other Student Information System. Please identify the system:	___ Yes
The MMEP Student Information System is a proprietary system developed exclusively for the Massachusetts program using FileMaker Pro software.	

Student Information System	(Yes/No)
Was the Category 2 child count for this performance period generated using the same system?	Yes

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

2.3.1.3.2 Data Collection and Management Procedures

In the space below, please respond to the following question:

Data Collection and Management Procedures	(Yes/No)
Does the State collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	Ye

2.3.1.3.3 Methods Used To Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- Children who were age 3 through 21
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- Children who – in the case of Category 2 – were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- Children counted once per age/grade level for each child count category
- Children two years of age that turned three years old during the performance period.

The response is limited to 8,000 characters.

The identification and recruitment of migrant children is the primary role of MMEP Community Liaisons (CLs) and is conducted year-round. The CLs make the initial direct, face-to-face contact with the potentially eligible migrant family, obtain eligibility information, record this information on the Certificate of Eligibility (COE), and have the primary responsibility for the determination and documentation of student eligibility. The Massachusetts COE includes the National COE verbatim. The CLs are also responsible for updating the COE as needed throughout the term of eligibility to record changes in status (change of grade, contact information, graduation, or death), and to verify eligibility on an annual basis. CLs are alerted by the Records Clerks in advance of the date that potential Category 1 migrant children will turn three, and are asked to visit the family and to update the COE as soon as possible to document residency of all eligible children.

Day-to-day supervision of the CLs and implementation of identification and recruitment efforts are the responsibility of the MMEP's Regional Directors, who, assisted by a verifier, verifies all paperwork submitted. Primary responsibility for system planning, policy, and interstate/intrastate coordination is assigned to the Identification and Recruitment (IDR) Coordinator who is directly supervised by the State Director. Through this structure, the IDR component provides for regional supervision and coordination of identification and recruitment while maintaining a centralized planning and monitoring system designed to ensure strict compliance with federal student eligibility requirements.

When potentially eligible migrant families have been located, the CLs ascertain eligibility through structured face-to-face interviews with the parents or guardians or with the out of school youth. Residency is confirmed in this initial face-to-face COE interview, or in subsequent eligibility years, via face-to-face interviews for the purposes of annually updating the COE. Once eligibility is determined, Community Liaisons complete the Certificate of Eligibility (COE) and submit it for review and verification by the Regional Director and his/her verifier. This documentation is reviewed once again by the IDR Coordinator who validates the paperwork with desk audits and face-to-face interviews of families and/or OSY who have been declared eligible.

In addition to standard COE sections regarding demographics, and qualifying activity, CLs are required to complete a data section concerning Previous Qualifying Move(s), Activities, Address(es). This provides information in addition to the QAD, not only to substantiate the eligibility and to document residency, but also to identify families who may have made a migrant move within the Commonwealth and across programmatic Regions. This and other verification and validation measures are implemented to preclude the duplication of a family in the SIS. When CLs submit a COE to the region, the verifier performs a nation-wide search in MSIX (Migrant Student Information Exchange). The existence of a record for the family can contribute in a positive way to eligibility determination, can eliminate uncertainty about duplication, can lead to the transfer of existing educational records, and may contribute to a more comprehensive understanding of migrancy of the family.

All eligible families/students/youth are enrolled in the SIS at one centralized location by the MMEP Statewide Data Coordinator (SDC) who enters the data directly from validated COEs. Before the SDC assigns the unique family and unique child numbers, a search is conducted utilizing the mother's name, the names and dates of birth of the children, and a review of all records under the same and similar last name. The MMEP SIS has a built-in capacity to use wildcards for single pieces of data: The discovery of a single variable, which matches a child or family, signals to the SDC that he must pull the COE and examine the information contained in it and all of the signatures. In this way, duplication of a family/child is prevented. If the search is negative, the new family is enrolled and a unique family number and a unique student number are assigned by the SDC. The MMEP staff have worked with the Massachusetts Department of Elementary and Secondary Education (DESE) to develop a memorandum of understanding to allow MMEP access to education data collected by DESE. This data, including SIMS (Student Information Management System data), MCAS (Massachusetts Comprehensive Assessment System data) and ELL testing data, is integrated into the SIS for purpose of informing operational decision making, confirming demographic and residency data, and contributing to MSIX.

Service providers, who are MMEP employees, document service through attendance records and lesson plans. Coordinators review and verify the accuracy of the daily attendance. The attendance sheets are submitted to the Records Clerks in the regional offices and the Records Clerks subsequently enter the data into the Components and Enrollments databases for the region. This data includes type of service, dates of service for the child and the number of days and hours the child participated

in the program.

Prior to the beginning of the summer programs, there is a two- or three-day orientation for all staff concerning the delivery of quality academic services. Subsequently, teachers and other staff are supervised during service delivery by head teachers and regional directors. Quality services is a topic for annual statewide trainings which are mandatory for all staff.

The Student and Families databases are downloaded to the MMEP Regions on a monthly basis. The system restricts the regional staff from having the ability to enroll families/students or update eligibility information. Nonetheless, having access to copies of the electronic database allows for regional staff to review the information for accuracy.

Using the relational capacity of the system, the SIS is able to track a theoretically infinite number of educational service experiences while maintaining a single unique record for each student. The enrollment database, which characterizes each instance of education service is transmitted from the region to the MSC. The student database is the singular generator of student counts which ensure the uniqueness of each record. The records in the enrollment database are used to flag the student records for inclusion in the Category 2 child count.

When migrant child counts are requested by local, state or federal sources, the SDC conditions the query to the student database to access the information needed. When Massachusetts needed to generate information for this Migrant Child Count Report (SY 13), the SDC first queried the system for all eligible children between the ages of 3 and 21 who had not graduated from high school, within three years of making a qualifying move, and who resided in Massachusetts between September 1, 2012 and August 31, 2013, and who had not turned three or had confirmation of residency after turning three during the report year. An unduplicated count of 547 Category 1 migrant children was generated from that query. The SDC then queried the system for the count of all eligible children who received MEP-funded services between the last day of the 2012-13 school year and before the first day of the 2013-14 school year. An unduplicated count of 283 Category 2 migrant children was generated from that query. Queries on the student database for Category 1 and 2 counts include an elaborate screening process which prevents the inclusion of three-year-olds whose residency has not been documented after they turn three.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED*Facts* data file?

The Education Data Services division of the Massachusetts Department of Elementary and Secondary Education accepts information prepared by the Massachusetts Migrant Education Program specifically intended for use in each of the relevant ED*Facts* data files. This information is complete having been extracted from the MMEP Student Information system described above. The DESE Research Analyst is responsible for populating the ED*Facts* data file using this information. Upon submission of the ED*Facts* data files, the final draft of the CSPR incorporates those data that originated in the MMEP Student Information System. The Education Data Services are able to produce a copy of the CSPR prior to final submission so that the data can be checked for quality against the MMEP Student Information System Data, to ensure that every migrant child is represented.

Use of MSIX to Verify Data Quality	(Yes/No)
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	Yes

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

MSIX may be used to validate Migrant data. As stated previously, during the initial Identification and recruitment process, when CLs submit a COE to the verifier in the region, the verifier has authorization and is required to perform a nation-wide search in MSIX to try to find any records that qualify the family for migrant services. The existence of a record for the family can contribute in a positive way to eligibility determination, can eliminate uncertainty about duplication, can lead to the transfer of existing educational records, and may contribute to a more comprehensive understanding migrancy of the family. When a positive match is found, the MSIX system is used to request interstate information.

2.3.1.3.4 Quality Control Processes

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	Yes
Do the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	Yes
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	Yes
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	Yes
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	No Response
Does the SEA review student attendance at summer/inter-session projects?	Yes
Does the SEA have both a local and state-level process for resolving eligibility questions?	Yes
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	Yes
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	Yes

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

Results	#
The number of eligibility determinations sampled.	213
The number of eligibility determinations sampled for which a re-interview was completed.	204
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	200

Describe any reasons children were determined ineligible in the re-interviewing process.

The response is limited to 8,000 characters.

1) In the course of an audit it was determined that the Worker had provided an incorrect Qualifying Arrival Date (QAD) to the Community Liaison (CL) during the COE interview. The actual date disqualified the worker from MMEP services.
 2) During the audit it was determined the CL misunderstood the term the worker had used for the highest grade they completed which was ultimately equivalent to beyond high school in the US. In other words they had already obtained a High School diploma.
 3) During the audit it was determined that in-fact the worker had not sought qualifying work as he had originally stated to the CL.
 4) During the audit it was determined the worker came in search of any work and qualifying work was not obtained soon after their arrival.

Procedures	Yes/No
Was the sampling of eligible children random?	No
Was the sampling statewide?	Yes

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

N/A

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

N/A

Obtaining Data From Families	
Check the applicable box to indicate how the re-interviews were conducted	
Face-to-face re-interviews	

Phone Interviews	
Both	Both
Obtaining Data From Families	Yes/No
Was there a standard instrument used?	Yes
Was there a protocol for verifying all information used in making the original eligibility determination?	Yes
Were re-interviewers trained and provided instruments?	Yes
Did the recruitment personnel who made the initial eligibility determinations also conduct the re-interviews with the same families?	Yes
When were the most recent independent re-interviews completed (i.e., interviewers were neither SEA or LOA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	(MM/YY) 0711

If you did conduct independent re-interviews in this performance period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

N/A

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migrant children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

2.3.2 Eligible Migrant Children

2.3.2.1 Priority for Services

In the table below, provide the unduplicated number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	0

FAQ on Dropouts:

How is "drop outs of school" defined? The term used for students, who, during the performance period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2011-12 performance period should be classified NOT as "drop-outs" but as "out-of-school youth."

2.3.2.8.2 GED

In the table below, provide the total unduplicated number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your State.

Obtained GED	#

2.3.3 MEP Participation Data- Regular School Year

The following questions collect data about the participation of migrant children in MEP-funded services during the regular school year.

Participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Eligible migrant children and children who continued to receive MEP-funded services: (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation [e.g., children served under the continuation of services authority, Section 1304(e) (1–3)].

Do not include:

- Children who were served through a Title I Schoolwide Program (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were only served during the summer/intersession term.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1 MEP Children Served During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

FAQ on Types of Instructional Services:

What is "*high school credit accrual*"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.4.2 Support Services with Breakout for Counseling Service – During the Regular School Year

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the regular school year. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the regular school year. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Support Services During the Regular School Year	Breakout of Counseling Service During the Regular School Year

Comments:		

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.4 MEP Participation ~~Summer/Intersession Term~~

The questions in this subsection are similar to the questions in the previous section with one difference. The questions in this subsection collect data on the **summer/intersession term** instead of the regular school year.

2.3.4.1 MEP Students Served During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the summer/intersession term. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Summer/Intersession Term
Age Birth through 2	2
Age 3 through 5 (not Kindergarten)	80
K	43
1	27

2.3.4.4 Instructional Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received any type of MEP-funded instructional service during the summer/intersession term. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Instructional Service During the Summer/Intersession Term
Age birth through 2	2

2.3.4.4.1 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction During the Summer/ Intersession Term	Mathematics Instruction During the Summer/ Intersession Term	High School Credit Accrual During the Summer/ Intersession Term

FAQ on Types of Instructional Services:

What is "*high school credit accrual*"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.4.4.2 Support Services with Breakout for Counseling Service – During the Summer/Intersession Term

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

2.3.6 School Data During the Regular School Year

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.6.1 Schools and Enrollment - During the Regular School Year

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migrant children	67
Number of eligible migrant children enrolled in those schools	249
Comments:	

2.3.6.2 Schools Where MEP Funds Were Consolidated in School Wide Programs (SWP) – During the Regular School Year

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments:	

2.3.7 MEP Project Data

The following questions collect data on MEP projects.

2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year - school day only	0	0
Regular school year - school day/extended day	8	245
Summer/intersession only	8	285
Year round	0	0
Comments:		

FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.8 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.8.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

State Director FTE	0.60
Comments:	

FAQs on the MEP State director

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the performance period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a Statewide basis.

2.3.8.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers	24	3	24	22
Counselors	0	0	0	0
All paraprofessionals	22	2	25	21
Recruiters	5	5	5	5
Records transfer staff	4	2	4	2
Administrators	2	2	2	2
Comments:				

Note: The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSRP as 9.

FAQs on MEP staff:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- g. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

2.3.8.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Type of Professional funded by MEP	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified Paraprofessionals	12	1.90	15	9.00
Comments:				

FAQs on qualified paraprofessionals:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of *ESEA*).

2.4 Prevention AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2012 through June 30, 2013.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities- Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	0	0
Juvenile corrections	1	71
Adult corrections	14	101
Other	0	0
Total	15	
Comments:		

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	0
Juvenile Detention	0
Juvenile Corrections	1
Adult Corrections	14
Other	0
Total	15
Comments:	

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served	0	0	1,531	2,053	0
Total Long Term Students Served	0	0	345	109	0

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Students with disabilities (IDEA)	0	0	503	132	0
LEP Students	0	0	121	99	0

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaskan Native	0	0	13	1	0
Asian	0	0	15	27	0
Black or African American	0	0	499	692	0
Hispanic or Latino	0	0	404	592	0
Native Hawaiian or other Pacific Islander	0	0	0	0	0
White	0	0	396	716	0
Two or more races	0	0	204	25	0
Total	0	0	1,531	2,053	0

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male	0	0	1,321	1,982	0
Female	0	0	210	71	0
Total	0	0	1,531	2,053	0

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5	0	0	0	0	0
6	0	0	0	0	0
7	0	0	0	0	0
8	0	0	0	0	0
9	0	0	0	0	0
10	0	0	0	0	0
11	0	0	0	0	0
12	0	0	2	0	0
13	0	0	28	0	0
14	0	0	85	0	0
15	0	0	189	0	0
16	0	0	377	0	0
17	0	0	463	41	0
18	0	0	320	237	0
19	0	0	40	514	0
20	0	0	19	704	0
21	0	0	8	557	0
Total	0	0	1,531	2,053	0

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

Comments:

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.3.1 Transition Services in Subpart 1

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?	0	0	0	0	0
Number of students receiving transition services that address further schooling and/or employment.					

This response is limited to 4,000 characters.

Comments:

2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	Neglected Programs		Juvenile Detention		Juvenile Corrections		Adult Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school	0	0	0	0	S	0	S	0	0	0
Earned high school course credits	0	0	0	0	1,531	0	6	0	0	0
Enrolled in a GED program	0	0	0	0	S	0	396	0	0	0
Earned a GED	0	0	0	0	66	0	107	0	0	0
Obtained high school diploma	0	0	0	0	38	0	4	0	0	0
Accepted and/or enrolled into post-secondary education	0	0	0	0	21	0	26	0	0	0
Enrolled in job training courses/programs	0	0	0	0	S	0	63	0	0	0
Obtained employment	0	0	0	0	S	0	47	0	0	0

This response is limited to 4,000 characters.

Comments:

2.4.1.6 Academic Performance- Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	0	0	213	61	0
Long-term students who have complete pre- and post-test results (data)	0	0	117	63	0

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0	48	S	0
No change in grade level from the pre- to post-test exams	0	0	6	S	0
Improvement up to one full grade level from the pre- to post-test exams	0	0	16	54	0
Improvement of more than one full grade level from the pre- to post-test exams	0	0	47	6	0
Comments:					

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	0	0	240	96	0
Long-term students who have complete pre- and post-test results (data)	0	0	117	79	0

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0	29	4	0
No change in grade level from the pre- to post-test exams	0	0	7	6	0
Improvement up to one full grade level from the pre- to post-test exams	0	0	29	62	0
Improvement of more than one full grade level from the pre- to post-test exams	0	0	52	7	0
Comments:					

2.4.2 LEA Title I, Part D Programs and Facilities- Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	4	66
Neglected programs	29	101
Juvenile detention	1	182
Juvenile corrections	0	0
Other	9	190
Total	43	
Comments:		

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	4
Neglected programs	29
Juvenile detention	1
Juvenile corrections	0
Other	9
Total	43
Comments:	

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served	166	2,516	89		302
Total Long Term Students Served	36	710	60	0	174

Student Subgroups	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Students with disabilities (IDEA)	125	1,191	78		227
LEP Students		18			3

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native		20			4
Asian	2	20			4
Black or African American	33	260	25		33
Hispanic or Latino	18	504	17		40
Native Hawaiian or other Pacific Islander					
White	105	1,585	47		198
Two or more races	8	127			23
Total	166	2,516	89		302

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male	52	1,342	89		151
Female	114	1,174			151
Total	166	2,516	89		302

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3-5		5			2
6		13			4
7	1	41			7
8		51			8
9		89			7
10		77			12
11		106			14
12	1	156	3		15
13	9	198	9		13
14	24	311	7		8
15	27	395	16		25
16	37	462	13		51
17	33	376	16		57
18	25	180	10		49
19	5	35	6		20
20	4	17	5		7
21		4	4		3

Total	166	2,516	89		302
-------	-----	-------	----	--	-----

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

--

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.2.3.1 Transition Services in Subpart 2

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?	0	0	0	0	0
Number of students receiving transition services that address further schooling and/or employment.					

This response is limited to 4,000 characters.

Comments:

2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	At-Risk Programs		Neglected Programs		Juvenile Detention		Juvenile Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school	32		882	0	29	0			85	0
Earned high school course credits	76		1,150	0	61	0			216	0
Enrolled in a GED program			4	0					6	
Earned a GED			5	0						
Obtained high school diploma	4		23	0	S	0			31	0
Accepted and/or enrolled into post-secondary education	S		11	0	S	0			19	0
Enrolled in job training courses/programs	24		213	0					68	0
Obtained employment	S		35	0					22	0

This response is limited to 4,000 characters.

Comments:

2.4.2.6 Academic Performance- Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below. Reporting pre- and post-test data for at-risk students in the tables below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	17	535	21	S	122
Long-term students who have complete pre- and post-test results (data)	S	423	25	S	72

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams		37	S		8
No change in grade level from the pre- to post-test exams		138	4		12
Improvement up to one full grade level from the pre- to post-test exams		194	8		49
Improvement of more than one full grade level from the pre- to post-test exams		54	11		S
Comments:					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre-posttest data for at-risk programs required? No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	17	344	28	S	129
Long-term students who have complete pre- and post-test results (data)	S	323	25	S	67

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams		16	5		6
No change in grade level from the pre- to post-test exams		112	6		11
Improvement up to one full grade level from the pre- to post-test exams		163	14		46
Improvement of more than one full grade level from the pre- to post-test exams		32			4
Comments:					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.7 Safe and DRUG FREE SCHOOLS AND COMMUNITIES ACT (TITLE IV, PART A)

This section collects data on student behaviors under the *Safe and Drug-Free Schools and Communities Act*.

2.7.1 Performance Measures

In the table below, provide actual performance data.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
				2010-11:	2010-11:		
				2011-12:	2011-12:		
				2012-13:	2012-13:		
				2013-14:			
				2014-15:			
Comments:							

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Having alcoholic beverages in one's pocket(s), bag(s), car, locker, etc. or consuming alcoholic beverages
Illicit drug related	All illegal drugs (hallucinogens, cocaine, ecstasy, etc) and also the illegal use of substances that may be legal elsewhere (e.g. prescription drugs, steroids, inhalants).
Violent incident without physical injury	A violation of a statute or regulation; it may involve one or more victims, one or more offenders and does not result in physical injury.
Violent incident with physical injury	A violation of a statute or regulation; it may involve one or more victims, one or more offenders and results in physical injury. Incidents include but are not limited to the following: homicide; sexual battery (including rape); robbery; battery; breaking and entering/burglary; larceny/theft; motor vehicle theft; kidnapping; arson; threat/intimidation; use or possession of drugs (other than alcohol); sexual harassment; sex offenses (nonforcible).
Weapons possession	Any instrument or object possessed or used to inflict harm on another person, or to intimidate any person. Examples include firearms of any kind (operable or inoperable, loaded or unloaded); all types of knives, chains, pipes, razor blades or similar instruments with sharp cutting edges; ice picks, dirks, other pointed instruments (including pencils, pens); nunchakus; brass knuckles; Chinese stars; billy clubs; tear gas guns; electrical weapons or devices (stun guns); BB or pellet guns; and explosives or propellants.
Comments:	

2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	2,018	403
6 through 8	3,994	403
9 through 12	4,511	403
Comments:		

2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	0	403
6 through 8	10	403
9 through 12	30	403
Comments:		

2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	288	403
6 through 8	333	403
9 through 12	412	403
Comments:		

2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	0	403
6 through 8	5	403
9 through 12	22	403
Comments:		

2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	344	403
6 through 8	583	403
9 through 12	499	403
Comments:		

2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5	S	403
6 through 8	S	403
9 through 12	11	403
Comments:		

2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on alcohol-related incidents.

2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	9	403
6 through 8	128	403
9 through 12	728	403
Comments:		

2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Alcohol-Related Incidents	# LEAs Reporting
K through 5	0	403
6 through 8	0	403
9 through 12	0	403
Comments:		

2.7.2.6 Out-of-School Suspensions and Expulsions for Illicit Drug-Related Incidents

The following questions collect data on illicit drug-related incidents.

2.7.2.6.1 Out-of-School Suspensions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school suspensions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	28	403
6 through 8	526	403
9 through 12	2,688	403
Comments:		

2.7.2.6.2 Out-of-School Expulsions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school expulsions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	0	403
6 through 8	S	403
9 through 12	32	403
Comments:		

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Y	Parental Involvement Activities
<input type="checkbox"/> Yes	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
<input type="checkbox"/> Yes	Training and technical assistance to LEAs on recruiting and involving parents
<input type="checkbox"/> No	State requirement that parents must be included on LEA advisory councils
<input type="checkbox"/> Yes	State and local parent training, meetings, conferences, and workshops
<input type="checkbox"/> No	Parent involvement in State-level advisory groups
<input type="checkbox"/> Yes	Parent involvement in school-based teams or community coalitions
<input type="checkbox"/> No	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
<input type="checkbox"/> Yes	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
<input type="checkbox"/> No	Other Specify 1
<input type="checkbox"/> No	Other Specify 2

In the space below, specify 'other' parental activities.

The response is limited to 8,000 characters.

--

2.9 Rural EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEA
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	0
Educational technology, including software and hardware as described in Title II, Part D	0
Parental involvement activities	0
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	0
Activities authorized under Title I, Part A	0
Activities authorized under Title III (Language instruction for LEP and immigrant students)	0
Comments: No districts qualified for or participated in the Rural Low Income Schools (RLIS) Program in Massachusetts for the 2012-2013 school year.	

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

No districts qualified for or participated in the Rural Low-Income Schools (RLIS) Program in Massachusetts for the 2012-2013 school year.

2.10 Funding TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)**2.10.1 State Transferability of Funds**

In the table below, indicate whether the state transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section 6123(a) during SY 2012-13?	<input type="checkbox"/> No
Comments:	

2.10.2 Local Educational Agency (LEA) Transferability of Funds

In the table below, indicate the number of LEAs that notified that state that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 6123(b).	3
Comments:	

2.10.2.1 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds FROM Eligible Program	# LEAs Transferring Funds TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	3	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		0

In the table below provide the total amount of FY 2012 appropriated funds transferred from and to each eligible program.

Program	Total Amount of Funds Transferred FROM Eligible Program	Total Amount of Funds Transferred TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	72,240.00	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0.00	0.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0.00	0.00
State Grants for Innovative Programs (Section 5112(a))	0.00	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs		72,240.00
Total	72,240.00	72,240.00
Comments:		

The Department plans to obtain information on the use of funds under both the State and LEA Transferability Authority through evaluation studies.

2.11 Graduation RATES ⁴

This section collects graduation rates.

2.11.1 Regulatory Adjusted Cohort Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2012-13). Below the table are FAQs about the data collected in this table.

Note: States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

Student Group	Graduation Rate
All Students	85.0
American Indian or Alaska Native	73
Asian or Pacific Islander	90.2
<i>Asian</i>	90.6
<i>Native Hawaiian or Other Pacific Islander</i>	75
Black or African American	73.8
Hispanic or Latino	66.8
White	90.1
Two or more races	84
Children with disabilities (<i>IDEA</i>)	67.8
Limited English proficient (LEP) students	63.5
Economically disadvantaged students	73.6

FAQs on graduation rates:

What is the regulatory adjusted cohort graduation rate? For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

⁴ The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

2.12 LIST OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED*Facts* and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

2.12.1 List of Schools for ESEA Flexibility States

2.12.1.1 List of Reward Schools

Instructions for States that identified reward schools⁶ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- If applicable, State-specific status in addition to reward (e.g., grade, star, or level)
- Whether the school was identified as a high progress or high performing reward school
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through 1003(a).
- Whether (yes or no) the school was provided assistance through 1003(g).

The data for this question are reported through ED*Facts* files and compiled in the EDEN030 "List of Reward Schools" report in the ED*Facts* Reporting System (ERS). The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN030 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁶ The definition of reward schools is provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.2 List of Priority and Focus Schools

Instructions for States that identified priority and focus schools⁸ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Status for SY 2013-14 (Use one of the following status designations: priority or focus)
- If applicable, State-specific status in addition to priority or focus (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN031 "List of Priority and Focus Schools" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN031 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁸ The definitions of priority and focus schools are provided in the document titled, *ESEA Flexibility*. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.3 List of Other Identified Schools

Instructions for States that identified non- priority, focus, or reward schools⁹ with State-specific statuses under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- State-specific designation (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN032 "List of Other Identified Schools" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN032 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁹ The definitions of reward, priority, and focus schools are provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>.

2.12.2 List of Schools for All Other States

2.12.2.1 Instructions for States that identified schools for improvement, corrective action, or restructuring under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's Accountability Plan
- Whether the school met the graduation rate target for high schools (if applicable) in accordance with the State's Accountability Plan
- Status for SY 2013-14 (Use one of the following status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing))¹⁰
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN033 "List of Schools Identified for Improvement" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN033 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹⁰ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

2.12.3 List of Districts for ESEA Flexibility States

2.12.3.1 List of Identified Districts with State Specific Statuses

Instructions for States that identified school districts with State-specific statuses under ESEA Flexibility for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the reading/language arts assessment Whether the district met the proficiency target in mathematics in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- Whether the district met the graduation rate for high schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- State-specific status for SY 2013-14 (e.g., grade, star, or level)
- Whether the district received Title I funds.

The data for this question are reported through EDFacts files and compiled in the EDEN034 "List of Identified Districts with State Specific Statuse's report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN034 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

2.12.4 List of Districts for All Other States

2.12.4.1 List of Districts Identified for Improvement

Instructions for States that identified school districts for improvement or corrective action¹¹ under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district met the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2013-14 (Use one of the following improvement status designations: Improvement or Corrective Action)
- Whether the district received Title I funds.

The data for this question are reported through ED Facts files and compiled in the EDEN035 "List of Districts Identified for Improvement" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN035 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.
