

CONSOLIDATED STATE PERFORMANCE REPORT: Parts I and II

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001**

**For reporting on
School Year 2012-13**

NORTH CAROLINA

**PART I DUE FRIDAY, DECEMBER 20, 2013
PART II DUE FRIDAY, FEBRUARY 14, 2014**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children (Includes the Migrant Child Count)*
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2012-13 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013~~14~~, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 200~~06~~6, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2012-13 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 20, 2013**. Part II of the Report is due to the Department by **Friday, February 14, 2014**. Both Part I and Part II should reflect data from the SY 2012-13, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2012-13 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2012-13 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

**CONSOLIDATED STATE PERFORMANCE REPORT
PART II**

For reporting on
School Year 2012-13

**PART II DUE FEBRUARY 17, 2012
5PM EST**

2.1 Improving BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	71,636	S	40.0
4	77,400	S	40.6
5	76,631	S	41.2
6	33,959	S	27.4
7	30,428	S	26.3
8	29,723	S	22.3
High School	6,088	S	20.2
Total	325,865	S	35.8
Comments:			

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	71,632	S	38.1
4	77,391	S	36.6
5	76,631	S	32.6
6	33,968	S	34.2
7	30,433	S	35.5
8	29,719	S	29.2
High School	6,272	S	32.6
Total	326,046	S	34.9
Comments:			

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	3,386	S	48.8
4	3,571	S	50.8
5	3,512	S	46.1
6	2,095	S	38
7	1,926	S	33
8	1,824	S	34
High School	416	S	26
Total	16,730	S	43.4
Comments:			

2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	3,386	S	49.5
4	3,569	S	48.4
5	3,511	S	41.2
6	2,097	S	49
7	1,929	S	45
8	1,826	S	42
High School	451	S	53
Total	16,769	S	46.2
Comments:			

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (<i>IDEA</i>)	90,857
Limited English proficient students	69,115
Students who are homeless	15,892
Migratory students	2,394
Comments:	

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	13,299
Asian	11,944
Black or African American	215,170
Hispanic or Latino	124,010
Native Hawaiian or other Pacific Islander	756
White	269,867
Two or more races	24,694
Total	659,740
Comments:	

2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2	0	120	0	1	121
Age 3-5 (not Kindergarten)	246	20,828	22	22	21,118
K	1,919	90,166	93	18	92,196
1	2,333	86,514	107	21	88,975
2	2,115	82,293	88	32	84,528
3	1,937	74,827	76	28	76,868
4	2,163	80,634	81	35	82,913
5	2,105	79,710	75	60	81,950
6	1,164	35,932	54	71	37,221
7	1,060	32,259	37	73	33,429
8	999	31,603	26	146	32,774
9	48	8,987	10	198	9,243
10	35	7,401	7	144	7,587
11	11	5,915	3	104	6,033
12	61	6,615	3	55	6,734
Ungraded	0	1	0	35	36
TOTALS	16,196	643,805	682	1,043	661,726

Comments:

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

TAS instructional service	# Students Served
Mathematics	2,006
Reading/language arts	3,968
Science	59
Social studies	
Vocational/career	
Other instructional services	121
Comments:	

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

TAS Support Service	# Students Served
Health, dental, and eye care	
Supporting guidance/advocacy	12,300
Other support services	
Comments:	

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	2,845	
Paraprofessionals ¹	1,279	100.00
Other paraprofessionals (translators, parental involvement, computer assistance) ²	817	
Clerical support staff	0	
Administrators (non-clerical)	0	
Comments:		

FAQs on staff information

- a. What is a "paraprofessional?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
 - (a) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
 - (b) Providing assistance with classroom management, such as organizing instructional and other materials;
 - (c) Providing assistance in a computer laboratory;
 - (d) Conducting parental involvement activities;
 - (e) Providing support in a library or media center;
 - (f) Acting as a translator; or
 - (g) Providing instructional services to students.
- b. What is an "other paraprofessional?" Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

¹ Consistent with ESEA, Title I, Section 1119(g)(2).

² Consistent with ESEA, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	722.60	100.00
Comments:		

³ Consistent with *ESEA*, Title I, Section 1119(g)(2).

2.1.4 Parental Involvement Reservation Under Title I, Part A

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2012 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

Parental Involvement Reservation	LEAs that Received a Federal Fiscal Year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of \$500,000 or less	LEAs that Received a Federal fiscal year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of more than \$500,000
Number of LEAs *	68	107
Sum of the amount reserved by LEAs for parental Involvement	73,723	5,858,234
Sum of LEAs' FY 2012 Title I, Part A allocations	8,657,951	494,569,307
Percentage of LEA's FY 2012 Title I, Part A allocations reserved for parental involvement	0.90	1.20

*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2012 Title I, Part A allocation.

In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2012–2013.

This response is limited to 8,000 characters.

Local education agencies reserve a minimum of 1% of the total Title I allocation and allocate 95% of the reservation to Title I schools to conduct school level parent engagement activities as identified in school-level parent involvement plans. Funds are used to support ongoing communication and parent training and assistance. Sample training sessions include but are not limited to how to help your child with homework, learning about the curriculum, dealing with adolescence behavior, and opportunities to support at home learning through programs parents can access at home.

Funds are also used at the district and school level to hire parent involvement liaisons to promote parent outreach, maintain parent resource centers, and conduct parent academies and conferences during the school year.

2.3 Education OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2012 through August 31, 2013. This section is composed of the following subsections:

- Population data of eligible migrant children
- Academic data of eligible migrant students
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year
- School data
- Project data
- Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2012 through August 31, 2013. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2011 v August 31, 2012), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

Comments:

2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is

calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

2.3.1.2 Category 2 Child Count (Eligible Migrant Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- Children who received only referred services (non-MEP funded).

2.3.1.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

2.3.1.3.1 Student Information System

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

Student Information System	(Yes/No)
NGS	No Response
MIS 2000	Yes
COEStar	No Response
MAPS	No Response
Other Student Information System. Please identify the system:	No Response

Student Information System	(Yes/No)
Was the Category 2 child count for this performance period generated using the same system?	Yes

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

--

2.3.1.3.2 Data Collection and Management Procedures

In the space below, please respond to the following question:

Data Collection and Management Procedures	(Yes/No)
Does the State collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	Ye

2.3.1.3.3 Methods Used To Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- Children who were age 3 through 21
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- Children who – in the case of Category 2 – were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- Children counted once per age/grade level for each child count category
- Children two years of age that turned three years old during the performance period.

The response is limited to 8,000 characters.

Children who were between age 3 through 21

The student's age must be between 3 and 21 years during the reporting year. MIS2000 computes the StudentThirdBDay and Twenty.SecondBDay dates and only includes children if these dates are less than the end date of the report period and greater than the start date of the reporting period respectively, ensuring that only children between the ages of 3 and 21 during the reporting period and counted in the child count.

Children who met the program eligibility criteria (e.g., were within 3 years of a last qualifying move, had a qualifying activity)
The End of Eligibility date must be greater than the beginning of the reporting period.

The Qualifying Arrival Date must be equal to or greater than 09/01/09 and be within 36 months of the Residency date. The End of Eligibility date must be greater than the date qualifying the student (i.e. Enroll Date). The exceptions are Withdraw and Supplemental Program End dates. (Withdraw is defined as ending an enrollment period in a school history line). In MIS2000 the supplemental program section has a field named "End Date". This date can be the same as the Withdraw date from a history line, but it can stand on its own if the Local Educational Agency wants to end a supplemental program before they are withdrawn from a school history enrollment line. End of Eligibility is not the same as Program End Date. End of Eligibility means the student has ended the 36 months of eligibility, has graduated, or has died. A child will be counted in the A1 count if the qualifying arrival date plus 36 months is equal or greater than the beginning of the reporting period and if any of the following dates falls between the reporting range period: enroll date, withdraw date, supplemental program start date, or supplemental program end date. Also, the interview date has to be before or equal to the last date of the reporting period.

A child will be counted in the A2 count if in addition to the criteria for the A1 count the child's end of eligibility is equal to or after the beginning of the summer program and if the child's summer services were paid in whole or part with MEP funds. For this purpose, the reporting period for the A1 count and for Intersession in the A2 count goes from 09/01/12 to 08/31/13. The reporting period for summer in the A2 count goes from 06/16/13 to 08/31/13.

Children who were resident in your State for at least 1 day during the eligibility period (September 1 through August 31)

For a child to be counted, one of the following dates must be between 09/01 and 08/31 of the reporting year: Enroll, Withdraw, Supplemental Program Start or End dates. Enrollment means the student has a school history line in MIS2000 showing enrollment in a school or in the migrant program (for out-of-school children). Supplemental Programs are defined in North Carolina as services above and beyond the basic educational programs provided by the local school district. Students who were resident in North Carolina for at least one day during the reporting period and who have activity in MIS2000 in any of the fields listed above will be counted in category 1 count.

Children who—in the case of Category 2—were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods

For a child to be counted in category 2 count the enrollment type must be summer. Summer participants are defined as children receiving supplemental programs either as supportive services or basic educational programs provided by the local school district during 06/16 - 08/31. At least one service must be paid in whole or in part with migrant funds. For a child with a summer enrollment type to be counted, one of the following dates must fall within the specified summer time frame (default is 06/16 to 08/31): Enroll or Withdraw and Supplemental Program Start or End date. Students who were residents in North Carolina for at least one day and have eligibility during the summer/intersession reporting period, and have received supplemental services for at least one day during the summer/intersession reporting period, and MIS2000 confirms activity in any of the fields named above will be counted in category 2.

Children counted once per age/grade level for each child count category.

Each student is counted only one time for the state regardless of the number of school history lines on the student's record for the state. Migrant children are assigned a unique ID. Throughout the year duplicate records are merged in to one to make sure there are no duplicates in the state and local database. Student's duplicate records are merged if the student's last name, student's first name, student's middle initial, student's DOB, mother's last name and mother's first name match more than one record. If the student has been in more than one LEA during the same reporting period, the student is counted in the last LEA he/she resided during that time.

Children two years of age that turned three years old during the performance period.

The date of birth of every child enrolled during 9/1 and 8/31 is reviewed to determine who to include in category 1 child count. Children with date of birth between 9/1/2009 and 8/31/2010 are included in the count as they turned three during the 9/1/2012 - 8/31/2013 reporting period. MIS2000 computes the StudentThirdBDay date and only includes a child if it is less than the end date of the report period.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED*Facts* data file?

NC uses authoritative data sources to build EDEN extracts, utilizing the unique child identifier; this identifier is consistent across all data systems and is used to integrate and compile the EDEN files. All data files containing information relative to the Migrant student population in North Carolina is sent to our longitudinal data system, CEDARS, which in turn produces the files to be submitted to the EDEN system. As a final step prior to data file submission to EDEN, business owners of all areas, including Migrant, are required to review their respective files to ensure all student counts are accurate.

Use of MSIX to Verify Data Quality

(Yes/No)

Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?

No

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

--

2.3.1.3.4 Quality Control Processes

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	Yes
Do the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	Yes
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	Yes
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	Yes
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	Yes
Does the SEA review student attendance at summer/inter-session projects?	Yes
Does the SEA have both a local and state-level process for resolving eligibility questions?	Yes
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	Yes
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	Yes

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

Results	#
The number of eligibility determinations sampled.	107
The number of eligibility determinations sampled for which a re-interview was completed.	107
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	107

Describe any reasons children were determined ineligible in the re-interviewing process.

The response is limited to 8,000 characters.

We had found 3 students which the re-interviews determined to be ineligible but the original recruiter's rebuttal proved them to qualify according to the COE. Therefore, no children were determined ineligible.

Procedures	Yes/No
Was the sampling of eligible children random?	Yes
Was the sampling statewide?	Yes

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

The ID&R Coordinator used a stratified random sample. The purpose was to assure that all LEAs and Regional Recruiters had re-interviews conducted according to their numbers.

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

Three sets of random samples were created as back-up for those students who were not available for re-interviews.

Obtaining Data From Families	
Check the applicable box to indicate how the re-interviews were conducted	
Face-to-face re-interviews	Both
Phone Interviews	
Both	
Obtaining Data From Families	
Was there a standard instrument used?	Yes

Was there a protocol for verifying all information used in making the original eligibility determination?	Yes
Were re-interviewers trained and provided instruments?	Yes
Did the recruitment personnel who made the initial eligibility determinations also conduct the re-interviews with the same families?	Yes
When were the most recent independent re-interviews completed (i.e., interviewers were neither SEA or LOA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	(MM/YY) 10/13

If you did conduct independent re-interviews in this performance period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

The process was independent because the original interviewer did not conduct the re-interview. The ID&R Coordinator, Program Specialist, and Regional Recruiter conducted the re-interviews.

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migrant children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

The ID&R Coordinator conducted a training session at the Fall Service Area Meeting to correct some of the minor errors discovered during the re-interview process. The recruiter contacted the data specialist so corrections were made to the original qualification.

2.3.2 Eligible Migrant Children

2.3.2.1 Priority for Services

In the table below, provide the unduplicated number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	3
K	15
1	39
2	51

9	114
10	112
11	66
12	40
Ungraded	
Out-of-school	253
Total	2,343

Comments: increase of 33% over last year

Explanation: Part of the increase is explained by simple variation in the abilities of K-12 LEP students entering the program in any given year. Additionally, Out of School Youth could qualify as LEP this year, based on the administration of an LEP screener (from the SOSOSY Consortium); this accounts for 253 students. Additionally, there were 58 more LEP students at the high school level during this last year, which may be due to an increase of 80 students at the junior and senior levels. These were students who in the past dropped out.

2.3.2.3 Children with Disabilities (IDEA)

In the table below, provide the unduplicated number of **eligible** migrant children who are also children with disabilities (*IDEA*) under Part B or Part C of the *IDEA*. The total is calculated automatically.

FAQ on Dropouts:

How is "drop outs of school" defined? The term used for students, who, during the performance period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2011-12 performance period should be classified NOT as "drop-outs" but as "out-of-school youth."

2.3.2.8.2 GED

In the table below, provide the total unduplicated number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your State.

2.3.3 MEP Participation Data Regular School Year

The following questions collect data about the participation of migrant children in MEP-funded services during the regular school year.

Participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Eligible migrant children and children who continued to receive MEP-funded services: (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation [e.g., children served under the continuation of services authority, Section 1304(e) (1–3)].

Do not include:

- Children who were served through a Title I Schoolwide Program (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were only served during the summer/intersession term.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1 MEP Children Served During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Comments: increase of 33% over previous year

Explanation: This increase can be explained by the continued focus on Instructional Services for migratory children especially in middle and high school, as opposed to a focus on supportive services. For example, 271 high school students received instructional services this year, as opposed to 120 during the previous year. This year, 300 middle school students received instructional services, as opposed to 191 last year. Finally, we have increased tutorial services in the upper elementary grades, where students begin to encounter more difficult content, and numbers of children receiving instructional services have significantly increased in grades 3-5.

2.3.3.4.1 Type of Instructional Service – During the Regular School Year

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the regular school year. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Comments: increase of 37.56% for Reading, 86.15% for Math, and 48.72% for Credit Accrual.

Explanation: The increase in reading instruction can be attributed largely to an increased focus on middle and high schools, based on the previous year's CNA, which showed persistent gaps for middle and high school students, and led to recommending more interventions for grades 5-12. As can be seen, the numbers of students receiving reading instruction in these higher grades more than doubled at every grade level.

The increase in mathematics is even more dramatic. Historically, MEP had focused on ESL classes and reading support. Math and science instruction, intervention, and enrichment have been a focus both in school-year and summer programs for the last two years.

Finally, credit accrual opportunities for high school students have increased dramatically through the use of online course completion and alternative learning programs. In addition, the use of MSIX by MEP service providers has increased migratory student enrollment and placement in courses that enable credit accrual for courses already begun in other states.

FAQ on Types of Instructional Services:

What is "*high school credit accrual*"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.4.2 Support Services with Breakout for Counseling Service – During the Regular School Year

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the regular school year. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the regular school year. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.4 MEP Participation ~~Summer/Intersession~~ Term

The questions in this subsection are similar to the questions in the previous section with one difference. The questions in this subsection collect data on the **summer/intersession term** instead of the regular school year.

2.3.4.1 MEP Students Served During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the summer/intersession term. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Summer/Intersession Term
Age Birth through 2	89
Age 3 through 5 (not Kindergarten)	282
K	167
1	221
2	198
3	194
4	182
5	160
6	146
7	121
8	105
9	126
10	100
11	85
12	49
Ungraded	
Out-of-school	457
Total	2,682

Comments:

2.3.4.2 Priority for Services – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who have been classified as having "priority for services" and who received MEP- funded instructional or support services during the summer/intersession term. The total is calculated automatically.

Age/Grade	Priority for Services During the Summer/Intersession Term
Age 3 through 5	3
K	7
1	25
2	39
3	25
4	19
5	11
6	15
7	13
8	12
9	16
10	12
11	8
12	4
Ungraded	
Out-of-school	15
Total	224

Comments: 29.8% decrease from last year.

Explanation: New staff members were basing qualification for PFS on school year moves, and did not evaluate students coming in over the summer for PFS, although they may have made a school year move. This matter has been addressed in training sessions and in two webinars.

2.3.4.4 Instructional Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received any type of MEP-funded instructional service during the summer/intersession term. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Instructional Service During the Summer/Intersession Term
Age birth through 2	10
Age 3 through 5 (not Kindergarten)	103
K	80
1	151
2	145
3	134
4	138
5	121
6	99
7	71
8	55
9	70
10	50
11	41
12	29
Ungraded	
Out-of-school	47
Total	1,344

Comments: Increase of 68.43% from previous year.

Explanation: In the past, summer activities were less focused and instructional, and more supportive. Our current Service Delivery Plan contains MPOs regarding summer instruction for students, and this has increased the delivery of high quality summer instruction at every grade level. Especially of note is the increase for middle and high school students, who in the past, were often not served instructionally during the summer months. (Staff often believed that the kids only wanted to work during the summer.) Now, our sub-grantees have implemented model summer programs that serve K-8, along with shorter, digital, or home-based programs for high school students. This explains the dramatic increases at the middle and high school levels: 536 middle and high school students received summer instruction this year versus 254 last year.

2.3.4.4.1 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction During the Summer/ Intersession Term	Mathematics Instruction During the Summer/ Intersession Term	High School Credit Accrual During the Summer/ Intersession Term
Age birth through 2	2	1	
Age 3 through 5 (not Kindergarten)	36	17	
K	39	36	
1	90	64	
2	80	55	
3	57	31	
4	58	38	
5	54	36	
6	34	18	
7	18	5	
8	11	6	
9	12	9	11
10	8	7	10
11	3	3	4
12	2	2	3
Ungraded			
Out-of-school	3	3	
Total	507	331	28

Comments: 89.87% increase in Reading Instruction; 54.67% increase in Mathematics Instruction; 40% increase in Credit Accrual.

Again, the increased focus on instruction during the summer months has increased services during that time. The increase is especially dramatic at the high school level, with more than a three-fold increase in summer instruction in all three areas. We have promoted online opportunities, home-based tutoring, and flexible scheduling to permit a greater number of high school students to participate in instruction during the summer, even despite the fact that many work in the fields.

FAQ on Types of Instructional Services:

What is "*high school credit accrual*"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.4.4.2 Support Services with Breakout for Counseling Service – During the Summer/Intersession Term

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Support Services During the Summer/Intersession Term	Breakout of Counseling Service During the Summer/Intersession Term
Age birth through 2	80	1
Age 3 through 5 (not Kindergarten)	203	25
K	115	35
1	147	34
2	128	23
3	132	27
4	118	23
5	100	23
6	97	23
7	75	13
8	69	21
9	77	22
10	62	18
11	55	19
12	27	9
Ungraded		
Out-of-school	433	5
Total	1,918	321

Comments: 18% decrease from last year for support services; 65.4% decrease in counseling services from last year. Explanation: The greatest single group of students receiving supportive services is OSY. Our OSY numbers declined by 28% since last year, which helps explain the overall decrease in supportive services in the summer. (OSY decline has a couple of explanations—increase in families in blueberry picking and Christmas tree work, and increase in age of H-2A workers.) Regarding Counseling Services, we tightened up our definition of counseling, so that activities such as advocacy, translation, and credit accrual are not included under counseling, as some service providers used to include them. In addition, high school staff is often not in place to collaborate during summer sessions, so that high school counseling is much more common during the regular school year (item 2.3.3.4.2), which showed a much smaller decrease.

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.5 MEP Participation – Performance Period

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services at any time during the performance period. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Performance Period
Age Birth through 2	125
Age 3 through 5 (not Kindergarten)	493
K	353
1	400
2	330
3	328
4	258
5	258
6	246
7	198
8	199
9	197
10	171
11	134
12	110
Ungraded	0
Out-of-school	927
Total	4,727
Comments:	

2.3.6 School Data During the Regular School Year

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.6.1 Schools and Enrollment - During the Regular School Year

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migrant children	471
Number of eligible migrant children enrolled in those schools	2,886
Comments:	

2.3.6.2 Schools Where MEP Funds Were Consolidated in School Wide Programs (SWP) – During the Regular School Year

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments: This should be "0" for both.	

2.3.7 MEP Project Data

The following questions collect data on MEP projects.

2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year - school day only	3	55
Regular school year - school day/extended day		
Summer/intersession only		
Year round	34	4,672

Comments: 25.55% decrease from previous year in children served.

Explanation: Children were served in 26 LEA sub-grant projects and by 4 regional recruiters. In addition, 134 other children were served directly by the SEA, if those 134 children were counted, the decrease would have been 24.3%.

Further explanation of a decrease in services is that staff in 2 districts did not submit appropriate paperwork to document services during the summer session, so had to be counted as Regular School Year only. The larger of these districts will be monitored in February of 2014, and the lack of documentation will result in a finding. The smaller of the two districts with no summer services records submission has only a part time staff member who was out on extended sick leave for cardiac surgery, and no replacement was named for that employee. Had those districts submitted their paperwork, at least 50 more student records would have shown summer services, based on observation of the summer services delivered.

FAQs on type of MEP project:

- What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.8 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.8.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

State Director FTE	0.20
Comments:	

FAQs on the MEP State director

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the performance period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a Statewide basis.

2.3.8.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers	11	9	15	12
Counselors	1	1	1	1
All paraprofessionals	58	42	75	49
Recruiters	33	26	34	26
Records transfer staff	5	3	5	3
Administrators	11	4	9	3
Comments:				

Note: The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSRP as 9.

FAQs on MEP staff:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- g. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

2.3.8.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Type of Professional funded by MEP	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified Paraprofessionals	20	17.60	30	23.40
Comments:				

FAQs on qualified paraprofessionals:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.

- b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of *ESEA*).

2.4 Prevention AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2012 through June 30, 2013.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities- Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	6	365
Juvenile detention	0	0
Juvenile corrections	0	0
Adult corrections	5	90
Other	0	0
Total	11	
Comments:		

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	6
Juvenile Detention	0
Juvenile Corrections	0
Adult Corrections	5
Other	0
Total	11
Comments:	

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served	472			1,453	
Total Long Term Students Served	472			682	

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Students with disabilities (IDEA)	142			450	
LEP Students	0			79	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaskan Native	6			31	
Asian	2			5	
Black or African American	344			1,123	
Hispanic or Latino	25			74	
Native Hawaiian or other Pacific Islander	0			0	
White	86			217	
Two or more races	9			3	
Total	472			1,453	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male	444			1,384	
Female	28			69	
Total	472			1,453	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5	0			0	
6	0			0	
7	0			0	
8	0			0	
9	0			0	
10	1			0	
11	2			0	
12	6			0	
13	21			0	
14	72			0	
15	185			0	
16	160			2	
17	24			63	
18	1			177	
19	0			480	
20	0			494	
21	0			237	
Total	472			1,453	

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

Comments:

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.3.1 Transition Services in Subpart 1

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?	No	No	No	Yes	No
Number of students receiving transition services that address further schooling and/or employment.	0			0	

This response is limited to 4,000 characters.

Comments: For Neglected Programs, no follow up contact can be made once a juvenile is released from custody. As indicated above, Adult Correction Programs are able to collect data on student outcomes after exit. Values of "0" are accurate.

2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	Neglected Programs		Juvenile Detention		Juvenile Corrections		Adult Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school	280	0					S	0		
Earned high school course credits	376	0					S	0		
Enrolled in a GED program	96	0					1,453	0		
Earned a GED	40	0					264	0		
Obtained high school diploma	4	0					S	0		
Accepted and/or enrolled into post-secondary education	28	0					S	0		
Enrolled in job training courses/programs	S	0					S	0		
Obtained employment	S	0					S	0		

This response is limited to 4,000 characters.

Comments: For Neglected Programs, no follow up contact can be made once a juvenile is released from custody. As indicated above, Adult Correction Programs are able to collect data on student outcomes after exit. Values of "0" which are provided above (could not be left blank) and are accurate.

2.4.1.6 Academic Performance- Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	439			556	
Long-term students who have complete pre- and post-test results (data)	60			433	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	50			48	
No change in grade level from the pre- to post-test exams	5			43	
Improvement up to one full grade level from the pre- to post-test exams	5			5	
Improvement of more than one full grade level from the pre- to post-test exams	5			342	
Comments:					

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	472			682	
Long-term students who have complete pre- and post-test results (data)	46			363	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	33			S	
No change in grade level from the pre- to post-test exams	12			S	
Improvement up to one full grade level from the pre- to post-test exams	S			S	
Improvement of more than one full grade level from the pre- to post-test exams	S			363	
Comments:					

2.4.2 LEA Title I, Part D Programs and Facilities- Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	0	0
Neglected programs	0	0
Juvenile detention	1	9
Juvenile corrections	0	0
Other	0	0
Total	1	
Comments:		

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	0
Neglected programs	0
Juvenile detention	1
Juvenile corrections	0
Other	0
Total	1
Comments:	

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served			252		
Total Long Term Students Served			0		

Student Subgroups	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Students with disabilities (IDEA)			37		
LEP Students			5		

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native			2		
Asian			5		
Black or African American			160		
Hispanic or Latino			24		
Native Hawaiian or other Pacific Islander					
White			49		
Two or more races			12		
Total			252		

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male			206		
Female			46		
Total			252		

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3-5					
6					
7

21					

Total		252		
-------	--	-----	--	--

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

--

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.2.3.1 Transition Services in Subpart 2

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?			Yes		
Number of students receiving transition services that address further schooling and/or employment.	0	0	26	0	0

This response is limited to 4,000 characters.

Comments:

2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	At-Risk Programs		Neglected Programs		Juvenile Detention		Juvenile Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school					150	0				
Earned high school course credits					S	0				
Enrolled in a GED program					S	0				
Earned a GED					S	0				
Obtained high school diploma					S	0				
Accepted and/or enrolled into post-secondary education					S	0				
Enrolled in job training courses/programs					S	0				
Obtained employment					S	0				

This response is limited to 4,000 characters.

Comments:

2.4.2.6 Academic Performance- Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below. Reporting pre- and post-test data for at-risk students in the tables below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry			0		
Long-term students who have complete pre- and post-test results (data)			0		

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0	0	0	0
No change in grade level from the pre- to post-test exams	0	0	0	0	0
Improvement up to one full grade level from the pre- to post-test exams	0	0	0	0	0
Improvement of more than one full grade level from the pre- to post-test exams	0	0	0	0	0
Comments: Fields highlighted are zero or blank, as shown.					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre-posttest data for at-risk programs required? No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry			0		
Long-term students who have complete pre- and post-test results (data)			0		

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	0	0	0	0	0
No change in grade level from the pre- to post-test exams	0	0	0	0	0
Improvement up to one full grade level from the pre- to post-test exams	0	0	0	0	0
Improvement of more than one full grade level from the pre- to post-test exams	0	0	0	0	0
Comments: Fields highlighted are zero or blank, as shown.					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.7 Safe and DRUG FREE SCHOOLS AND COMMUNITIES ACT (TITLE IV, PART A)

This section collects data on student behaviors under the *Safe and Drug-Free Schools and Communities Act*.

2.7.1 Performance Measures

In the table below, provide actual performance data.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
I. Percentage of persistently dangerous schools II. Number of Possession of a controlled substance III. Number of acts of Assault on school personnel IV. Number of acts of Possession of a firearm or powerful explosive	Consolidated Data Report	Annual	2012-13	2010-11: I:0 II:4768 III: 848 IV: 105	2010-11: 2010 I:0 II: 4934 III: 1156 IV: 75		
				2011-12: I:0 II: 4760 III: 840 IV: 101	2011-12: I:0 II: 4777 III: 1212 IV: 73		
				2012-13: I:0 II: 4760 III: 840 IV:101	2012-13: I:0 II. 4704 III. 1143 IV. 88		
				2013-14: I:0 II: 4760 III: 840 IV: 101			
				2014-15: I:0 II: 4760 III: 840 IV: 101		I. 0 II. 3285 III. 891 IV. 113	2002-03
Comments:							

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Includes alcohol possession and use acts.
Illicit drug related	Any of the possession/sale of controlled substance, possession/distribution of prescription drug, use of controlled substances/narcotics specific acts.
Violent incident without physical injury	Robbery with a dangerous weapon Robbery without a dangerous weapon Rape Sexual offense Sexual assault not involving rape or sexual offense Kidnapping Bomb Threat Communicating Threats Affray (G.S. 14-33) Extortion Fighting Property damage Burning of a school building (G.S. 14-60) Bullying Verbal Harassment Sexual Harassment Gang Activity Assault on student without weapon and not resulting in a serious injury Assault on non-student without weapon and not resulting in serious injury Assault - other Assault on student
Violent incident with physical injury	Assault resulting in a serious injury Assault involving the use of a weapon Assault on school personnel not resulting in a serious injury Homicide Violent Assault Not Resulting in Serious Injury
Weapons possession	Assault Involving Use of a Weapon Possession of a Firearm or Powerful Explosive Possession of a Weapon Robbery WITH a Dangerous Weapon (Armed Robbery)
Comments:	

2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	11,254	222
6 through 8	24,986	222
9 through 12	15,390	222
Comments:		

2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	0	222
6 through 8	S	222
9 through 12	13	222
Comments:		

2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	2,655	222
6 through 8	3,437	222
9 through 12	2,159	222
Comments:		

2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	0	222
6 through 8	0	222
9 through 12	S	222
Comments:		

2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	603	222
6 through 8	862	222
9 through 12	976	222
Comments:		

2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5	0	222
6 through 8	0	222
9 through 12	7	222
Comments:		

2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on alcohol-related incidents.

2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	15	222
6 through 8	211	222
9 through 12	386	222
Comments:		

2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Alcohol-Related Incidents	# LEAs Reporting
K through 5	0	222
6 through 8	0	222
9 through 12	0	222
Comments:		

2.7.2.6 Out-of-School Suspensions and Expulsions for Illicit Drug-Related Incidents

The following questions collect data on illicit drug-related incidents.

2.7.2.6.1 Out-of-School Suspensions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school suspensions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	26	222
6 through 8	913	222
9 through 12	2,398	222
Comments:		

2.7.2.6.2 Out-of-School Expulsions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school expulsions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	0	222
6 through 8	0	222
9 through 12	0	222
Comments:		

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Y	Parental Involvement Activities
<input type="checkbox"/> Yes	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
<input type="checkbox"/> No	Training and technical assistance to LEAs on recruiting and involving parents
<input type="checkbox"/> No	State requirement that parents must be included on LEA advisory councils
<input type="checkbox"/> Yes	State and local parent training, meetings, conferences, and workshops
<input type="checkbox"/> No	Parent involvement in State-level advisory groups
<input type="checkbox"/> Yes	Parent involvement in school-based teams or community coalitions
<input type="checkbox"/> Yes	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
<input type="checkbox"/> Yes	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
<input type="checkbox"/> No	Other Specify 1
<input type="checkbox"/> No	Other Specify 2

In the space below, specify 'other' parental activities.

The response is limited to 8,000 characters.

--

2.9 Rural EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	13
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	38
Educational technology, including software and hardware as described in Title II, Part D	27
Parental involvement activities	14
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	8
Activities authorized under Title I, Part A	34
Activities authorized under Title III (Language instruction for LEP and immigrant students)	7
<p>Comments: During the academic year 2012-2013, North Carolina maintained 57 LEAs receiving RLIS funding. The following goals and objectives are reflected:</p> <ol style="list-style-type: none"> 1. Increase the number of LEAs using RLIS funding. Although 2 LEAs did not receive RLIS funding as in the previous year; 2 new LEAs received funding, keeping the total at 57 from 2012-12 to 2012-13. 2. Percent of students performing at or above proficiency increased by 5%: There were 4 LEAs reporting proficiency increase by 5%, 1 LEA reporting at 4% and 3 LEAs reporting proficiency at 1-3% increase. Renorming of state tests may have attributed to low number reporting. 3. Student access to technology: There were 23 LEAs using RLIS funding for technology with 13 LEAs reporting teacher training in technology and 10 LEAs reporting the purchase of laptops, smartboards, and I-pads. 4. Students graduating from high school of those LEAs using RLIS funds to support that initiative: 3 LEAs reported increased graduation rates from 5.4% - 10.8% increase. 	

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

During the academic year 2012-2013, North Carolina maintained 57 LEAs receiving RLIS funding. The following goals and objectives are reflected:

1. Increase the number of LEAs using RLIS funding. Although 2 LEAs did not receive RLIS funding as in the previous year; 2 new LEAs received funding, keeping the total at 57 from 2012-12 to 2012-13.
2. Percent of students performing at or above proficiency increased by 5%: There were 4 LEAs reporting proficiency increase by 5%, 1 LEA reporting at 4% and 3 LEAs reporting proficiency at 1-3% increase. Renorming of state tests may have attributed to low number reporting.
3. Student access to technology: There were 23 LEAs using RLIS funding for technology with 13 LEAs reporting teacher training in technology and 10 LEAs reporting the purchase of laptops, smartboards, and I-pads.
4. Students graduating from high school of those LEAs using RLIS funds to support that initiative: 3 LEAs reported increased graduation rates from 5.4% - 10.8% increase.

2.10 Funding TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)**2.10.1 State Transferability of Funds**

In the table below, indicate whether the state transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section 6123(a) during SY 2012-13?	<input type="checkbox"/> No
Comments:	

2.10.2 Local Educational Agency (LEA) Transferability of Funds

In the table below, indicate the number of LEAs that notified that state that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 6123(b).	0
Comments:	

2.10.2.1 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds FROM Eligible Program	# LEAs Transferring Funds TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	0	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		0

In the table below provide the total amount of FY 2012 appropriated funds transferred from and to each eligible program.

Program	Total Amount of Funds Transferred FROM Eligible Program	Total Amount of Funds Transferred TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	0.00	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0.00	0.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0.00	0.00
State Grants for Innovative Programs (Section 5112(a))	0.00	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs		0.00
Total	0.00	0.00
Comments:		

The Department plans to obtain information on the use of funds under both the State and LEA Transferability Authority through evaluation studies.

2.11 Graduation RATES ⁴

This section collects graduation rates.

2.11.1 Regulatory Adjusted Cohort Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2012-13). Below the table are FAQs about the data collected in this table.

Note: States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

Student Group	Graduation Rate
All Students	82.5
American Indian or Alaska Native	77
Asian or Pacific Islander	90
<i>Asian</i>	
<i>Native Hawaiian or Other Pacific Islander</i>	
Black or African American	77.5
Hispanic or Latino	75.2
White	86.2
Two or more races	81.5
Children with disabilities (<i>IDEA</i>)	62.3
Limited English proficient (LEP) students	49
Economically disadvantaged students	76.1

FAQs on graduation rates:

What is the regulatory adjusted cohort graduation rate? For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

Due to historically small number of Native Hawaiian or Other Pacific Islander students in North Carolina, the State reached an agreement with USED that all students fro that sbu-group will be reorted with the Asian sub-group.

⁴ The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

2.12 LIST OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED*Facts* and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

2.12.1 List of Schools for ESEA Flexibility States

2.12.1.1 List of Reward Schools

Instructions for States that identified reward schools⁶ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- If applicable, State-specific status in addition to reward (e.g., grade, star, or level)
- Whether the school was identified as a high progress or high performing reward school
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through 1003(a).
- Whether (yes or no) the school was provided assistance through 1003(g).

The data for this question are reported through ED*Facts* files and compiled in the EDEN030 "List of Reward Schools" report in the ED*Facts* Reporting System (ERS). The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN030 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁶ The definition of reward schools is provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.2 List of Priority and Focus Schools

Instructions for States that identified priority and focus schools⁸ under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Status for SY 2013-14 (Use one of the following status designations: priority or focus)
- If applicable, State-specific status in addition to priority or focus (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN031 "List of Priority and Focus Schools" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN031 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁸ The definitions of priority and focus schools are provided in the document titled, *ESEA Flexibility*. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

2.12.1.3 List of Other Identified Schools

Instructions for States that identified non- priority, focus, or reward schools⁹ with State-specific statuses under ESEA flexibility for SY 2013-14 : Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- State-specific designation (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through ED Facts files and compiled in the EDEN032 "List of Other Identified Schools" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN032 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

⁹ The definitions of reward, priority, and focus schools are provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>.

2.12.2 List of Schools for All Other States

2.12.2.1 Instructions for States that identified schools for improvement, corrective action, or restructuring under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's Accountability Plan
- Whether the school met the graduation rate target for high schools (if applicable) in accordance with the State's Accountability Plan
- Status for SY 2013-14 (Use one of the following status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing))¹⁰
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through EDFacts files and compiled in the EDEN033 "List of Schools Identified for Improvement" report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN033 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹⁰ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

2.12.3 List of Districts for ESEA Flexibility States

2.12.3.1 List of Identified Districts with State Specific Statuses

Instructions for States that identified school districts with State-specific statuses under ESEA Flexibility for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the reading/language arts assessment Whether the district met the proficiency target in mathematics in accordance with the State's approved ESEA Flexibility request
- Whether the district met the 95 percent participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- Whether the district met the graduation rate for high schools (if applicable) in accordance with the State's approved ESEA Flexibility request
- State-specific status for SY 2013-14 (e.g., grade, star, or level)
- Whether the district received Title I funds.

The data for this question are reported through EDFacts files and compiled in the EDEN034 "List of Identified Districts with State Specific Statuse's report in the EDFacts Reporting System (ERS). The EDFacts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN034 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

2.12.4 List of Districts for All Other States

2.12.4.1 List of Districts Identified for Improvement

Instructions for States that identified school districts for improvement or corrective action¹¹ under ESEA section 1116 for SY 2013-14: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district met the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2013-14 (Use one of the following improvement status designations: Improvement or Corrective Action)
- Whether the district received Title I funds.

The data for this question are reported through ED Facts files and compiled in the EDEN035 "List of Districts Identified for Improvement" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN035 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

¹¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.
